**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROLL REQUIRED BY  
SEC RULE 17a-5**

**ALEXANDER CAPITAL, L.P.**

In planning and performing our audit of the consolidated financial statements of Alexander Capital, L.P. for the year ended December 31, 2011, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Alexander Capital, L.P., that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following.

1. Making quarterly securities examination, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of Board of Governors of the Federal Reserve System.
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

A large, stylized handwritten signature in black ink, consisting of several loops and a long horizontal stroke extending to the left.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROLL REQUIRED BY  
SEC RULE 17a-5**

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy that the Company's practices and procedures were adequate at December 31, 2011 to meet SEC's objectives. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2011, to meet the Commission's objectives.

We did not find material inadequacies in the operation of Alexander Securities LP during the examination of the Company's financial statements as of December 31, 2011 and 2010 and for years then ended

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and related regulations, of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Accountant's Report on Applying Agreed-Upon  
Procedures Related to an Entity's SIPC Assessment Reconciliation  
For the Year Ended December 31, 2011**

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, I have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Transitional Assessment Reconciliation Form SIPC-7T) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2011, which were agreed upon by Alexander Capital LP and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc and SIPC, solely to assist you and the other special parties in evaluating compliance with the applicable instruction of the Transitional Assessment Reconciliation (Form SIPC-7T)

Management is responsible for the firm's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures I performed and our findings are as follow:

- 1) Compared Listed assessment payments on SIPC-7 with respective cash disbursements journals, noting no differences.
- 2) Compared the amounts reported on the audited form X-17A-5 for the year ended December 31, 2011 as applicable with the amounts reported in form SIPC-7 as amended, for the year ended December 31, noting no differences.
- 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences
- 4) Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 as amended schedules and working papers supporting the adjustments noting no differences.

My findings are included on the attached SIPC Transitional Assessment Reconciliation schedule. I was not engaged to and did not conduct examination, the objective of which would be the expression of an opinion on compliance. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
