INDEPENDENT ACCOUNTANTS' REPORT

We have audited the accompanying statement of financial condition of *Cost Containment Services, Inc.* (the "Company"), as of December 31, 2011, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of *Cost Containment Services, Inc.* as of December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The Computation of Net Capital, Computation of Basic Net Capital Requirements, Computation of Aggregate Indebtedness, and Exemptive Provision and Scheduled Withdrawals are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are additional information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES

COST CONTAINMENT SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding the Company's financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Business Activity

Cost Containment Services, Inc. (the "Company") is a registered securities broker-dealer and clears all customer transactions through a clearing firm/agent on a fully disclosed basis. The Company does not hold funds or securities for, or owe money or securities to customers, and does not otherwise carry customer accounts. Accordingly, the Company is exempt from Securities and Exchange Commission Rule 15c3-3.

Recognition of Income and Expenses

Commission income and clearing fees related to securities transactions are recognized on a settlement date basis because all such transactions are cleared through another broker-dealer which operates on this basis. Reporting such transactions on a trade date basis would not result in a material difference.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Taxes

The Company, with the consent of its stockholder, has elected to be taxed as an S corporation under the provisions of the Internal Revenue Code (IRC). In lieu of corporation income taxes, the stockholder of an S corporation is taxed on his/her proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements.

The Company follows the guidance of "FASB Accounting Standards Codification 740-10, Income Taxes – Overall" as of and for the year ending December 31, 2011. Included in this is a requirement under Accounting for Uncertainty in Income Taxes that realization of an uncertain income tax position must be "more likely than not" (i.e., greater than 50% likelihood of receiving a benefit or expense) before it should be recognized in the financial statements. Further, the code section prescribes the benefit or expense to be recorded in the consolidated financial statements as the amount most likely to be realized assuming a review by tax authorities having all relevant information and applying current conventions. The code section also clarifies the financial statement classification of potential tax-related penalties and interest and sets forth new disclosures regarding unrecognized tax benefits or expense. The Company has assessed its federal and state tax positions and determined there were no uncertainties or possible related effects that need to be recorded as of or for the year ended December 31, 2011. The federal and state income tax returns of the Company for 2011, 2010, 2009 and 2008 are subject to examination by the respective taxing authorities generally for three years after they were filed.

COST CONTAINMENT SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 2 NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company had net capital of \$41,639 which was \$36,639 in excess of its required minimum net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .0851 to 1.

NOTE 3 DEPOSIT

The Company is required to maintain a deposit of \$50,000 with a clearing broker-dealer.

NOTE 4 AFFILIATED PARTY

The Company has an agreement with an affiliated company, Fiduciary Consultants, Inc. ("FCI"), whereby FCI furnishes office space and management services in connection with the development, promotion, management and operation of the Company's business, in exchange for 100% of the gross revenues of the Company before the deduction of any accounts payable of the Company. In the event that the Company's operating expenses exceed such fee, FCI will waive its fee and reimburse the Company in the amount of such excess expenses. The management fee to FCI was \$73,384 for the year ended December 31, 2011.

NOTE 5 SUBSEQUENT EVENTS

The Company has evaluated subsequent events through February 16, 2012, the date the financial statements were available to be issued.

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROLS

In planning and performing our audit of the financial statements of *Cost Containment Services, Inc.* (the "Company"), as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures, referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance, that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that the transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the Company's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Company's financial statements that is more than inconsequential will not be prevented or detected by the Company's internal control.

Mueller Prost PC is a member of PKF International Limited, an association of legally independent member firms.

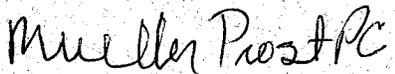

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Company's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
