HBK GLOBAL SECURITIES L.P.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011
(EXPRESSED IN 000's OF U.S. DOLLARS)

1. Organization

HBK Global Securities L.P. ("Global"), a Delaware limited partnership formed on March 4, 2002, is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). FINRA granted membership to Global to operate as a broker-dealer on October 9, 2002. Global is a subsidiary of HBK Securities LP Inc. and HBK Securities GP Inc. (collectively, the "Partners"), which are wholly owned subsidiaries of HBK Master Fund L.P. (the "Master Fund"). Global's primary business is to borrow and lend securities for its own account. Its counterparties in these transactions include both the Master Fund and unaffiliated institutions such as banks, insurance companies, pension plans, investment companies, and broker-dealers.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Although Global considers estimates to be reliable based on information available at the balance sheet date, actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents is defined as cash on deposit at financial institutions, investments in money market funds, and highly liquid investments with original maturities of three months or less.

Foreign Currency Translation

Assets and liabilities denominated in a foreign currency are translated into the U.S. dollar equivalent using the spot foreign currency exchange rate in effect at December 31, 2011. The U.S. dollar equivalent held in foreign currencies is \$7 as of December 31, 2011. Revenues and expenses denominated in foreign currencies are translated at the daily spot rates in effect at the time of the transaction.

Fixed Assets

Fixed assets are comprised of computer software (\$0, net of accumulated depreciation of \$586), including costs incurred on internally-developed software, and computer hardware (\$0, net of accumulated depreciation of \$5). Fixed assets are carried at cost less accumulated depreciation. Global computes depreciation using the straight-line method with estimated useful lives of three to five years. During 2011, Global fully depreciated its remaining assets and as of December 31, 2011, held no fixed assets.

Income and Expense Recognition

Rebate fee income (expense) and interest income (expense) are accrued as earned. Dividends are classified as income or expense on the ex-dividend date, net of any withholding taxes.

HBK GLOBAL SECURITIES L.P.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011
(EXPRESSED IN 000's OF U.S. DOLLARS)

Income Taxes

In accordance with federal income tax regulations, no income taxes are levied on a partnership but rather on the individual partners. Consequently, no provision or liability for federal income taxes has been reflected in the accompanying financial statements. Global files an informational tax return in the U.S. federal jurisdiction and is therefore subject to examination under statute of limitations for the period ended December 31, 2008, and forward for which tax adjustments may be necessary and retroactive to all open tax years.

Global is subject to the authoritative guidance with respect to accounting for uncertain tax positions. HBK Investments L.P. (the "Manager") has analyzed Global's tax positions for all open tax years and has concluded there are no uncertain tax positions that require financial statement recognition or disclosure as of December 31, 2011. Global would recognize interest and, if applicable, penalties for any uncertain tax positions. Interest and penalty expense would be recorded as a component of *Other expenses* on the Statement of Operations. There were no such interest and penalties related to uncertain tax positions recognized in 2011.

3. Securities Financing Transactions

Global enters into securities borrowed and loaned transactions for its own account. Generally, using an approach commonly referred to as "matched-book," Global will borrow securities from one institution, such as a bank, insurance company, pension plan, investment company, or broker-dealer, and simultaneously, or soon thereafter, re-loan the same securities to another institution. Securities-borrowed transactions require Global to deposit with the lender cash or other collateral with a value generally ranging from 102% to 105% of the value of the securities being borrowed. With respect to securities loaned, Global receives collateral in the form of cash or other collateral with a value generally ranging from 102% to 105% of the market value of securities loaned. Global monitors the market value of securities borrowed and loaned on a daily basis, with additional collateral obtained or returned as necessary. At December 31, 2011, the value of the underlying securities borrowed and loaned was \$930,195 and \$925,914, respectively.

Securities-lending transactions are classified as *Receivables for securities borrowed* and *Payables for securities loaned* at the amount of cash collateral advanced or received. Although securities borrowing and lending activities are transacted under a master securities lending agreement, such receivables and payables with the same counterparty are not offset on the Statement of Financial Condition. Fees received or paid by Global are classified as *Rebate fee income* or *Rebate fee expense* on the Statement of Operations.

4. Incentive Compensation

Global has an incentive bonus plan for employees whereby a bonus may be awarded at Global's discretion. Awards under this plan are earned by the grantee as of the award date and are included within *Employee compensation and benefits* on the Statement of Operations in the year awarded. The awards generally have delayed settlement whereby they generally settle over four years from the grant date. Outstanding bonus awards increase or decrease at an index rate that is based upon the rate of return earned by certain funds managed by the Manager. The Manager has the ability to designate applicable funds on a monthly basis. The return is included in *Employee compensation and benefits*. A grantee is no longer entitled to the unsettled award following termination of employment, except in the case of death, disability, or retirement, although a grantee may receive payment at Global's discretion.

5. Regulatory Capital Requirements

As a registered broker-dealer, Global is subject to the SEC's Uniform Net Capital Rule, which requires the maintenance of minimum net capital. Global has elected to use the alternative method, which requires that it maintain minimum net capital as defined in Rule 15c3-1 under the Securities and Exchange Act of 1934 (the "1934 Act"), equal to the greater of \$250 or 2% of aggregate debit balances (as defined in Rule 15c3-3 under the 1934 Act). At December 31, 2011, Global had net capital of \$103,255, which is \$103,005 in excess of its minimum net capital requirement of \$250 on that date.

6. Off-Balance Sheet Risks and Concentrations of Credit Risk

Global's principal activities are with banks, insurance companies, pension plans, investment companies, private funds (including Master Fund), broker-dealers, and clearing organizations. These counterparties may fail to satisfy their contractual obligations and, as such, have associated credit risk. This credit risk primarily exists in three situations. First, Global posts collateral with counterparties under securities-borrowed transactions. If the value of the securities declines, the counterparty will be obligated to return the collateral. If the counterparty is unable to satisfy the obligation, Global may incur a loss, measured on a daily basis by the difference between the value of the securities borrowed and the higher value of the collateral held by the counterparty. Second, Global accepts collateral from counterparties under securities-loaned transactions. If the value of the securities increases, the counterparty is required to post additional collateral. If the counterparty is unable to satisfy this obligation, Global may incur a loss, measured on a daily basis by the difference between the value of the collateral held by Global and the higher value of the securities loaned. Finally, in some cases Global may transfer collateral to a counterparty before receiving securities from the counterparty. If the counterparty fails to deliver the securities (and does not return the collateral), Global will incur a loss. Global may have concentrations with counterparties from time to time. At December 31, 2011, Global had significant concentrations with various counterparties.

7. Commitments and Contingencies

In the normal course of business, Global may enter into contracts that provide general indemnifications and contain a variety of representations and warranties. Global's maximum exposure under these agreements is unknown, as this would involve future claims that may be made against Global but have not yet occurred. Global does not believe such claims would result in a material financial effect.

8. Related-Party Transactions

In the normal course of business, Global may enter into securities borrowed and loaned transactions with the Master Fund. At December 31, 2011, Global had posted collateral in the amount of \$8,068 under securities borrowed transactions and held collateral in the amount of \$41,151 under securities loaned transactions. In addition, Global

HBK GLOBAL SECURITIES L.P.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011
(EXPRESSED IN 000's OF U.S. DOLLARS)

recorded net rebate fee expense in relation to transactions with the Master Fund of \$312. Net rebate fees payable to Master Fund at December 31, 2011 were \$65.

The Manager provides certain facilities, resources, and services to Global. In connection with such facilities, resources, and services, Global has a reimbursement agreement whereby Global reimburses the Manager for such expenses related to the portfolio finance services provided by Global and its personnel. Expenses covered under this agreement, including compensation and other expenses related to employees that work exclusively or almost exclusively in providing such services, are payable to the Manager on a monthly basis and are classified as *Expense reimbursements* on the Statement of Operations.

9. Subsequent Events

The Manager has performed an evaluation of subsequent events through February 21, 2012, and has determined that there are no other material subsequent events that would require disclosure in Global's financial statements.

**Report of Independent Auditors on Internal Control Required
By SEC Rule 17a-5(g)(1)**

To the Partners of
HBK Global Securities L.P.:

In planning and performing our audit of the financial statements and supplemental schedules of HBK Global Securities L.P. (the "Partnership") as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Partnership's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate debits and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the partnership's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011 to meet the SEC's objectives

This report is intended solely for the information and use of management, the SEC, the Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Report of Independent Accountants

To HBK Global Securities L.P.:

In accordance with Rule 17a-5(e)(4) of the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) of the Securities Investor Protection Corporation (SIPC) of HBK Global Securities, L.P. for the year ended December 31, 2011, which were agreed to by HBK Global Securities L.P., the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and the Securities Investor Protection Corporation (collectively, the "specified parties") solely to assist the specified parties in evaluating HBK Global Securities L.P.'s compliance with the applicable instructions of Form SIPC-7 during the year ended December 31, 2011. Management is responsible for HBK Global Securities L.P.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

2. Compared the Total Revenue amount reported on page 7, line 12 of Form X-17A-5 for the quarterly periods ended March 31 2011, June 30, 2011, September 30, 2011, and December 31, 2011 to the Total revenue amount of \$6,228,440, reported on page 2, item 2a of Form SIPC-7 for the year ended December 31, 2011, noting no differences.
3. Compared any adjustments reported on page 2, items 2b and 2c of Form SIPC-7 with the supporting schedules and working papers, as follows:
 - a. Compared deductions on line 9(i), *total interest and dividend expense*, of \$4,700,141, to the sum of Focus reports, Part II, Line 22, Code 4075, for the quarterly periods ended March 31, 2011, June 30, 2011, September 30, 2011, and December 31, 2011, provided by Kristen Merrill, HBK Fund Accountant, HBK Global Securities L.P., noting no differences.
 - b. Compared deductions on line 9(ii), *40% of margin interest earned on customers securities accounts*, of \$146 to the sum of Focus Reports, Part II, Line 5, Code 3960 for the quarterly periods ended March 31, 2011, June 30, 2011, September 30, 2011, and December 31, 2011, multiplied by 40 percent, provided by Kristen Merrill, HBK Fund Accountant, HBK Global Securities L.P., noting no differences.

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers obtained in procedure 3, as follows:
