INDEPENDENT AUDITORS' REPORT

The Board of Directors
TrueNorth Securities, Inc.

We have audited the statements of financial condition of TrueNorth Securities, Inc. (a wholly-owned subsidiary of TrueNorth, Inc.) as of December 31, 2011 and 2010, and the related statements of operations, stockholder's equity and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of TrueNorth Securities, Inc. at December 31, 2011 and 2010, and the results of its operations and its cash flows for the years then ended, in conformity with auditing standards generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including (i) comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and (ii) other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

TRUENORTH SECURITIES, INC.

(A WHOLLY-OWNED SUBSIDIARY OF TRUENORTH, INC.)

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2011 AND 2010

1. BUSINESS OPERATIONS

TrueNorth Securities, Inc. (Company) was incorporated in the State of Kansas in 2000 and is a wholly owned subsidiary of TrueNorth, Inc. (Parent). The Company is a limited broker/dealer providing retirement plan investments to corporate customers. The Company is registered with the Securities Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). TrueNorth, Inc. provides investment advisory services and is a wholly owned subsidiary of The IMA Financial Group, Inc. (IMA). The Company operates under the provisions of Paragraph (k)(1) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of that Rule.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash Equivalents – For purposes of reporting cash flows, the Company considers all highly liquid debt instruments with a maturity of three months or less at the date of purchase to be cash equivalents.

The Company maintains its cash in bank deposit accounts that, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash.

Revenue Recognition and Commissions Receivable – Revenue is recognized when services are performed. Commissions receivable are estimated amounts due from investment transactions, 401(k) finder fees and 401(k) commission trails occurring prior to year-end but not received before year-end. No allowance is necessary as all amounts are deemed collectible.

Income Taxes - The Company files consolidated income tax returns with IMA. Income taxes are allocated to the Company on the basis of its individual taxable income or loss, using a combined state and federal tax rate of 39%. The result of these allocations is reported on the statements of financial condition under the caption "Income taxes payable, Parent."

When applicable, deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. As of December 31, 2011 and 2010, there were no deferred tax assets or liabilities.

The Company recognizes the financial effects of a tax position only when it believes it can more likely than not support the position upon an examination by the relevant tax authority. Since the Company files a consolidated tax return with its parent, tax positions taken by the Company are evaluated in the consolidated tax return. As of December 31, 2011, no amounts have been recorded as uncertain tax positions in the Company's financial statements. Tax years that remain subject to examination in IMA's major tax jurisdictions (Federal, Kansas, Colorado, and Texas) are 2008, 2009, 2010 and 2011.

TRUENORTH SECURITIES, INC.
(A WHOLLY-OWNED SUBSIDIARY OF TRUENORTH, INC.)

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2011 AND 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Subsequent Events – Subsequent events have been evaluated through February 22, 2012, the date the audited financial statements were available to be issued.

3. INCOME TAXES

The income tax provision differs from the amount of income tax determined by applying the U.S. federal income tax rate to pretax income, primarily due to state income taxes and non-deductible expenses.

4. RELATED PARTY TRANSACTIONS

The Company is affiliated through common ownership with IMA and its subsidiaries, (Affiliates) which include the Company's Parent, TrueNorth, Inc. The Company shares office space with its Affiliates and is allocated a portion of rent. Administrative, recordkeeping, operational and other services necessary to conduct the Company's operations are provided to the Company by its Parent, other Affiliates or employees of Affiliates. For 2011 and 2010, the Company recognized \$240,660 and \$116,375, respectively, of expenses related to these sharing arrangements. The expense is included with payroll, payroll taxes and benefits expenses on the statement of operations. The Company owed its Affiliates \$23,700 and \$12,765, reflected as accrued expenses, on the statements of financial condition at December 31, 2011 and 2010, respectively.

Because the Company is under common ownership and management control with its Affiliates, its operating results and financial position may differ from those that would have been obtained had the Company been autonomous.

5. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2011, the Company had net regulatory capital and net capital requirements of \$648,661 and \$20,485, respectively. The Company's aggregate indebtedness to net capital ratio was .47 to 1. At December 31, 2010, the Company had net regulatory capital and net capital requirements of \$466,508 and \$17,581 respectively. The Company's aggregate indebtedness to net capital ratio was .57 to 1.

Independent Auditor's Report on Internal Control

Allen, Gibbs & Houlik, L.C.
CPAs & Advisors

To the Board of Directors
TrueNorth Securities, Inc.
Wichita, Kansas

In planning and performing our audit of the financial statements of TrueNorth Securities, Inc. (the Company), as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses and therefore, there can be no assurance that all material weaknesses have been identified. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
