INDEPENDENT AUDITORS' REPORT

To the Members
Young & Partners L.L.C.

We have audited the accompanying statement of financial condition of Young & Partners L.L.C. (the "Company") as of December 31, 2011, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Young & Partners L.L.C. as of December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

YOUNG & PARTNERS L.L.C.
(A Limited Liability Company)
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2011

NOTE 1. ORGANIZATION

Young & Partners L.L.C. (the "Company") was organized as a limited liability company under the laws of the State of Delaware in 1995 for the purpose of engaging in investment banking activities. The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA").

Since the Company is a limited liability company, the members are not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless a member has signed a specific guarantee.

In accordance with the Company's limited liability company agreement, the Company will dissolve on November 16, 2015, unless dissolved sooner as provided in that agreement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

Corporate finance fees on private placements or securities underwritings are generally recorded at the time the transaction is completed, unless a contractual arrangement provides for a fee in the absence of closing, in which case fees are recorded when earned.

Basis of Accounting

The statement of financial condition has been prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America.

Fixed Assets

Fixed assets are recorded at cost. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets, which range from five to seven years.

Use of Estimates

The preparation of a statement of financial condition in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

Income Taxes

The Company recognizes and measures its unrecognized tax benefits in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 740, *Income Taxes*. Under that guidance, the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

YOUNG & PARTNERS L.L.C.
(A Limited Liability Company)
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

The Company files its income tax returns with the Internal Revenue Service, New York State and New York City. The Company also pays an annual franchise tax to the state of Delaware. With few exceptions, the Company is no longer subject to federal, state and local income tax examinations by taxing authorities for years before 2008.

The Company is an unincorporated entity and is classified and treated as a partnership for Federal and state income tax purposes. Each member is individually responsible for reporting income or loss based on such member's respective share of the Company's income and expenses as reported for income tax purposes. No provision for Federal or state income taxes has been made since the Company is not subject to income tax. However, a provision for local income tax has been made for the New York City Unincorporated Business Tax.

Fair Value Measurements

The Company follows the guidance in FASB ASC 820, *Fair Value Measurements and Disclosures*. Using that guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

Using the provisions within FASB ASC 820, the Company has characterized its investments in securities, based on the order of liquidity of the inputs used to value the investments, into a three-level fair value hierarchy. The fair value hierarchy gives the highest order of liquidity to quoted prices in active markets for identical assets or liabilities [Level 1], and the lowest order of liquidity to unobservable inputs [Level 3]. If the inputs used to measure the investments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the investment.

Investments recorded in the statement of financial position are categorized based on the inputs to valuation techniques as follows:

Level 1. These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Company has the ability to access. These investments are exchange-traded equity securities.

Level 2. Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

YOUNG & PARTNERS L.L.C.
(A Limited Liability Company)
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 3. These are investments where values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect assumptions of management about the assumptions that market participants would use in pricing the investments. These investments would be comprised of certain private equity investments.

Subsequent Events

The Company evaluates events occurring after the date of the statement of financial condition for potential recognition or disclosure in its statement of financial condition. The Company did not identify any material subsequent events requiring adjustment to or disclosure in its statement of financial condition.

NOTE 3. NET CAPITAL REQUIREMENT

The Company is subject to the SEC's Uniform Net Capital Rule 15c3-1 ("SEC Rule 15c3-1"), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, not exceed 15 to 1. Net capital and aggregate indebtedness change from day to day. At December 31, 2011, the Company's net capital was approximately \$954,000, which was in excess of its minimum requirement of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 4.97% at December 31, 2011.

NOTE 4. COMMITMENTS

The Company leases its office premises under an operating lease expiring on January 31, 2019. The Company acquired additional space under the same lease on October 1, 2011. The future minimum rental payments required under this lease as of December 31, 2011, are summarized below:

<u>Year ending December 31:</u>	
2012	\$ 197,000
2013	197,000
2014	197,000
2015	197,000
2016	215,000
Thereafter	<u>451,000</u>
Total	<u>\$ 1,454,000</u>

The total amount of rent under the operating lease is reflected in operations on the straight-line method over the remaining term of the lease. The difference between rental expense recorded and the amount of rent actually paid is reflected in the statement of financial condition as "Deferred rent."

YOUNG & PARTNERS L.L.C.
(A Limited Liability Company)
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2011

NOTE 5. SIGNIFICANT AREAS OF BUSINESS

During 2011, the Company earned a significant portion of its fees from customers in the chemical and life sciences industries.

NOTE 6. SIGNIFICANT CUSTOMERS

Fee income from two customers (each representing more than of 10% of total fee income) accounted for approximately 85% of revenues in 2011.

NOTE 7. CONCENTRATION OF CREDIT RISK

The Company maintains its cash accounts at one commercial bank in amounts that at times may exceed the federal insurance limit.

NOTE 8. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the table below. The valuation techniques are as follows:

- (a) Market approach. Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- (b) Cost approach. Amount that would be required to replace the service capacity of an asset (replacement cost);
- (c) Income approach. Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

At December 31, 2011, the Company's securities owned were categorized in Level 2 of the fair value hierarchy, as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>	<u>Valuation Technique</u>
Securities owned, not readily marketable, at fair value	\$ <u>-</u>	\$ <u>22,059</u>	\$ <u>-</u>	\$ <u>22,059</u>	<u>(a)</u>
