REPORT OF INDEPENDENT AUDITORS

To Edward D. Jones & Co., L.P.:

In our opinion, the accompanying consolidated statement of financial condition presents fairly, in all material respects, the consolidated financial position of Edward D. Jones & Co., L.P. and subsidiaries at December 31, 2011 in conformity with accounting principles generally accepted in the United States of America. This consolidated financial statement is the responsibility of the Partnership's management (the "Partnership"). Our responsibility is to express an opinion on this consolidated financial statement based on our audit. We conducted our audit of this consolidated statement in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statement, assessing the accounting principles used and significant estimates made by management, and evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

NOTES TO CONSOLIDATED STATEMENT OF FINANCIAL CONDITION
(Dollars in thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying Consolidated Statement of Financial Condition includes the accounts of Edward D. Jones & Co., L.P. ("Edward Jones") and all wholly-owned subsidiaries (collectively, the "Partnership"). All material intercompany balances and transactions have been eliminated in consolidation. Non-controlling minority interests are accounted for under the equity method. The results of the Partnership's subsidiary in Canada are included in the Partnership's Consolidated Statement of Financial Condition for the twelve months ended November 30, 2011 because of the timing of the Partnership's financial reporting process. The Jones Financial Companies, L.L.P. ("JFC") owns 100% of the capital in the Partnership. JFC is the sole limited partner of Edward Jones. JFC's wholly-owned subsidiary, EDJ Holding Company, Inc., is the sole general partner.

The Partnership is comprised of two registered broker-dealers primarily serving individual investors in the United States of America ("U.S.") and Canada. The Partnership primarily derives its revenues from the retail brokerage business through the sale of listed and unlisted securities and insurance products, investment banking, principal transactions, as a distributor of mutual fund shares and through revenue related to assets held by and account services provided to its clients. The Partnership conducts business throughout the U.S. and Canada with its clients, various brokers, dealers, clearing organizations, depositories and banks.

The Consolidated Statement of Financial Condition has been prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the U.S. ("GAAP") which require the use of certain estimates by management in determining the Partnership's assets, liabilities, revenues and expenses. Actual results could differ from those estimates. The Partnership has evaluated subsequent events for recognition or disclosure through February 24, 2012, which was the date this Consolidated Statement of Financial Condition was available to be issued.

Transaction Risk – The Partnership's securities activities involve execution, settlement and financing of various securities transactions for clients. The Partnership may be exposed to risk of loss in the event clients, other brokers and dealers, banks, depositories or clearing organizations are unable to fulfill contractual obligations. For transactions in which it extends credit to clients, the Partnership seeks to control the risks associated with these activities by requiring clients to maintain margin collateral in compliance with various regulatory and internal guidelines. Cash balances held at various major U.S. financial institutions, which typically exceed Federal Deposit Insurance Corporation insurance coverage limits, subject the Partnership to a concentration of credit risk. Additionally, the Partnership's Canadian broker-dealer may also have cash deposits in excess of the applicable insured amounts. The Partnership regularly monitors the credit ratings of these financial institutions in order to mitigate the credit risk that exists with the deposits in excess of insured amounts.

Foreign Exchange – Assets and liabilities denominated in a foreign currency are translated at the exchange rate at the end of the period.

Fair Value – Substantially all of the Partnership's financial assets and liabilities covered under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") No. 820, *Fair Value Measurement and Disclosure* ("ASC 820"), are carried at fair value or contracted amounts which approximate fair value.

Fair value of a financial instrument is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, also known as the "exit price". Financial assets are marked to bid prices and financial liabilities are marked to offer prices. Upon the adoption of fair value guidance set forth in FASB ASC No. 825, *Financial Instruments*, the Partnership elected not to take the fair value option on liabilities subordinated to the claims of general creditors.

The Partnership's financial assets and liabilities recorded at fair value in the Consolidated Statement of Financial Condition are categorized based upon the level of judgment associated with the inputs used to measure their fair value. The fair value hierarchy, as defined by ASC 820, includes three levels based on subjectivity associated with the inputs as follows:

Level I – Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.

The types of assets and liabilities categorized as Level I generally are government and agency securities, equities listed in active markets, unit investment trusts and investments in publicly traded mutual funds with quoted market prices.

Level II – Inputs (other than quoted prices included in Level I) are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life. The Partnership uses the market approach valuation technique (incorporates prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities) in valuing these types of investments.

The types of assets and liabilities categorized as Level II generally are certificates of deposit, municipal bonds, mortgage and asset-backed securities and corporate debt.

Level III – Inputs are both unobservable and significant to the overall fair value measurement. These inputs reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model.

The Partnership did not have any assets or liabilities categorized as Level III during the year ended December 31, 2011. In addition, there were no transfers into or out of Levels I, II or III during this period.

The Partnership estimates the fair value of the portion of liabilities subordinated to claims of general creditors maturing beyond one year, based on the present value of future principal and interest payments associated with the debt, using current rates obtained from external lenders that are extended to organizations for debt of a similar nature as that of the Partnership.

Cash and Cash Equivalents – The Partnership considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Cash and Investments Segregated Under Federal Regulations – Cash of \$3,513,902 and investments of \$958,624 as of December 31, 2011 were segregated in special reserve bank accounts for the benefit of U.S. clients under Rule 15c3-3 of the Securities and Exchange Commission ("SEC").

Securities Purchased Under Agreements to Resell – The Partnership participates in short-term resale agreements collateralized by government and agency securities. These transactions are reported as collateralized financing. The fair value of the underlying collateral as determined daily, plus accrued interest must equal or exceed 102% of the carrying amount of the transaction. It is the Partnership's policy to have such underlying resale agreement collateral delivered to the Partnership or deposited in its accounts at its custodian banks. Resale agreements are carried at the amount at which the securities will be subsequently resold, as specified in the agreements. The Partnership considers these financing receivables to be of good credit quality and, in response, has not recorded a related allowance for credit loss due to the fact that these securities are fully collateralized and, as a result, the Partnership considers risk related to these securities to be minimal.

Securities Borrowing and Lending Activities – Securities borrowed and securities loaned transactions are reported as collateralized financings. Securities borrowed transactions require the Partnership to deposit cash or other collateral with the lender. In securities loaned transactions, the Partnership receives collateral in the form of cash or other collateral. Collateral for both securities borrowed and securities loaned is based on 102% of the fair value of the underlying securities loaned. The Partnership monitors the fair value of securities borrowed and loaned on a daily basis, with additional collateral obtained or refunded as necessary. Securities borrowed and securities loaned are included in receivable from and payable to brokers, dealers and clearing organizations in the Consolidated Statement of Financial Condition.

Collateral – The Partnership reports as assets, collateral it has pledged in secured borrowings and other arrangements when the secured party cannot sell or repledge the assets or the Partnership can substitute collateral or otherwise redeem it on short notice. The Partnership does not report collateral it has received in secured lending and other arrangements as an asset when the debtor has the right to redeem or substitute the collateral on short notice.

Securities Owned and Sold, Not Yet Purchased – Securities owned and sold, not yet purchased, including inventory securities and investment securities, are recorded at fair value which is determined by using quoted market or dealer prices.

Equipment, Property and Improvements – Equipment, including furniture and fixtures, is recorded at cost and depreciated using straight-line and accelerated methods over estimated useful lives of three to twelve years. Buildings are depreciated using the straight-line method over their useful lives, which are estimated at thirty years. Leasehold improvements are amortized based on the term of the lease or the economic useful life of the improvement, whichever is less. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation or amortization is removed from the respective category. Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the book value of the asset may not be fully recoverable. If impairment is indicated, the asset value is written down to its fair value.

Non-qualified Deferred Income Plan – The Partnership has a non-qualified deferred compensation plan for certain financial advisors. The Partnership has recorded a liability for the future payments due to financial advisors participating in the non-qualified deferred compensation plan. As the future amounts due to financial advisors change in accordance with plan requirements, the Partnership records the change in future amounts owed to financial advisors as an increase or decrease in accrued compensation and employee benefits expense. The Partnership has chosen to hedge this future liability by purchasing investment securities in an amount similar to the future liability expected to be due in accordance with the plan.

Lease Accounting – The Partnership enters into lease agreements for certain home office facilities as well as branch office locations. The associated lease expense is recognized on a straight-line basis over the minimum lease terms.

Income Taxes – Income taxes have not been provided for in the Consolidated Statement of Financial Condition since the Partnership is organized as a partnership and each partner is liable for its own tax payments. Any subsidiaries' income tax provisions are insignificant. The Partnership did not have any significant uncertain tax positions as of December 31, 2011 and is not aware of any tax positions that will significantly change during the next twelve months. In addition, the Partnership has analyzed the open tax years ended 2008 through the current year and is not aware of significant examinations in progress.

Recently Issued Accounting Standards – In May 2011, FASB issued Accounting Standards Update ("ASU") No. 2011-04, *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* ("ASU 2011-04"), to establish common requirements for measuring fair value and for disclosing information about fair value measurements in accordance with U.S. GAAP and International Financial Reporting Standards ("IFRS"). The amendments in this update are effective for interim and annual periods beginning after December 15, 2011. The Partnership will adopt ASU 2011-04 as of the effective date. Adoption is not expected to have a material impact on the Partnership's Consolidated Financial Statements.

NOTE 2 – RECEIVABLE FROM AND PAYABLE TO CLIENTS

Receivable from and payable to clients includes margin balances and amounts due on cash transactions. The value of securities owned by clients and held as collateral for these receivables is not reflected in the Consolidated Statement of Financial Condition. Substantially all amounts payable to clients are subject to withdrawal upon client request. The Partnership pays interest on certain credit balances in client accounts. The Partnership considers these financing receivables to be of good credit quality due to the fact that these securities are primarily collateralized by securities with market values in excess of amounts due and, as a result, the Partnership considers risk related to these securities to be minimal.

NOTE 3 – RECEIVABLE FROM AND PAYABLE TO BROKERS, DEALERS AND CLEARING ORGANIZATIONS

The components of receivable from and payable to brokers, dealers and clearing organizations as of December 31, 2011 are as follows:

Receivable from retirement account trustee	\$ 148,605
Receivable from money market funds	58,598
Receivable from clearing organizations	32,111
Securities failed to deliver	4,757
Other	<u>8,339</u>
Total receivable from brokers, dealers and clearing organizations	<u>\$ 252,410</u>
Payable to clearing organizations	\$ 37,654
Clearing organization credits	28,315
Securities failed to receive	14,218
Securities loaned	<u>60</u>
Total payable to brokers, dealers and clearing organizations	<u>\$ 80,247</u>

The receivable from retirement account trustee represents deposits held with a trustee for the Partnership's Canadian client's retirement account funds as required by Canadian regulations. Receivable from and payable to clearing organizations represent balances and deposits with clearing organizations. Securities failed to deliver/receive represent the contract value of securities which have not been received or delivered by settlement date.

NOTE 4 – RECEIVABLE FROM MUTUAL FUNDS, INSURANCE COMPANIES AND OTHER

Receivable from mutual funds, insurance companies and other is primarily composed of amounts due to the Partnership for asset-based fees and fees for sub-transfer agent accounting services from mutual fund vendors and insurance companies.

NOTE 5 – FAIR VALUE

The following table sets forth the Partnership's financial instruments measured at fair value:

	Financial Assets at Fair Value as of December 31, 2011

Total inventory securities	\$ 3,599	\$ 3,987	\$ -	\$ 7,586

The Partnership attempts to reduce its exposure to market price fluctuations of its inventory securities through the sale of U.S. government securities and, to a limited extent, the sale of fixed income futures contracts. The amount of the securities purchased or sold will fluctuate on a daily basis due to changes in inventory securities owned, interest rates and market conditions. Futures contracts are settled daily, and any gain or loss is recognized in principal transactions revenue. The notional amount of futures contracts outstanding was \$3,500 at December 31, 2011. The average notional amount of futures contracts outstanding throughout the year ended

Edward D. Jones & Co., L.P.
Notes to Consolidated Statement of Financial Condition (cont.)

December 31, 2011 was approximately \$5,400. The underlying assets of these contracts are not reflected in the Partnership's Consolidated Statement of Financial Condition; however, the related mark-to-market adjustment loss of \$10 is included in payable to brokers, dealers, and clearing organizations on the Consolidated Statement of Financial Condition as of December 31, 2011.

The estimated fair value of liabilities subordinated to claims of general creditors as of December 31, 2011 was \$157,762. See Note 9 for the carrying value of liabilities subordinated to claims of general creditors.

NOTE 6 – EQUIPMENT, PROPERTY AND IMPROVEMENTS

Equipment, property and improvements as of December 31, 2011 are summarized as follows:

Equipment, furniture and fixtures	\$ 663,895
Buildings and improvements	<u>430,361</u>
Total equipment, property and improvements	1,094,256
Accumulated depreciation and amortization	<u>(816,939)</u>
Equipment, property and improvements, net	<u><u>\$ 277,317</u></u>

NOTE 7 – LINES OF CREDIT

The Partnership has uncommitted secured bank lines of credit in place as of December 31, 2011 of \$595,000. In addition, the Partnership's parent company, JFC, has an undrawn, three year \$395,000 committed unsecured credit facility that is intended to provide short-term liquidity should the need arise. The Partnership's uncommitted secured bank lines of credit are subject to change at the discretion of the banks and, therefore, due to credit market conditions and the uncommitted nature of these credit facilities, it is possible that these lines of credit could decrease or not be available in the future. During the first quarter of 2011, the Partnership's uncommitted lines of credit were reduced by \$50,000 by a bank participating in JFC's revolving line of credit mentioned above. This decrease reduced the aggregated uncommitted bank lines of credit to \$595,000.

Actual borrowing availability on the uncommitted secured lines is based on client margin securities and partnership securities, which serve as collateral on loans. There were no amounts outstanding on the uncommitted lines of credit as of December 31, 2011. In addition, the Partnership did not have any draws against these lines of credits during the year ended December 31, 2011. Subsequent to December 31, 2011, the Partnership's uncommitted bank lines of credit were further reduced by \$150,000 by a bank for non-credit related reasons. As of February 24, 2012, the Partnership's aggregated uncommitted bank lines of credit amounted to \$445,000.

NOTE 8 – LONG-TERM DEBT

On November 1, 2011, the Partnership re-paid the outstanding principal and accrued interest on the note payable, collateralized by office equipment, which was prior to the final maturity date of October 1, 2014. This final payment of \$18,285 terminated this note payable. As of December 31, 2011, the Partnership had no long-term debt amounts outstanding.

NOTE 9 – LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

Liabilities subordinated to the claims of general creditors as of December 31, 2011 consists of:

Capital notes 7.33%, due in annual installments of \$50,000 commencing on June 12, 2010 with a final installment on June 12, 2014	<u>\$ 150,000</u>
	<u>\$ 150,000</u>

Required annual principal payments, as of December 31, 2011, are as follows:

<u>Year</u>	<u>Principal Payment</u>
2012	\$ 50,000
2013	50,000
2014	50,000
2015	-
2016	-
Thereafter	-
	<u>\$ 150,000</u>

The capital note agreements contain restrictions which, among other things, require maintenance of certain financial ratios, restrict encumbrance of assets and creation of indebtedness and limit the withdrawal of partnership capital. As of December 31, 2011, Edward Jones was required, under the note agreements, to maintain minimum partnership capital of \$400,000 and regulatory net capital of \$165,117. Edward Jones was in compliance with all restrictions as of December 31, 2011.

The liabilities subordinated to claims of general creditors are subject to cash subordination agreements approved by the Financial Industry Regulatory Authority ("FINRA") and, therefore, are included in Edward Jones' computation of net capital under the SEC Uniform Net Capital Rule.

In August 2011, the Partnership paid the final installment on the 7.79% capital notes in the amount of \$3,700.

NOTE 10 – NET CAPITAL REQUIREMENTS

As a result of its activities as a broker-dealer, Edward Jones is subject to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934 ("Exchange Act") and capital compliance rules of the FINRA Rule 4110. Under the alternative method permitted by the rules, Edward Jones must maintain minimum net capital equal to the greater of \$250 or 2% of aggregate debit items arising from client transactions. The net capital rules also provide that partnership capital may not be withdrawn if resulting net capital would be less than minimum requirements. Additionally, certain withdrawals require the approval of the SEC and FINRA to the extent they exceed defined levels, even though such withdrawals would not cause net capital to be less than minimum requirements.

At December 31, 2011, Edward Jones' net capital of \$722,613 was 32.8% of aggregate debit items and its net capital in excess of the minimum required was \$678,582. Net capital after anticipated capital withdrawals, as a percentage of aggregate debit items, was 30.6%. Net capital and the related capital percentages may fluctuate on a daily basis.

At December 31, 2011, the Partnership's Canadian broker-dealer's regulatory risk adjusted capital of \$42,525 was \$39,859 in excess of the capital required to be held by the Investment Industry Regulatory Organization of Canada ("IIROC").

The following is a summary of certain financial information of the Partnership's consolidated subsidiaries:

	Total Partnership	Effect of Consolidation	Edward Jones
Total assets	\$ 9,062,263	\$ (362,582)	\$ 8,699,681
Total liabilities	\$ 7,681,135	\$ (362,582)	\$ 7,318,553
Total partnership capital	1,381,128	-	1,381,128
Total liabilities and partnership capital	\$ 9,062,263	\$ (362,582)	\$ 8,699,681

The Partnership's investments in and receivables from subsidiaries of \$78,401 is not included in the computation of EDJ's net capital under Rule 15c3-1.

NOTE 11 – EMPLOYEE BENEFIT PLANS

The Partnership maintains qualified deferred compensation plans covering all eligible employees. Contributions to the plans are at the discretion of the Partnership. Additionally, participants may contribute on a voluntary basis.

NOTE 12 – COMMITMENTS

The Partnership leases a significant portion of its home office space from EDJ Leasing Co., L.P. ("LEA"), an affiliate of the Partnership, under terms of non-cancelable triple net leases expiring through 2020. Additionally, the Partnership leases home office and branch office space under numerous operating leases from non-affiliates. Branch offices are leased generally for terms of three to five years. The Partnership's non-cancelable lease commitments greater than one year as of December 31, 2011, are summarized below:

<u>Year</u>	<u>Lease Commitments</u>
2012	\$ 156,008
2013	46,374
2014	29,981
2015	20,352
2016	15,553
Thereafter	<u>55,362</u>
	<u><u>\$ 323,630</u></u>

NOTE 13 – CONTINGENCIES

In the normal course of business, the Partnership has been named as a defendant in various legal actions, including arbitrations, class actions and other litigation. Certain of these legal actions include claims for substantial compensatory and/or punitive damages or claims for indeterminate amounts of damages. The Partnership is also involved from time to time in investigations and proceedings by governmental and self-regulatory agencies, certain of which may result in adverse judgments, fines or penalties. In addition, the Partnership provides for potential losses that may arise related to other contingencies.

The Partnership assesses its liabilities and contingencies utilizing available information. For those matters where it is probable the Partnership will incur a potential loss and the amount of the loss is reasonably estimable, in accordance with FASB ASC No. 450, *Contingencies* ("ASC 450"), an accrued liability has been established. These reserves represent the Partnership's aggregate estimate of the potential loss contingency and are believed to be sufficient at this time. Such liability may be adjusted from time to time to reflect any relevant developments.

For such matters where an accrued liability has not been established and the Partnership believes a loss is both reasonably possible and estimable, as well as for matters where an accrued liability has been recorded but for which an exposure to loss in excess of the amount accrued is both reasonably possible and estimable, the current estimated aggregated range of possible loss is \$3.0 million to \$34.0 million. This range of reasonably possible loss does not necessarily represent the Partnership's maximum loss exposure as the Partnership was not able to estimate a range of reasonably possible loss for all matters.

Notes to Consolidated Statement of Financial Condition (cont.)

Further, the matters underlying any disclosed estimated range will change from time to time, and actual results may vary significantly. While the outcome of these matters is inherently uncertain, based on information currently available, the Partnership believes that its established reserves are adequate and the liabilities arising from such proceedings will not have a material adverse effect on the consolidated financial position, results of operations or cash flows of the Partnership. However, based on future developments and the potential unfavorable resolution of these matters, the outcome could be material to the Partnership's future consolidated operating results for a particular period or periods.
