Independent Auditor's Report

To the Member of  
Signature Capital Securities LLC

We have audited the accompanying statements of financial condition of Signature Capital Securities LLC (the Company) as of December 31, 2011 and 2010 and the related schedule of investments, statements of income, changes in member's capital and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Signature Capital Securities LLC as of December 31, 2011 and 2010, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

As explained in the notes, the financial statements include investments valued at \$836,058 (98% of net assets) and warrants valued at \$0, whose fair values have been estimated by management in the absence of readily determinable fair values. Management's estimates are based on information provided by the managing member.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The information listed as supplemental information in the table of contents required by Rule 17a-5 under the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

*Runyon Kersteen Ouellette*
