INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS' REPORT

To the Member of
Saratoga Capital, LLC

I have audited the accompanying balance sheet of Saratoga Capital, LLC as of December 31, 2011 and the related statements of operations, changes in member's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Saratoga Capital, LLC at December 31, 2011, and the results of its operations, changes in member's equity, and cash flows for year then ended in conformity with U.S. generally accepted accounting principals.

My audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained on page 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

1. ORGANIZATION AND NATURE OF BUSINESS

The Company was organized on May 31, 2001 as a New York Limited Liability Company conducting business as a registered broker-dealer under the Securities Exchange Act of 1934. The Company is registered with the Securities and Exchange Commission (SEC) and Commodity Futures Trading Commission (CFTC), is a member of the Financial Industry Regulatory Authority (FINRA), the National Futures Association (NFA) and the Securities Investor Protection Corp. (SIPC).

As a Limited Liability Company liability is limited to the member's investment. It was founded to provide low-risk securities brokerage services to its institutional clients. The sole owner of Saratoga Capital, LLC is Saratoga Financial Group, LLC.

The Company clears all its transactions through a securities clearing broker. The Company acts as a broker-dealer and is exempt from Securities and Exchange Commission Rule 15c3-3 under paragraph (k)(2)(ii) since it uses other securities firms for clearing.

Pursuant to an agreement between the Company and Merrill Lynch, JP Morgan Clearing Corp., Fortis, Vision Financial Markets LLC, and Interactive Brokers, LLC, securities transactions of the Company are cleared through these clearing companies and its customers are introduced and cleared on a fully disclosed basis. The Company is not responsible for compliance with Section 4(c) of Regulation T of the Board of Governors of the Federal Reserve System because all customers' accounts, as defined by such rules, are carried by these clearing companies.

2. SIGNIFICANT ACCOUNTING POLICIES

Revenues

The Company earns its revenues from commissions for agency transactions, risk-less principal transactions, and from mark-ups and mark-downs on certain securities transactions.

Accrual Basis of Accounting

The Company's financial statements are prepared using the accrual method of accounting. The Company's year end is December 31.

SARATOGA CAPITAL, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

Receivables from Clearing Broker

Receivables from clearing broker consist of money due from the Company's clearing firms, for income earned on securities transactions. Management has determined that no allowance for doubtful accounts was necessary at December 31, 2011.

Income Taxes

The Company is a single member limited liability Company and therefore is a disregarded entity for tax purposes. As a result the accompanying financial statements do not include any provision for federal or state income taxes. The Company, however, is responsible for New York City Unincorporated Business Taxes. As a single member Limited Liability Company, the Company's income is included in the income tax returns of its parent company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fixed Assets

Furniture and equipment are depreciated using accelerated methods over their estimated useful lives of five to seven years.

3. OTHER RECEIVABLES

The Company provides securities-related services to other institutional clients. As of December 31, 2011, the Company was owed \$113,334 from these clients. Based on experience, management believed no provision for uncollectible accounts was necessary, and none was made. Under Securities and Exchange Commission Rule 15c3-1 these receivables are a non-allowable asset and as a result subtracted from net capital.

SARATOGA CAPITAL, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

4. NET CAPITAL

The Company is a member of the FINRA and NFA and subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1) and CFTC Regulation 1.17, which requires the maintenance of minimum net capital of \$5,000 and \$45,000, respectively and requires that the ratio of aggregate indebtedness to net capital, both as defined, not exceed 15 to 1. At December 31, 2011 the Company had net capital of \$375,572. This amount was \$329,669 in excess of the amount required.

5. PENSION PLAN

The Company maintains a qualified deferred compensation plan under Section 401(k) of the U.S. Internal Revenue Code in which substantially all employees may participate. In 2011, the Company made no contributions to this plan.

6. CONTINGENCIES

In the normal course of business the Company is engaged in various trading and brokerage activities, including agency and risk-less principal transactions through a clearing broker.

In connection with these activities, a customer's unsettled transactions may expose the Company to off-balance-sheet risk in the event the customer is unable to fulfill its contractual obligations.

Significant credit exposure may result in the event that the Company's clearing broker is unable to fulfill its contractual obligation.

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

To the Member of
Saratoga Capital, LLC

In planning and performing my audit of the financial statements and supplementary information of Saratoga Capital, LLC (the "Company") for the year ended December 31, 2011, I considered its internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following: 1) Making quarterly securities examinations, counts, verifications and comparisons; 2) Recordation of differences required by Rule 17a-13, or, 3) Complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving internal control, including control activities for safeguarding securities, that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2011, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority (FINRA), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
