Independent Auditor's Report

Board of Directors
Mallory Capital Group, LLC:

We have audited the accompanying statement of financial condition of Mallory Capital Group, LLC (the Company) as of December 31, 2011, and the related statements of income, changes in member's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mallory Capital Group, LLC as of December 31, 2011, and the results of its income and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2011

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Mallory Capital Group, LLC (the "Company") was organized in the State of Connecticut on December 27, 2000. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged in business as a securities broker-dealer, that provides several classes of services, including agency transactions with a focus primarily on private placement with institutional and private investors.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(i), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectable accounts are immaterial.

Financial advisory fees are recognized as earned according to the fee schedule stipulated in the client's engagement contracts. Success fees are recognized upon the execution of the transactions relating to those fees.

The Company is treated as a disregarded entity for federal income tax purposes, in accordance with single member limited liability company rules. All tax effects of the Company's income or loss are passed through to the member. Therefore, no provision or liability for Federal Income Taxes is included in these financial statements.

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through February 24, 2012, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

Note 2: INCOME TAXES

The Company is treated as a disregarded entity for federal income tax purposes, in accordance with single member limited liability company rules. All tax effects of the Company's income or loss are passed through to the member. Therefore, no provision or liability for Federal Income Taxes is included in these financial statements.

Note 3: OCCUPANCY

The Company conducts its operations from facilities that are leased under a month-to-month lease agreement. Total rent expense paid for the year ended December 31, 2011 was \$82,522.

Note 4: GUARANTEED PAYMENTS TO FORMERS PARTNERS

Under the terms of separate agreements with two former partners, the Company is obligated to share commissions earned on outstanding private placement contracts with specified investment funds that were in place prior to their departure. The terms of the agreement call for payment of forty-seven percent of the collected fees under these standing contracts. The obligation will continue as long as the funds existing or commenced under those contracts produce fees for the Company. As of December 31, 2011, total expenses paid or accrued in the year ending December 31, 2010 were \$245,491.

Note 5: 401(K) PENSION PLAN

Effective June 13, 2006, the Company adopted a qualified 401(K) Pension Plan. All employees 21 years of age and older, with at least one year of service are eligible to participate. Each employee may elect to have the maximum allowable deferral under the appropriate Internal Revenue Code sections. The Company in turn will make a matching contribution equal to 50% of the participant's elective deferrals, up to a maximum of 6% of the participant's compensation.

Mallory Capital Group, LLC
Notes to Financial Statements
December 31, 2011

Note 5: 401(K) PENSION PLAN
(Continued)

Each participant shall have vesting rights in their share of the Company's contributions beginning after the second year of completed service, accruing 20% per year with full vesting after six years of service. During the year ended December 31, 2011, the Company contributed \$43,537 to the plan.

Note 6: INSTALLMENT FEES RECEIVABLE

As of December 31, 2011, the Company had outstanding accounts receivable of \$1,367,141. This amount was due under a private placement contract with a partnership fund which called for payment in eight quarterly installments beginning in December 2011. Fees are fully earned according to the contract terms, and are deemed fully collectible by management. Related commissions payable have been accrued and reflected as a liability in the accompanying financial statements.

Note 7: RECENTLY ISSUED ACCOUNTING STANDARDS

In June of 2009, the Financial Accounting Standards Board (the "FASB") implemented a major restructuring of U.S. accounting and reporting standards. This restructuring established the Accounting Standards Codification ("Codification" or "ASC") as the source of authoritative accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with generally accepted accounting principles in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

For the year ending December 31, 2011, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has reviewed the following ASU releases to determine relevance to the Company's operations:

Mallory Capital Group, LLC

<u>ASU No.</u>	<u>Title</u>	<u>Effective Date</u>

2011-08	Intangibles - Goodwill and Other (Topic 350): Testing Goodwill for Impairment (September 2011).	After December 15, 2011

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Note 8: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2011, the Company had net capital of \$78,007 which was \$28,629 in excess of its required net capital of \$49,378; and the Company's ratio of aggregate indebtedness (\$740,666) to net capital was 9.49 to 1, which is less than the 15 to 1 maximum allowed.

on Internal Accounting Control
Report Pursuant to Rule 17a-5
For the Year Ended December 31, 2011

Board of Directors

Mallory Capital Group, LLC:

In planning and performing our audit of the financial statements of Mallory Capital Group, LLC (the Company), as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

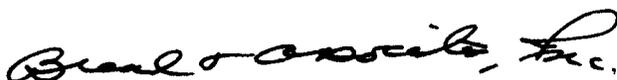

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Board of Directors
Mallory Capital Group, LLC

Pursuant to Rule 17a-5 (e) (4) of the Securities Exchange Act of 1934, we have performed the following procedures with respect to the accompanying schedule (Form SIPC-7) of Securities Investor Protection Corporation assessments and payments of Mallory Capital Group, LLC ("the Company") for the year ended December 31, 2011. Our procedures were performed solely to assist the Company in complying with Rule 17a-5 (e) (4), and our report is not to be used for any other purpose. The procedures we performed are as follows:

1. Compared listed assessment payments with respective cash disbursements records entries;
2. Compared amounts reported on the unaudited Form X-17A-5 for the year ended December 31, 2011, with the amounts reported in General Assessment Reconciliation (Form SIPC-7);
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers;
4. Proved the arithmetical accuracy of the calculations in the Form SIPC-7 and in the related schedules and working papers supporting adjustments; and
5. Compared the amount of any overpayment applied with the Form SIPC-7 on which it was computed.

Because the above procedures do not constitute an examination made in accordance with generally accepted auditing standards, we do not express an opinion on the schedule referred to above.

In connection with the procedures referred to above, nothing came to our attention that caused us to believe that the amounts shown on the Form SIPC-7 were not determined in accordance with applicable instructions and forms. This report relates only to schedules referred to above and does not extend to any financial statements of Mallory Capital Group, LLC taken as a whole.
