**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY  
SECURITIES AND EXCHANGE COMMISSION RULE 17a-5(g)(1) FOR A BROKER-DEALER  
CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3**

To the Board of Directors and Stockholders  
of The Capital Group Securities, Inc.  
Cranston, Rhode Island

In planning and performing our audit of the financial statements of The Capital Group Securities, Inc. (the Company), as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors and Stockholders  
of The Capital Group Securities, Inc.  
Cranston, Rhode Island

We have audited the accompanying statements of financial condition of The Capital Group Securities, Inc. (a Rhode Island S-Corporation) (the Company) as of December 31, 2011 and 2010, and the related statements of operations, changes in stockholders' equity, and cash flows for the years then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Capital Group Securities, Inc. as of December 31, 2011 and 2010, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Nature of Operations***

The Company operates primarily throughout Rhode Island as a securities broker-dealer, registered with the Securities and Exchange Commission under Section 15 of the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority (FINRA).

***Revenue Recognition***

Securities transactions and related commission revenues and expenses are recorded on a settlement date basis.

***Cash and Cash Equivalents***

For purposes of the Statement of Cash Flows, the Company considers all cash accounts which are not subject to withdrawal restrictions or penalties, and highly liquid debt instruments with a maturity of three months or less, to be cash equivalents.

***Commissions Receivable***

Commissions receivable consist primarily of revenues earned but not yet received from the sale of mutual funds and variable annuities. Based on management's evaluation, no allowance for doubtful accounts is deemed necessary. Commissions receivable are generally collected within 30 days of the trade settlement date. At December 31, 2011 and 2010, the Company's commissions receivable balance was \$110,187 and \$114,744, respectively. None of the Company's 2011 and 2010 receivables were outstanding more than ninety days.

***Fair Value of Financial Instruments***

The carrying amounts of financial instruments reflected in the Statements of Financial Condition, including cash, cash equivalents, commissions receivable, and accounts payable approximate their fair values based on their short-term nature.

***Income Taxes***

The Company has elected to be taxed under the provisions of subchapter S of the Internal Revenue Code. Under those provisions, the Company generally will not pay corporate income taxes on its taxable income. Instead, the shareholders are liable for income taxes on the Company's taxable income as it affects the shareholders' individual income tax returns.

In accordance with FASB ASC 740, *Income Taxes*, management is required to evaluate the likelihood that, upon examination by relevant taxing jurisdictions, the Company's income tax positions would be sustained, including the position that the Company continues to qualify as an S Corporation for both federal and state income tax purposes.

(CONTINUED)

**THE CAPITAL GROUP SECURITIES, INC.**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2011 AND 2010**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Income Taxes (Continued)***

Based on that evaluation, if it were more than 50% probable that a material amount of income tax would be imposed at the entity level upon examination by the relevant taxing authorities, a liability would be recognized in the accompanying balance sheet along with any interest and penalties that would result from that assessment. Should any such penalties and interest be incurred, the Company's policy would be to recognize them as operating expenses. No interest or penalties have been accrued or charged to expense for the years ending December 31, 2011 and 2010.

The Company's federal and state income tax returns are subject to examination by taxing authorities for a period of three years from the date they are filed.

***Use of Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Reclassifications***

Certain reclassifications have been made to the 2010 financial statements to conform to the classifications used in the 2011 financial statements.

**2. TRANSACTIONS WITH RELATED PARTIES**

Effective January 1, 2005, the Company entered into an expense sharing agreement with The Capital Group Financial Advisors, Inc. whereby the Company pays the monthly sum of \$15,000 in the form of a management fee in consideration of rent, utilities, administrative salaries, and other general and administrative expenses paid on behalf of the Company. The shareholders of The Capital Group Financial Advisors, Inc. own 100% of the outstanding stock of the Company. In addition, the Company agrees to pay the monthly sum of \$20,000 in consideration of officers' salaries to The Capital Group Financial Advisors, Inc. The Company may pay, on a monthly, quarterly, or annual basis, a bonus for officers' salaries. For the years ended December 31, 2011 and 2010, total compensation including bonuses totaled \$584,160 and \$622,900, respectively.

**3. NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

The Company's net capital as computed under 15c3-1 was \$32,363 at December 31, 2011 which was \$27,363 in excess of the \$5,000 required net capital amount. The ratio of aggregate indebtedness to net capital at December 31, 2011 was 0.26 to 1.

**4. CONCENTRATIONS OF CREDIT AND ECONOMIC RISK**

The Company is engaged in various trading and brokerage activities whose counterparties primarily include various financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

The Company maintains cash deposits at various financial institutions. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk with its cash deposits, which at times may exceed federally insured limits.

**5. COMMITMENTS**

On October 13, 2000, the Company entered into an agreement with a clearing organization whereby the clearing organization offers certain clearing, execution, and related services for transactions in securities. The agreement stipulates that the Company will maintain a \$25,000 escrow deposit, rising to \$50,000 one year following the date of the agreement. At December 31, 2011 the clearing organization has not requested this increase. The balance on deposit at December 31, 2011 totaled \$30,093, resulting in a difference of \$19,907. In the event of termination of its agreement with the clearing organization, the Company will be charged for the actual cost of the transfer but not less than \$7,500.
