Report of Independent Auditors

Board of Directors
Intervest International Equities Corporation
Colorado Springs, Colorado

We have audited the accompanying statement of financial condition of Intervest International Equities Corporation, a Florida Corporation, as of December 31, 2011, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Intervest International Equities Corporation as of December 31, 2011, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in pages 15 through 22 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Intervest International Equities Corporation
Notes to Financial Statements
Year Ended December 31, 2011

The Company (originally named Kickapoo Securities Corp.) was organized under the laws of the State of Texas on June 11, 1987, to conduct business as a broker/dealer in securities registered with the Securities and Exchange Commission (SEC). On July 6, 1987, the Company made application with the SEC for registration as a broker or dealer pursuant to Section 15(b) of the Securities Exchange Act; such application was approved on July 31, 1987. The Company was acquired by, and became a wholly-owned subsidiary of Intervest International, Inc. (III), during January, 1988. Operations actually commenced during February, 1988. Effective March 31, 1988, the Company was merged into a newly-organized Florida corporation (also owned by III) named Intervest International Equities Corporation. Such merger was acknowledged by the State of Texas on July 6, 1988. The merger transaction was accounted for as a pooling of interests.

1. Significant Accounting Policies

For purposes of the statement of cash flows, the Company considers all highly-liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Revenues are recognized when customers' funds are received by sponsors/underwriters. Operating expenses, including commissions, are recognized as incurred.

Certain financial instruments potentially subject the Organization to concentrations of credit risk. These financial instruments consist primarily of cash. The Organization maintains its cash with what it believes to be high quality financial institutions. At times, the Organization maintains its cash in excess of the federally insured limit.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent events have been evaluated through February 23, 2012, which is the date the financial statements are available to be issued.

2. Commitments and Contingent Liabilities

The Company has an agreement with III, its parent company, whereby the Company reimburses III for its share of common overhead expenses, including the following: office space and equipment, administrative personnel, telephone, parking, postage, and other office supplies and expense.

Intervest International Equities Corporation
Notes to Financial Statements (continued)
Year Ended December 31, 2011

3. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2011, the Company had net capital of \$616,203 which was \$603,393 in excess of its required capital of \$12,810. The Company's aggregate indebtedness to net capital ratio was 0.31 to 1.

4. Income Taxes

The parent company, with the consent of its stockholders, has elected under the Internal Revenue Code to be an S Corporation effective January 1, 2003. In lieu of corporation income taxes, the stockholders of an S Corporation are taxed on their proportionate share of the Company's taxable income. The parent company has also made an election to treat its wholly-owned subsidiary (the Company) as a qualified subchapter S subsidiary, or "Q-sub". A Q-sub is not taxed as a separate corporation, and all its tax items are treated as belonging to the parent.

5. Investments (at cost)

The Company has acquired long-term investments in The Nasdaq Stock Market, Inc., as follows:

Balance, December 31, 2010	\$ 59,325
Unrealized holding gain	<u>1,950</u>
Balance, December 31, 2011	<u>\$ 61,275</u>

The common stock's cost basis is \$42,025.

6. Litigation

- In 2008, an investor filed litigation naming the Company, two former Company representatives, and various business names under which the two former representatives allegedly operated, as defendants. The investor claims that the two former representatives sold unregistered securities to him in the form of promissory notes from a real estate development entity. The investor claims that the Company is liable for the actions of the two former representatives under the theory of *respondeat superior*. The investor seeks unspecified damages, estimated to be \$250,000.

In a separate action in 2009, an additional investor, along with 35 other plaintiffs, filed litigation naming the Company, the same two former Company representatives, and various

business names under which the two former representatives allegedly operated, as defendants. The plaintiffs claim that the two former representatives sold unregistered securities to them in the form of stock certificates and/or promissory notes in real estate development entities. The plaintiffs claim that the Company is liable for the actions of the two former representatives under the theory of *respondeat superior*. The plaintiffs seek aggregate damage in excess of 2.7 million dollars.

The Company is vigorously challenging this litigation.

- In 2009, investors, through their attorney, sent a written complaint, naming the Company and one of the Company's registered representatives. The investors claim that the representative made several unsuitable sales of corporate private placement secured notes and have demanded \$500,000 (the face value of the notes) plus interest. The investors are already party to mass action litigation against the two trustee banks involved in the private placement.

This complaint was subsequently submitted to FINRA for arbitration. Originally scheduled for March, 2011, the arbitration has been delayed several times and is now scheduled for completion in June 2012. The Company intends to vigorously defend against the investors' claims. The Company's management believes there is likely exposure to loss, but the amount cannot be estimated at this time.

- In May, 2010, the Company received notice from the FINRA District 3A office in Denver regarding a preliminary determination that disciplinary action be brought against the Company, the Company's President/Chief Operating Officer and the Company's Chief Compliance Officer in connection with sales of corporate secured notes. The Company and the Company Officers described above have filed a joint *Wells* submission with FINRA regarding this matter.

In June, 2011, the Company received a letter from the FINRA District 3A office stating that FINRA will not recommend disciplinary action against the Company and the Company officers described above based on the information in FINRA's possession. The Company's counsel in this matter said that the Company and the Company officers can consider this matter closed.

- In January, 2011, the Company received a demand to relinquish \$79,375 of sales commissions earned on four private placement tenant-in-common programs whose general partner is now bankrupt. The bankruptcy trustee is seeking recovery of all commissions paid to the Company, claiming that the commissions were actually fraudulent transfers and/or preferential transfers. The Company, in a joint action with approximately 30 other broker/dealers, is vigorously defending against this litigation.

Independent Auditor's Report on Internal
Accounting Control Required by SEC Rule 17a-5(g)(1)

Board of Directors
Intervest International Equities Corporation
Colorado Springs, Colorado

In planning and performing our audit of the financial statements of Intervest International Equities Corporation as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered its internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customers' securities, we did not review the practices and procedures followed by the Company (i) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13 or (ii) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Independent Auditor's Report on Internal
Accounting Control Required by SEC Rule 17a-5(g)(1) (continued)

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Accountant's Report on Applying Agreed-Upon Procedures
Related to an Entity's SIPC Assessment Reconciliation

Board of Directors
Intervest International Equities Corporation
Colorado Springs, Colorado

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2011, which were agreed to by Intervest International Equities Corporation and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating Intervest International Equities Corporation's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Intervest International Equities Corporation's management is responsible for Intervest International Equities Corporation's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries from the general ledger, noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2011, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2011, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with the detailed financial statements and general ledger, noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related detailed financial statements supporting the adjustments, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
