Notes to Financial Statement
Year Ended December 31, 2011

Note 1 – Organization and Ownership

J.B. Drax Honore Inc. (the "Company") is a wholly owned subsidiary of JB Honore S.A.R.L (the "Parent") of Luxembourg.

The Company is a member of the National Futures Association and is registered with the Commodity Futures Trading Commission as an Introducing Broker. On December 15, 2009, became registered with the Securities and Exchange Commission as a broker dealer and became a member of the Financial Industry Regulatory Authority. The principal operations of the Company are located in New York City. The Company's principal business is to provide execution services to U.S. customers in various U.S. and foreign financial commodities and equities.

Note 2 – Summary of Significant Accounting Policies

a. Revenue Recognition

Commission revenues are recorded on a trade date basis.

b. Management Estimates

These financial statements were prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Income Taxes

Income taxes are provided under the provisions of GAAP. Deferred tax liabilities are recognized for temporary differences between the financial reporting and tax bases of the company's assets and liabilities. These temporary differences result in taxable or deductible amounts in future years and are measured using the tax rates and laws that will be in effect when such differences are expected to reverse.

d. Long-Lived Assets

Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the related carrying amount may not be recoverable. When required, impairment losses on assets to be held and used are recognized based on the excess of the assets' carrying amount over the fair value of the asset. Fair value is determined based on market quotes, if available, or is based on valuation techniques.

e. Property and Equipment

Property and equipment are recorded at cost and depreciated over their estimated useful lives, using straight-line and accelerated methods as indicated in the following tabulation.

	<u>Years</u>
Office equipment	5-7
Leasehold improvements	5

Repairs and maintenance charges that do not increase the useful lives of the assets are charged to operations as incurred.

f. Receivables

Receivables are stated at their realizable value and reserves are taken for any amounts judged to be uncollectible.

g. Allowance for doubtful accounts

The allowance for doubtful accounts is an amount that management believes will be adequate to absorb possible losses on existing accounts receivable that may become uncollectible based on evaluations of the collectability of accounts receivable and prior credit loss experience. Because of uncertainties inherent in the estimation process, management's estimate of credit losses inherent in the existing accounts receivable and related allowance may change in the near term.

Note 3 – Regulatory Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the Company to maintain "net capital" equal to the greater of \$45,000 or 6-2/3 percent of "aggregate indebtedness", as these terms are defined. The Company is also subject to the minimum capital requirements pursuant to regulation 1.17 under the Commodity Exchange Act, as amended. At December 31, 2011 the Company's net capital was approximately \$4,812,000 which exceeded the minimum net capital requirement of approximately \$80,000.

The Company is exempt from SEC Rule 15c3-3 under subparagraph (k)(2)(i).

Note 4 – Foreign Currency

The Company's functional and reporting currency is the U. S. Dollar.

Note 5 – Commitments

On November 3, 2006 the Company entered into an operating lease for office space that expires on February 28, 2012. The Company did not receive any rent abatement on this lease.

Future minimum annual lease payments (exclusive of other charges as defined in the lease) are as follows:

Year Ended December 31:		
2011		\$97,680
Thereafter		-
		<u>\$97,680</u>

Rent expense for the years ended December 31, 2011 amounted to \$120,975.

Note 6 – Restricted Cash

Restricted cash –security deposit represents a compensating cash deposit with a financial institution for a standby letter of credit issued as a guarantee in connection with the Company's lease agreement.

Note 7 – Concentration of Customer and Credit Risk

The Company introduces its customer transactions to both related and unrelated execution entities. Pursuant to the terms of the various agreements between the Company and another executing broker, they have the right to charge the Company for losses that result from a counterparty's failure to fulfill its obligations. As the right to charge the Company has no maximum amount and applies to all trades executed by the Company's customers, the Company believes there is no maximum amount assignable to this right. At December 31, 2011, the Company did not record liabilities with regard to the right. The Company has the ability to pursue collection from or performance of the counterparty. Additionally, in the normal course of business, the Company enters into contacts that contain a variety of representations and warranties and which provide general indemnifications. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. However, based on experience, the Company expects the risk of loss to be remote.
