**INDEPENDENT AUDITORS' REPORT**

To the Members  
**PAF Securities, LLC**  
Miami, Florida

We have audited the accompanying statement of financial condition of PAF Securities, LLC as of December 31, 2011, and the related statements of operations, member's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 of the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PAF Securities, LLC as of December 31, 2011, and the results of operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary information, as listed on the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. This information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2011

---

### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

#### *ORGANIZATION AND NATURE OF BUSINESS*

PAF Securities, LLC (the Company) is a broker-dealer which became registered with the Securities and Exchange Commission (SEC) and also became a member of the Financial Industry Regulatory Authority (FINRA) on November 24, 2006. The Company engages primarily in providing advisory services related to mergers and acquisitions, restructuring and capital raising transactions. The Company is subject to regulatory oversight and periodic audit by the SEC, FINRA and the State of Florida.

The Company does not hold customer funds or securities or owe money or securities to customers.

#### *REVENUE RECOGNITION*

Revenue is recorded when services have been performed. The Company enters into retainer agreements with its customers, which provide for monthly billings for months in which services have been performed. The retainer agreements also provide for success fees to be earned by the Company upon the successful close of a merger and acquisition, restructuring or capital raising transaction.

#### *CASH EQUIVALENTS*

For purposes of reporting cash flows, cash equivalents are demand accounts balances with banks with an original maturity of three months or less.

#### *USE OF ESTIMATES*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

### NOTE 2 - NET CAPITAL REQUIREMENT

The Company is subject to the Securities and Exchange Commission ("SEC") Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2011 the Company had net capital of \$83,871 which was \$78,871 in excess of its required net capital of \$5,000.

## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2011

---

### NOTE 3 - INCOME TAXES

The Company is a limited liability company and has elected to be treated as a partnership under the Internal Revenue Code. In lieu of corporate income taxes, the members are responsible for the tax liability, or loss carryforward, related to their proportionate share of the Company's taxable income and losses. Accordingly, no provision for federal and state income taxes is reflected in the accompanying financial statements. The Company has concluded that it is a pass-through entity and there are no uncertain tax positions that would require recognition in the financial statements. If the Company were to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax liability would be reported as income taxes. The Company's conclusions regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analysis of tax laws, regulations and interpretations thereof as well as other factors. Generally, federal, state and local authorities may examine the Company's tax returns for three years from the date of filing. Therefore, the current year and three preceding years remain subject to examination as of December 31, 2011.

### NOTE 4 - RELATED PARTY TRANSACTIONS

#### *PAYABLE TO RETIRED PARTNER*

On August 31, 2011, the members of the Limited Liability Company entered into an agreement in which one of the members will be deemed to have retired and withdrawn from the Company effective as of December 31, 2011. The agreement made provisions for the return of member's cash basis capital as of December 31, 2011, and termination payments in respect of projects or engagements entered into by the Company on or prior to February 29, 2012, with such payments being made on a quarterly basis starting March 30, 2012. At December 31, 2011, a provision of \$69,796 was made for member's return of capital and a provision of \$97,250 as payment for covered revenues to the retiring member of the Company. These amounts were recorded on the statement of financial condition as a Payable to Retired Partner.

#### *OTHER*

During 2011, the Company made distributions to members of \$331,906. No compensation has been recorded in the statement of income related to the members who currently manage and operate the business.

**PAF SECURITIES, LLC**  
**SUPPLEMENTARY INFORMATION**  
**FOR THE YEAR ENDED DECEMBER 31, 2011**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL AS REQUIRED BY  
RULE 17A-5 OF THE SECURITIES AND EXCHANGE COMMISSION**

To the Members  
**PAF Securities, LLC**  
Miami, Florida

In planning and performing our audit of the financial statements of PAF Securities, LLC (the Company) for the period ended December 31, 2011, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a 3(a)(11) and the exemptive provisions of rule 15-c3-3(e). Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining the internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate, at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
