INDEPENDENT AUDITORS' REPORT

Board of Directors
Alchemy Alternatives, Inc.
San Mateo, California

We have audited the accompanying statement of financial condition of Alchemy Alternatives, Inc (the "Company"), as of December 31, 2011, and the related statements of operations and changes in stockholders' equity and its cash flow for the year ended December 31, 2011 that you are filing pursuant to Rule 17-a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the management of the Company. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alchemy Alternatives, Inc. as of December 31, 2011, and the results of its operations and changes in its stockholders' equity and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information in the supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but are supplementary information required by rule 17-a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures described above and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Cash and cash equivalents, end of year	<u>\$ 1,111,896</u>

ALCHEMY ALTERNATIVES, INC.

NOTES TO FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies

Nature of Operations

Alchemy Alternatives, Inc. (the "Company"), a California corporation, is a private placement and introducing broker-dealer, registered with the Financial Industry Regulatory Authority ("FINRA"), and licensed by the Securities and Exchange Commission ("SEC"). The Company primarily derives execution and referral fees from a limited number of institutional clients.

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as detailed in the Financial Accounting Standards Board's Accounting Standards Codification ("ASC").

Cash Equivalents

The Company considers all demand deposits held in banks and certain highly liquid investments with maturities of 90 days or less, other than those held for sale in the ordinary course of business, to be cash equivalents.

Fair Value- Definition and Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Company uses various valuation approaches. ASC 820, "Fair Value Measurements and Disclosures" establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. ASC 820 requires use of a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels: quoted market prices in active markets for identical assets or liabilities (Level 1); inputs other than quoted market prices that are observable for the asset or liability, either directly or indirectly (Level 2); and unobservable inputs for an asset or liability (Level 3)

ASC 820 did not have a material impact on the Company's financial statements.

Income Taxes

The Company's Parent files a consolidated income tax return in which the Company is included as a fully owned subsidiary. Therefore the Company is not required to make an income tax provision. Generally, the Company's Parent is no longer subject to income tax examinations by major taxing authorities for years before 2008.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company's management to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from those estimates.

ALCHEMY ALTERNATIVES, INC.

NOTES TO FINANCIAL STATEMENTS

2. Net capital requirements

The Company is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1) which requires the Company to maintain a minimum net capital equal to or greater than \$5,000 and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1, both as defined. At December 31, 2011, the Company's net capital was \$1,208,881 which exceeded the requirement by \$1,199,983.

3. Concentration of credit risk

In the normal course of business, the Company maintains its cash balances in financial institutions, which at times may exceed federally insured limits. The Company is subject to credit risk to the extent any financial institution with which it conducts business is unable to fulfill contractual obligations on its behalf. Management monitors the financial condition of such financial institutions and does not anticipate any losses from these counterparties.

4. Related party transactions

The Company has an Expense Sharing Agreement with Alchemy Ventures, Inc., its parent company. During 2011 the shared expenses included in the Statement of Operations were \$65,189. The Company billed a related entity Alchemy Structured Investments a total of \$23,256 during 2011 for various services.

5. Revenue

The Company's revenue primarily consists of execution and referral fees from other Broker Dealers.

6. Subsequent events

These financial statements were approved by management and available for issuance on February 17, 2012. Subsequent events have been evaluated through this date.

On January 26, 2012 the SEC issued an order instituting administrative and cease-and desist proceedings against two principals of Alchemy Alternatives Inc. and its parent company, Alchemy Ventures, Inc. The outcome of this order is not subject to determination at this time. There have been no allegations against Alchemy Alternatives, Inc. and in the opinion of management, and in consultation with legal counsel, there is no potential financial impact to Alchemy Alternatives, Inc.

ALCHEMY ALTERNATIVES, INC.

**Independent Auditor's Report on Applying Agreed-Upon
Procedures Related to an Entity's SIPC Assessment Reconciliation**

Board of Directors
Alchemy Alternatives, Inc.
San Mateo, California

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments Form SIPC-7T to the Securities Investor Protection Corporation (SIPC) for the period of January 1, 2011 to December 31, 2011, which were agreed to by Alchemy Alternatives Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC solely to assist you and the other specified parties in evaluating Alchemy Alternatives, Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7T). Alchemy Alternatives Inc.'s management is responsible for Alchemy Alternative Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records entries in the general ledger noting no differences;
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2011, with the amounts reported in Form SIPC-7T for the period from January 1, 2011 to December 31, 2011 noting no differences.
3. There were no adjustments reported in Form SIPC-7T thus no differences noted;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers noting no differences; and
5. There was no application of overpayment, however there was a balance due with Form SIPC-7T.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Internal Accounting Control Required by SEC Rule 17a-5

Board of Directors
Alchemy Alternatives, Inc.
San Mateo, California

In planning and performing our audit of the financial statements and supplemental schedules of Alchemy Alternatives, Inc. (the Company) for the year ended December 31, 2011, we considered its internal control including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control. Also, as required by rule 17a-5(g) (I) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objective stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payments for securities under Section 8 of 1 Reserve T of the Board of Governors of the Federal Reserve System

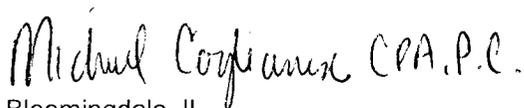

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Our consideration of internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted the following matter involving the Company's internal control and its operation that we consider to be a material weakness as defined above. This condition was considered in determining the nature, timing, and extent of procedures to be performed in our audit of the financial statements of the Company for the period ended December 31, 2011, and this report does not affect our report thereon dated February 17, 2012.

The size of the business and the resultant limited number of employees imposes practical limitations on the effectiveness of those internal control policies and procedures that depend on the segregation of duties. Because this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulations of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
