INDEPENDENT AUDITOR'S REPORT

To the Managing Member
Parker Global Investments, LLC
Stamford, Connecticut

We have audited the accompanying statement of financial condition of Parker Global Investments, LLC (the "Company") as of December 31, 2011, and the related statements of operations, changes in member's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Parker Global Investments, LLC at December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information listed in schedule 1 and 2 are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. This schedule is the responsibility of the Company's management. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PARKER GLOBAL INVESTMENTS, LLC

NOTES TO FINANCIAL STATEMENTS December 31, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Parker Global Investments, LLC (the "Company") is a securities broker dealer registered with the Financial Industry Regulatory Authority (FINRA) and the Securities and Exchange Commission (SEC). The Company's revenue is primarily derived from providing investment banking services through its participation in private placement offerings and the initial and trailing commissions earned through the sale of private placement products. The Company is a wholly owned subsidiary of Parker Global Strategies, LLC.

These financial statements are presented on the accrual basis of accounting.

Revenue

The Company recognizes revenue from placement fees and the initial and trailing commissions upon the completion of the private placement offering, the sale of the private placement product, and based upon a percentage of the Net Asset Value of the underlying securities calculated quarterly.

Significant Credit Risk and Estimates

As a registered broker-dealer, the Company is subject to regular reviews and inspections by regulatory authorities and self-regulatory organizations.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management of the Company to use estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

The Company, organized in the state of Connecticut as a single member limited liability company, is considered a disregarded entity for federal and state income tax purposes and its activity is included in the tax return of its Parent. Accordingly, there is no provision for federal or state income taxes, since these taxes are the personal responsibility of the members of the Parent.

Although the company adopted the provisions under FIN 48, there are no positions taken that materially affect the financial statements. Accordingly, no disclosure under FIN 48 has been prepared.

2. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS FOR BROKERS AND DEALERS PURSUANT TO RULE 15c3-3

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934, in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraph (k) (2) (i) of the Rule.

PARKER GLOBAL INVESTMENTS, LLC

NOTES TO FINANCIAL STATEMENTS December 31, 2011

3. RELATED PARTY TRANSACTIONS

The Company receives specified administrative services from its Parent at no cost. Under a written agreement, between the Company and its Parent, the Parent has agreed to assume responsibility for these expenses and has indicated that the Company is not directly or indirectly liable to the Parent for these expenses. The Parent has demonstrated that it has adequate resources to pay these expenses. In addition, the Parent has separately agreed to provide additional capital, as required, for the Company to meet its minimum net capital requirement under rule 15c3-1. The Company received \$15,000 in additional capital from its Parent during the year ended December 31, 2011.

4. NET CAPITAL REQUIREMENT

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c-3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2011 the Company had net capital of \$32,576, which was \$27,576 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 0% as of December 31, 2011.

5. SIPC ASSESSMENT RECONCILIATION PURSUANT TO SEC RULE 17a-5(e)(4)

The Company's revenues do not exceed the \$500,000 threshold determined by SEC Rule 17a-5(e)(4). Accordingly, the company is not subject to the additional agreed upon procedures required by SEC Rule 17a-5(e)(4).

PARKER GLOBAL INVESTMENTS, LLC

Schedule 2

*COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS AND INFORMATION
RELATING TO POSSESSION AND CONTROL REQUIREMENTS UNDER RULE 15c3-3 OF THE
SECURITIES AND EXCHANGE COMMISSION
DECEMBER 31, 2011*

The Company is exempt from Securities Exchange Commission ("SEC") Rule 15c3-3 pursuant to the exemptive provisions of sub-paragraph (k)(2)(i) and, therefore, would be required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers."

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1) FOR A
BROKER DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3**

To the Managing Member
Parker Global Investments, LLC
Stamford, Connecticut

In planning and performing our audit of the financial statements of Parker Global Investments, LLC (the Company), as of and for the year ended December 31, 2011 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph. Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatements of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above. However, we identified the following matter which was considered in determining the nature, timing and extent of the procedures performed in my audit of the financial statements of Parker Global Investments, LLC for the year ended December 31, 2011, and this report does not affect our report thereon dated February 16, 2012.

The size of the business, management structure, and resultant limited number of employees imposes practical limitations on the effectiveness of those internal control procedures that depend on the segregation of duties. Since this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in the regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
