NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION - Hancock Securities Group, LLC, a Missouri Limited Liability Company “the Company”, was formed as a limited liability company under the laws of the State of Missouri on November 9, 1999 and commenced operations on April 4, 2000. During 2001, the members of the Company exchanged their ownership interest in the Company for equal interests in Manchester Holdings, LLC such that the Company is now a wholly-owned subsidiary of Manchester Holdings, LLC “the Parent”. The latest date upon which the Company is to dissolve is December 31, 2029.

NATURE OF OPERATIONS - The Company primarily operates as an introducing broker-dealer clearing all transactions for customers on a fully disclosed basis. These transactions are cleared through a clearing broker, Mesirow Financial, Inc. (Mesirow). The Company does not hold cash or securities for its customers. In accordance with the clearing agreement with Mesirow, the Company is required to maintain a minimum deposit of \$75,000 in cash and/or government securities with Mesirow. The Company is a member of the Financial Industry Regulatory Authority (FINRA) and is registered with the Securities and Exchange Commission (SEC).

The Company generates additional revenue through its Financial Advisory and Merchant Banking lines of business. Financial Advisory revenues are generated by the Company’s significant knowledge base relating to the financial services industry and revolve around maximizing shareholder value to their clients. Shareholder value may be enhanced through a number of offerings including, but not limited to: mergers and acquisitions, restructuring or re-capitalization, and private placement.

The Company earns Merchant Banking fees from mergers, acquisitions and related transactions whereby the principals participate in the equity investment. The Company earns their fees associated with these transactions through charges to the equity group based upon industry standard rates for due-diligence, brokerage, and consulting on the proposed transaction.

CASH AND CASH EQUIVALENTS - The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

CONCENTRATION OF CREDIT RISK - Financial instruments that potentially subject the Company to credit risk consist principally of cash and cash equivalents and accounts receivable. The Company maintains several cash and money market accounts with banks and a securities broker/dealer. The banks provide \$250,000 of deposit insurance through the Federal Deposit Insurance Corporation. The securities broker/dealer provides \$100,000 of coverage through the

Securities Investor Protection Corporation. The banks and securities broker/dealer amounts were not in excess of insured limits at December 31, 2011. Management does not believe significant credit risks exist at December 31, 2011.

PROPERTY AND EQUIPMENT - Property and equipment is stated at cost less accumulated depreciation. Depreciation is provided on the straight-line method using estimated useful lives of three to seven years. SECURITIES TRANSACTIONS – Marketable securities are stated at fair market value. Gains and losses, both realized and unrealized, are included in net securities trading gains.

INCOME TAXES – The Company is a limited liability company and the current period net income is recognized on the Parent Company's income tax return. The Parent is also a limited liability company taxed as a partnership in which all elements of income and deductions are included in the tax returns of the members of the Parent. Therefore, no income tax provision is recorded by the Company.

COMMISSIONS – Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

USE OF ESTIMATES – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

ALLOCATION OF PROFITS OR LOSSES – Profits or losses from operations are allocated to the Parent. All profits or losses from a sale or other disposition of the assets of the Company will be allocated to the Parent as of the date of such sale or disposition.

Independent Auditor's Report on Internal Accounting Control Required by SEC Rule 17a-5

Member
Hancock Securities Group, LLC
St. Louis, Missouri

In planning and performing our audit of the financial statements of Hancock Securities Group, LLC (the Company) for the year ended December 31, 2011, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Act of 1934, we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry cash or securities, we did not review the practices and procedures followed by the Company in any of the following: (1) making quarterly securities examinations, counts, verifications and comparisons, (2) recordation of differences required by Rule 17a-13 and (3) complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Security and Exchange Commission's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United State of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the Public Company Accounting Oversight Board. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures which accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2011 to meet the SEC's objectives.

This report is intended solely for the information and use of the Member, management, the Securities and Exchange Commission, the National Association of Securities Dealers and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
