## **INDEPENDENT AUDITORS' REPORT**

To the Partners of  
PTI Securities & Futures L.P.

We have audited the accompanying statement of financial condition of PTI Securities & Futures L.P., (the "Partnership") as of December 31, 2011, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Partnership's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of PTI Securities & Futures L.P. as of December 31, 2011 in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statement taken as a whole. The information contained in the supplementary schedules is presented for the purpose of additional analysis and is not a required part of the basic financial statement, but is supplementary information required by Rule 17a-5(d) under Securities and Exchange Act of 1934 and Regulation 1.10 under the Commodity Exchange Act. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statement and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statement taken as a whole.

## Notes to Statement of Financial Condition

December 31, 2011

---

### 1. Organization and Business

PTI Securities & Futures L.P. (the "Partnership") was formed on December 11, 1991, pursuant to the Revised Uniform Limited Partnership Act of the State of Illinois. The Partnership is a single class limited partnership. The Partnership is a registered securities broker-dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority. The Partnership is also registered with the Commodity Futures Trading Commission as a non-guaranteed Introducing Broker and is a member of the National Futures Association. The Partnership solicits and accepts orders to buy or sell equity transactions and futures contracts or options on futures while not accepting or holding customer margin deposits. These assets are held by the respective clearing broker.

### 2. Summary of Significant Accounting Policies

#### Revenue Recognition

Commission revenue and related expenses on futures and futures options contracts are recorded on a "half-turn" basis, which is the date when the futures contracts are opened or closed and when futures options contracts are initially purchased or sold. Commission revenue and related expenses on securities and securities options are recorded on a trade date basis.

#### Income Taxes

No provision has been made for federal income taxes, as the taxable income of the partnership is included in the respective income tax returns of the partners.

#### Use of Estimates

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Management determines that the estimates utilized in preparing financial statements are reasonable and prudent. Actual results could differ from these estimates.

#### Cash Equivalents

Cash equivalents consist of money market deposits with maturities of less than three months.

### 3. Clearing Agreements

The Partnership has entered into fully disclosed clearing agreements with Mesirow Financial, Inc. ("Mesirow"), R.J. O'Brien & Associates Inc. ("RJO") and Interactive Brokers LLC ("IB"), whereby Mesirow and IB will offer certain clearing, execution and related services for transactions in securities and whereby RJO and IB will offer certain clearing, execution and related services in futures.

**4. Fair Value Disclosure**

ASC 820, Fair Value Measurements and Disclosures, requires enhanced disclosures about investments that are measured and reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Partnership. Unobservable inputs reflect the Partnership's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 Inputs Valuation is based on quoted prices in active markets for identical assets or liabilities at the reporting date.

Level 2 Inputs Valuation is based on other than quoted prices included with Level 1 that are observable for substantially the full term of the asset or liability, either directly or indirectly. Level 2 assets include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and inputs other than quoted prices that are observable, such as models or other valuation methodologies.

Level 3 Inputs Valuation is based on unobservable inputs for the valuation of the asset or liability. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or estimation.

At December 31, 2011, the Partnership held no Level 1, Level 2 or Level 3 investments.

**5. Employee Benefit Plan**

The Partnership has established a Simple IRA plan for qualified employees. The Partnership matches employees' contributions, subject to certain limitations as set forth in the plan agreement.

**December 31, 2011**

---

**6. Lease Commitment**

The Partnership conducts its operations in leased office facilities and annual rentals are charged to current operations.

The minimum annual rental commitments under a non-cancelable operating lease are approximately as follows as of December 31, 2011:

<u>Year Ending December 31</u>	<u>Amount</u>
2012	\$ 71,000
2013	<u>42,000</u>
Total	<u>\$ 113,000</u>

**7. Off-Balance-Sheet Risk**

Customer transactions are introduced to and cleared through the Partnership's brokers on a fully disclosed basis. Under the terms of its clearing agreements, the Partnership is required to guarantee the performance of its customers in meeting contracted obligations. In conjunction with the broker, the Partnership seeks to control the risks associated with its customer activities by requiring customers to maintain collateral in compliance with various regulatory and internal guidelines and, pursuant to such guidelines, customers may be required to deposit additional collateral, or reduce positions, where necessary.

Commissions receivable represent a concentration of credit risk. The Partnership does not anticipate nonperformance by its customers or the broker. In addition, the Partnership has a policy of reviewing, as considered necessary, the creditworthiness of the brokers with which it conducts business.

**8. Minimum Capital Requirements**

The Partnership is subject to the SEC Uniform Net Capital Rule 15(c)3-1 and CFTC Regulation 1.17, and has elected to use the basic method as permitted by these rules. Under these rules, the Partnership is required to maintain "net capital" equal to \$45,000. At December 31, 2011, the Partnership had net capital and net capital requirements of \$347,711, and \$45,000, respectively.

---

**9. Subsequent Events**

The Partnership's management has evaluated events and transactions through February 17, 2012, the date the financial statements were issued, noting no material events requiring disclosure in the Partnership's financial statements other than those listed below.

The Partnership's management has stated that Mesirow will no longer provide clearing, execution and related services for transactions in securities to the Partnership. The Partnership will transfer these services to RBC Correspondent Services. This transfer is expected to be completed on March 5, 2012.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL**

To the Partners of  
PTI Securities & Futures L.P.:

In planning and performing our audit of the statement of financial condition of PTI Securities & Futures L.P. (the "Partnership") as of December 31, 2011 in accordance with auditing standards generally accepted in the United States of America, we considered the Partnership's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership, including consideration of control activities for safeguarding securities. Because the Partnership does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Partnership in any of the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3

Also, as required by Regulation 1.16 of the Commodity Futures Trading Commission (the "CFTC"), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Partnership that we considered relevant to the objectives stated in Regulation 1.16 in making the periodic computations of minimum financial requirements pursuant to Regulation 1.17. We did not perform any test work on the daily computations of the segregation requirements of section 4d(2) of the CFTC and the regulations thereunder, and the segregation of funds based on such computations or the daily computations of the foreign futures and foreign options secured amount requirements pursuant to Regulation 30.7 of the CFTC since the Partnership did not handle any customer cash or securities during the year ended December 31, 2011.

The management of the Partnership is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's and the CFTC's previously mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of the financial statement in conformity with generally accepted accounting principles. Rule 17a-5(g) and Regulation 1.16(d)(2) list additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the partnership's financial statement will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC and the CFTC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and the Commodity Exchange Act and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011 to meet the SEC's and the CFTC's objectives.

This report is intended solely for the information and use of management, the SEC, the Financial Industry Regulatory Authority and the CFTC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and/or Regulation 1.16 of the CFTC in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
