**Independent Auditor's Report
On the Financial Statements**

To the Shareholder of
GA Financial, Inc.
Columbus, Ohio

We have audited the accompanying statement of financial condition of GA Financial, Inc. (the Company) as of December 31, 2011, and the related statements of operations, changes in shareholder's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of GA Financial, Inc. at December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in Schedules 1, 2, and 3 required by Rule 17a-5 under the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the information is fairly stated in all material respects in relation to the financial statements as a whole.

GA Financial, Inc.

Notes to Financial Statements

Note 1. Organization and Business

GA Financial, Inc. ("Company") was incorporated in June 1996 and commenced operations on May 1, 1997 for the purpose of engaging in brokerage activities. The Company is wholly owned by one shareholder. The majority of the Company's operations relate to the sale of variable life insurance policies.

Note 2. Significant Accounting Policies

Basis of Presentation: The financial statements are presented in accordance with accounting principles generally accepted in the United States of America. Commission revenues and related management fees are recorded in the period earned or incurred.

Customer Accounts: The Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of The Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of paragraph (k)(2)(i) provide that the Company carry no margin accounts, promptly transmit all customer funds and deliver all securities received in conjunction with its activities as a broker-dealer and does not hold funds or securities for or owe money or securities to customers.

Commission Receivables: The Company receives commissions based on a percentage of premiums collected by life insurance companies. The commissions receivable are recorded at their estimated collectible amount based upon knowledge of premiums being remitted. Management has reviewed commission receivables as of December 31, 2011 and has determined that no allowance for doubtful accounts is necessary.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the balance sheet and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes: The Company has elected to be treated as an S Corporation for income tax purposes and, therefore, is not subject to federal or state income taxes. The Company is subject to city income taxes. The current income tax expense for 2011 is \$35,700 and is based on local income taxes for the reported amounts of pre-tax income for the period.

The Financial Accounting Standards Board (FASB) provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. For the year ended December 31, 2011 management has determined that there are no material uncertain income tax positions.

The Company is not subject to examination by U.S. federal and local tax authorities for tax years before December 31, 2008.

GA Financial, Inc.

Notes to Financial Statements

Note 3. Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. As of December 31, 2011, the Company had net capital of \$16,567, which was \$11,567 in excess of its required net capital of \$5,000. The Company's net capital ratio (aggregate indebtedness to net capital) was .91 to 1.

Note 4. Related Party Transactions

The Company has an expense sharing arrangement with Garlikov & Associates, Inc. ("Garlikov"), which is wholly owned by the Company's sole shareholder. This arrangement requires an allocation of certain expenses such as payroll, occupancy, and other incidental overhead expenses paid by Garlikov for the Company. This expense under the allocation totaled \$860,206 for the current year and is included in the statement of operations as a management fee.

At December 31, 2011, the Company had a receivable of \$759,869 from Garlikov. This receivable represents an advance for future expenses under the expense sharing arrangement.

Note 5. Contingencies

In the normal course of business, the Company may be subject to litigation or regulatory matters. In the opinion of the Company's management, the ultimate disposition of these matters will not result in material adverse effect upon the Company's financial position, results of operations, or cash flows.

Independent Auditor's Report on Internal Control

To the Shareholder of
GA Financial, Inc.
Columbus, Ohio

In planning and performing our audit of the financial statements of GA Financial, Inc. (the Company), as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- (1) Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
- (2) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses and therefore, there can be no assurance that all material weaknesses have been identified. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the shareholder, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Certification of Exclusion From Membership.

TO BE FILED BY A BROKER-DEALER WHO CLAIMS EXCLUSION FROM MEMBERSHIP IN THE SECURITIES INVESTOR PROTECTION CORPORATION ("SIPC") UNDER SECTION 78ccc(a)(2)(A)(ii) OF THE SECURITIES INVESTOR PROTECTION ACT OF 1970 ("SIPA").

The above broker-dealer certifies that during the year ending December 31, 2011 its business as a broker-dealer is expected to consist exclusively of one or more of the following (check appropriate boxes):

- (i) its principal business, in the determination of SIPC, taking into account business of affiliated entities, is conducted outside the United States and its territories and possessions;*
- (ii) its business as a broker-dealer is expected to consist exclusively of:
- (I) the distribution of shares of registered open end investment companies or unit investment trusts;
- (II) the sale of variable annuities;
- (III) the business of insurance;
- (IV) the business of rendering investment advisory services to one or more registered investment companies or insurance company separate accounts;
- (iii) it effects transactions in security futures products only;

and that, therefore, under section 78ccc(a)(2)(A)(ii) of the SIPA it is excluded from membership in SIPC.

*If you have any questions concerning the foreign exclusion provision please contact SIPC via telephone at 202-371-8300 or e-mail at asksipc@sipc.org to request a foreign exclusion questionnaire.

The following bylaw was adopted by the Board of Directors:

Interest on Assessments.

... If any broker or dealer has incorrectly filed a claim for exclusion from membership in the Corporation, such broker or dealer shall pay, in addition to all assessments due, interest at the rate of 20% per annum of the unpaid assessment for each day it has not been paid since the date on which it should have been paid.

In the event of any subsequent change in the business of the undersigned broker-dealer that would terminate such broker-dealer's exclusion from membership in SIPC pursuant to section 78ccc(a)(2)(A)(ii) of the SIPA, the undersigned broker-dealer will immediately give SIPC written notice thereof and make payment of all assessments thereafter required under Section 78ddd(c) of the SIPA.

Sign, date and return the top portion of this form no later than 30 days after the beginning of the year, using the enclosed return envelope.

Retain the bottom portion of this form for a period of not less than 6 years, the latest 2 years in an easily accessible place.
