**Independent Auditors' Report**

To the Partner of  
Cue Capital Limited Partnership  
New York, New York

We have audited the statement of financial condition of Cue Capital Limited Partnership as of December 31, 2011, and the related statements of operations, changes in members' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cue Capital Limited Partnership as of December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Computation of Net Capital pursuant to Uniform Net Capital Rule 15c-3-1, Computation for Determination of Reserve Requirements for Brokers and Dealers pursuant to SEC Rule 15c3-3 and Statement Pursuant to SEC Rule 17a-5(d)(4) as supplemental information on pages 13, 14 and 15 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

**CUE CAPITAL LIMITED PARTNERSHIP**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2011

Note 1 - Nature of Operations

Cue Capital Limited Partnership (the "Partnership") was formed on September 4, 2003. The partnership is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is also a member of the Financial Industry regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC").

The Partnership's operations consist primarily of introducing leading institutional investors to fund managers that make private equity, real estate and other non-traditional investments. The partnership also provides advice to fund managers regarding ways to improve their methods of raising capital.

Note 2 - Summary of Significant Accounting Policies

*Basis of Presentation*

The financial statements have been prepared in conformity with accounting principles generally accepted in the United State of America ("GAAP").

*Cash and Cash Equivalents*

For purposes of the statement of cash flows, the Partnership considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

*Equipment*

Equipment is stated at cost less accumulated depreciation. The Partnership provides for depreciation on the straight-line method as follows:

<u>Assets</u>	<u>Estimated Useful Life</u>
Computer equipment	5Years
Computer software	3 Years
Furniture	7 Years
Leasehold improvements	Term of lease
Long -Lived Assets	

**CUE CAPITAL LIMITED PARTNERSHIP**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2011

Note 2 - Summary of Significant Accounting Policies (continued)

The Partnership periodically assesses the recoverability of the carrying amounts of long-lived assets. A loss is recognized when expected undiscounted cash flows are less than the carrying amount of the asset. The impairment loss is the difference by which future cash flows are less than the carrying amount of the asset. The impairment loss is the difference by which the carrying amount of the asset exceeds its fair value. The Partnership did not recognize an impairment loss on its long lived assets for the year ended December 31, 2011.

*Revenue Recognition*

The Partnership recognizes advisory revenues in accordance with the provisions of the respective agreements.

*Fees Receivable*

The Partnership carries its fees receivable at cost less an allowance for doubtful accounts. On a periodic basis, the Partnership evaluates its fees receivable and establishes an allowance for doubtful accounts. If necessary, based on a history of past bad debts and collections and current credit conditions. Accounts are written off as uncollectible on a case-by-case basis.

*Income Taxes*

No provision for federal and state income taxes has been recorded because the Partnership is a single member limited liability company. Accordingly, the individual member reports the Partnership's income or loss on their income tax returns. The Partnership is subject to the New York City Unincorporated Business Tax ("UBT").

The Partnership complies with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on the enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

**CUE CAPITAL LIMITED PARTNERSHIP**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2011

Note 2 - Summary of Significant Accounting Policies (continued)

The deferred New York City Unincorporated Business Tax ("UBT") liability is the result of differences between the accrual method of accounting for financial reporting and the cash basis for income tax reporting.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3 - Equipment

Details of property and equipment at December 31, 2011 are as follows:

Computer equipment and Software	\$ 77,256
Furniture	34,538
Leasehold improvements	<u>12,012</u>
	123,806
Less accumulated depreciation	<u>( 92,431)</u>
	<u><u>\$31,375</u></u>

**CUE CAPITAL LIMITED PARTNERSHIP**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2011

Note 4 - Concentrations

The Partnership maintains all of its cash in one financial institution, which at times, may exceed federally insured limits. The Partnership has not experienced any loss in this account and believes it is not subject to any significant credit risk.

Fees earned from one investment manager accounted for 76% of the Partnership's total fees in 2011. Fees receivable relating to this investment manager at December 31, 2011 was \$722,000.

Note 5 - Commitments

The Partnership leases office space under an operating lease with a term that expired June 30, 2011. The lease was renewed through December 31, 2012. Rent expenses amounted to approximately \$106,000 for the year ended December 31, 2011. Future minimum rental payments due under the lease are approximately \$50,000.

Note 6 - Net Capital Requirement

The Partnership as a member of the FINRA is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, and that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1.

At December 31, 2011, the Partnership's net capital was approximately \$74,000, which was approximately \$66,000 in excess of its minimum requirement of \$7,257 under SEC Rule 15C3-1.

**CUE CAPITAL LIMITED PARTNERSHIP**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2011

Note 7 - Fair Value

Effective January 1, 2008, the Partnership adopted Statement of Financial Accounting Standards ("SFAS") ASC 820 "Fair Value Measurements and Disclosures," for assets and liabilities measured at fair value on a recurring basis. The adoption of ASC 820 had no effect on the Company's financial statements. ASC 820 accomplishes the following key objectives:

Defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date;

Establishes a three-level hierarchy (the "Valuation Hierarchy") for fair value measurements;

Requires consideration of the Company's creditworthiness when valuing liabilities; and

Expands disclosures about instruments measured at fair value.

The Valuation Hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the Valuation Hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the Valuation Hierarchy and the distribution of the Company's financial assets within it are as follows:

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 – inputs to the valuation methodology included quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**CUE CAPITAL LIMITED PARTNERSHIP**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2011

Note 7 – Fair Value (continued)

Certain financial instruments are carried at cost on the balance sheet, which approximates fair value due to their short-term, highly liquid nature. These instruments include cash and cash equivalents, accounts receivable, accrued expenses and other liabilities, and deferred revenue.

Note 8 – Subsequent Events

These financial statements were approved by management and available for issuance on February 27, 2012. Subsequent events have been evaluated through this date.

**Michael R. Sullivan & Company**

**Independent Auditors' Report on Internal Control  
Required by Rule 17a-5 of the Securities and Exchange Commission**

To the Partner of  
Cue Capital Limited partnership  
New York, New York

In planning and performing our audit of the financial statements of Cue Capital Limited partnership, LLC (the Company), as of and for the year ended December 31, 2011 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e).
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and recordations of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraphs and to assess whether those practices and procedures can be expected to achieve the SEC's and the above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first, second and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities and certain regulated commodity customer and firm assets that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934, and the related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second and third paragraphs of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Members, management, the SEC, the and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker-dealers and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Accountants' Report on Applying Agreed-Upon Procedures**

To the partner of  
Cue Capital Limited Partnership  
New York, New York

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [Transitional Assessment Reconciliation (Form SIPC-7T)] to the Securities Investor Protection Corporation (SIPC) Cue Capital Limited Partnership for the year ended December 31, 2011, which were agreed to by, Cue Capital Limited Partnership and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7T). Cue Capital Limited Partnership's management is responsible for Cue Capital Limited Partnership's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records entries, noting no differences; and
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2011, as applicable, with the amounts reported in Form SIPC-7T for the year ended December 31, 2011, noting no differences; and
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers, noting no differences; and

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting the adjustments, noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed, noting no differences.

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Michael R. Sullivan & Company
