NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Summary of significant accounting policies

Nature of business

Vontobel Securities Ltd (the Company) is a wholly-owned subsidiary of Vontobel Holding Ltd (the Holding); both are incorporated in Zurich, Switzerland. The Company operates as a registered broker / dealer in the United States and provides, on an agency basis, introducing brokerage services to US institutional investors primarily in European securities. The New York branch of the Company which has been liquidated as of December 2002 has been re-established as of November 16, 2006 in the course of the acquisition of the equity brokerage and corporate finance units of Lombard Odier Darier Hentsch & Cie. by Bank Vontobel Ltd (the Bank). Vontobel Securities Ltd has mainly brokerage and service agreements with the Bank and the Holding whereby the Bank executes transactions and provides related clearing, custodial and administrative services. The Holding renders various services including management support & controlling, corporate identity and project tasks. Rates and fees are set at market rates. Costs are allocated on the basis of cost center allocations, i.e. according to effective consumption or full time equivalents.

Basis of presentation

The financial statements are presented in accordance with accounting principles generally accepted in the United States ("US GAAP"). The Company's functional and reporting currency is that of its parent, Swiss Francs. These financial statements are expressed in US dollars for the readers' convenience based on the exchange rate as at December 31, 2011 of CHF 0.93510 per USD 1.00. This convenience translation should not be construed as representation that the Swiss Francs amounts could be converted to US dollars at that rate.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash flows

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Presented in the statement of cash flows is the effect of exchange rate changes on the (opening) cash balance.

Revenue recognition

Income from services is stated when the services are rendered. Interest income is accrued as earned.

Note 2 - Taxation

In Switzerland, taxes are assessed on the Company's net equity (capital) and on the Company's income. The income tax rate is graduated in proportion to the ratio of income before taxation to capital. The provision for taxes is summarized below:

	CHF	USD
Swiss taxes	3'292	3'520
<u>US taxes</u>	<u>309</u>	<u>331</u>
Total	3'601	3'851

Note 3 – Accumulated loss

The accumulated loss as at December 31, 2011 amounts to USD 2'971'753 (CHF 2'778'886).

Note 4 - Commitments

No material lease commitments to third parties exist at December 31, 2011. However, the Company has entered into service level agreements with the Bank and the Holding for transaction and management services (Note 5).

Note 5 – Related party transactions

The Company was charged USD 3'933'771 (CHF 3'678'469) by affiliates for administrative services, providing transaction services, management support & controlling and rental charges. This amount includes Communication costs, Occupancy and equipment costs, Data processing costs and other expenses. Rental charges relate mainly to office premises and furnishings.

The Company earned USD 5'090'898 (CHF 4'760'498) in commission fees from the Bank for acting as the introducing broker in accordance with their brokerage and service agreement. Rates and fees are set at market rates.

Company cash accounts in the amount of USD 3'587'733 (CHF 3'354'889) are held at the Bank; interest is based on rates paid from the Bank to third-parties. This year's interest income from the Bank amounts to USD 0 (CHF).

The Company has received a subordinated loan of USD 1'000'000 from Vontobel Holding with a scheduled maturity date on October 29, 2015. The interest is based at a rate of Libor +1% per annum. The year's interest expense amounts to USD 14'268 (CHF 13'342).

Note 6 – Net capital requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2011, the Company had net capital (as defined) of USD 1'042'204 of which USD 942'204 was in excess of its required net capital (as defined) of USD 100'000. The Company's net capital ratio (as defined) was 1.41 to 1.

Note 7 – Financial instruments with off balance sheet risks

In the normal course of business, the Company executes, as agent, transactions on behalf of customers. If the agency transactions do not settle because of failure to perform by either the customer or the counterparty, the Company may be required to discharge the obligation of the nonperforming party and, as a result, may incur a loss if the fair value of the security is different from the contract amounts of the transaction. The Company does not anticipate non-performance by customers or counterparties in the above situations. However, the Company's policy is to monitor its market exposure and counterparty risk.

Note 8 – Additional paid-in capital

The statement of changes in shareholder's equity highlights that a total of CHF 2'000'000 (USD 2'138'809) additional paid-in capital was paid by the shareholder in 2011.

Note 9 – Cash and cash equivalents

As at December 31, 2011 cash and cash equivalents include demand deposits with banks. These are stated at face value.

Note 10 – Accrued expenses

Accrued expenses include compensation and benefits related expenses in the amount of CHF 1'040'554 (USD 1'112'773). The remainder includes accruals for overtime, audit, consulting and administrative expenses.

Note 11 – Other expenses

Other expenses include administrative and service expenses from affiliates and other business expenses.

**COMPUTATION OF NET CAPITAL UNDER RULE 15C3-1
OF THE SECURITIES AND EXCHANGE COMMISSION
AS OF DECEMBER 31, 2011**

The Company has classified USD 1'069'993 of its cash balance at the Bank as non-allowable, because this cash is not used to settle operational liabilities.

There were no material differences between the above computation of net capital and the computation included in the Company's unaudited Form's X-17A-5 Part II Focus report as of December 31, 2011

**STATEMENT REGARDING Rule 15c3-3
AS OF DECEMBER 31, 2011**

The Company is exempt from the provisions of Rule 15c3-3 of the Securities Exchange Act of 1934 in accordance with Section (k) (2) (ii) of that rule.

Independent auditors' report on internal control required by Sec rule 17a-5(g)(1)

To the Board of Directors and Stockholders of
VONTOBEL SECURITIES LTD, ZURICH

In planning and performing our audit of the financial statements of Vontobel Securities LTD (the "Company") as of and for the year ended December 31, 2011 (on which we issued our report dated February 24, 2012 and such report expressed an unqualified opinion on those financial statements), in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them

Deloitte.

to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority (FINRA), Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker-dealers, and is not intended to be and should not be used by anyone other than these specified parties.

***VONTOBEL SECURITIES LTD,
ZURICH***

*Report on Financial Statements and supplemental
schedules for the year ended December 31, 2011*

Independent auditors' report

To the Board of Directors and Stockholders of
VONTOBEL SECURITIES LTD, ZURICH

We have audited the accompanying statement of financial condition of Vontobel Securities Ltd (the "Company") as of December 31, 2011, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAP). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of Vontobel Securities Ltd at December 31, 2011, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Deloitte.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules I and II listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. These schedules are the responsibility of the Company's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.
