INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and
Stockholders of

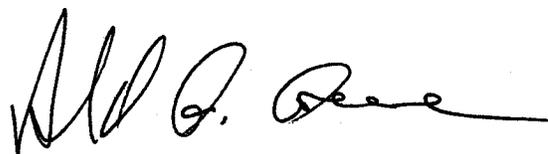

CAPITAL ASSET ADVISORS, INC.

I have audited the accompanying statement of financial condition of Capital Asset Advisors, Inc. as of December 31, 2011, and the related statements of income and expense, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, I express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Capital Asset Advisors, Inc. as of December 31, 2011, and the results of its operations and cash flows for the year then ended in conformity with generally accepted accounting principles, on a basis consistent with that of the preceding year.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information list in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the audit of the basic financial statements and, in my opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011

1. **Summary of significant accounting policies:**

Income Taxes:

The corporation has elected to be taxed as an 'S' Corporation. The net income or loss of the Company is passed through to the shareholder, and tax is then incurred by individual shareholders.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. **The following supplementary information is submitted:**

Exemption from Rule 15c-3-3 is claimed under (K) (2) (ii):

All customer transactions are cleared through other broker-dealers on a fully disclosed basis.

3. **Net capital requirements:**

As a registered broker-dealer, the Company is subject to the SEC's Uniform Net Capital Rule 15c3-1. The rule requires that the company maintain minimum net capital, as defined, of 6.2/3% of aggregate indebtedness, as defined, or \$5,000, whichever is greater.

Net capital as reported on page 7 of the audited Form X-17A-5 indicated net capital of \$45,021, which was \$40,021 in excess of its required net capital of \$5,000. The Company's net capital ratio was .2571 to 1 at December 31, 2011.
