This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

NOTES TO THE FINANCIAL STATEMENT

1. ORGANIZATION

Ancora Securities, Inc. (the Company), a wholly-owned subsidiary of Ancora Capital, Inc. (the Parent), is a fully-disclosed broker/dealer registered with the Securities and Exchange Commission (SEC). The Company is a member of the Financial Industry Regulatory Authority (FINRA) and NASDAQ Stock Market, specializing in selling investment securities, and is registered in forty states, including the State of Ohio, and the District of Columbia.

The Company is an introducing broker-dealer and has entered into a fully disclosed clearing agreement with a carrying broker, which is responsible for complying with all regulatory requirements related to carrying customers' accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

The Company considers financial instruments with a maturity of less than 90 days to be cash equivalents. Included in cash and cash equivalents at December 31, 2011, are cash and money market funds.

During 2011, substantially all of the Company's cash was held with the clearing broker in a money market fund.

Marketable Securities Owned

Marketable securities are carried at quoted market values with unrealized gains and losses reported in operations in the year in which they occur. Net realized gains and losses on security transactions are determined on the specific identification cost basis.

At December 31, 2011, the Company has approximately \$188,600 of these securities in a restricted account, which acts as a clearing deposit with the Company's clearing broker pursuant to its clearing agreement.

Receivables and Credit Policies

Receivables are uncollateralized broker obligations due under normal trade terms requiring payments within 30 days from the report date. The Company generally collects receivables within 30 days and does not charge interest on receivables with invoice dates over 30 days old.

The carrying amount of receivables is reduced by a valuation allowance that reflects management's best estimate of amounts that are not believed to be collectible. In the opinion of management, at December 31, 2011, all receivables were considered collectible and no allowance was necessary.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

At December 31, 2011, temporary differences which give rise to a deferred tax liability are related to the book versus tax treatment of unrealized losses on investments.

At December 31, 2011, the Company's gross deferred tax liability amounted to \$36,000.

The Company files a consolidated tax return with the Parent; however, it is the Company's practice to record its income tax provision as if it were filing on a standalone basis. An amount equal to the Company's current income tax provision is paid to the Parent.

The Company recognizes and discloses uncertain tax positions in accordance with accounting principles generally accepted in the United States of America (GAAP). As of, and during the year ended December 31, 2011, the Company did not have a liability for unrecognized tax benefits. The Company is no longer subject to examination by federal and state taxing authorities prior to 2008.

Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities for itself and other broker-dealers for which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event that these other broker-dealers or counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of these other broker-dealers or counterparties. It is the Company's policy to review, as necessary, the credit standing of these various relationships.

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

In accordance with GAAP, the Company discloses the fair value of its investments in a hierarchy that provides the inputs to valuation techniques used to measure fair value.

The various inputs that may be used to determine the fair value of the Company's assets are summarized in three broad levels:

- Level 1 Quoted prices in active markets for identical securities
- Level 2 Other significant observable inputs (including quoted prices for similar securities, interest rates, credit risk, etc.)
- Level 3 Significant unobservable inputs (including the Company's own assumptions used to determine value)

Generally, the Company utilizes quoted market prices, and other relevant information generated by market transactions, to measure fair value when available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques. Mutual funds are generally priced at ending net asset value provided by the service agent of the fund. In certain cases, the Company may be required to make judgments about assumptions that market participants would use in estimating the fair value of financial instruments (Level 3 valuations).

Assets measured at fair value comprise the following at December 31, 2011:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Open-end fund	\$ 314,300	\$ -	\$ -
Closed-end funds' preferred securities	499,743	-	-
	<u>\$ 814,043</u>	<u>\$ -</u>	<u>\$ -</u>

The Company did not hold any Level 3 assets during the year. There were no transfers between levels in 2011

4. NET CAPITAL PROVISION OF RULE 15c3-1

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital balance, as defined, under such provisions.

The Company's minimum capital requirement is the greater of \$250,000 or 6⅔% of aggregate indebtedness, as defined, under Securities and Exchange Commission Rule 15c3-1(a)(1)(i) and 15c3-1(a)(2)(i), as it does not maintain customer accounts. Net capital may fluctuate on a daily basis. At December 31, 2011, the Company had net capital of \$1,093,626, which was \$843,626 in excess of its required net capital of \$250,000.

In addition to the minimum net capital provisions, Rule 15c3-1 requires that the Company maintain a ratio of aggregate indebtedness, as defined, to net capital, of not more than 15 to 1. At December 31, 2011, the ratio was 0.06 to 1.

NOTES TO THE FINANCIAL STATEMENTS

5. EXEMPTION FROM RULE 15c3-3

The Company acts as an introducing broker or dealer, promptly transmitting all funds and delivering all securities received in connection with its activities as a broker or dealer and does not otherwise hold funds or securities for or owe money or securities to customers. The Company operates under Section (k)(2)(ii) of Rule 15c3-3 of the Securities Exchange Act of 1934 and is therefore exempt from the requirements of Rule 15c3-3.

6. SHAREHOLDER'S EQUITY

The shareholder is entitled to one vote per share for Common Stock and ten votes per share for Class B common stock.

7. RELATED PARTY TRANSACTIONS

Ancora Advisors LLC is a registered investment advisor with the Securities and Exchange Commission of the United States and is an affiliate of the Company due to common control. Certain accounts are clients of both the Company and Ancora Advisors LLC.

The Company also processes transactions with certain mutual funds and hedge funds controlled by Ancora Trust and Ancora Advisors LLC, respectively. The Chairman of the Board of Trustees of Ancora Trust, and a major shareholder of Ancora Advisors LLC, is the majority shareholder of the Parent.

The Company provides service to and processes transactions with Safeguard Securities, Inc., an affiliated broker-dealer through common ownership.

The Company provides support, utilizes its relationship with its clearing broker, and carries certain employee FINRA licenses for another affiliated broker-dealer through common ownership. The Company owed to the affiliated broker dealer \$22,103, which is included in accounts payable at December 31, 2011.

At December 31, 2011, the Company has \$314,300 invested in the Ancora Income Fund, a separate series of Ancora Trust, which has retained Ancora Advisors LLC to manage the fund's investments.

8. COMMITMENT

The Company has a formal expense sharing agreement with The Ancora Group Inc. (TAG), which owns 100% of the Parent. The agreement provides that certain non-regulatory expenses, such as occupancy costs, payroll, and office expenses be paid by TAG on behalf of the Company. Payments are made to TAG to cover these expenses monthly in the amount of \$67,004. Payments to TAG for covered expenses totaled \$804,048 in 2011.

9. SUBSEQUENT EVENT

During 2012 certain broker-dealers that execute and clear through Ancora Securities, Inc. are in the process of transferring their business to a replacement broker dealer that may be deemed to be an affiliated broker dealer as a result of a common owner.
