**INDEPENDENT AUDITORS' REPORT**

Board of Governors  
Alluvion Securities, LLC  
Memphis, Tennessee

We have audited the accompanying statement of financial condition of Alluvion Securities, LLC, as of December 31, 2011, and the related statements of income, members' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alluvion Securities, LLC at December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I - Computation of net capital under Rule 15c3-1 of the Securities and Exchange Commission is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NOTES TO FINANCIAL STATEMENTS**

---

---

**NOTE A - NATURE OF BUSINESS**

The Company is a securities broker dealer operating under the provisions of the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority (FINRA). The Company operates as a registered limited liability company organized in the State of Delaware conducting business through its Memphis, Tennessee office.

The Company primarily transacts business with banks and other financial institutions, private organizations and individuals in a principal capacity of buying and selling various types of debt securities, which include obligations of the United States government, government agencies and state and local governments. The Company also acts as an agent for customers in acquiring certificates of deposits and private placement loans. In addition, the Company works directly with state and local governments as financial advisor and underwriter of new issues of municipal debt.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker-dealer, and promptly transmit all customer funds and securities to the clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

The Company has contracted with Sterne Agee Leach, Inc. to act in the capacity of its clearing broker and all customer funds and securities are safe kept with that institution in accordance with the Securities and Exchange Commission regulations.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Securities Transactions**

Securities transactions are recorded on a trade date basis, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis.

Amounts receivable and payable for securities transactions that have not reached their contractual settlement date are recorded net on the statement of financial condition.

Securities are recorded at fair value in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.

**Collateral**

The Company continues to report assets it has pledged as collateral in secured borrowing and other arrangements when the secured party cannot sell or repledge the assets.

**Alluvion Securities, LLC**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

---

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

**Underwriting Fees**

Underwriting fees include gains, losses and fees, net of syndicate expenses, arising from securities offerings in which the Company acts as an underwriter or agent. Sales concessions and underwriting fees are recorded at the time the underwriting is completed and the income is reasonably determinable.

**Commissions**

Commissions and related clearing expenses are recorded on a trade date basis as securities transactions occur.

**Income Taxes**

The Company is treated as a partnership for income tax purposes and as such, each member is taxed separately on their distributive share of the Company's income whether or not that income is actually distributed.

As a result, no provisions for income taxes or deferred income taxes have been made.

The Company recognizes the accrual of any interest and penalties relating to unrecognized tax benefits in income tax expense. No interest or penalties relating to unrecognized tax benefits were recognized in 2011.

The Company is no longer subject to Federal or state tax examinations by taxing authorities for years before 2007.

**Depreciation**

Depreciation is provided on a straight-line basis using estimated useful lives of five to ten years.

**Events Occurring After Report Date**

The Company has evaluated events and transactions that occurred between December 31, 2011 and February 23, 2012, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**Alluvion Securities, LLC**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

---

**NOTE C - FAIR VALUE MEASUREMENT**

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

*Municipal securities:* Certain municipal securities are valued at the closing price reported in the active market in which the security is traded. Other municipal securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings, maturity dates, and other factors related to the security.

*Common stocks:* Certain common stocks are valued at the closing price reported in the active market in which the individual securities are traded. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. If a quoted market price for unrestricted common stock of the issuer is not available, restricted common stocks are valued at a multiple of current earnings less an appropriate discount. The multiple chosen is consistent with multiples of similar companies based on current market prices.

**Alluvion Securities, LLC**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

---

**NOTE C - FAIR VALUE MEASUREMENT - CONTINUED**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2011.

**Fair Value Measurements on a Recurring Basis**  
**As of December 31, 2011**

<b>ASSETS</b>	<b><u>Level 1</u></b>	<b><u>Level 2</u></b>	<b><u>Level 3</u></b>	<b><u>Total</u></b>
Cash	<u>\$ 49,229</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 49,229</u>

**NOTE D - CONCENTRATIONS OF CREDIT RISK**

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the credit worthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

As discussed in Note A, the Company's customers securities transactions are introduced on a fully-disclosed basis with its clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers of the Company and is responsible for execution, collection of and payment of funds and, receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker-dealer may charge any losses it incurs to the Company.

**NOTE E - COMMITMENTS AND CONTINGENCIES**

Certain leases contain renewal options and escalation clauses. Rent expense for 2011 aggregated to \$52,466 and is included in the Occupancy expense line item in the statement of income.

**Alluvion Securities, LLC**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

---

**NOTE E - COMMITMENTS AND CONTINGENCIES - CONTINUED**

The required annual rental payments for leases entered into by the Company are as follows:

<b><u>Year ending</u></b> <b><u>December 31</u></b>	<b><u>Amount</u></b>
2012	\$56,154
2013	58,866
2014	61,249
2015	60,342
2016	46,782

In the normal course of business, the Company enters into underwriting commitments. There were no open commitments as of December 31, 2011.

**NOTE F - GUARANTEES**

FASB ASC 460, *Guarantees*, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

***Indemnifications***

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including subcustodians and third-party brokers, improperly executed transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

**Alluvion Securities, LLC**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

---

**NOTE F - GUARANTEES - CONTINUED**

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

**NOTE G - NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash distributions of equity paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2011, the Company had net capital and net capital requirements of approximately \$126,003 and \$100,000, respectively. The Company's ratio of aggregate indebtedness to net capital was .06 to 1.

**NOTE H - RELATED PARTIES**

The Company is a special purpose entity of The Harbor Bank of Maryland. The Harbor Bank of Maryland is a state chartered commercial bank that has provided commercial and retail banking services in Baltimore, Maryland since 1982.

The Company has advanced \$80,223 to related entities with common ownership for operating funds. These amounts are due upon demand and the amounts are considered non-allowable assets for purposes of the net capital computation.

**SUPPLEMENTARY INFORMATION**

**Alluvion Securities, LLC**  
**COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1**  
**OF THE SECURITIES AND EXCHANGE COMMISSION**  
**As of December 31, 2011**

---

**Schedule I**

Net capital:		
Total members' equity		\$255,764
Deductions and/or changes:		
Receivables from noncustomers	\$ 7,300	
Furniture and equipment, net	42,238	
Other assets	<u>80,223</u>	<u>129,761</u>
<b>NET CAPITAL</b>		<b><u>\$126,003</u></b>
Aggregate indebtedness:		
Items included in statement of financial condition:		
Accounts payable and accrued expenses		<u>\$ 7,473</u>
<b>AGGREGATE INDEBTEDNESS</b>		<b><u>\$ 7,473</u></b>
Computation of basic net capital requirement:		
Minimum net capital required		<u>\$100,000</u>
Excess net capital at 1000%		<u>\$120,000</u>
Ratio of aggregate indebtedness to net capital		<u>.06 to 1</u>

There are no material differences between the Company's computation of net capital under Rule 15c3-1 included in Part II of Form X-17A-5 as of December 31, 2011 and the computation above; therefore, no reconciliation of the computation of net capital under Rule 15c3-1 is included.

**INDEPENDENT AUDITORS' REPORT ON THE  
INTERNAL CONTROL STRUCTURE**

Board of Governors  
Alluvion Securities, LLC  
Memphis, Tennessee

In planning and performing our audit of the financial statements and supplementary schedule of Alluvion Securities, LLC (the Company) for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5 (g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examination, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements of prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subjected to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Governors, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, and other regulatory agencies which would rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be, and should not be, used by anyone other than these specified parties.

## INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

Board of Governors  
Alluvion Securities, LLC  
Memphis, Tennessee

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (General Assessment Reconciliation (Form SIPC-7)) to the Securities Investor Protection Corporation (SIPC) for the Year Ended December 31, 2011, which were agreed to by Alluvion Securities, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating Alluvion Securities, LLC's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Alluvion Securities, LLC's management is responsible for Alluvion Securities, LLC's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries and check copies noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2011, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2011, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, quarterly Forms X-17A-5 and monthly internal financial statements noting no differences; and

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers and reconciliation of Form SIPC-7 amounts prepared by the Company supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
