The Members

Bel Air Securities LLC (a Delaware Limited Liability Company)

We have audited the accompanying statement of financial condition of Bel Air Securities LLC (the Company) as of December 31, 2011. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, and evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Bel Air Securities LLC at December 31, 2011, in conformity with U.S. generally accepted accounting principles.

Notes to Statement of Financial Condition

December 31, 2011

1. The Company

Bel Air Securities LLC (the Company) is a registered broker-dealer in securities under the Securities Exchange Act of 1934 (the Act) and is a member of the Financial Industry Regulatory Authority (FINRA) and various state regulatory agencies. The Company's principal business consists of the execution of securities transactions on a fully disclosed basis related to the accounts of clients of Bel Air Investment Advisors LLC (BAIA).

The Company does not carry customer accounts nor perform custodial functions related to customer securities and is, therefore, exempt from the provisions of Rule 15c3-3 of the Securities and Exchange Commission.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of the statement of financial condition in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments with original maturities of less than 90 days as cash equivalents. Cash and cash equivalents include cash in readily available checking, money market and brokerage accounts.

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable, and accrued liabilities approximate fair value because of the short-term nature of those instruments.

Receivable from Brokers and Dealers

The Company clears certain of its proprietary and customer transactions through another broker-dealer on a fully disclosed basis. The amount receivable from brokers and dealers relates to these transactions.

2. Summary of Significant Accounting Policies (continued)

Income Taxes

The Company is classified as a partnership for income tax purposes. Accordingly, all tax attributes (items of gain, loss, credits, etc.) will be passed through to its members. Although the Company is not subject to income taxes, it is liable for various state fees.

The Company recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. The Company is required to analyze all open tax years, as defined by the statute of limitations, for all major jurisdictions, which includes federal and certain states. Open tax years are 2008 through 2011. The Company has had no examinations in progress and none are expected at this time. As of December 31, 2011, the Company has reviewed all open tax years and major jurisdictions and has concluded that there is no expected tax liability resulting from unrecognized tax benefits relating to uncertain income tax positions taken or expected to be taken in future tax returns.

3. Significant Customers and Related-Party Transactions

The Company shares office space, facilities, and personnel with BAIA, and is charged for these services according to an expense sharing agreement. The Company was charged for services covered by the expense-sharing agreement, of which \$119,143 remained unpaid at December 31, 2011.

4. Net Capital Requirement

The Company, as a registered broker and dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, as defined, does not exceed 15-to-1. The requirements also provide that equity capital may not be withdrawn or distributions paid if certain minimum net capital requirements are not met. At December 31, 2011, the Company’s net capital, as defined, was \$1,600,464 as compared to a minimum requirement of \$13,811, and its ratio of aggregate indebtedness to net capital was 0.13-to-1.

5. Indemnification Agreements

The Company enters into contracts that contain a variety of indemnifications. The Company's maximum exposure under these arrangements is unknown. However, the Company has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

6. Subsequent Event

The Company has evaluated subsequent events through the issuance date of the financial statements, and determined no events have occurred that require disclosure.
