Notes to Financial Statements
December 31, 2011

NOTE 1 – Nature of Operations

Kevin Hart Kornfield & Company, Inc. (the "Firm") conducts business as a securities and investment brokerage dealer located in Lancaster County, Pennsylvania.

The Firm was incorporated on August 21, 1986, and was capitalized by the issuance of 2,517 shares of its \$10 par value common stock. Subsequent to incorporation, additional \$10 par value common stock was issued as follows:

<u>Date of Issue</u>	<u>Common Shares Issued</u>	<u>Contributed Capital</u>
12/01/98	136	\$ 1,360
01/31/99	1,050	\$ 10,500

NOTE 2 – Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash Equivalents

For purposes of the statement of cash flows, the Firm considers all short-term instruments purchased with a maturity of three months or less to be cash equivalents. There were no cash equivalents at December 31, 2011.

Allowance for Bad Debts

The Firm does not normally extend credit to its customers. Amounts shown as accounts receivable arise only as a result of trades which are in process and uncompleted as of the financial statement date. Such trades are normally completed during the next business day. The Firm considers accounts receivable to be fully collectible; accordingly, no allowance for bad debts is required.

Kevin Hart Kornfield & Company, Inc.
Notes to Financial Statements
December 31, 2011

Depreciation and Amortization

Office equipment and leasehold improvements are recorded at cost and depreciated using the straight-line method over five to seven years.

Maintenance and repairs are charged to operations as incurred, and expenditures for significant betterments and renewals are capitalized.

Gains or losses on sales or retirement of such fixed assets are reflected in income.

Depreciation expense for the year was \$1,251.

Advertising Costs

The Company follows the policy of charging the costs of advertising to expense during the year in which the advertising first takes place. Advertising costs for the year ended December 31, 2011 were \$6,616.

Income Taxes

The Firm uses an asset and liability approach to financial accounting and reporting of income taxes. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax basis of assets and liabilities measured by using enacted tax rates and laws expected to be in effect when the timing differences are expected to reverse. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

Principal timing differences are due primarily to net operating loss carryforwards.

As of December 31, 2011, the Firm had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Additionally, the Firm had no interest and penalties related to income taxes.

The Firm is no longer subject to U.S. federal and state income tax examinations by tax authorities for years before 2008.

NOTE 3 – Net Capital Requirements

The Firm is subject to the Securities and Exchange Commission Uniform Net Capital Rule which requires the maintenance of minimum net capital. A computation of net capital under Rule 15c3-1 is included as Schedule I of this report.

NOTE 4 – Customer Accounts Fully Disclosed

The Firm does not hold any customer securities. All such accounts are carried at National Financial Services, LLC. Therefore, the Firm claims exemption from the reporting requirements of Rule 15c3-3.

NOTE 5 – Liabilities Subordinated to Claims of General Creditors

There are no liabilities subordinated to claims of general creditors.

NOTE 6 – Pension Plan

Effective January 1, 1997, the Firm established a SIMPLE pension plan under section 408(p) of the Internal Revenue Code for the benefit of eligible employees. Eligibility is limited to employees who are reasonably expected to receive \$5,000 in compensation for the calendar year. The Firm may contribute amounts as determined by the Board of Directors, which is currently a matching contribution up to a limit of 3% of the employee's compensation. The Firm made a contribution of \$3,749 to the Plan for the year ended December 31, 2011.

NOTE 7 – Lease Agreements

The Firm leases office space from its sole stockholder – see Note 9.

**Independent Auditors' Report on Internal Control Required by SEC Rule 17a-5(g)(1) for a
Broker-Dealer Claiming an Exemption from SEC Rule 15c-3-3**

Kevin Hart Kornfield & Company, Inc.
2137 Embassy Drive
Lancaster, Pennsylvania

In planning and performing our audit of the financial statements of Kevin Hart Kornfield & Company, Inc., (the "Firm") as of and for the year ended December 31, 2011; in accordance with auditing standards generally accepted in the United States of America, we considered the Firm's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Firm's internal control. Accordingly, we do not express an opinion on the effectiveness of the Firm's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Firm including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c-3-3. Because the Firm does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Firm in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Firm is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Firm has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Independent Auditors' Report on Internal Control Required by SEC Rule 17a-5(g)(1) for a
Broker-Dealer Claiming an Exemption from SEC Rule 15c-3-3

(Cont'd)

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Firm's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Firm's practices and procedures as described in the second paragraph of this report were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
