REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors and Stockholders
Guzman & Company and Subsidiaries

We have audited the accompanying consolidated statement of financial condition of Guzman & Company and Subsidiaries (the "Company") as of December 31, 2011. This consolidated financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this consolidated financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statement referred to above presents fairly, in all material respects, the financial position of Guzman & Company and Subsidiaries as of December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

GUZMAN & COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENT DECEMBER 31, 2011

1. ORGANIZATION

Guzman & Company and Subsidiaries ("Guzman" or the "Company") is a Florida corporation registered with the Securities and Exchange Commission ("SEC") as a broker-dealer, and is a member of the Financial Industry Regulatory Authority ("FINRA"), New York Stock Exchange ("NYSE"), the Nasdaq Stock Market, Inc. ("NQX"), the International Securities Exchange ("ISE") and the Chicago Stock Exchange ("CSE").

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including principal transactions, agency transactions, and participation in underwriting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The consolidated financial statement includes the accounts of the Company and its wholly-owned subsidiaries. All material intercompany balances and transactions are eliminated in consolidation.

Securities Owned, at Fair Value

Securities are valued at fair value.

Fair Value of Financial Instruments

Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in Note 6. Fair value estimates involve uncertainties and matters of significant judgment regarding interest rates, credit risk, prepayments, and other factors, especially in the absence of broad markets for particular instruments. Changes in assumptions or in market conditions could significantly affect the estimates.

Furniture, Equipment and Leasehold Improvements

Furniture, equipment and leasehold improvements are stated at cost less accumulated depreciation and amortization. Depreciation of these assets is computed over their estimated useful lives, 3 to 5 years, on the straight-line method. Leasehold improvements are amortized using the straight-line method over either the economic useful life of the improvement or the lease term, whichever is shorter. The Company also capitalizes certain costs incurred in connection with developing or obtaining internal use software. These costs consist of payments made to third parties and the salaries of employees working on such software development.

Impairment of Long-Lived Assets

The Company reviews its long-lived assets, such as furniture, equipment and leasehold improvements, for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be separately presented in the consolidated statement of financial condition and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposal group classified as held for sale would be presented separately in the appropriate asset and liability sections of the consolidated statement of financial condition.

Securities Sold, Not Yet Purchased, at Fair Value

Securities sold, not yet purchased, are carried at fair value.

GUZMAN & COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENT DECEMBER 31, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company is treated as a Subchapter S Corporation for federal income tax purposes and, accordingly, generally would not incur income taxes or have any unrecognized tax benefits. Instead, its earnings and losses are included in the personal tax returns of the stockholders and taxed depending on the stockholders' personal tax situation.

The Company recognizes and measures tax positions based on their technical merit and assesses the likelihood that the positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period.

The U.S. Federal jurisdiction and Florida are the major tax jurisdictions where the Company files income tax returns. The Company is generally no longer subject to U.S. Federal or State examinations by tax authorities for years before 2008.

Accounting Estimates

The preparation of consolidated financial statement in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at December 31, 2011 during the year then ended. The actual outcome of the estimates could differ from the estimates made in the preparation of the consolidated financial statement.

Guarantees

The Company guarantees a note payable in the amount of approximately \$990,000.00 secured by a mortgage on real estate property owned by Aragon Galiano Holdings, LLC. ("Aragon"), a company related by common ownership. The Company believes the likelihood is remote that material payments will be required under this note. As of December 31, 2011, the Company's exposure related to the guaranteed debt was approximately \$873,000.

Government and Other Regulation

The Company's business is subject to significant regulation by various governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

Subsequent Events

The Company has evaluated subsequent events through February 27, 2012, which is the date the consolidated financial statement was available to be issued.

Recent Accounting Pronouncements

Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs

In May 2011, the FASB issued an accounting standard update which works to achieve common fair value measurement and disclosure requirements in US generally accepted accounting principles and International Financial Reporting Standards. The update both clarifies the FASB's intent about the application of existing fair value guidance, and also changes certain principles regarding measurement and disclosure. The update is effective prospectively and is effective for annual periods beginning after December 15, 2011. Early application is permitted for interim periods beginning after December 15, 2011. The Company is currently evaluating the effect the update will have on its consolidated financial statement.

GUZMAN & COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENT DECEMBER 31, 2011

3. CONSOLIDATED SUBSIDIARIES

The following is a summary of certain financial information of the Company's consolidated subsidiaries:

	<u>Guzman & Company (Broker-Dealer)</u>	<u>Other</u>	<u>Total</u>
Total assets	\$ 14,761,685	\$ 250,389	\$ 15,012,074
Stockholders' equity	\$ 3,073,680	\$ 250,389	\$ 3,324,069

Stockholders' equity in the amount of \$3,073,680 and \$4,000,000 in subordinated borrowings of the broker-dealer are included as capital in the computation of the Company's net capital, because the assets of this Company are readily available for the protection of the Company's customers, broker-dealers, and other creditors, as permitted by Rule 15c3-1. The accounts of the other subsidiaries are not included in the computation.

4. CASH SEGREGATED UNDER REGULATORY REQUIREMENTS

Cash of \$58,397 has been segregated in a special reserve bank account for the benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission.

5. RECEIVABLE FROM AND PAYABLE TO CLEARING ORGANIZATIONS

Receivable from clearing organizations at December 31, 2011 were \$240,315. Payables to clearing organizations at December 31, 2011 were \$7,298,796.

The Company clears its proprietary and customer transactions on a fully disclosed basis through various clearing organizations. Pursuant to clearing agreements, the Company is required to maintain a certain minimum capital with various clearing organizations, in the form of either cash or securities. The level is agreed upon from time to time based on the nature of the Company's clearing activities. As of December 31, 2011, the aggregate required minimum level of capital under all clearing agreements was \$600,000. The Company complies with clearing broker-dealer requirements for obtaining collateral from customers.

6. FAIR VALUE MEASUREMENTS

Fair Value Measurements

The FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy priorities the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company have the ability to access.
- Level 2 Inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 Unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

GUZMAN & COMPANY AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENT
DECEMBER 31, 2011

6. FAIR VALUE MEASUREMENTS (CONTINUED)

Determination of Fair Value

The Company maintains policies and procedures to value its financial instruments using the highest level and most relevant data available. In addition, management reviews valuations, including independent price validation, for certain instruments.

The following describes the valuation methodologies the Company uses to measure different financial instruments at fair value, including an indication of the level in the fair value hierarchy in which each instrument is generally classified.

For many financial instruments, fair value is based on independent sources such as quoted market prices or dealer price quotations. To the extent certain financial instruments trade infrequently or are not marketable, they may not have readily determinable fair values. In these instances, the Company estimates fair value using various pricing models and available information that management deems most relevant. Among the factors considered by the Company in determining the fair value of financial instruments are discounted anticipated cash flows, the cost, terms and liquidity of the instrument, the financial condition, operating results and credit ratings of the issuer or underlying company, the quoted market price of publicly traded securities with similar quality and yield, and other factors generally pertinent to the valuation of financial instruments.

Corporate bonds, debentures and notes. Corporate bonds, debentures and notes are valued based on quoted market prices. All corporate bonds, debentures and notes trade in active markets and are classified within Level 1.

Options. Listed options are valued based on quoted market prices. All options trade in active markets and are classified within Level 1.

Corporate stocks. Corporate stocks are valued based on quoted market prices. Corporate stocks that trade in active markets are classified within Level 1.

ITEMS MEASURED AT FAIR VALUE ON A RECURRING BASIS

The following table presents the Company's financial instruments that are measured at fair value on a recurring basis as of December 31, 2011, for each fair value hierarchy level.

	December 31, 2011			
	Level 1	Level 2	Level 3	Total
Assets				
Securities owned:				
Corporate bonds, debentures and notes	\$ 8,829	\$ -	\$ -	\$ 8,829
Options	977,755	-	-	977,755
Corporate stocks	<u>9,511,062</u>	<u>-</u>	<u>-</u>	<u>9,511,062</u>
	<u>\$10,497,646</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$10,497,646</u>
Liabilities:				
Securities sold, not yet purchased				
Options	\$ 10,941	\$ -	\$ -	\$ 10,941
Corporate stocks	<u>28,978</u>	<u>-</u>	<u>-</u>	<u>28,978</u>
	<u>\$ 39,919</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 39,919</u>

The Company does not have any financial assets or liabilities that are measured at fair value on a non-recurring basis as of December 31, 2011.

GUZMAN & COMPANY AND SUBSIDIARIES

**NOTES TO CONSOLIDATED FINANCIAL STATEMENT
DECEMBER 31, 2011**

7. FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK AND CONCENTRATIONS OF CREDIT RISK

The Company enters into various transactions involving off-balance sheet financial instruments. These financial instruments include securities purchased and sold on a when-issued basis (when-issued securities). These financial instruments are used to meet the needs of customers, conduct trading activities, and manage market risks and are, therefore, subject to varying degrees of market and credit risk.

In addition, the Company has sold securities that it does not currently own and will therefore be obligated to purchase such securities at a future date. The Company has recorded these obligations in the consolidated financial statement at December 31, 2011, at fair values of the related securities and will incur a loss if the fair value of the securities increases subsequent to December 31, 2011.

The Company's customer securities activities are provided to a diverse group of governmental, institutional, corporate and individual investors. In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker/dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

8. NET CAPITAL REQUIREMENT

The Company, as a registered broker-dealer in securities, is subject to the Securities and Exchange Commission's Net Capital Rule (Rule 15c3-1), which requires that the Company maintain "Net Capital" equal to the greater of \$250,000 or 6 2/3% of "Aggregate Indebtedness", as defined, and requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. At December 31, 2011, the Company's "Net Capital" was \$2,736,711, which was \$2,170,156 in excess of the "Required Net Capital" of \$566,555. At December 31, 2011, the Company's ratio of aggregate indebtedness to net capital was 3.11 to 1.

9. SUBORDINATED BORROWINGS

The Company has three subordinated loan agreements with its majority stockholder, which bear interest at 18% per year and mature as follow:

Due June 30, 2012	\$ 1,500,000
Due July 21, 2012	1,000,000
Due July 29, 2012	<u>1,500,000</u>
	<u>\$ 4,000,000</u>

The loan agreements renew automatically at the maturity date for an additional one year term.

The subordinated borrowings are covered by agreements approved by the NYSE and are thus allowable in computing net capital under the Securities and Exchange Commission's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid (NOTE 8).

GUZMAN & COMPANY AND SUBSIDIARIES

**NOTES TO CONSOLIDATED FINANCIAL STATEMENT
DECEMBER 31, 2011**

10. FURNITURE, EQUIPMENT AND LEASEHOLD IMPROVEMENTS, NET

Furniture, equipment and leasehold improvements, net, are summarized as follows:

Office equipment	\$	840,257
Software		434,535
Leasehold improvements		131,137
Furniture and fixtures		<u>57,328</u>
		1,463,257
Less accumulated depreciation and amortization		<u>(997,386)</u>
	\$	<u>465,871</u>

11. COMMITMENTS AND CONTINGENCIES

Operating Lease

The Company is required to make rental payments under non-cancelable operating leases for office space through June 2013. The Company subleased a portion of their offices to another party and the sublease expires in June 2013.

Litigation

Certain claims, lawsuits and complaints arising in the ordinary course of business have been filed or are pending against the Company. In the opinion of management, all such matters are adequately covered by insurance, or if not so covered, are without merit or are of such kind, or involve such amounts, as would not have a significant effect on the consolidated financial position of the Company, if disposed of unfavorably.

**REPORT ON INTERNAL CONTROL REQUIRED BY
SECURITIES AND EXCHANGE COMMISSION RULE 17a-5(g)(1)
FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM
SECURITIES AND EXCHANGE COMMISSION RULE 15c3-3**

**REPORT ON INTERNAL CONTROL REQUIRED BY
SECURITIES AND EXCHANGE COMMISSION RULE 17a-5(g)(1)
FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM
SECURITIES AND EXCHANGE COMMISSION RULE 15c3-3**

To the Board of Directors and Stockholders
Guzman & Company and Subsidiaries

In planning and performing our audit of the consolidated financial statements and accompanying information of Guzman & Company and Subsidiaries (the "Company") as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

To the Board of Directors and Stockholders
Guzman & Company and Subsidiaries
Page Two

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's consolidated financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors and the Company's member, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
