RISK FACTORS

2. Please be advised that the risks set forth below are not the only risks we face. If any of the adverse events or conditions described below occurs, our business, financial condition and results of operations could be materially adversely affected. In such case, you may lose all or part of your investment. Do not purchase our shares unless you carefully review and consider all of the following risk factors and, following such review, you are confident that you understand these risks and that this investment is suitable for you.

1. ***We are dependent upon Black Hawk Funding's key management personnel for our future success.*** We depend on the diligence, skill and network of the business contacts of our Executive Officer. We also depend, to a significant extent, on our Executive Officer's access to the real estate investment professionals and the information and deal flow generated by these professionals in the course of their activities. The Executive Officer evaluates, negotiates, structures, closes, monitors and services our business transactions. Our success depends to a significant extent on the continued service of the Executive Officer, particularly Robert L. Newell. The departure of our Executive Officer could have a materially adverse effect on our ability to achieve our business objectives. In addition, we can offer no assurance that Black Hawk Funding, Inc. will continue to have access to real estate investment professionals or their information and deal flow.

2. ***We operate in a highly competitive market for investment opportunities.*** A large number of entities compete with us to make the types of loans we do. We compete with other businesses, public and private funds, commercial and investment banks and commercial financing companies. Additionally, because competition for investment opportunities generally has increased among alternative investment vehicles, such as hedge funds, those entities have begun to invest in areas they have not traditionally invested in. As a result of these new entrants, competition for investment opportunities has intensified in the commercial real-estate secured bridge loan, High Coupon Bridge, Discounted REO and Receivership loan markets, a trend we expect to continue. The Company will be competing for commercial real estate secured loans with many other real estate finance investors, including individuals, limited liability companies, partnerships, corporations, insurance companies, real estate investment trusts and other entities engaged in real estate finance. These competing entities may include some of our own clients.

While capital available for real estate financing has recently decreased as a result of the credit crisis of late 2008 and early 2009, prior to that time, competition among private and institutional financiers of real estate investments had increased substantially. The Company anticipates that as the real estate market improves competition for real estate financing will increase. There is no assurance that the Company will be successful in obtaining suitable real estate finance opportunities to expand its business objectives.

3. ***Our Executive Officers have broad discretion and there is a potential lack of transactional diversification.*** There are no restrictions on the transactional business discretion of the Executive Officers, including diversification or concentration constraints. Accordingly, the Executive Officers are not restricted from allocating a large portion of the assets of the Company in any one sector, investment or type of business deal. If the Company's portfolio becomes concentrated in any one sector, the value of an investment in the Company may be subject to greater volatility and may be more susceptible to any single economic, political, or regulatory occurrence or the fortunes of a single company or industry than would be the case if the Company's business transactions were more diversified. Consequently, concentration of assets allocated in a single sector or deal may substantially increase the risk of loss to the Company.

4. ***Many of our existing and potential competitors are substantially larger and have considerably greater financial, technical and marketing resources than we do.*** Some competitors may have a lower cost of funds and access to funding sources that are not available to us. In addition, some of our competitors may have higher risk tolerances or different risk assessments, which could allow them to consider a wider variety of deals and investments and establish more or fuller relationships with borrowers and sponsors than us. We cannot assure you that the competitive pressures we face will not have a materially adverse effect on our business, financial condition and results of operations. Also, as a result of existing and increasing competition we may not be able to take advantage of attractive investment opportunities or deal flow from time to time, and we can offer no assurance that we will be able to identify and engage deals that are consistent with our investment objective.

5. ***We do not seek to compete primarily based on the interest rates that we offer, and we believe that some of our competitors make loans with interest rates that are comparable to or lower than the rates we offer.*** We may lose investment and deal opportunities if we do not match our competitors' pricing, terms and structure. If we match our competitors' pricing, terms and structure, we may experience decreased net interest income and increased risk of loss.

6. ***We need to raise additional capital to grow because we must distribute most of our income.*** We need additional capital to fund growth in our investments and overall business objectives. A reduction in the availability of new capital could limit our ability to grow. Investment income is often used to originate new loans and may be locked up in a property for years. As a result, such earnings may be limited and in some cases may not be available to fund additional investments. If we fail to obtain funds to fund our investments, we could be limited in our ability to grow.

7. ***The lack of liquidity in our investments may adversely affect our business.*** We generally make investments in commercial real-estate secured bridge loans, discounted REO, high coupon bridge and receivership loans. Substantially all of these investments could be subject to legal and other restrictions on resale or are otherwise less liquid than investments in publicly traded securities, for example. The illiquidity of our investments may make it difficult for us to sell such investments if the need arises. In addition, if we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we have previously recorded our investments.

8. ***Potential conflicts of interest could impact our investment returns.*** Our Executive Officers may serve as officers, directors, general partners or principals of entities that operate in the same or related lines of business as we do or in investment funds managed by the Executive Officers. Accordingly, they may have obligations to investors in those entities, the fulfillment of which might not be in our best interests or those of our unit holders. However, our Executive Officers and Directors owe us a fiduciary obligation to act in the best interests of the Company.

9. ***Changes in laws or regulations governing our operations may adversely affect our business.*** We are not currently subject to regulation by laws at the local, state and U.S. Federal levels. These laws and regulations that prevent us from regulation, as well as their interpretation, may be changed from time to time. Accordingly, changes in these laws or regulations could have a material adverse effect on our business.

10. ***Our investments in real estate are subject to real estate market risk.*** One of the major risks of investing in real estate debt is the possibility that the properties will not generate income sufficient to meet operating expenses and debt service payments, and will generate income of capital appreciation at a rate less than that anticipated or available through investments in comparable real estate partnerships or other investments. The income from the properties may be affected by many factors, including changes in national economic conditions; changes in local market conditions; changes in interest rates and the availability of credit; the impact of present or future legislation and compliance with environmental laws; the ongoing need for capital improvements; changes in real estate tax rates and other operating expenses; adverse changes in governmental rules and fiscal policies; civil unrest; terrorism and threats of terrorism; natural disasters including earthquakes, fires, floods, mudslides, hurricanes, volcanic eruption and other natural disasters (which may result in uninsured losses); acts of war; acts of God; adverse changes in zoning laws; and other factors which are beyond the control of the Company. Real estate market risk appears as direct real estate market risk (if the value of an asset corresponds directly with the real estate market - without anyone being able to influence the effect), and as indirect real estate market risk (if the value of an asset corresponds only indirectly with the real estate market since there are other factors that also exert influence). At least four types of indirect real estate risk can be found, namely credit risk (where real estate fluctuations reduce the creditworthiness of a borrower), collateral risk (where the value of a secured property can be reduced by an adverse market trend), profitability risk (where real estate market variations endanger the profitability of an investment), and price risk (where the real estate market has a negative influence on other market prices, such as stock prices, and vice versa). There can be no

assurance that the Company will be unaffected by direct and indirect real estate market risks, or that the Company will be successful in mitigating direct or indirect real estate market risks.

11. ***Decreases in actual rental income from expected amounts, or increases in operating expenses, among other factors, could result in an investment's inability to meet all of its cash obligations.*** Any decrease in rental income received by investments may reduce, and possibly eliminate, the amount of cash available for distribution to the Company because operating expenses related to real estate, such as property taxes, utility costs, maintenance and insurance generally do not decrease, and other expenses such as advertising and promotion may increase if gross rentals decrease. If the income from a property is not sufficient to meet operating expenses, the company may have to advance funds to protect its investment or dispose of the property on disadvantageous terms in order to raise needed funds.

12. ***There are significant risks associated with real estate financing investments.*** Identifying and participating in attractive investment opportunities is difficult. There is no assurance that the Company's investments will be profitable and there is a substantial risk that borrowers may default on their loans and the Company's losses and expenses will exceed its income and gains.

13. ***The Company may incur substantial expenses and interruptions of current returns should an investment fail to perform.*** The Company plans to reduce its exposure to this risk by 1) carefully choosing investments; 2) carefully structuring enforceable investment documents; 3) requiring significant security subordinate to investments; and 4) diversifying investments to avoid concentrations of exposure which might adversely impact overall Company returns.

14. ***There is significant risk of investment related to our lack of operating history.*** The Company has recently commenced operations and, accordingly, has very little operating history upon which potential investors may evaluate its prospective performance. Additionally, we are unable to furnish audited financial statements or reports and can make no assurances the Company will succeed.

Note: In addition to the above risks, businesses are often subject to risks not foreseen or fully appreciated by management. In reviewing this Offering Circular potential investors should keep in mind other possible risks that could be important

BUSINESS AND PROPERTIES

3. With respect to the business of the Company and its properties:

a) Describe in detail *what* business the Company does and proposes to do, including what product or goods are or will be produced or services that are or will be rendered.

Black Hawk Funding, Inc. ("BHF") is in the business of originating high-coupon, short-term commercial bridge loans as well as providing access to its hardmoneyfunding.com database through various license agreements with hard money lenders. BHF uses capital

from its operating account to originate these loans charging a premium. A typical loan includes significant fees, high interest and participation interests in a borrower's business². All loans are secured by valuable collateral and BHF often requires additional security by requiring the borrower's principals to provide personal guarantees³. BHF's staff conducts in depth due diligence reviews of each proposed loan to reduce the risk of nonpayment⁴. BHF's database derived through www.hardmoneyfunding.com is one of the nation's largest private lending networks with over 24,000 members⁵. This database provides significant deal-flow not only to BHF, but also to BHF's licensees. BHF reserves the right to choose the loan deals it wants before forwarding loan requests to its licensees. The licensees access potential loan deals is on a "first come, first serve" basis.

b) Describe *how* these products or services are to be produced or rendered and how and when the Company intends to carry out its activities. If the Company plans to offer new product(s), state the present stage of development, including whether or not a working prototype(s) is in existence. Indicate if completion of development of the product would require a material amount of the resources of the Company, and the estimated amount. If the Company is or is expected to be dependent upon one or a limited number of suppliers for essential raw materials, energy or other items, describe. Describe any major exiting supply contracts.

The Company produces these services through the hardmoneyfunding.com database and through the expertise and experience of its President and CEO⁶. The President/CEO has a large network of personal contacts that have been developed over the last 25 years; these relationships produce significant deal flow⁷.

c) Describe the industry in which the Company is selling or expects to sell its products or services and, where applicable, any recognized trends within that industry. Describe that part of the industry and the geographic area in which the business competes or will compete. Indicate whether competition is or is expected to be by price, service or other basis. Indicate (by attached table if appropriate) the current or anticipated prices or price ranges for the Company's products or services, or the formula for determining prices, and how these prices compare with those of competitors' products or services, including a description of any variations in product or service features. Name the principal competitors that the Company has or expects to have in its area of competition. Indicate the relative size and financial market strengths of the Company's competitors in the area of competition in which the Company is or will be operating. State why the Company believes it can effectively compete with these and other companies in its area of Competition.

The commercial loan market is very broad and diverse⁸. The origination of commercial loans can cross industries, professions and national borders⁹, however transcendent factor

in the market is the requirement of collateral secured by real estate. The most obvious trend in the commercial loan market is the fact that regional and national banks have tightened their lending requirements, such that there is high demand for capital across the board. Additionally, we have the unconfirmed understanding that the FDIC has imposed portfolio limits on banks that prevent them from concentrating loans in any one area. The Company is finding there is significant demand for projects related to natural resources, such as oil and gas development, and real estate construction projects.

Competition in our market varies largely by the loan terms a lender is willing to agree to. Additionally, the fees charged, interest rates required, and the level of participation interests involved will either lead a borrower to agree to the loan or look elsewhere. One of the common factors in our industry is that borrowers often have a very short time table to obtain capital. This often leads to borrowers agreeing to higher fees and interest rates, coupled with the fact that banks have significant lending restrictions that prevent our traditional borrowers from receiving loans. The Company's typical loan requires the payment of 10 percentage points up front, with an interest rate set at 15% annually.

The principal competitors in our industry include private parties, regional and national banks and other bridge loan providers. In some cases we face competition from international banks or financiers.

Our competitors' sizes and financial market strengths vary based on their access to capital. As of late our primary competition has come from lenders who have put together multiple stages of financing for particular deals. Often a primary lender will agree to put up a large sum of money, but require a borrower to finance the remaining portion of a project. That borrower will come to our company for a bridge loan, but in some cases our fees are too expensive which leads them to renegotiate their terms with the primary lender and if they primary lender accepts those new terms we will lose out on the opportunity to fund the remaining portion of the loan.

Our ability to compete is based upon our access to deal flow through our database and our President's network¹⁰. We are able to pick what we feel are the best and most lucrative deals¹¹. Our competitors, specifically banks, are heavily regulated and are often limited in the by the number of commercial bridge loans they can originate.

Note: Because this Offering Circular focuses primarily on details concerning the Company rather than the industry in which the Company operates or will operate, potential investors may wish to conduct their own separate investigation of the Company's industry to obtain broader insight in assessing the Company's prospects.

d) Describe specifically the marketing strategies the Company is employing or will employ in penetrating its market or in developing a new market. Set forth in response to Question 4 below the timing and size of the results of this effort which will be necessary in order for the

Company to be profitable. Indicate how and by whom its products or services are or will be marketed (such as by advertising, personal contact by sales representatives, etc.), how its marketing structure operates or will operate and the basis of its marketing approach, including any market studies. Name any customers that account for, or based upon existing orders will account for a major portion (20% or more) of the Company's sales. Describe any major existing sales contracts.

The Company has and continues to make a number of loan request "blasts" to the database's members to generate additional loan requests. Over the past year the database received loan requests for over 200 million dollars. The company anticipates that with a repetitive marketing "blast" scheme that number could significantly increase. Timing for our "blasts" is important.

We currently have license agreements with three private investment funds that originate deals by accessing our database. The company anticipates entering into at least one or two new licensing agreements by the end of this fiscal year.

e) **Not Applicable.**

f) State the number of the Company's present employees and the number of employees it anticipates it will have within the next 12 months. Also, indicate the number and type of employees (i.e., clerical, operations, administrative, etc.) the Company will use, whether or not any of them are subject to collective bargaining agreements, and the expiration date(s) of any collective bargaining agreement(s). If the Company's employees are on strike, or have been in the past three years, or are threatening to strike, describe the dispute. Indicate any supplemental benefits or incentive arrangements the Company has or will have with its employees.

The company currently has one employee and two additional independent contractors in place. The Company anticipates a staff of 5 to 8 within the next 12 months.

The Company currently has one executive officer who is responsible for day to day operations. Additionally, the Company has an independent contractor who serves as the senior loan officer. The Company employs independent legal counsel for its commercial loan origination and securities compliance. The Company anticipates hiring a full time Chief Financial Officer and an in-house Certified Public Accountant within the next 6 months. If we are able to successfully raise capital we will be in a position where we will have the necessity to hire additional administrative staff.

The Company's single employee has never gone on strike.

There are not any arrangements in place at this time. However, it is anticipated that there will be an employee stock option plan put into place within the next 12 months.

g) Describe generally the principal properties (such as real estate, plant and equipment, patents, etc.) that the Company owns, indicating also what properties it leases and a summary of the terms under those leases, including the amount of payments, expiration dates and terms of any renewal options. Indicate what properties the Company intends to acquire in the immediate

future, the cost of such acquisitions and the sources of financing it expects to use obtaining these properties, whether by purchase, lease or otherwise.

The Company's principle asset is www.hardmoneyfunding.com and all intellectual property associated with the website and database. The Company's executive currently permits the Company to operate in one of his separately owned office spaces with a monthly rent in the amount of \$1,000.

h) Indicate the extent to which the Company's operations depend or are expected to depend upon patents, copyrights, trade secrets, know-how or other proprietary information and the steps undertaken to secure and protect this intellectual property, including the use of confidential agreements, covenants-not-to compete and the like. Summarize the principal terms and expiration dates of any significant license agreements. Indicate the amounts expended by the Company for research and development during the last fiscal year, the amount expected to be spent this year and what percentage of revenues research and development expenditures were for the last fiscal year.

The Company's operations do depend upon proprietary information stored in the hardmoneyfunding.com database. The Company has secured access to the database by requiring a user to have a user name and password in place. Additionally, the Company has plans in place to use Non-Disclosure Agreements with individuals or outside companies that are licensees.

The license agreements are for a period of one year. The principle terms of our license agreements are as follows: no ownership right is granted; no right to transmit, duplicate, assign, sell, reverse engineer, and so on; the fee is 1% of any loan originated from the database; and there is a limited warranty.

The company has not conducted any research and development in the last fiscal year. The company will likely have small budget for updating some of the technical aspects of the database and its communicative features. It is anticipated this amount will be roughly \$10,000.

i) If the Company's business, products, properties are subject to material regulation (including environmental regulation) by federal, state, or local government agencies, indicate the nature and extent of regulation and its effects or potential effects upon the Company.

Not Applicable.

j) State the names of any subsidiaries of the Company, their business purposes and ownership, and indicate which are included in the Financial Statements attached hereto. If not included, or if included but not consolidated, please explain.

The Company does not have any subsidiaries to date.

k) Summarize the material events in the development of the Company (including any material mergers or acquisitions) during the past five years, or for whatever lesser period the Company has been in existence. Discuss any pending or anticipated mergers, acquisitions, spin-offs or recapitalizations. If the Company has recently undergone a stock split, stock dividend or recapitalization in anticipation of this offering, describe (and adjust historical per share figures elsewhere in this Offering Circular accordingly).

The primary material event in the development of the Company was the acquisition of the www.hardmoneyfunding.com domain and corresponding database. Additionally, the Company has not undergone any type of stock split, stock dividend or recapitalization in anticipation of this offering.

4.

a) If the Company was not profitable during its last fiscal year, list below in chronological order the events which in management's opinion must or should occur or the milestones which in management's opinion the Company must or should reach in order for the Company to become profitable, and indicate the expected manner or occurrence or the expected method by which the Company will achieve the milestone.

The Company was not in existence during the last fiscal year, but has been cash flowing as a result of the license agreements it has in place since February 2012.¹²

b) **Not Applicable.**

Note: After reviewing the nature and timing of each event or milestone, potential investors should reflect upon whether achievement of each within the estimated time frame is realistic and should assess the consequences of delays or failure of achievement in making an investment decision.

OFFERING PRICE FACTORS

If the securities offered are common stock, or are exercisable for or convertible into common stock, the following factors may be relevant to the price at which the securities are being offered.

5. **The Company did not have profits during the last fiscal year due to its recent founding. The Company is currently cash-flowing as a result of the license agreements it has in place.**

6. **Not Applicable.**

7. (a) What is the net tangible book value of the Company? (If deficit, show in parenthesis.) For this purpose, net tangible book value means total assets (exclusive of copyrights, patents, goodwill, research and development costs and similar intangible items) minus total liabilities.

¹² See Risk Factor #14

\$4,966,100.00 (\$0.99 per share)

If the net tangible book value per share is substantially less than this offering (or exercise or conversion) price per share, explain the reasons for the variation.

The requirements of Regulation A state a minimum sale price of \$1.00.

(b) State the dates on which the Company sold or otherwise issued securities during the last 12 months, the amount of such securities sold, the number of persons to whom they were sold, and relationship of such persons to the Company at the time of sale, the price at which they were sold and, if not sold for cash, a concise description of the consideration.

The Company issued 8,160,000 shares of common stock on June 25, 2012 a board meeting. 8,000,000 shares issued to the Founder/President/CEO of the company in consideration for founding the Company. 80,000 shares of common stock were issued to Christopher Lake for his deposit of seed capital. 80,000 shares of common stock were issued to Tyler B. Wilson, legal counsel for the Company in consideration for services rendered in organizing the Company and for continued representation.

8. (a) What percentage of the outstanding shares of the Company will the investors in this offering have? Assume exercise of outstanding options, warrants or rights and conversion of convertible securities, if the respective exercise or conversion prices are at or less than the offering price. Also assume exercise of any options, warrants or rights and conversions of any convertible securities offered in this offering.)

If the maximum is sold: 32.2%

If the minimum is sold: 7.5%

(b) What post-offering value is management implicitly attributing to the entire Company by establishing the price per security set forth on the cover page (or exercise or conversion price if common stock is not offered)? (Total outstanding shares after offering times offering price, or exercise or conversion price if common stock is not offered.)

If the maximum is sold: \$13,160,000*

If the minimum is sold: \$8,260,000*

*These values assume that the Company's capital structure would be changed to reflect any conversions of outstanding convertible securities and any use of outstanding securities as payment in the exercise of outstanding options, warrants or rights included in the calculation. The type and amount of convertible or other securities thus eliminated would be: 9,500,000 Preferred Shares. These values also assume an increase in cash in the Company by the amount of any cash payments that would be made upon cash exercise options, warrants or rights included in the calculations. The amount of such cash would be: \$9,500,000.

(For above purposes, assume outstanding options are exercised in determining “shares” if the exercise prices are at or less than the offering price. All convertible securities, including outstanding convertible securities, shall be assumed converted and any options, warrants or rights in this offering shall be assumed exercised.)

Note: After reviewing the above, potential investors should consider whether or not the offering price (or exercise or conversion price, if applicable) for the securities is appropriate at the present stage of the Company’s development.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF CERTAIN RELEVANT FACTORS

47. If the Company's financial statements show losses from operations, explain the causes underlying these losses and what steps the Company has taken or is taking to address these causes.

The Company has experienced some losses due primarily to the fact that income derived from our license agreements was used for additional start-up costs as opposed to dipping into our operating account. We do not anticipate future start-up costs beyond that which will be covered by this offering.

48. Describe any trends in the Company's historical operating results. Indicate any changes now occurring in the underlying economics of the industry or the Company's business which, in the opinion of Management, will have a significant impact (either favorable or adverse) upon the Company's results of operations within the next 12 months, and give a rough estimate of the probable extent of the impact, if possible.

The Company believes that the current banking crisis and weak economic environment have created a unique opportunity to invest and lend in the commercial real estate market. Falling real estate values, rising unemployment, inflationary pressures, regulatory constraints, and loose lending standards have all contributed to potential market opportunities. Over the last three years, as a result of stricter banking standards and lower borrower credit ratings, the percent of individuals and corporations not qualified to borrow from banks has increased significantly and resulted in an increase in loan requests through the Company's hardmoneyfunding.com database. The requested loan terms often include very high returns with very low loan to value ratios.

Corporate Bylaws

BYLAWS
OF
BLACK HAWK FUNDING, INC.
A Nevada Corporation

As Adopted by the Board of Directors
June 20, 2012

**BYLAWS OF
BLACK HAWK FUNDING, INC.**

ARTICLE I
Corporate Offices

The corporation shall maintain a registered office in the State of Nevada. The Board may establish other offices in or outside the State of Nevada.

ARTICLE II
Stock

2.1 Issuance of Shares.

(a) *Authorized Shares.* The corporation may issue the number of shares of each class or series authorized by the Articles. Shares that are issued are outstanding shares until they are reacquired, redeemed, converted, or cancelled.

(b) *Board Authorization for Issuance.* The Board must authorize any issuance of shares. The Board may issue shares in exchange for consideration consisting of any tangible or intangible property or benefit to the corporation, including cash, promissory notes, services performed, contracts for services to be performed, or other securities of the corporation. The Board's authorization must state the maximum number of shares of each class or series that may be issued and the price for each share.

(c) *Sales Subject to Restrictions.* The corporation may issue shares which are subject to restrictions on their transfer, as provided in Section 2.10.

(d) *When Fully Paid.* When the corporation has received the consideration in exchange for which the Board has authorized the issuance of shares, the shares issued will be fully paid and nonassessable.

(e) *Re-Acquisition.* The corporation may acquire its own shares. Shares so acquired shall constitute authorized but unissued shares.

2.2 Fractional Shares or Scrip.

(a) *Issuance.* The corporation may:

- (1) Issue fractions of a share or pay in money the value of fractions of a share;
- (2) Arrange for disposition of fractional shares by the shareholders;
- (3) Issue scrip entitling the holder to receive a full share upon surrendering enough scrip to equal a full share.

(b) *Scrip*. Each certificate representing scrip must be conspicuously labeled "scrip," and must state on its face:

- (1) The name of this corporation;
- (2) That this corporation is organized under the laws of the State of Nevada;
- (3) The name of the person to whom it is issued; and
- (4) The fractional portion and class of shares and the designation of the series, if any, the certificate represents.

(c) *Rights of Holders*. The holder of a fractional share is entitled to exercise the rights of a shareholder, including the right to vote, to receive dividends, and to participate in the assets of the corporation upon liquidation. The holder of scrip is not entitled to any of these rights unless the scrip so provides.

(d) *Conditions on Issuance*. The Board may authorize the issuance of scrip subject to any condition considered desirable, including:

- (1) That the scrip will become void if not exchanged for full shares before a specified date; and
- (2) That the shares for which the scrip is exchangeable may be sold and the proceeds paid to the scripholders.

2.3 Issuance of Rights or Options to Purchase Shares. The corporation may issue rights, options, or warrants for the purchase of shares of the corporation. The Board shall determine the terms upon which the rights, options, or warrants are issued, their form and content, and the consideration for which the shares are to be issued upon exercise of any such right, option, or warrant.

2.4 Preemptive Rights. Shareholders of this corporation will have no preemptive rights to acquire additional shares issued by the corporation, or any securities convertible into, or carrying or evidencing any rights or option to purchase, any such shares.

2.5 Certificates of Stock. The Secretary shall issue stock certificates evidencing ownership of shares in the corporation. Stock certificates shall be issued in their proper numerical order. Each shareholder shall be entitled to a certificate which has been signed either manually or in facsimile by the President or a Vice President, which has been attested to by the Secretary or an Assistant Secretary, and which has been sealed with the corporate seal, if any. The Secretary may issue a certificate bearing the signature of an individual who no longer holds that office. Such a certificate shall have the same effect as it would if the person still held office on the date of issue. Every stock certificate shall state:

- (a) The name of the corporation;
- (b) That the corporation is incorporated in Nevada;
- (c) The name of the person to whom the shares represented by the certificate are issued;
- (d) The number, class, and designation of the series, if any, of the shares represented by the certificate;
- (e) If there is more than one class, a statement that the corporation will furnish to any shareholder, upon request and without charge, a full written statement of the designations, preferences, limitations, and relative rights of the shares of each class authorized by the corporation, and the variations in rights, preferences, and limitations determined for each series; and
- (f) Either a complete description or a reference to the existence and general nature of any restrictions on the ownership or transfer of the shares which the certificate represents.

2.6 *Lost or Destroyed Certificates.* The Secretary may issue a replacement certificate in place of a lost, mutilated, or destroyed certificate, upon proof that the certificate was lost, mutilated, or destroyed, if the holder of the certificate gives a satisfactory bond of indemnity to the corporation. The Secretary may issue a replacement certificate without requiring any bond when the Board determines it is proper to do so.

2.7 *Stock Records.* The Secretary shall keep the stock transfer books at the registered office or principal place of business of the corporation, or at the office of the corporation's transfer agent or registrar. The Secretary, or the transfer agent or registrar, shall enter on the stock transfer books the name and address of each shareholder, together with the class, number of shares, and date on which the shares were issued or transferred to the shareholder. Each shareholder shall keep the shareholder's current address on file with the Secretary.

2.8 *Record Owners.* The corporation shall treat a shareholder of record as the owner of the shares for all purposes. The corporation shall not be bound to recognize any claim to or interest in any share on the part of any other person, whether or not it has notice of such a claim or interest, until that person's name has been entered on the transfer books as the shareholder of record.

2.9 *Stock Transfers.*

(a) *Method of Transfer.* Subject to any restrictions placed on the transfer of shares at or prior to the time such shares are issued, shareholders may transfer their shares by delivering the certificates to the transferee, accompanied by:

- (1) An assignment in writing on the back of the certificate, or an assignment separate from certificate, or a written power of attorney to sell, assign, and transfer the shares which is signed by the record holder of the certificate with signature guaranteed; and

(2) Any additional documents, instruments, or other evidences necessary to satisfy the requirements of any transfer restrictions applicable to the shares by law or by contract.

(b) *Surrender of Old Certificate to Secretary.* Upon receipt of a transferred certificate, a transferee shall surrender the certificate, along with evidence that the certificate was transferred to the transferee, to the Secretary, so that the Secretary may record the transfer on the stock transfer books and issue a new certificate to the transferee.

(c) *Recording Transfers.* Except as otherwise specifically provided in these Bylaws, the Secretary shall not record any shares of stock as having been transferred on the books of the corporation until the outstanding certificates for those shares have been surrendered to the corporation. The Secretary shall cancel all certificates surrendered to the corporation for transfer. The Secretary shall issue no new certificate until the former certificate representing those shares has been surrendered and cancelled, except as provided in Section 2.6.

2.10 *Restrictions on Transfer.* The Board may restrict the transfer of the corporation's shares as permitted by law. The existence of any such restriction shall be noted conspicuously on the front or back of the certificate. No such restriction will affect shares issued before the restriction was adopted, unless the holders of the shares are parties to the restriction agreement or voted in favor of the restriction.

ARTICLE III *Shareholders*

3.1 *Annual Meeting.* The corporation shall hold a meeting of the shareholders annually on a date and at a time and place set by the Board. The order of business at the annual meeting of shareholders shall be as follows:

- (a) Calling the meeting to order;
- (b) Proof of notice of meeting, or filing of waivers of notice;
- (c) Reading of minutes of the last annual meeting;
- (d) Reports from officers;
- (e) Reports from committees;
- (f) Election of directors; and
- (g) Other business.

3.2 *Special Meetings.*

The corporation shall hold a special meeting of the shareholders:

(a) On call of the Board, the Chairman, or the President; or

(b) If the holders of at least twenty percent (20%) of all the votes entitled to be cast on any issue proposed to be considered at the meeting, sign, date, and deliver to the Secretary one or more written demands for a special meeting which describe the purposes for the meeting.

Only issues identified in the notice of a special meeting may be conducted at that meeting. The Secretary shall issue notice of any special meeting as provided in Paragraph 3.6(b).

3.3 *Adjourned Meetings.* The chairman of the meeting may adjourn a shareholders' meeting at any time a quorum, as that term is defined in Section 3.8, is not present. With the consent of the holders of a majority of the shares represented in person or by proxy, and entitled to vote at a shareholders' meeting, the chairman of the meeting may adjourn the meeting for any reason to a time and place determined by the chairman of the meeting. The chairman of the meeting may adjourn a meeting at which directors are to be elected only from day to day until the directors are elected. The shareholders may conduct any business at an adjourned meeting which they might have conducted at the original meeting.

3.4 *Meeting Place.* Shareholders' meetings may be held either at the corporation's registered Nevada office or at any other place designated by the Board and identified in, the notice of the meeting.

3.5 *Chairman of the Meeting.* The Chairman shall serve as chairman of all shareholders' meetings. In the absence of the Chairman, the President or any other person appointed by the Board shall serve as chairman of a shareholders' meeting.

3.6 *Notice of Shareholders' Meetings.*

(a) *Annual Meetings.* The corporation shall notify the shareholders of each annual shareholders' meeting. The corporation shall deliver notice, as provided in Section 9.1, at least ten (10), but not more than sixty (60), days before the meeting date. Notice of an annual meeting need not include a description of the purposes of the meeting, except as provided under Paragraph (c) below. The corporation must deliver notice to all shareholders entitled to vote at the annual meeting, and must notify certain other shareholders of an annual meeting as provided in Paragraph (c) below.

(b) *Special Meetings.* The corporation shall notify the shareholders entitled to vote on the actions to be considered at any special meeting called pursuant to Section 3.2. The corporation need not notify all shareholders unless required to do so as provided in Paragraph (c) below. The notice must include a description of the purposes for which the meeting was called, and be accompanied by other materials described in Paragraph (c) below. The corporation must deliver the notice at least ten (10), but not more than sixty (60), days before the meeting date. If the corporation fails to issue the notice within ten (10) days after shareholders holding ten percent (10%) or more of the outstanding shares entitled to vote on a particular issue have delivered to the Secretary written demand for a special meeting to consider that issue in accordance with Paragraph 3.2(b), the shareholders requesting the meeting may issue the notice on behalf and at the expense of

the corporation.

(c) *Meetings Concerning Extraordinary Acts.* If a purpose of a shareholders' meeting is to consider action on an amendment to the Articles, a planned merger or share exchange, a proposed sale, lease, or other disposition of all or substantially all of the property of the corporation other than in the regular course of business, or the dissolution of the corporation, the corporation shall notify all shareholders, whether or not entitled to vote, at least twenty (20), but not more than sixty (60), days before the date of the meeting. The notice must describe the proposed action with reasonable clarity and must contain or be accompanied by a copy of the proposed Amendment, the plan of merger or exchange, or the agreement of sale or lease, as applicable.

(d) *Adjourned Meetings.* In general, the corporation need not provide notice to the shareholders of an adjourned meeting if the time, date, and place for reconvening the meeting is announced before the meeting is adjourned. However, if the chairman of a meeting adjourns a meeting for more than one hundred twenty (120) days from the date of the original meeting, the Secretary shall fix a new record date for the adjourned meeting and shall issue a new notice of the adjourned meeting to each shareholder of record entitled to notice of or to vote at the adjourned meeting.

3.7 *Waiver of Notice.*

(a) *Written Waiver.* A shareholder may waive any notice before or after the date and time of the meeting that is the subject of the notice. Except as provided by Paragraphs (b) and (c), the waiver must be in writing, signed by the shareholder entitled to the notice, and delivered to the corporation for inclusion in the minutes or filing with the corporate records.

(b) *Waiver by Attendance.* A shareholder's attendance at a meeting waives objection to lack of notice or defective notice of the meeting, unless the shareholder at the beginning of the meeting objects to holding the meeting or transacting business at the meeting.

(c) *Waiver of Objection to Particular Matter.* A shareholder waives objection to consideration of a particular matter at a meeting that is not within the purposes described in the meeting notice, unless the shareholder objects to considering the matter when it is presented.

3.8 *Quorum.*

(a) *Action if Quorum Present.* Shares entitled to vote as a separate voting group may take action on a matter at a meeting only if a quorum of those shares is present. In general, a majority of the votes entitled to be cast on the matter by the voting group constitutes a quorum of that voting group for that matter.

(b) *Share Represented for Entire Meeting.* Once a share is represented for any purpose at a meeting other than solely to object to holding the meeting or to transacting business at the meeting, the share is deemed present for purposes of establishing a quorum for the remainder of the meeting and for any adjournment of that meeting unless a new record date is set for the adjourned meeting in accordance with Paragraph 3.14(b).

3.9 *Attendance by Communications Equipment.* Shareholders may participate in a shareholders' meeting by any means of communication which enables all persons participating in the meeting to hear each other simultaneously during the meeting. A shareholder who participates by means of communications equipment is deemed to be present in person at the meeting.

3.10 *Voting.*

(a) *General Rule.* In general, if a quorum is present, a matter may be approved by a voting group if the votes cast within the voting group favoring the action exceed the votes cast within the voting group opposing the action.

(b) *Voting on Extraordinary Acts.* Unless provided to the contrary in the Articles of Incorporation or by applicable law, the holders of a majority of all shares entitled to vote on an amendment to the Articles, a plan of merger or share exchange, a sale of assets other than in the regular course of business, or a proposal to dissolve the corporation must vote in favor of the proposed action for the corporation to take the action.

(c) *Election of Directors.* Directors shall be elected in accordance with the provisions of Section 4.5.

(d) *Amendments to Quorum Rules.* An amendment to the Articles adding, changing, or deleting either:

(1) A quorum for a voting group greater or lesser than specified in Paragraph 3.8(a); or

(2) A voting requirement for a voting group greater than specified in Paragraph (a) above must meet the same quorum requirement and be adopted by the same vote and voting groups required to take action under the quorum and voting requirements then in effect.

3.11 *Proxies.*

(a) *Voting by Proxy.* A shareholder may vote the shareholder's shares in person or by proxy.

(b) *Proxy Appointment.* A shareholder may appoint a proxy to vote or otherwise act for the shareholder by signing an appointment form, either personally or by the shareholder's agent.

(c) *Term of Appointment.* An appointment of a proxy is effective when received by the Secretary. An appointment is valid for eleven (11) months unless it is revoked earlier or the appointment form expressly provides for a longer period.

(d) *Death or Incapacity of Shareholder.* The death or incapacity of the shareholder appointing a proxy does not affect the right of the corporation to accept the proxy's authority, unless

the Secretary is given notice of the death or incapacity before the proxy exercises the proxy's authority under the appointment.

(e) *Corporation's Power to Accept Proxy's Actions.* The corporation is entitled to accept a proxy's vote or other action as that of the shareholder, subject to the provisions of Section 3.12 and to any express limitation on the proxy's authority appearing on the face of the appointment form.

3.12 *Corporation's Acceptance of Votes.*

(a) *Acceptance of Vote.* If the name signed on a vote, consent, waiver, or proxy appointment corresponds to the name of a shareholder, the corporation may accept the vote, consent, waiver, or proxy appointment as the shareholder's act.

(b) *Vote Not by Shareholder.* If the name signed on a vote, consent, waiver, or proxy appointment does not correspond to the name of its shareholder, the corporation may accept the vote, consent, waiver, or proxy appointment as the shareholder's act if:

(1) The shareholder is an entity and the name signed purports to be that of an officer, partner, or agent of the entity;

(2) The name signed purports to be that of an administrator, executor, guardian, or conservator representing the shareholder and evidence of fiduciary status acceptable to the corporation has been presented with respect to the vote, consent, waiver, or proxy appointment;

(3) The name signed purports to be that of a receiver or trustee in bankruptcy of the shareholder, and evidence of this status acceptable to the corporation has been presented with respect to the vote, consent, waiver, or proxy appointment;

(4) The name signed purports to be that of a pledgee, beneficial owner, or attorney-in-fact of the shareholder and evidence acceptable to the corporation of the signatory's authority to sign for the shareholder has been presented with respect to the vote, consent, waiver, or proxy appointment; or

(5) Two or more persons are the shareholder as co-tenants or fiduciaries, the name signed purports to be the name of at least one of the co-owners, and the person signing appears to be acting on behalf of all the co-owners.

(c) *Rejection of Vote.* The corporation may reject a vote, consent, waiver, or proxy appointment if the Secretary has reasonable basis for doubt about the validity of the signature or about the signatory's authority to sign for the shareholder.

3.13 *Shareholders' List for Meeting.*

(a) *Shareholders' List.* After the corporation fixes a record date for a meeting, the Secretary shall prepare an alphabetical list of the names of all shareholders as of the record date who

are entitled to notice of a shareholders' meeting. The list must be arranged by voting group (and within each voting group by class or series of shares), show the most recent address on file of each shareholder, and identify the number of shares held by each shareholder.

(b) *List Available for Inspection.* The Secretary shall make the shareholders' list available for inspection by any shareholder, beginning ten (10) days prior to the meeting and continuing through the meeting. The list will be available at the corporation's principal office or at a place (identified in the meeting notice) in the city where the meeting will be held. A shareholder, or the shareholder's agent, may inspect the list during regular business hours and at the shareholder's expense during the period it is available for inspection.

(c) *List at Meeting.* The Secretary shall make the shareholders' list available at the meeting. Any shareholder or shareholder's agent may inspect the list at any time during the meeting or any adjourned meeting.

(d) *Right to Copy.* A shareholder may copy the list as provided in Sections 10.2 and 10.3.

3.14 *Fixing the Record Date.*

(a) *Date for Meetings.* The Board shall fix a record date in order to determine which shareholders are entitled to notice of a shareholders' meeting or to vote at the meeting. If the Board fails to fix a record date for a meeting, then the day before the first notice of the meeting is delivered to the shareholders shall be the record date. If the Secretary does not issue notice of a meeting because all shareholders entitled to notice have waived notice, then the record date shall be the date on which the Secretary received the last waiver of notice.

(b) *Date for Adjourned Meetings.* Once the Secretary has determined which shareholders are entitled to notice of or to vote at a shareholders' meeting, the determination is effective for any adjournment of the meeting unless the Board fixes a new record date. The Board must fix a new record date if the meeting is adjourned for more than one hundred twenty (120) days after the date fixed for the original meeting.

(c) *Date for Dividends and Distributions.* If the Board fails to fix a record date for determining which shareholders are entitled to receive a share dividend or a distribution which does not involve a purchase, redemption, or other acquisition of the corporation's shares, the record date shall be the date the Board authorizes that dividend or distribution.

(d) *Date for Action without Meeting.* The record date for determining which shareholders may vote to take action without a meeting is the date the first shareholder signs the consent describing the action to be taken.

3.15 *Action by Shareholders without a Meeting.*

(a) *Action Agreed to by All Shareholders.* Any action required or permitted to be taken at a shareholders' meeting may be taken without a meeting or vote if either:

(1) the action (a “Unanimous Consent”) is taken by all the shareholders entitled to vote on the action; or

(2) the action is taken by the shareholders holding of record, or otherwise entitled to vote, in the aggregate not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all of the shares entitled to vote on the action were present and voted (a “Majority Consent”).

To the extent that prior notice is required by law, any advance notice required by statute to be given to nonconsenting shareholders shall be made at least one business day prior to the effectiveness of the action, or such longer period as required by law. The form of this notice shall be sufficient to appraise the nonconsenting shareholder of the nature of the action to be effected, in a manner approved by the directors of this corporation or by the committee or officers to whom the board has delegated that responsibility. The consents must be delivered to the corporation for inclusion in the minutes or filing with the corporate records.

(b) *Record Date.* The record date for determining shareholders entitled to take action without a meeting shall be as specified in Section 3.

(c) *Withdrawal of Consent.* A shareholder may withdraw consent only by delivering a written notice of withdrawal to the Secretary prior to the time that all consents are in possession of the corporation.

(d) *Effective Date of Action.* Action taken by the shareholders without a meeting shall be effective when all consents are in possession of the corporation, unless the consents specify a later effective date.

(e) *Action by Consent.* An action taken by consent has the effect of a meeting vote and may be described as such in any document.

3.16 *Ratification.* Any action taken by the corporation, the directors, or the officers which is subsequently authorized, approved, or ratified by vote of the number of shares that would have been sufficient to approve the action in the first instance, shall be valid and binding as though ratified by every shareholder of the corporation.

ARTICLE IV *Board of Directors*

4.1 *Management Responsibility.* The corporation shall have a Board of Directors, which shall be responsible for the exercise of all corporate powers. The Board shall manage the business, affairs, and property of the corporation.

4.2 *Committees.*

(a) *Creation.* The Board may create one or more Committees of directors. Each

Committee must have two or more members.

(b) *Approval of Committees.* The number of directors required to take action under Section 4.11 must approve the creation of a Committee.

(c) *Rules Governing Committees.* The rules governing meetings, action without meetings, notice and waiver of notice, and quorum and voting requirements of the Board, under Sections 4.10 through 4.15, apply to Committees.

(d) *Powers of Committees.* Subject to the limitations stated in Paragraph (e) below, the Board shall specify the extent to which each Committee may exercise the authority of the Board.

(e) *Limitations on Committee Action.* A Committee may not:

(1) Authorize or approve a distribution except according to a general formula or method prescribed by the Board;

(2) Approve or propose to shareholders action which must be approved by the shareholders;

(3) Fill vacancies on the Board or on any Committee;

(4) Amend the Articles;

(5) Adopt, amend, or repeal these Bylaws;

(6) Approve a plan of merger not requiring shareholder approval; or

(7) Authorize or approve the issuance or sale of shares or contract for the sale of shares, or determine the designation and relative rights, preferences, and limitations of a class or series of shares.

(f) *Minutes.* All Committees shall keep regular minutes of their meetings, which shall be included in the corporate minute books at the registered office of the corporation.

(g) *No Relief from Responsibility.* Neither the Board nor any director may be relieved of any responsibility imposed by law, the Articles, or these Bylaws by designating a Committee and delegating the Board's or the director's responsibilities to the Committee.

4.3 *Duties of Directors.*

(a) *Due Care and Loyalty.* Each person, who is a director, shall perform the duties of a director, including any duties the director may have as a member of any Committee:

(1) In good faith;

(2) In a manner the director reasonably believes to be in the best interests of the corporation; and

(3) With the care an ordinarily prudent person in a like position would use under similar circumstances.

(b) *Right to Rely on Experts.* In performing corporate duties, a director may rely on information, opinions, reports, or statements, including financial statements or other financial data prepared or presented by:

(1) One or more officers or employees of the corporation whom the director reasonably believes to be reliable and competent in the matters presented;

(2) Legal counsel, public accountants, or other persons concerning matters which the director reasonably believes to be within their professional or expert competence; or

(3) A Committee, the deliberations of which the director reasonably believes merits confidence, concerning matters within the Committee's designated authority.

(c) *Failure to Act in Good Faith.* A director fails to act in good faith if the director relies on information provided by the above persons even though the director has knowledge concerning a particular matter that would make reliance on the information unwarranted.

4.4 *Number and Qualification of Directors.* The Board shall consist of no more than eleven (11) directors. The corporation shall have two (2) directors until that number is changed in accordance with these Bylaws. If the shareholders elect a greater or lesser number of directors than is specified in this section, then election of that number shall automatically amend these Bylaws to increase the number of directors to the number elected. No director need be a shareholder of the corporation. The Board or the Shareholders may fix the number of directors and may, at any time, increase the size of the Board to the maximum allowed by these Bylaws.

4.5 *Election of Directors.*

(a) *Initial Directors; Annual Elections.* The terms of the initial directors will expire at the first annual meeting of shareholders. The shareholders shall elect successor directors at the first annual meeting of shareholders, and at each annual meeting thereafter.

(b) *Cumulative Voting.* Cumulative voting for the election of directors is prohibited.

(c) *Election.* In any election of directors, the candidates elected are those who receive a majority of votes cast by the shares entitled to vote in the election, up to the number of directors to be elected.

4.6 *Term of Office.* Each director shall hold office for a one-year term until the next succeeding annual meeting, and thereafter until the director's successor is elected and qualified. If a director dies, resigns, or is removed, the director's replacement shall serve throughout the remaining

portion of the director's term, and thereafter until the director's successor is elected and qualified.

4.7 *Vacancy on Board of Directors.* In case of a vacancy in the Board of Directors because of a director's resignation, removal or other departure from the board, or because of an increase in the number of directors, the remaining directors, by majority vote, may elect a successor to hold office for the unexpired term of the director whose position is vacant, and until the election and qualification of a successor.

4.8 *Resignation.* A director may resign at any time by delivering written notice to the Chairman, the President, the Secretary, or each member of the Board. A resignation shall take effect when notice is delivered, unless the notice specifies a later effective date. The corporation need not accept a resignation for the resignation to be effective. A resignation shall not affect the rights of the corporation under any contract with the resigning director.

4.9 *Removal.*

(a) *Special Meeting.* The shareholders may remove one or more directors, with or without cause, only at a special meeting of shareholders called expressly for that purpose. The notice of the meeting must state that the purpose of the meeting is to remove one or more directors.

(b) *Voting.* The shareholders may remove a director by affirmative vote of the holders of a majority of the shares entitled to vote on the election of that director. A director may not be removed if votes sufficient to elect the director are voted against the director's removal.

4.10 *Meetings.*

(a) *Annual Meeting.* The first meeting of each newly elected Board shall be known as the annual Board meeting. The Board shall hold the annual Board meeting, without notice, immediately after the annual shareholders' meeting or after any special shareholders' meeting at which new directors are elected. The Board shall hold the annual Board meeting at the same place as the annual shareholders' meeting unless the Board specifies another place by resolution.

(b) *Regular Meetings.* The Board may hold regular meetings at a place and on a day and hour fixed by resolution of the Board.

(c) *Special Meetings.* The Chairman, or President if there is no Chairman, or any two directors may call a special meeting of the Board. The Board shall hold the special meeting at the place and on the day and hour specified by the persons calling the meeting.

(d) *Adjourned Meetings.* A majority of the directors present may vote to adjourn any meeting to another time and place even if the number of directors present or voting does not constitute a quorum. If the meeting is adjourned for more than forty-eight (48) hours, the Secretary shall give notice of the time and place of the adjourned meeting to the directors who were not present at the time the meeting was adjourned.

4.11 *Quorum and Voting of Directors.*

(a) *Majority Constitutes a Quorum.* A majority of the directors shall constitute a quorum for the transaction of business at a meeting, except as provided in Section 4.7 and in Paragraph (b) below. The appropriate percentage of the directors present at a meeting at which a quorum is present may take any actions which the directors are authorized to take on behalf of the corporation.

(b) *Action in Absence of a Quorum.* The Board may continue to transact business at a meeting at which a quorum was initially present. In order to take any action at a meeting at which a quorum is no longer present, the action must be approved by a sufficient percentage of the number of directors required to establish a quorum.

(c) *Dissent by Directors.* A director may abstain or dissent from any action taken. However, a director may not dissent or abstain if the director voted in favor of the action taken. A director who is present at a meeting when action is taken is deemed to have assented to the action taken unless:

(1) The director objects at the beginning of the meeting to holding the meeting or to transacting business at the meeting;

(2) The director's dissent or abstention from the action taken is entered in the minutes of the meeting; or

(3) The director delivers written notice of the director's dissent or abstention to the chairman of the meeting before the Board adjourns the meeting or to the corporation within a reasonable time after the Board adjourns the meeting.

4.12 *Attendance by Communications Equipment.* The directors may participate in a meeting by means of any communications equipment which enables all persons participating in the meeting to hear each other simultaneously during the meeting. A director who participates by means of communications equipment is deemed to be present in person at the meeting.

4.13 *Action by Directors without a Meeting.* The Board may take any lawful action without a meeting if each director delivers a signed consent to the corporation, before or after the action to be taken, which describes the action taken or to be taken. An action approved by consent shall have the same effect as an action approved by unanimous vote at a meeting duly held upon proper notice, and may be described as such in any document. All consents shall be inserted into the minute books as if they were the minutes of a Board meeting.

4.14 *Notice of Meeting.*
