A. Nature of Operations and Basis of Presentation

Nature of Operations

Wedgewood Partners, Inc. (the "Company") was incorporated May 25, 1988 with its principal activity being a broker of stocks, bonds, mutual funds and other securities. The Company also provides investment advisory services and is a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. The Company's services are provided primarily in the St. Louis, Missouri metropolitan area.

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital of \$250,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2011, the Company was in compliance with both of the above-stated net capital rules.

The Company has an agreement with a national broker-dealer to clear certain of its proprietary and customer transactions on a fully disclosed basis. This agreement requires that \$100,000 of cash and/or securities be maintained with the broker-dealer. At December 31, 2011, the Company has \$110,192 included in marketable securities relating to this requirement.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the provisions of Financial Accounting Standards Board ("FASB"), Accounting Standards Codification, (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

B. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Wedgewood Partners, Inc.
Notes to Financial Statements
December 31, 2011

Fair Value Measurements

The Company follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach. The guidance establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. Level 1 inputs consist of unadjusted quoted prices in active markets for identical instruments and have the highest priority. Level 2 inputs include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or inputs other than quoted prices that are directly or indirectly observable. Level 3 inputs are unobservable and are given the lowest priority.

Carrying amounts of certain financial instruments such as cash, receivable from clearing organization, receivables from customers, and accounts payable and accrued expenses approximate fair value due to their short maturities or because the terms are similar to market terms.

Marketable Securities

As of December 31, 2011, the Company classifies all marketable securities as trading securities. Trading securities are carried at fair value with unrealized holding gains and losses included in earnings. Realized gains and losses are included in earnings and are derived using the specifically identified cost method for determining the cost of securities sold. Dividend and interest income is recognized when earned.

Securities transactions are recorded on the settlement-date basis. Commissions and related clearing expenses are recorded on the settlement-date basis as securities transactions occur.

Receivables

Receivables are uncollateralized obligations due from customers and a clearing organization generally requiring payment within 30 days. The Company considers receivables to be fully collectible; accordingly, no allowance for doubtful accounts is deemed necessary.

Wedgewood Partners, Inc.
Notes to Financial Statements
December 31, 2011

Equipment and Leasehold Improvements

Equipment and leasehold improvements are stated at cost. Major additions and improvements are capitalized, while maintenance and repairs are expensed as incurred. When assets are sold or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts. Any gain or loss arising from such disposition is included as income or expense in the year of disposition.

Depreciation is computed using the straight-line and accelerated methods over the estimated useful lives of the assets. Leasehold improvements are amortized over the shorter of the life of the related asset or the term of the lease.

The estimated lives for computing depreciation and amortization on equipment and leasehold improvements are:

<u>Classification</u>	<u>Years</u>
Leasehold improvements	3-6
Furniture and fixtures	7
Computer software	3
Computer hardware	5
Artwork	7

Concentration of Credit Risk

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of cash, receivable from clearing organization, receivables from customers, and marketable securities. The Company maintains its cash primarily with one financial institution. Deposits at this bank are insured by the Federal Deposit Insurance Corporation ("FDIC") on an unlimited basis. The Company performs ongoing credit evaluations of its customers and although the Company is directly affected by the financial stability of its customer base, management does not believe significant credit risk exists at December 31, 2011. The Company maintains its marketable securities with one brokerage firm. Securities held at this firm are insured by the Securities Investor Protection Corporation ("SIPC") up to \$500,000 and private insurance up to \$600 million.

Revenue Recognition

Commissions and related clearing expenses are recorded on a settlement-date basis as securities transactions occur. Investment advisory fees are recognized as earned.

Wedgewood Partners, Inc.
Notes to Financial Statements
December 31, 2011

Advertising

The Company expenses advertising costs as they are incurred. Advertising costs included in operating expenses totaled \$43,972 for the year ended December 31, 2011.

Income Taxes

The stockholders of the Company elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code as of January 1, 2011. Earnings and losses after the date of election are included in the personal income tax returns of the stockholders. Accordingly, the financial statements do not include a provision for income taxes.

The Company is required to evaluate tax positions taken (or expected to be taken) in the course of preparing the Company's tax returns and recognize a tax liability if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Company has analyzed the tax positions taken and has concluded that as of December 31, 2011, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

If applicable, the Company recognizes interest and penalties related to unrecognized tax liabilities in the statement of income.

Management is required to analyze all open tax years, as defined by the Statute of Limitations, for all major jurisdictions, including federal and certain state taxing authorities. The Company is no longer subject to U.S. federal, state and local, or non-U.S. income tax examinations by taxing authorities for years before 2008. As of and for the year ended December 31, 2011, the Company did not have a liability for any unrecognized taxes. The Company has no examinations in progress and is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax liabilities will significantly change in the next twelve months.

Subsequent Events

The Company has evaluated subsequent events through February 3, 2012, the date the financial statements were available to be issued. It was concluded there were no events or transactions occurring during this period that required recognition or disclosure in the financial statements.

Wedgewood Partners, Inc.

Recent Accounting Pronouncements

The FASB has issued new guidance on measuring fair value and for disclosing information about fair value measurements. This guidance results in common fair value measurement and disclosure requirements in GAAP and International Financial Reporting Standards. Consequently, the new guidance changes the wording used to describe many of the requirements in GAAP for measuring fair value and for disclosing information about fair value measurements. For many of the requirements under this new guidance, FASB does not intend for it to result in a change in the application of fair value measurements and disclosures. Some of the requirements under the new guidance are intended to clarify FASB's intent about the application of existing fair value measurement requirements. Other requirements change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. This guidance will be required for annual periods beginning after December 15, 2011. Based on a preliminary analysis, the Company does not believe the new guidance will have a significant impact on its financial statements.

C. Marketable Securities

The fair value of investments is measured as follows at December 31, 2011:

	Fair Value Measurements			
	Total	Level 1	Level 2	Level 3
Money market funds	\$ 567,953	\$ 567,953	\$ -	\$ -
Municipal bonds	27,604	-	27,604	-
Government bonds	50,411	-	50,411	-
Mutual funds	<u>109,846</u>	<u>109,846</u>	<u>-</u>	<u>-</u>
	<u>\$ 755,814</u>	<u>\$ 677,799</u>	<u>\$ 78,015</u>	<u>\$ -</u>

Level 1 investments consist of publicly traded securities. These securities are traded on national exchanges and are stated at the last reported sales price on the day of valuation.

Level 2 investments consist of government and agency bonds. These securities are valued using evaluated pricing, which incorporates modeling techniques, information from extensive market sources, observed transaction data, credit quality information, perceived market movements, news, and other relevant information.

Realized gains of \$2,576 and unrealized gains of \$2,860 are included in other income in the statement of income.

Less accumulated depreciation and amortization	<u>530,099</u>
	<u>\$ 66,145</u>

Depreciation and amortization for the year ended December 31, 2011 totaled \$16,500.

E. Operating Leases

The Company leases office space under a non-cancelable operating lease. Future minimum lease payments at December 31, 2011 are as follows:

Years Ending December 31,

2012	\$ 111,792
2013	111,792
2014	<u>46,580</u>
	<u>\$ 270,164</u>

Rent expense amounted to \$123,801 for the year ended December 31, 2011.

F. Income Taxes

As discussed in Note B, the Company has elected S corporation status as of January 1, 2011 and, accordingly, all deferred tax assets and liabilities at the date of election were eliminated.

The provision for income taxes is as follows:

Current	\$ (2,089)
Deferred	<u>18,000</u>
	<u>\$ 15,911</u>

Wedgewood Partners, Inc.
Notes to Financial Statements

G. Retirement Plan

The Company maintains a contributory retirement savings plan under Section 401(k) of the Internal Revenue Code covering substantially all employees who meet certain eligibility requirements. Employer contributions to the plan totaled \$214,053 for the year ended December 31, 2011.

H. Risk Associated with Financial Instruments

In the normal course of business, the Company's customer and clearing agent clearance activities involve the execution and settlement of various customer security transactions. These activities may expose the Company to certain risks in the event the customer or other broker is unable to fulfill its contracted obligations and the Company must purchase or sell the financial instrument underlying the contract at a loss.

**Independent Auditors' Supplementary
Report on Internal Control**

Board of Directors
Wedgewood Partners, Inc.
St. Louis, Missouri

In planning and performing our audit of the financial statements of Wedgewood Partners, Inc. as of and for the year ended December 31, 2011 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1) Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
- 2) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Accountants' Report on Applying
Agreed-Upon Procedures Related to an Entity's
SIPC Assessment**

Board of Directors
Wedgewood Partners, Inc.
St. Louis, Missouri

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2011, which were agreed to by Wedgewood Partners, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, and the SIPC, solely to assist you and the other specified parties in evaluating Wedgewood Partners, Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Wedgewood Partners, Inc.'s management is responsible for Wedgewood Partners, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
- 2) Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2011, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2011, noting no differences;
- 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences; and
- 4) Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended and should not be used by anyone other than these specified parties.

Independent Auditors' Report FEB 03 2012

Board of Directors
Wedgewood Partners, Inc.
St. Louis, Missouri

Washington, DC

We have audited the accompanying statement of financial condition of Wedgewood Partners, Inc. as of December 31, 2011, and the related statements of income, changes in stockholders' equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wedgewood Partners, Inc. as of December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in Schedules 1 and 2 required by Rule 17a-5 under the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.
