**PART II
OFFERING CIRCULAR**

Fundrise 906 H Street NE, LLC

7400 Beaufront Springs Drive, Suite 300, North Chesterfield, VA 23225
(202) 584-0550

Dated: July 18, 2012

3,500 Class C Membership Units

This Offering Circular relates to the offering (the "Offering") of up to 3,500 Class C Membership Units (the "Units") in Fundrise 906 H Street NE, LLC (the "Company," "we" or "us"). Each Unit will represent the right to 0.0071% of the percentage interest and 0.00505% of the distributions of Cash Flow of the Company. The Units will have no voting rights. The Offering will commence promptly after the date of this Offering Circular and will close upon the earlier of (1) the sale of 3,500 Units, (2) one year from the date this Offering begins, or (3) a date prior to one year from the date this Offering begins that is so determined by the Manager (the "Offering Period"). See the section entitled "Distributions" for a discussion of the term "Cash Flow."

Fundrise Manager 906 H Street NE, LLC (the "Manager") is the Managing Member of the Company and currently owns 140 Class A Membership Units. There currently are 10,360 Class B Membership Units and no Class C Membership Units outstanding. If all 3,500 Units are purchased, they would represent 25.00% of all issued and outstanding membership interests, with the aggregate right to 17.68% of any distributed Cash Flows.

This Offering is being conducted on a "best-efforts" basis, which means the co-managers of our Manager, Benjamin S. Miller and Daniel S. Miller, will use their commercially reasonable best efforts in an attempt to sell the Units. Messrs. Miller will not receive any commission or any other remuneration for these sales. In offering the Units on our behalf, Messrs. Miller will rely on the safe harbor from broker-dealer registration set out in Rule 3a4-1 under the Securities Exchange Act of 1934.

The Units will be offered for sale at a fixed price of \$100.00 per Unit. If all of the Units are purchased, the gross proceeds to us will be \$350,000. However, since the Offering is being conducted on a "best-efforts" basis, there is no minimum number of Units that must be sold, meaning we will retain any proceeds from the sale of the Units sold in this Offering. Accordingly, all funds raised in the Offering will become immediately available to us and may be used as they are accepted. Investors will not be entitled to a refund and could lose their entire investment.

Our Units are not listed on any national securities exchange or on the over-the counter inter-dealer quotation system. There is no market for our Units, and under the terms of the Company's Second Amended and Restated Operating Agreement, dated July 18, 2012 and attached as Exhibit 3 (the "Operating Agreement"), the Units generally may not be sold, transferred assigned, pledged or disposed of, in whole or in part, without the prior written consent of the Manager.

These are speculative securities. Investment in the Units involves significant risk. You should purchase these securities only if you can afford a complete loss of your investment. See the "Risk Factors" section on page 5 of this Offering Circular for a discussion of the following and other risks:

- Since its inception through June 30, 2012, the Manager has recorded a net loss and has had no revenue;
- The Company has no operating history, and the Manager has a lack of experience in developing projects similar to the Property;
- The Company has not established any minimum offering amount, and there is no assurance that the Company will raise sufficient funds to carry out its business objectives;

The information in this preliminary Offering Circular is not complete and may be changed. We and the selling members may not sell these securities until the Offering Circular filed with the Securities and Exchange Commission is qualified. This preliminary Offering Circular is not an offer to sell these securities, and we are not soliciting offers to buy these securities in any jurisdiction where the offer or sale is not permitted.

- The Property is planned to be the Company’s principal asset, and factors outside of the Company’s control could significantly decrease the value of that asset;
- The determination of the offering price and other terms of the Offering have been arbitrarily determined and may not reflect the value of your investment;
- Your investment is highly illiquid and the Company does not intend to provide any liquidity options;
- If the Company was to become subject to the Investment Company Act of 1940 (the “1940 Act”) it could have a material adverse effect on the Company, and it is probable that the Company would be terminated and liquidated; and
- The interest of the Manager, the principals and its other affiliates may conflict with your interests.

OFFERING CIRCULAR SUMMARY

This summary highlights information contained elsewhere in this Offering Circular. This summary is not complete and does not contain all of the information that you should consider before investing in the Units.

You should carefully read the entire Offering Circular, especially concerning the risks associated with the investment in the Units discussed under the “Risk Factors” section.

Unless we state otherwise, the terms “we,” “us,” “our,” “Company,” “management,” or similar terms collectively refer to Fundrise 906 H Street NE, LLC, a Virginia limited liability company.

Some of the statements in this Offering Circular are forward-looking statements. See the section entitled “Special Note Regarding Forward-Looking Statements.”

Our Business

General

Fundrise 906 H Street NE, LLC is a development stage company that was formed on April 20, 2012, as a Virginia limited liability company. Our executive offices are located at 7400 Beaufront Springs Drive, Suite 300, North Chesterfield, VA 23225. The sole purpose of the Company is to acquire, own, hold, renovate, redevelop, construct, lease, manage, operate, mortgage, sell and otherwise dispose of fee simple real estate located at 906-908 H Street NE in Washington DC (the “Property”). We have a limited operating history and have generated limited revenue.

Our Manager, Fundrise Manager 906 H Street NE, LLC, a Virginia limited liability company, owns all of our Class A Membership Units, giving it sole voting and management rights. Therefore, our Manager has control over the management of the Company and the management and development of the Property. Our Manager is owned and controlled by Benjamin S. Miller and Daniel S. Miller who, together, control all of the Manager’s voting and management rights.

The Property

The Property is located at 906-908 H Street NE, Washington DC, in the H Street corridor’s burgeoning entertainment zone, consists of a two-story approximately 6,510 square-foot masonry building, including a 2,230 square foot basement, on one lot totaling approximately 3,010 square feet. The Property is currently vacant.

The Company was party to an agreement to purchase the Property for \$1,375,000 and closed on the purchase of the Property on June 5, 2012. In the event that the proceeds received in this Offering are insufficient to renovate or redevelop the Property, the Manager, Benjamin S. Miller, Daniel S. Miller and/or one or more of their affiliates may loan the Company funds necessary to consummate the transaction on commercially reasonable terms. Proceeds of this Offering may be used in whole or in part to repay any such loans to the Company, with interest.

The Business Plan

Following its acquisition of the Property, the Company plans to renovate or redevelop the Property. In connection with the renovation or redevelopment of the Property, the Company may employ community-based design, or “crowdsourcing,” by allowing residents of the community in which the Property sits to provide input on the ultimate design and use of the Property. Management also intends to engage in direct conversations with restaurateurs and retailers from around the city.

We believe that a fully leased and renovated Property offers an opportunity for current Cash Flow over the mid-term, while providing for long-term appreciation of the Property as H Street NE neighborhood continues its growth. Management expects to lease the property for approximately \$180,000 triple-net a year at stabilization, which if achieved will offer Class C investors a projected levered yield of approximately 7.0% at stabilization. In addition,

Management expects long-term appreciation in the overall local real estate market due to the imminent completion of the first trolley line in Washington, DC and more than 1,000 residential units under construction or in planned unit development. The Company expects to sell or refinance the Property within 3 to 5 years.

- Transfer Restrictions** The Operating Agreement restricts the transferability of the Units, except (a) to an immediate family member (spouse, parent, grandparent, child or grandchild) of a member, or to a trust for the benefit of any such immediate family member, or a beneficiary under any such trust, or (b) with the consent of the Manager or as otherwise permitted under the Operating Agreement, to a person or entity that is not an Interest Holder. The Operating Agreement also provides for drag-along rights, which allows the Manager to sell all the interests in the Company including the individual interests of the Class C members. The transfer of any Unit in violation of the Operating Agreement will be deemed invalid, null and void, and of no force or effect. Any person to whom Units are attempted to be transferred in violation of the Operating Agreement will not be entitled to receive distributions from the Company or have any other rights in or with respect to the membership rights.

General Repurchase Right	The Operating Agreement allows for the Company to exercise a right of repurchase, in its sole discretion, with regard to the Units at any time. In the event that the Company elects to repurchase all of the Units, the purchase price will be determined by an outside, independent appraiser appointed by the Manager. The purchase price will be payable to the Members in four equal, quarterly installments, with the first payment becoming due ninety (90) days following the date on which the Company provides notice the Members of its decision to repurchase the Units.

However, we will not make any general solicitation or advertisement of this Offering in any jurisdiction that this Offering is not registered. This Offering is being conducted on a "best-efforts" basis, which means the co-managers of our Manager, Benjamin S. Miller and Daniel S. Miller, will attempt to sell the shares to prospective Investors without the use of an underwriter. We will not pay any commission or other remuneration to Messrs. Miller for these efforts. Messrs. Miller intend to utilize the Fundrise platform as part of their efforts in offering and selling the Units; however, Fundrise will not receive any commission or other remuneration for providing this service.

RISK FACTORS

An investment in the Company carries risks, a number of which are set out below including those related to the Company, those related to the Offering, and those related to taxes. In addition to those risks, businesses are often subject to risks not foreseen or fully appreciated by management. In reviewing this Offering Circular, potential Investors should keep in mind other possible risks that could be important.

This is a speculative investment, and the value of your investment in the Company may decrease significantly or entirely. You should not make an investment in the Company if you are unable to bear the loss of your entire investment. You should only consider an investment in the Company after considering the following risks and consulting with your investment, legal, and tax advisors.

RISKS RELATED TO THE COMPANY'S BUSINESS

Manager's net loss and lack of revenue.

Since its inception through June 30, 2012, our Manager has recorded a net loss and has had no revenue. Such losses have been due to expenses related to start-up costs incurred as the Manager grew its business and established the Company. There can be no assurance that the Manager will generate significant revenues or be profitable in the future. If the Manager is not profitable, it may need to curtail or cease operations, or seek additional revenue through the sale of its Class A Membership Interests.

The Company may require additional capital and may be unable to obtain such capital on favorable terms or at all.

In the future, we may need to raise additional capital through the issuance of additional membership interests or securities convertible into membership interests. If we issue additional membership interests or convertible securities, our then-existing Interest Holders may face substantial dilution. In addition to diluting our then-existing Interest Holders, we may be obligated to pay a substantial amount of regular income to future investors, which would reduce our cash available for working capital and renovation or redevelopment of the Property. Equity interests in the subsidiaries of the Company planned to hold title to the Property may also be publicly or privately offered. Such offerings would have the effect of indirectly diluting members of the Company. Currently, we do not have any arrangements for any financing for the sale of membership interests or any other method of financing, and we can provide no assurances to Investors that we will be able to obtain any financing when required on favorable terms or at all. The only cash immediately available to us is the cash in our bank account. Assuming that this Offering is fully subscribed and all 3,500 Units are sold, there will be an immediate increase in net tangible book value of approximately \$3,000.00 (42.92%) to the Class A member (or approximately \$4.79 per Class A Membership Unit), an immediate increase in net tangible book value of approximately \$47,274.75 (6.83%) to the Class B members (or approximately \$4.79 per Class B Membership Unit), and an immediate decrease in net tangible book value of approximately \$100,274.75 (33.42%) to new Investors purchasing Units in the Offering (or approximately \$28.65 per Class C Membership Unit).

The Company has not established any minimum offering amount, and there is no assurance that the Company will raise sufficient funds to carry out its business objectives.

The Company has not established any minimum offering amount that must be raised to carry out the business objectives contemplated in the offering document. There is no assurance that the Company will raise sufficient funds to carry out its business objectives, including payment of offering expenses, provision for tenant allowance, establishment of debt service reserves, provision for other construction cost contingencies and other working capital needs.

The Company has no operating history, and the Manager has a lack of experience in developing projects similar to the Property.

The Company was recently organized and has no history of operations. The Company therefore should be considered a development stage company, and its operations will be subject to all of the risks inherent in the establishment of a new business enterprise, including, but not limited to, hurdles or barriers to the implementation of its business plans. Further, because there is no history of operations there is also no operating history from which to evaluate the Manager's ability to manage the Company's operations and achieve its goals or the likely performance of the Company. Prospective Investors should also consider that the Manager, the principals and its other affiliates have not previously developed a project similar to the Property, although the principals and other affiliates of the Manager have experience in acquiring, renovating, redeveloping, repositioning, operating and selling various real estate properties. No assurances can be given that the Company can operate profitably.

The Property is planned to be the Company's principal asset, and factors outside of the Company's control could significantly decrease the value of that asset.

The Property is planned to be the Company's principal asset. The prospects of the Company depend upon the Property maintaining its rental and resale value or increasing in such value. The typical risks relating to an investment in real estate will apply to the Property and its value. These include, but are not limited to:

- changes in the general economic climate and market conditions, those applicable to Washington, DC, or those applicable to the H Street NE Corridor;
- changes in the occupancy or rental rates of the Property or, for a property that requires new leasing activity, a failure to lease the Property in accordance with the projected leasing schedule;
- complications involving the renovation or redevelopment of the Property;
- limited availability of mortgage funds or fluctuations in interest rates which may render the sale and refinancing of the Property difficult;
- unanticipated increases in real estate taxes and other operating expenses;
- environmental considerations;
- zoning laws and other governmental rules and policies; and
- uninsured losses including possible acts of terrorism or natural disasters.

Any one or more of the preceding factors could materially adversely affect the value of the Property. If the value of the Property were to decrease significantly, the Company may not be able to repay mortgages on the Property or obtain new financing to repay outstanding loans on favorable terms, if at all. Additionally, if the value of the Property were to decrease and the Company were to choose to sell the Property, liquidate and distribute its remaining assets after paying liabilities, you might not recover the amount of your investment, if you were to receive any funds at all.

The Property is currently vacant and we may not be able to find a tenant.

The Property is currently vacant. The Company may not be able to find a tenant willing to rent the Property on commercially reasonable terms or at all. If the Company is unable to secure a tenant for the Property, the Company may have no Cash Flow, may require additional capital to maintain the Property, and may be forced to find a tenant. If the Company cannot find a suitable tenant, in a reasonable amount of time or at all, it may not receive any revenues at all and it may be forced to use its existing assets to cover the costs for property operating costs, debt service, insurance, and real estate taxes.

If the Company is able to lease the Property, the Company's revenues, if any, will likely be derived from one tenant, and the loss of that tenant could leave the Company without revenues if a suitable replacement is not found.

All of the Company's projected revenues will likely be derived from one tenant, which the Company anticipates will fund all property operating costs, insurance and real estate taxes. If such tenant were to elect not to extend any lease or were to otherwise abandon the lease and no suitable replacement could be found, the Company would have no Cash Flow, could require additional capital to maintain the Property, and could be forced to find a replacement tenant. If the Company were unable to find a suitable replacement tenant, in a reasonable amount of time or at all, its revenues could decrease or it could not receive any revenues at all and it could be forced to cover the costs for property operating costs, insurance and real estate taxes.

The ability of any new business to continue as a going concern is uncertain, and a default by a tenant could result in the Property becoming vacant and difficult to re-lease.

The Property may be leased to a tenant operating a new business, and it is uncertain that such business will have the ability to continue as a going concern. In the event that a tenant defaults on a lease, the Property may become vacant, and we may be unable either to re-lease the Property for the rent due under the lease or to re-lease the Property without incurring additional expenditures relating to the Property. In addition, we could experience delays in enforcing our rights against, and collecting rents and other expenses due from the tenant. Finally, we may have to incur substantial expenditures in connection with any re-leasing, as the Property is expected to be specifically suited to a tenant. Any delay or substantial expenditures we experience in re-leasing the Property, or any difficulty in re-leasing the Property at acceptable rates, may reduce the cash available to make distributions to our stockholders.

If the Company decides to renovate or redevelop the Property, it may be unsuccessful.

The Company plans to renovate or redevelop the Property. The Company may be unsuccessful in its renovation or redevelopment efforts due to a variety of factors, including mismanagement, the poor selection of third-party contractors, an inability to raise the necessary capital to complete the renovation or redevelopment, changes in zoning laws and increases in construction costs. If the renovation or redevelopment effort is delayed, suffers significant cost increases, does not prove as valuable as projected or cannot be completed, the Company may become unprofitable or be forced to dispose of the Property for a price that is less than the Company's then outstanding liabilities.

The Company's investment is speculative.

Investing in real estate such as the Property involves an inherent exposure to fluctuations in the real estate market, including the availability of financing, increases in mortgage rates and borrowing rates and general economic conditions, and there is no assurance that the Company's investment strategy will be successful. The Property may not be easy to liquidate, and the Company may not be able to sell the Property at market value or at all if the Company determines that it is an appropriate time to sell the Property.

The Company has no operating history, and the Manager has a lack of experience in developing projects similar to the Property.

The Company was recently organized and has no history of operations. The Company therefore should be considered a development stage company, and its operations will be subject to all of the risks inherent in the establishment of a new business enterprise, including, but not limited to, hurdles or barriers to the implementation of its business plans. Further, because there is no history of operations there is also no operating history from which to evaluate the Manager's ability to manage the Company's operations and achieve its goals or the likely performance of the Company. Prospective Investors should also consider that the Manager, the principals and its other affiliates have not previously developed a project similar to the Property, although the principals and other affiliates of the Manager have experience in acquiring, renovating, redeveloping, repositioning, operating and selling various real estate properties. No assurances can be given that the Company can operate profitably.

The Company will face competition.

The Company will face competition from other persons leasing and developing land and property in the Washington, DC area, particularly within the H Street neighborhood where the Property is located and in surrounding areas. A lower number of competitors makes us vulnerable to competitors that act irrationally or are able to operate at zero or negative margins, have longer operating histories, more market experience or contacts, or greater financial resources than the Company. The Company may not be able to compete effectively.

The Company may face competition from the Manager.

The Company may also face competition from properties owned or controlled by affiliates of the Manager. Currently, affiliates of the Manager own property located at 1351 H Street NE, 1337 H Street NE, and at 1207 H Street NE, which is currently leased to AutoZone. If AutoZone were to vacate, it could result in affiliates of the Manager directly competing with the Property. Affiliates of the Manager may also acquire or lease other property in the same neighborhood as the Property.

The Company may be subject to the risks of leverage.

The Company has obtained a mortgage on all of the Property and is required to not exceed certain debt service coverage ratios and loan to value amounts. If its operations of the Property deviate in any material adverse respect from those projected, the Company may not have sufficient Cash Flow to service the required indebtedness as to a particular property. If the Company cannot do so, regardless of the cause, the Company will face a risk of forfeiture or foreclosure of its interest in the Property.

The Manager's liability will be limited.

Pursuant to the Operating Agreement, the Manager, the principals and its other affiliates will not be liable to the Company or any members for any damages, losses, liabilities or expenses (including reasonable legal fees, expenses and related charges and cost of investigation) unless one of those parties is guilty of gross misconduct, fraud or criminal activity. Thus, members will have limited recourse against those parties. The Operating Agreement also provides that the Company will indemnify, hold harmless and waive any claim against the Manager, the principals and its other affiliates, for any and all losses, damages, liability claims, causes of action, omissions, demands and expenses or any other act or failure to act arising from or out of the performance of their duties to the Company under the Operating Agreement or as a result of any action which the Manager is requested to take or refrained from taking by the Company unless such loss has arisen as a result of their gross misconduct, fraud, or criminal activity.

The Company may not be able to provide adequate insurance for the Property.

If the insurance market changes, or the Company needs to make claims on its insurance or for other factors affecting insurance rates, it may not be able to renew or find new insurance on acceptable terms, if at all. Failure to carry appropriate insurance could significantly increase the Company's liability in the event of torts or other actionable events occurring on the Property that affect tenants or third-parties thereon or could force the Company to cease leasing the Property.

The Company may never make distributions.

Payment of distributions and the amounts thereof will depend upon returns received by the Company on its investments. The Company may not operate profitably or be able to declare and pay any distributions to the Interest Holders, and you may not earn a positive return on your investment or receive a return of any or all of your investment.

You may be liable in certain circumstances for the repayment of distributions.

You are not personally liable for any debts or losses of the Company beyond the amount of your capital contributions and profits attributable thereto (if any) if the Company is otherwise unable to meet its obligations. However, you may be required to repay to the Company cash or in-kind distributions (including distributions on partial or complete redemption of Units and distributions deemed a return of capital) received by you to the extent of overpayments and to the extent such distribution made the Company insolvent at the time of the payment or the distribution.

The Company is not required to provide disclosure pursuant to the Securities Exchange Act of 1934.

The Company is not required to provide disclosure pursuant to the Exchange Act. As such, the Company is not required to file quarterly or annual reports. In addition, the Company is not required to prepare proxy or information statements; our common stock will not be subject to the protection of the going private regulations; the Company will be subject to only limited portions of the tender offer rules; our officers, directors, and more than ten percent (10%) shareholders (“insiders”) are not required to file beneficial ownership reports about their holdings in our Company; insiders will not be subject to the short-swing profit recovery provisions of the Exchange Act; and more than five percent (5%) shareholders of classes of our equity securities will not be required to report information about their ownership positions in the securities.

Investors in this Offering will have no voting rights in the Company, managerial, contractual or other ability to influence the Company, or control over the Property.

Investors in Class C Membership Units will have no voting rights with respect to the Company, and will have no managerial, contractual or other ability to influence the Company’s activities or operations of the Property. The shareholders lack of voting rights gives all control under the Operating Agreement to the Manager. The Manager’s operation of the Company could materially and adversely affect the value of the Company and the returns realized by investors.

The Company does not maintain key man life insurance for the principals of the Manager.

The Company depends on the continued contributions of the principals of our Manager, Benjamin S. Miller and Daniel S. Miller, who handle all of the managerial responsibilities of the Company. We do not carry key person life insurance on either of their lives and the loss of services of either of these individuals could disrupt our operations and interfere with our ability to successfully develop the Property or compete with others.

RISKS RELATED TO THE OFFERING

The determination of the offering price and other terms of the Offering have been arbitrarily determined and may not reflect the value of your investment.

The offering price has been arbitrarily determined by the Manager and may not bear any relationship to assets acquired or to be acquired or the book value of the Company or any other established criteria or quantifiable indicia for valuing a business. Neither the Company nor the Manager represents that the Units have or will have a market value equal to their offering price or that the Units could be resold (if at all) at their original offering price.

Your investment is highly illiquid and the Company does not intend to offer any liquidity options.

There is no public market for the Units, the Company does not expect such a market to develop in the future, and the Company does not intend to offer any additional liquidity options to investors. Additionally, the Operating Agreement and Subscription Agreement contain restrictions on the transferability of the Units without the written consent of the Company and requires an opinion of counsel satisfactory to the Company that the transfer will not create adverse tax consequences and would not violate federal or state securities laws. Consequently, your ability to control the timing of the liquidation of your investment in the Company will be restricted and you may not be able to liquidate your investment. You should be prepared to hold your Units indefinitely.

The Company may exercise its right of repurchase with regard to the Units.

The Operating Agreement allows for the Company to exercise a right of repurchase, in its sole discretion, with regard to the Units at any time. If the Company exercises this right, then you will no longer be Members of the Company. While the Company will be entitled to exercise this right of repurchase, it has not made any determination to exercise this right of repurchase as of the date hereof, and does not intend to exercise the right of repurchase for so long as the Company remains a going concern.

The Company may exercise its right of repurchase as a result of an Investor's personal conduct or litigation.

The Operating Agreement allows for the Company to exercise a right to repurchase all of the Units held by an Investor in the event that such Investor fails to conform its personal conduct to common and accepted standards of good citizenship, conducts itself in a way that reflects poorly upon the Company, or brings any suit, legal action or proceeding against the Company. If the Company exercises this right with regard to the Units held by you, then you will no longer be a Member of the Company.

Risks Related to the Investment Company Act of 1940.

The Company intends to avoid becoming subject to the Investment Company Act of 1940, as amended (the "1940 Act"). However, under certain conditions, changing circumstances or changes in the law, it may become subject to the 1940 Act in the future. Becoming subject to the 1940 Act could have a material adverse effect on the Company. It is also probable that the Company would be terminated and liquidated due to the cost of registration under the 1940 Act.

RISKS RELATED TO CERTAIN CONFLICTS OF INTEREST

There are conflicts of interest between the Company, the Manager and their affiliates.

Benjamin S. Miller and Daniel S. Miller are principals in the Manager which provides asset management and other services to and will receive fees from the Company at prevailing market rates. Prevailing market rates are determined by Management based on industry standards and expectations of what Management would be able to negotiate with a third party on an arm's length basis. All of the agreements and arrangements between such parties, including those relating to compensation, are not the result of arm's length negotiations. Some of the conflicts inherent in the Company's transactions with the Manager and its affiliates, and the limitations on such parties adopted to address these conflicts are described below. The Company, Manager and their affiliates will try to balance the Company's interest with their own. However, to the extent that such parties take actions that are more favorable to other entities than the Company, these actions could have a negative impact on the Company's financial performance and, consequently, on distributions to Interest Holders and the value of the Securities.

The interest of the Manager, the principals and its other affiliates may conflict with your interests.

The Operating Agreement provides the Manager with broad powers and authority which could result in one or more conflicts of interest between your interests and those of the Manager, the principals and its other affiliates. This risk is increased by the Manager being controlled by Daniel S. Miller and Benjamin S. Miller, brothers who anticipate participating directly or indirectly in the Offering and may own a substantial percentage of the Class C Membership Units upon completion of the Offering. Potential conflicts of interest include, but are not limited to, the following:

- the Manager, the principals and/or its other affiliates may acquire and operate other real estate projects for their own respective accounts, whether or not competitive with the Property;
- the Manager, the principals and its other affiliates will not be required to disgorge any profits or fees or other compensation they may receive from any other business they own separate from the Company, and you will not be entitled to receive or share in any of the profits, return, fees or compensation from any other business owned and operated by the Manager, the principals and its other affiliates for their own benefit;
- the Company may engage the Manager or affiliates of the manager to perform services at prevailing market

rates. Prevailing market rates are determined by Management based on industry standards and expectations of what Management would be able to negotiate with a third party on an arm's length basis;

- the Manager, the principals and its other affiliates are not required to devote all of their time and efforts to the affairs of the Company; and
- the Company, the Manager, and the prospective Investors have not been represented by separate counsel in connection with the formation of the Company, the drafting of the Operating Agreement or the Subscription Agreement, or this Offering.

Certain affiliates of the Company may, from time to time, provide the Company with loans to pay third-party costs of the Property and some or all of the proceeds of this Offering or distributions could be used to repay such loans with interest.

The Company was party to an agreement to purchase the Property and closed on the purchase of the Property on June 5, 2012. In the event that the proceeds received in this Offering are insufficient to renovate or redevelop the Property, the Manager, Benjamin S. Miller, Daniel S. Miller and/or one or more of their affiliates may loan the Company funds necessary to consummate the transaction on commercially reasonable terms. Proceeds of this Offering may be used in whole or in part to repay any such loans, with interest.

RISKS RELATED TO TAXES

There are various federal income tax risks associated with an investment in the Units. Some, but not all, of the various risks associated with the federal income tax aspects of the Offering of which prospective Investors should be aware are set forth below. The effect of certain tax consequences on an Interest Holder will depend, in part, on other items in the Investor's tax return. No attempt is made herein to discuss or evaluate the state or local tax effects on any prospective Investor. Each prospective Investor is urged to consult the prospective Investor's own tax advisor concerning the effects of federal, state and local income tax laws on an investment in the Units and on the prospective Investor's individual tax situation.

There are risks related to the Status of the Company for Federal income tax.

The Company has been organized as a limited liability company under the laws of the Commonwealth of Virginia. The Company does not intend to apply for a ruling from the Internal Revenue Service (the "IRS") that it will be treated as a partnership for federal income tax purposes, but the Company intends to file its tax returns as a partnership for federal income tax purposes.

Because the partnership will be doing business in the District of Columbia, it may have to file a tax return in and be subject to the payment of income tax in the District of Columbia pursuant to the DC unincorporated business franchise tax. Prospective Investors should recognize that many of the advantages and economic benefits of an investment in the Units depend upon the classification of the Company as a partnership (rather than as an association taxable as a corporation) for federal income tax purposes. A change in this classification would require the applicable Company to pay a corporate level tax on its income which would reduce cash available to fund distributions to Interest Holders or for internally funding growth of the Company, prevent the flow-through of tax benefits, if any, for use on Interest Holders' personal tax returns, and could require that distributions be treated as dividends, which together could materially reduce the yield from an investment in the Company. In addition, such a change in the Company's tax status during the life of the Company could be treated by the IRS as a taxable event, in which event the Interest Holders could have tax liability without receiving a cash distribution from the Company to enable them to pay such tax liability. The continued treatment of each Company as a partnership is dependent on present law and regulations, which are subject to change, and on the Company's ability to continue to satisfy a variety of criteria.

Interest Holders may have possible Federal income tax liability in excess of cash distributions.

The Manager believes that there is a reasonable basis to assume that the Company will be treated as a partnership for federal income tax purposes and will not be subject to federal income tax. Each Interest Holder will be taxed on the Interest Holder's allocable share of the Company's taxable income, regardless of whether the Company distributes cash to Interest Holders. An Interest Holder's allocable share of the Company's cash distribution is subject to federal income taxation only to the extent the amount of such distribution exceeds the Interest Holder's tax basis in the Interest Holder's interest at the time of the distribution. Additionally, distributions, which exceed the amount for which an Interest Holder is considered "at-risk" with respect to the activity, could cause a recapture of previous losses, if any. There is a risk that an Interest Holder may not have sufficient basis or amounts "at-risk" to prevent allocated amounts from being taxable. Prospective Investors should be aware that although the Company will use reasonable efforts to make distributions in an amount necessary to pay income tax at the highest effective individual income tax rate on Company's income, the federal income tax on an Interest Holder's allocable share of the Company's taxable income may exceed distributions to such Interest Holder.

Deductibility of employee's salaries and other fees may be challenged.

To be deductible, payments for services must be ordinary and necessary expenses of a trade or business, reasonable in amount, and for services performed during the taxable year in which paid or accrued (or for past, but not future, years' services). The IRS has stated publicly that the deduction of fees and syndication costs will receive close scrutiny when returns are audited. If the informational tax return filed annually for federal income tax purposes by a Company is audited, no assurance can be given as to what extent the deductions claimed for these fees will be allowed. Any disallowance by the IRS which is not successfully rebutted will have the effect of increasing the taxable income of an Interest Holder by decreasing the allowable deduction attributed to each Interest Holder for the year in question.

Tax auditing procedures will be under control of the manager.

Any audit of items of income, gain, loss or credits of a Company will be administered at the partnership level. The decisions made by the Manager with respect to such matters will be made in good faith, but may have an adverse effect upon the tax liabilities of the Interest Holders.

Changes in Federal income tax laws and policies may adversely affect Interest Holders.

There can be no assurance that U.S. federal income tax laws and IRS administrative policies respecting the U.S. federal income tax consequences described in this Offering Circular will not be changed in a manner which adversely affects the Units of Interest Holders.

Risks related to tax shelter - imposition of accuracy-related penalty on underpayments (Code Section 6662).

An Interest Holder who is an individual could be subject to the Internal Revenue Code Section 6662 understatement penalty, if the Interest Holder's federal income tax liability is understated by the greater of \$5,000 or ten percent (10%) of the tax shown on the return. In the case of a corporation (other than an S corporation or a personal holding company), there is a substantial understatement of income tax for any taxable year if the amount of the understatement for the taxable year exceeds the lesser of (i) ten percent (10%) of the tax required to be shown on the return for the taxable year (or, if greater, \$50,000), or (ii) \$50,000,000. If applicable, the penalty is equal to twenty percent (25%) of the understatement.

The exceptions to the understatement penalty apply different standards based on whether the item giving rise to the tax understatement resulted from a "tax shelter." The term "tax shelter" is defined to include a partnership if a significant purpose of such partnership is the avoidance or evasion of federal income tax. The Manager believes that that there is a reasonable basis to assume that the Company should not be classified as a tax shelter for purposes of the understatement penalty. If a tax shelter does exist, the understatement penalty will not be reduced even with adequate disclosure on the Interest Holder's tax return.

Risks related to disclosure of "reportable transactions" and related penalties.

Pursuant to the regulations under Code section 6011, taxpayers are required to disclose with their tax return certain information for each “reportable transaction” in which the taxpayer participates. The disclosure is on Form 8886 Reportable Transaction Disclosure Statement filed with the taxpayer’s income tax return for each year which the taxpayer participates in a reportable transaction, with a copy to the Office of Tax Shelter Analysis (“OTSA”) in Washington, D.C. for the first taxable year for which the transaction is disclosed.

Reportable transactions fall into six categories: listed transactions (transactions that IRS has determined to be a tax avoidance transaction and identified by published guidance), confidential transactions, transactions with contractual protection, loss transactions, transactions with significant book-tax differences, and transactions involving a brief asset holding period.

Pursuant to Code Section 6111, each material advisor is required with respect to any reportable transaction to make a return of (i) information identifying and describing the transaction; (ii) information describing any potential tax benefits expected to result from the transaction; and (iii) other information as the Secretary may prescribe. A “material advisor” is defined as any person who (i) provides material aid, assistance or advice with respect to organizing, managing, promoting, selling, implementing, insuring or carrying out any reportable transaction; and (ii) directly or indirectly derives gross income in excess of \$250,000 (\$50,000 in cases involving a reportable transaction of which all of the tax benefits are provided to natural persons) or another amount as prescribed by the Internal Revenue Service.

A material advisor with respect to any reportable transaction is also required to maintain a list identifying each person with respect to whom the advisor acted as a material advisor with respect to the transaction.

Code Section 6662A - Imposition of Accuracy-Related Penalty on Understatements with Respect to Reportable Transactions, provides that a 20-percent accuracy-related penalty may be imposed on any reportable transaction understatement. In addition, a higher 30-percent penalty applies to a reportable transaction understatement if a taxpayer does not adequately disclose, in accordance with regulations prescribed under Code Section 6011, the relevant facts affecting the tax treatment of the item giving rise to the reportable transaction understatement.

Code Section 6707A - Penalty For Failure To Include Reportable Transaction Information With Return, imposes a penalty of \$10,000 on natural persons who fail to include on any return or statement any information with respect to a reportable transaction that is required under Code section 6011. All other taxpayers are subject to a \$50,000 penalty for the same type of violation. For failures with respect to listed transactions, the penalty is increased to \$100,000 for natural persons and \$200,000 for all other taxpayers.

These penalties are effectively automatic and apply even if there is no understatement of income.

IN VIEW OF THE FOREGOING, IT IS ABSOLUTELY NECESSARY THAT EACH AND EVERY PROSPECTIVE INVESTOR CONSULT WITH THE PROSPECTIVE INVESTOR’S OWN ATTORNEYS, ACCOUNTANTS AND OTHER PROFESSIONAL ADVISORS AS TO THE LEGAL, TAX, ACCOUNTING AND OTHER CONSEQUENCES OF AN INVESTMENT IN THE UNITS.

PURSUANT TO INTERNAL REVENUE SERVICE CIRCULAR NO. 230, BE ADVISED THAT ANY FEDERAL TAX ADVICE IN THIS COMMUNICATION, INCLUDING ANY ATTACHMENTS OR ENCLOSURES, WAS NOT INTENDED OR WRITTEN TO BE USED, AND IT CANNOT BE USED BY ANY PERSON OR ENTITY TAXPAYER, FOR THE PURPOSE OF AVOIDING ANY INTERNAL REVENUE CODE PENALTIES THAT MAY BE IMPOSED ON SUCH PERSON OR ENTITY. SUCH ADVICE WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTION(S) OR MATTER(S) ADDRESSED BY THE WRITTEN ADVICE. EACH PERSON OR ENTITY SHOULD SEEK ADVICE BASED ON THE ITS PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

DESCRIPTION OF THE COMPANY’S BUSINESS

Overview

The Company is a limited liability company formed in the Commonwealth of Virginia. The primary purpose of the Company is to acquire, own, hold, renovate, redevelop, construct, lease, manage, operate, mortgage, sell and otherwise dispose of the Property, which consist of real estate located at 906-908 H Street NE in Washington, DC. The Property is an approximately 3,010 lot consisting of a 6,510 square-foot two-story masonry building.

The Company was party to an agreement to purchase the Property for \$1,375,000 and closed on the purchase of the Property on June 5, 2012. In the event that the proceeds received in this Offering are insufficient to renovate or redevelop the Property, the Manager, Benjamin S. Miller, Daniel S. Miller and/or one or more of their affiliates may loan the Company funds necessary to consummate the transaction on commercially reasonable terms. Proceeds of this Offering may be used in whole or in part to repay any such loans, with interest.

Due to its prime location in the H Street corridor’s burgeoning entertainment zone, the Property offers renovation or redevelopment opportunities over the short-to-mid term. Although the Property is currently vacant, the Company believes the Property can be renovated or redeveloped into a 6,508 square foot restaurant. The Property is lot numbered Eight Hundred (800) in Square Nine Hundred and Thirty-Three (933).

Key Property Strengths

- Property is well-suited for a restaurant or entertainment venue
- Trolley line on H Street is under-construction and scheduled to open in 2013

Key Financial Highlights

- Projected 7.0% levered yield at stabilization, plus potential underlying real estate appreciation
- Growing local real estate market of H Street NE

Upon acquiring the Property, WestMill began working with an experienced architect and design team to create a prime retail space. The Property is well-positioned for renovation, with an adaptable façade and a deeper-than-usual lot, which can be turned into outdoor patio space.

The size and shape of the building make it suitable for a restaurant space. We estimate that it will take nine months to design, permit, and build-out the space, and that approximately \$1,000,000 in building improvements (both hard and soft costs) will be necessary for renovation construction and leasing. The Company plans to market the Property for lease using an online platform, called Popularise.com, which seeks input from the local community on the potential uses and tenants for the Property. Once the Property secures a lease, an affiliate of the Manager will lead a renovation of the building, including a new façade, gutting the structure, and build-out (such as sprinklers, electrical, plumbing, roofing, and carpentry).

The Manager is currently in talks with several of the city's small businesses that are actively seeking space on H Street NE. Newly built-out retail/restaurant space on H Street leases for approximately \$25 to \$35 per square foot ("PSF") (see comparable rents in table below). Once the lease has been signed and the property has been stabilized. Management also expects appreciation in the H Street NE real estate market. Assuming an annual net lease payment of \$180,000 per year, the levered yield at stabilization is projected to be approximately 7.0%. In addition to the direct income from a lease, Management anticipates the real estate property to appreciate. Historically, real estate has increased in value due to inflation and growth in the local neighborhood. With the public investment of Washington, DC's first trolley line and the construction of new residential housing on H Street, Management is optimistic about the appreciation in the H Street sub-market.

The following comparable net "asking" rents in Washington, DC, as of December 15th, 2011, are for currently vacant buildings in similar condition that are on the market and available for rent:

Location	Rentable SF	Proposed Use	Days on Market	Rent per SF
1380 H Street NE	4,000	Retail/Restaurant	120	\$30
818 H Street NE	2,000	Retail/Restaurant	90	\$28
510 H Street NE	2,400	Retail/Restaurant	N/A	\$35

Source: Loopnet.com

While the H Street corridor is popular with nightlife and other themed drinking establishments, the Manager believes it is underserved for other uses, such as retail or full-service restaurants. The neighborhood is poised to experience a growth in new residents due to the imminent completion of the trolley and more than 1,000 residential units under construction or in planned unit development. As a result, the demand for restaurants and retail should increase.

The Property is currently encumbered by a mortgage whereby a first lien deed of trust secures a variable promissory note (the "Note") to City First Bank of DC, NA ("CFB") in the original principal amount of \$1,635,000, of which approximately \$865,000 was drawn down at purchase and the remaining \$770,000 will be used for the redevelopment of the Property. The Note is guaranteed by Benjamin S. Miller and Daniel S. Miller. The loan is a variable rate loan from June 5, 2012 to December 5, 2013 at which time the Company must begin to make payments to loan principal at a 25-year amortization rate and 5.25% interest rate. The entire outstanding Note is due and payable on December 5, 2023. Beginning with the period commencing December 5, 2013, the Property shall support at all times a Debt Service Coverage Ratio ("DSCR") for the Property of not less than 1.20:1.00. If at any time the Property is not leased and occupied with a tenant paying rent or does not have an Acceptable DSCR, the Company shall have the option to post cash collateral equal to the amount of principal and interest due under the Note for the one year period.

The Company conducted a series of customary environmental tests and studies on the site prior to its acquisition of the Property on June 5, 2012. This assessment has revealed no evidence of recognized environmental conditions in connection with the property; however, the following item of environmental concern was identified which warrants mention:

Based on the age of the building, the friable acoustical ceiling tiles and the non-friable resilient floor finish assemblies, wallboard assemblies, caulking, mastics, and roofing system components may contain asbestos. Since these materials are in good condition and the potential for fiber release is low, no further action is recommended at this time, other than maintaining the materials in good condition under an Asbestos Operations and Maintenance (O&M) Program. In the event that building maintenance, renovation, or demolition activities require the removal or disturbance of the suspect ACM, IVI recommends that they be characterized for asbestos by a material specific reliable method for detecting asbestos. All activities involving ACM should be conducted in accordance with governmental regulations.

The Company believes that while the Washington, DC retail real estate market has been strong over the last five years, there exists a gap for local operators in emerging markets, mainly due to a lack of traditional financing. The Company believes that these inefficiencies in the market provide opportunities for well-capitalized and creative Investors with an understanding of local real estate.

A fully leased and renovated Property offers an opportunity for current Cash Flow over the mid-term, while providing for long-term appreciation of the Property as H Street continues its emergent growth as one of the most rapidly transforming neighborhoods in Washington, DC.

The Company expects to sell or refinance the Property within three to five years of the date of this Offering.

Market Context

The Property is one of the remaining un-renovated parcels along the entertainment strip on the south side of H Street NE, between 13th and 14th Streets. H Street NE is a half-mile commercial district that is home to over 100 retail shops, a vibrant collection of new restaurants, clubs, coffee houses and diverse dining opportunities catering to DC's young professionals and long-term residents. H Street NE is a transforming new entertainment district in Washington, DC. In the last 5 years, more than 35 new restaurants have recently opened or are presently under construction.

H Street, NE is also an integral part of the Great Streets Initiative, an economic development project led by the District of Columbia to transform up-and-coming corridors into thriving neighborhood commercial districts. Over \$65 million in new streetlights, curbs and sidewalks, trees and landscaping have been, and will be, invested in the H Street, NE corridor. The fruits of this investment are being realized today with the planning and construction of more than 1,000 residential units, building renovations, and storefront improvements that are breathing energy and excitement into this neighborhood bordered by Capitol Hill, Stanton Park and Downtown.

The H Street corridor will be the first streetcar line in the District's ambitious 37-mile, \$1.5 billion streetcar network. Despite the political uncertainties surrounding the construction of the entire network, the H Street NE line is already under construction. The District Department of Transportation estimates the line will be completed in 2013.

Once completed, the streetcar line will run from near Union Station, a Metro and commuter train hub, along H Street NE to Benning Road and stop before the Anacostia River. The H Street Corridor will benefit from improved public transportation and the unique attraction of having the only trolley in the city.

Property Background

In 2003, the City of Washington adopted a plan for the revival of the corridor anchored by the Atlas Theater – a 1930s-style movie theater that had stood vacant since the 1968 riots. The refurbished, historic landmark now

includes more than 59,000 square feet: four theatres, three dance studios, offices, dressing rooms, lobbies, cafe, and production and rehearsal space. As part of the renovation, the City's economic development plans embraced the creation of an arts and entertainment zone as a method of social and economic revitalization.

The Manager is a development stage company that was formed on April 20, 2012, as a Virginia limited liability company. The sole purpose of the Manager is to acquire, own, hold, renovate, redevelop, construct, lease, manage, operate, mortgage, sell and otherwise dispose of fee simple real estate located in Washington DC. The Manager has evaluated a number of potential properties for acquisition in Washington, DC and to date lead the successful acquisition of 906 H Street, NE. Otherwise, it has a limited operating history and has generated limited revenue.

The Manager's current fee schedule is as follows:

- Acquisition and/or Sale of the Property: 1% of the price of the Property
- Development: 5% of total development costs, including the acquisition of the Property, plus reimbursement for hourly staff time at a 3 times multiple of direct hourly wages
- Leasing of the Property: (A) 3% of base rent of initial term, and (B) 1% of base rent of renewal term
- Asset Management: 1% of the cash investment in the Property per year
- Financing: 1% of the amount of any refinancing of the Property
- Guaranty Fee (Non-Recourse): 1% of the principal amount of any non-recourse loan
- Guaranty Fee (Recourse): (A) 1% of the principal amount of any recourse loan, and (B) 1% of the full loan amount

WestMill will receive a 1% asset management fee. In addition, WestMill may perform other services outside the scope of the fee schedule set forth above, for which WestMill would receive fees at the prevailing market rate. Prevailing market rates are determined by Management based on industry standards and expectations of what Management would be able to negotiate with a third party on an arm's length basis.

The Manager is an affiliate of WestMill, a value-oriented real estate investment platform specializing in financing, development, leasing, and operations of retail and mixed-use Property in the greater Mid-Atlantic region. Leveraging the long history of its family business, Western Development Corporation—a premier mixed-use, retail development company in Washington, DC—WestMill focuses on acquiring and reinventing properties with untapped development potential. The Company has engaged WestMill for ongoing asset management. WestMill may receive fees at the prevailing market rate.

The Company has no employees and does not plan to hire any employees in the next twelve months.

Management of Property

The Property is currently vacant and the Company currently has no source of revenue. After acquiring the Property, the Company plans to either renovate or redevelop the Property. Following renovation or redevelopment, the Company's sole source of revenue is expected to come from a single tenant occupying the Property.

Management believes the following scenario is most likely for the Property:

Renovation and Lease: The Property could be renovated into a retail or restaurant venue. The size and shape of the building already fit the potential use with an estimated \$1,000,000 of total development improvements necessary to convert the building. Recent comparable net rents are \$25 to \$35 per square foot annually.

The following table provides comparable net “asking” rents in Washington, DC, as of December 15, 2011. The examples in the table are currently vacant buildings in similar condition to the Property that are on the market and available for rent:

Location	Rentable SF	Proposed Use	Days on Market	Rent per SF
1380 H Street NE	4,000	Retail/Restaurant	120	\$30
818 H Street NE	2,000	Retail/Restaurant	90	\$28
510 H Street NE	2,400	Retail/Restaurant	N/A	\$35

Source: Loopnet.com

The Property is located at 906-908 H Street, NE, specifically within the District of Columbia’s designated neighborhood-serving retail shopping district for the H Street NE corridor. According to the District of Columbia’s Office of Zoning:

“The H Street Northeast Neighborhood Commercial Overlay District (HS) was established to provide use (commercial and residential), density, design, and planned unit development requirements for lots fronting on H Street, N.E. from 2nd Street to 15th Street, N.E. The overlay is broken up into geographical sub-districts. The purposes of the HS Overlay are to... encourage the clustering of uses into unique destination districts, specifically a housing district from 2nd Street to 7th Street, a neighborhood-serving retail shopping district from 7th Street to 12th Street, and an arts and entertainment district from 12th Street to 15th Street.” (Source: District of Columbia’s Office of Zoning at <http://dcoz.dc.gov/info/overlay.shtm>)

Within the arts and entertainment district there are a number of small buildings of 1,000 to 5,000 square feet competing for commercial tenants, such as restaurants, bars, retailers, and community services. These buildings provide unique storefronts and may be able to lease at a lower rates per square foot due to existing building conditions and acquisitions prices below replacement costs. On the other hand, many of these buildings are already leased to successful restaurants and bars, offering competition for neighborhood traffic and dining.

The closest major competitor along the H Street NE Corridor is 1348 H Street, NE, a 4,705–square-foot building located on the northern side of H Street, NE between 13th and 14th Street. While this property and others could potentially compete for tenants and financing if the Company redevelops 906-908 H Street, management views these developments as a benefit, bringing new residents, improved streetscape and street vitality, and overall urban renewal to the neighborhood.

Regulation

The Company’s business practices and the Property are regulated by numerous federal, state and local authorities, including but not limited to the following:

U.S. State and Federal Securities Laws

The Class C Membership Units offered hereby are “securities,” as defined in the Securities Act and state securities laws. The Securities Act provides, among other things, that no sale of any securities may be made except pursuant to a registration statement that has been filed with the US Securities and Exchange Commission (the “SEC”), and has become effective, unless such sale (or the security sold) is specifically exempted from registration. State securities laws have analogous provisions.

The Class C Membership Units being offered hereby have not been registered under the Securities Act. Neither the SEC nor any state securities commission or regulatory authority approved, passed upon or endorsed the merits of this offering. The offering and proposed sale of Class C Membership Units described herein shall be made pursuant to an exemption from registration with the SEC pursuant to Regulation A, and shall only be offered in states in which the registration of the offer and sale of the securities has been declared effective.

Environmental Regulations

Federal, state and local laws and regulations impose environmental controls, disclosure rules and zoning restrictions that directly impact the management, development, use, and/or sale of real estate. Such laws and regulations tend to discourage sales and leasing activities with respect to some properties, and may therefore adversely affect us specifically, and the real estate industry in general. Our failure to uncover and adequately protect against environmental issues in connection with the target purchase of real estate may subject us to liability as buyer of such property or asset. Environmental laws and regulations impose liability on current or previous real property owners or operators for the cost of investigating, cleaning up or removing contamination caused by hazardous or toxic substances at the property. The Company may be held liable for such costs as a subsequent owner of the Property. Liability can be imposed even if the original actions were legal and the Company had no knowledge of, or were not responsible for, the presence of the hazardous or toxic substances. Further, the Company may also be held responsible for the entire payment of the liability if it is subject to joint and several liability and the other responsible parties are unable to pay. The Company may also be liable under common law to third parties for damages and injuries resulting from environmental contamination emanating from the site, including the presence of asbestos containing materials. Insurance for such matters may not be available. Additionally, new or modified environmental regulations could develop in a manner that could adversely affect us.

Certain laws and regulations govern the removal, encapsulation or disturbance of asbestos containing materials (“ACMs”), when those materials are in poor condition or in the event of building renovation or demolition, impose certain worker protection and notification requirements and govern emissions of and exposure to asbestos fibers in the air. These laws may also impose liability for a release of ACMs and may enable third parties to seek recovery against the Company for personal injury associated with ACMs.

Americans with Disabilities Act

Under the Americans with Disabilities Act (the “ADA”), all places of public accommodation are required to meet certain federal requirements related to access and use by disabled persons. The Property must comply with the ADA to the extent that they are considered “public accommodations” as defined by the ADA. The ADA may require removal of structural barriers to access by persons with disabilities in public areas of the Property where such removal is readily achievable. We believe that our Property are or will be in substantial compliance with the ADA and that we will not be required to make substantial capital expenditures to address the requirements of the ADA after completion of the redevelopment. In addition, we will continue to assess our compliance with the ADA and to make alterations to the Property as required.

Other Laws and Regulations

The Company is required to operate the Property in compliance with fire and safety regulations, building codes and other land use regulations, as they may be adopted by governmental agencies and bodies and become applicable to our Property. It is also required to comply with labor laws and laws which prohibit unfair and deceptive business practices with consumers. The Property are also be subject to a variety of local, state and federal statutes, ordinances, rules and regulations concerning fair housing and real estate transactions in general. These laws may result in delays if the Property are re-developed. Additionally, these laws might cause the Company to incur substantial compliance and other costs. The Company may be required to make substantial capital expenditures to comply with those requirements and these expenditures could have a material adverse effect on its ability to pay dividends to shareholders at historical levels or at all. The Company is currently registered as a foreign limited liability company in the District of Columbia. The Company may suffer adverse consequences if such registration was revoked or suspended.

USE OF PROCEEDS

The maximum gross proceeds to the Company from the sale of Units are \$350,000, or such higher amount as may be accepted by the Company. The Company expects net proceeds after offering expenses of approximately \$300,000. Expenses of the Offering are estimated to be approximately \$50,000. Net proceeds generated from this Offering will be used (i) to provide pre-lease build-out and tenant allowance (ii) to create a contingency fund for renovation and interest reserve for the Property, and/or (iii) for working capital.

Management is currently marketing the space and intends to find an acceptable tenant for the Property and execute a lease. After executing a lease, Management expects its responsibilities to be funding initial buildout of the Property, including heating, ventilation, and air conditioning (HVAC), electrical, plumbing, and a new façade. Management has already arranged for the debt financing to fund such building improvements.

After performing the buildout, Management intends to turn over the Property to the tenant to complete the build-out, which will likely include fixtures, equipment, and furniture (FF&E), a kitchen, and other improvements necessary to open. The tenant buildout is expected to take between three to six months to complete.

The Timing and Use of Proceeds are projected to occur as follows:

Milestone Table

Milestone	Method of Achievement	Projected Date	Estimated Cost of Completion
Pre-lease Construction Build-out	Architectural plans and permits, construction of cold dark shell and event space	Sept – Nov 2012	\$275,000
Executed Lease	Market space, negotiate lease, design and scope cost for build out	Feb 2013	\$15,000
Tenant’s Rent Commencement	Grand Opening	November 2013	\$10,000

All subscription funds that are accepted shall be deposited directly into a segregated bank account owned by the Company at its bank, CFB. Subscription funds placed in the Company’s account may only be accepted by the Company in accordance with the Subscription Agreement between the Company and each subscriber of Units (attached as Exhibit 4). The Company may return any funds it receives if it decides that it will not accept an Investor’s subscription for Units. Additionally, the Company may reduce the size of a subscription or only partially fulfill a subscription with the unfulfilled portion still held in its bank account if fulfilling the full subscription amount would cause it to make a distribution in excess of \$350,000. If the Offering is over-subscribed, no additional funds over \$350,000 will be accepted. While the Units are not offered on an “all or none” basis, this Offering shall terminate on the date that the maximum amount of \$350,000 is raised, or, if an amount less than \$350,000 is raised, upon the earlier of (1) one year after the effective date of the Offering Circular or (2) a date prior that is so determined by the Manager (the “Offering Period”).

As illustrated in the table below, net proceeds of this Offering will be used to establish a development reserve for the Company in anticipation of future development of the Property. The development reserve will consist of monies that are placed in a reserve account at a major bank.

DETERMINATION OF THE OFFERING PRICE

The offering price has been arbitrarily determined by the Manager and may not bear any relationship to assets acquired or to be acquired or the book value of the Company or any other established criteria or quantifiable indicia for valuing a business. Neither the Company nor the Manager represents that the Units have or will have a market value equal to their offering price or could be resold (if at all) at their original offering price.

DILUTION

Our net tangible book value as of June 30, 2012 is approximately \$698,901. Net tangible book value per Unit is determined by dividing our total tangible assets, less total liabilities, by the membership interests outstanding. Dilution in net tangible book value per percentage interest represents the difference between the amount per percentage interest paid by purchasers of the Units in this Offering and the net tangible book value per percentage interest immediately after this Offering.

After giving effect to the sale of 3,500 Units (representing 25.00% of the membership interests outstanding) in this Offering at the offering price of \$100 per Unit, and after deducting the estimated offering expenses payable by us, our as adjusted net tangible book value as of June 30, 2012 would be approximately \$998,901, or \$71.35 per membership interest. This represents an immediate increase in net tangible book value of approximately \$3,000.00 (42.92%) to the Class A member (or approximately \$4.79 per Class A Membership Unit), an immediate increase in net tangible book value of approximately \$47,274.75 (6.83%) to the Class B member (or approximately \$4.79 per Class B Membership Unit), and an immediate decrease in net tangible book value of approximately \$100,274.75 (33.42%) to new Investors purchasing Units in the Offering (or approximately \$28.65 per Class C Membership Unit).

The above discussion and calculations are based on (i) Class A Membership Units and Class B Membership Units representing 100% of the issued and outstanding membership interests of the Company as of the date of this Offering Circular, and (ii) Class A Membership Units, Class B Membership Units and Class C Membership Units representing 1.00%, 74.00% and 25.00%, respectively, of the issued and outstanding membership interests of the Company following the Offering. We may choose to raise additional capital due to market conditions or strategic considerations even if we believe we have sufficient funds for our current or future operating plans. To the extent that additional capital is raised through the sale of equity or convertible debt securities, the issuance of these securities could result in further dilution to Interest Holders.

DISTRIBUTIONS

The following is a description of the material terms of the Offering relating to distributions to all members of the Company including Investors as described in the Company's Operating Agreement. This description is not complete and is qualified in its entirety by reference to the Company's Operating Agreement which is attached as Exhibit 3 to this Offering Circular. Prospective Investors should consult the Operating Agreement for a complete description of the terms upon which distributions are to be made. In addition, prospective Investors should read the sections entitled "Forward-Looking Statements" and "Risk Factors" for information regarding statements that do not relate strictly to historical or current facts and certain risks inherent in our business.

General

We do not intend to make any cash distributions to Investors until such time as we have made payment of all liabilities, including, without limitation, the replenishment or creation of additional cash reserves. Due to the inherent risk of real estate management and development, we cannot ensure that we will make any cash distributions, and even if we do, we can give no assurances about the amount and timing of such distributions.

The term "Cash Flow," as defined in the Company's Operating Agreement attached as Exhibit 3, means all cash funds derived from operations of the Company (including interest received on reserves), without reduction for any non-cash charges, but less cash funds used to pay current operating expenses, including fees due to the Manager, and to pay or establish reasonable reserves for future expenses, debt payments, capital improvements, and replacements as determined by the Manager; and in connection with the sale, conveyance, assignment or transfer of the Company or any of its assets, or in connection with the dissolution or winding up of the Company, less cash funds used to pay the costs of the transaction in question, including fees due to the Manager, or all final costs, expenses and indebtedness of the Company. Cash Flow shall be increased by the reduction of any reserve previously established.

All Cash Flow will be distributed and applied by the Company in the following order of priority (i) to the payment of all debts and liabilities of the Company then due and payable, excluding all debts and liabilities due to any Interest Holder; then (ii) to the payment, on a *pro-rata* and *pari passu* basis, of any outstanding principal amount of any loan made by any Interest Holder; then (iii) to the Interest Holders, *pro-rata* and *pari passu* in proportion to the aggregate amount of accrued but unpaid Preferred Return then due and payable to such Interest Holders; then (iv) to the Interest Holders on a *pari passu* basis in proportion to their Adjusted Capital Balances, until their remaining Adjusted Capital Balances have been reduced to zero; then (v) finally, and on a *pari passu* basis, (a) seventy percent (70%) of any remaining Cash Flow shall be distributed to the Class B Members and the Class C Members, *pro rata* and *pari passu*, in proportion to their relative percentage interests, without regard to the percentage interest held by the Class A Member, and (b) thirty percent (30%) of any remaining Cash Flow shall be distributed to the Class A Member.

Recoupment of Member Loans

If any member, including an Investor, had provided funds to the Company on behalf of another member pursuant to a capital call by the Manager, then such loan shall bear interest at 15% per annum. We intend to make cash distributions to the lending member(s) from Cash Flow distributable to the non-contributing member(s). Such distributions are to be made only after the payment of the Company's debts and liabilities and each member's Preferred Return.

Recoupment of Investments

After the payment of debts and liabilities, the Preferred Return and principal and interest of member loans, we intend to make cash distributions to all Interest Holders until their total investments shall have been fully repaid. Distributions will be made *pari passu* based on an Interest Holder's percentage interest.

Preferred Return

Investors who make capital contributions to the Company are entitled to a return on investment calculated at the rate

of 10%, compounded monthly (the “Preferred Return”) on such Capital Contributions commencing to accrue on the date each Capital Contribution is made until such Capital Contribution is repaid or returned in full.

Distribution of Profits

Following the Offering, and subject to possible dilution, Class C members in aggregate will be entitled to a share of all distributions of Cash Flow if any such distributions are available after the payment of debts and liabilities, principal and interest of member loans and adjusted capital balances are distributed.

The Company has issued no options or warrants, but Management received a carried interest in the Company through the Class A Member's 30% share of Cash Flow. Once Investors have received a 10% preferred return and a return of their Capital Contribution, the Class A Member is entitled to 30% of the Cash Flow thereafter.

Distributions of Cash Flow, if any, for each class of the Company’s membership interests following this Offering, assuming that all 3,500 Units are sold.

Member	Class of Membership Interest	% of Distribution of Cash Flow Before Offering	% of Distribution of Cash Flow After Offering
Fundrise Manager 906 H Street NE, LLC	A	30	30
Class B investors	B	70	52.32*
Purchasers in this Offering	C	0	17.68*

**Subject to possible dilution*

Dissolution or Liquidation Distribution

If the Company is dissolved or liquidated, the assets of the Company shall be distributed to the Interest Holders using the same method for distributions of Cash Flow.

MANAGEMENT'S DISCUSSION AND ANALYSIS FINANCIAL CONDITION AND RESULTS OF OPERATION

The following discussion and analysis should be read in conjunction with (i) our financial statements and (ii) the section entitled “Description of the Company’s Business,” included in this Offering Circular. The discussion contains forward-looking statements that involve risks, uncertainties and assumptions. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of many factors, including, but not limited to, those set forth under “Risk Factors” and elsewhere in this Offering Circular.

Overview

The primary purpose of the Company is to acquire, own, hold, develop, construct, lease, manage, operate, mortgage, sell and otherwise dispose of the Property. The Company closed on the purchase of the Property for \$1,375,000 on June 5, 2012, with additional settlement costs of \$137,848.44 and estimated redevelopment costs of \$1,000,000. The beneficial owner of our Class A Membership Units, and Manager of the Company, is the Fundrise Manager 906 H Street NE LLC. Since inception, the Fundrise 906 H Street NE, LLC has raised \$700,000 (the “Initial Capital Contributions”) in exchange for the Class B membership units it received. The Company plans to use a portion of the Initial Capital Contributions and will use the available proceeds of a senior secured loan from CFB of \$1,635,000 to redevelop the Property. The loan is personally guaranteed by Benjamin S. Miller and Daniel S. Miller.

be sufficient to fund the expenses related to this Offering, but, our Class A member will make capital contributions required to fund the offering expenses if no other proceeds are obtained by the Company. However, there is no contract or written agreement in place for such funds with our Class A member or its beneficial owners. Pursuant to the Section titled "Use of Proceeds," if the Company is unable to raise enough funds to cover expenses related to this Offering, it will not be able to establish a development contingency reserve for the Company in anticipation of future development of the Property, pay certain legal fees in connection with the ongoing filings for the Property.

Currently, Fundrise Manager 906 H Street NE, LLC serves as the asset manager of the Property and charges the Company a fee of 1% of invested capital for such services. Over the next 12 months, the Manager may demand regular reimbursement of certain expenses related to the asset management services, such as for third-party accounting and audits, which might be in excess of \$11,000 annually.

Financings

In the future, we may need to raise additional capital through the issuance of additional membership interest. If we issue additional membership interests, our then-existing members may face substantial dilution. In addition to diluting our then-existing members, we may be obligated to pay a substantial amount of regular income to future investors, which would reduce our cash available for working capital and development of the Property.

Currently, we do not have any arrangements for any financing for the sale of membership interests or any other method of financing, and we can provide no assurances to Investors that we will be able to obtain any financing when required on commercially reasonable terms or at all. The only cash immediately available to us is the cash in our bank account.

Quantitative and Qualitative Disclosures About Market Risk

Market risk includes risks that arise from changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market sensitive instruments. In pursuing our business strategies, the primary market risk which we expect to be exposed to in the future is interest rate risk. We may be exposed to interest rate changes primarily as a result of any debt we may incur. We expect that some of our future debt may have variable interest rates. We may use interest rate caps to manage our interest rate risk relating to our variable rate debt. While our Note has a variable interest rate, at property stabilization the Company will fix the interest rate for approximately 108 months thereafter.

LEGAL PROCEEDINGS

We are not currently a party to any legal proceedings.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. NOTES TO FINANCIAL STATEMENTS

NOTE 1. ORGANIZATION

Fundrise 906 H Street NE, LLC, a Virginia limited liability company (the Company) was formed on April 20, 2012. The sole purpose of the Company is to acquire, own, hold, renovate, redevelop, construct, lease, manage, operate, mortgage, sell and otherwise dispose of fee simple real estate located at 906-908 H Street NE in Washington, DC (the property). The Company plans to renovate or redevelop the property and lease it to a retail tenant. Between the date of formation, April 20, 2012, and the acquisition of the property June 5, 2012, the Company's activity was limited to obtaining capital through an offering memorandum under Regulation D of the Securities Act of 1933.

At June 30, 2012, the Sole Class A member of the Company representing 1% of the ownership interests (voting) was Fundrise Manager 906 H Street NE, LLC (The Manager). The Company obtained capital through the sale of Class B Membership units representing 99% of the ownership interests (non-voting) for a total of \$700,000 at \$50,000 per unit.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment in Real Estate

The cost of acquired property including all costs associated with the purchase have been capitalized and allocated to land and building. The property was vacant on June 5, 2012. A summary of the purchase price allocated to the components is as follows:

Land	\$ 820,931
Building	<u>620,640</u>
Total	<u>\$1,441,571</u>

Depreciation will be provided for in amounts sufficient to relate the costs of depreciable assets to operations over their estimated service lives when the property is improved and ready for its intended use. Improvements are capitalized, while expenditures for maintenance and repairs will be charged to expense as incurred. No depreciation expense was incurred for the period from June 5, 2012 (date of acquisition) through June 30, 2012.

Impairment of Long-Lived Assets

The Company reviews its real estate for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount to the future net cash flows undiscounted and without interest, expected to be generated by the asset. If such assets are considered to be impaired, the amount of impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets.

Management believes no impairment in the net carrying value of the real estate has occurred for the period presented.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Deferred Financing Costs

The costs of obtaining the real estate loan have been capitalized. The financing costs are amortized over the term of the loan using a straight-line method. Accounting principles generally accepted in the United States of America require that the effective yield method be used to amortize financing costs; however, the effect of using the straight-line method is not materially different from the results that would have been obtained under the effective yield method. Amortization will begin July 1, 2012 and will be capitalized to construction in progress. Annual amortization expense over the next five years through June 30, 2017 is estimated to be \$6,790 per year.

Income Taxes

The Company has elected to be treated as a pass-through entity for income tax purposes and, as such, is not subject to income taxes. Rather, all items of taxable income, deductions and tax credits are passed through to and reported by its owners on their respective income tax returns. The Company's federal tax status as a pass-through entity is based on its legal status as a limited liability company. Accordingly, the Company is not required to take any positions in order to qualify as a pass-through entity. The Company is required to file tax returns with the Internal Revenue Service and other authorities. Accordingly, these financial statements do not reflect a provision for income taxes and the Company has no other tax positions which must be considered for disclosure.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3. RESTRICTED CASH

Under the terms of the loan agreement, pursuant to the Collateral Assignment, the Company will maintain a bank account pledged as security for the payment of all liabilities to the lender. The initial balance is \$125,000 and will be interest bearing.

NOTE 4. NOTES PAYABLE, BANK

On June 5, 2012, the Company entered into a promissory note agreement with a bank for the total amount of \$1,635,000. The loan will be advanced in accordance with Article II of the loan agreement to be used for the acquisition and renovation of the property. The initial advance of \$1,035,000 was used for the purchase of the property and the balance will be used for the renovation. Per the agreement, the completion date must be within eighteen months from June 5, 2012. The loan is secured by the property and guaranteed by Fundrise Manager 906 H Street NE, LLC and personally by Fundrise Manager's individual members. Interest only is payable during the construction period through December 5, 2013 at the fluctuating rate which is 1% per annum above the wall street journal prime rate. At the conversion date (construction is complete), the company must begin to make payments of principal and interest amortized over a 25 year term at an initial interest rate of 5.25%. The interest rate will adjust five years from the initial conversion date. The loan is due in full on December 5, 2023.

In the event the Company needs additional funds, the Manager shall first use its commercially reasonable efforts, for and on behalf of the Company, to borrow such funds in the Company's name from third parties on such terms and conditions and with such security as the Manager may deem appropriate. In the event that all required additional capital is not obtained by the Company as aforesaid, if required by the Manager, then the Members shall be required, on a *pro-rata* basis (based on their respective Percentage Interests), to make additional Capital Contributions to the Company as necessary to fund the additional capital required by the Company (hereafter referred to as the "Required Amount"). In the event any Member fails to fund its proportionate amount of the Required Amount, then the other Members may (but shall not be required to) contribute such capital on behalf of the defaulting Member (if more than one such other Member desires to make such contribution, they shall do so in proportion to their Percentage Interests). Such capital shall be deemed a loan from the contributing Member(s) to the non-funding Member bearing interest at fifteen percent (15%) per annum, and the full amount of said loan and accrued interest shall be paid to the contributing Member(s) out of distributions of Cash Flow otherwise required to be made to the non-funding Member under Section 4.1 below, until the full amount of such loan,

and all interest accrued thereon, has been repaid in full (and before any cash amounts otherwise required to be distributed to the non-funding Member under Section 4.1 are paid over to the non-funding Member). The foregoing provisions of this Section are not intended to be for the benefit of any creditor or other person (other than a Member in his capacity as a contributing Member making a loan to a non-funding Member hereunder) to whom any debts, liabilities, or obligations are owed by (or who otherwise have any claim against) the Company or any of the Members, and no such creditor or other person shall obtain any right under any such foregoing provision or shall by reason of any such foregoing provision make any claim in respect of any debt, liability, or obligation (or otherwise) against the Company or any of the Members. Further, in the event that all required additional capital is not obtained by the Company pursuant to the foregoing provisions, and in the event the lack of funds threatens the viability of the Company, the Manager agrees that it will promptly commence to market the Property for sale.

3.3. No Interest on Capital Contributions. Other than the Preferred Return, as provided for herein, no interest or annual return shall be paid on Capital Contributions.

3.4. Return of Capital Contributions. Except as otherwise provided in this Agreement, no Member shall have the right to receive any return of any Capital Contribution.

3.7. Loans. Any Member may, at any time, make or cause a loan to be made to the Company in any amount which the Company and the Member agree. Any such loan shall bear interest at the same interest rate provided for in Section 3.2.2 above with regard to loans made by a contributing Member to a non-funding Member thereunder.

Section IV Profit, Loss and Distributions

4.1. Cash Flow. From time to time, and at the sole discretion of the Manager, but subject to the provisions of Section 3.2.2, above, which require amounts otherwise distributable to a non-funding Member under this Section 4.1 to be applied to repay accrued interest and principal due with respect to any loan made from a contributing Member to such non-funding Member pursuant to (and as described in) Section 3.2.2, above, Cash Flow shall be applied and/or distributed by the Company in the following order of priority:

(a) first, to the payment of all third party debts and liabilities of the Company then due and payable, excluding all debts and liabilities due to any Interest Holder; *then*

(b) second, to any Interest Holder making a loan to the Company, *pro-rata* and *pari passu*, in an amount necessary to repay all outstanding amounts due under any loan made by Interest Holders to the Company; *then*

(c) third, to the Interest Holders, *pro-rata* and *pari passu* in proportion to the aggregate amount of accrued but unpaid Preferred Return then due and payable to such Interest Holders; *then*

(d) fourth, to the Interest Holders, *pro rata* in proportion to their Adjusted Capital Balances, until their remaining Adjusted Capital Balances have been reduced to zero; *then*

(e) finally, and on a *pari passu* basis, (i) seventy percent (70%) of any remaining Cash Flow shall be distributed to the Investor Members, *pro rata* and *pari passu*, in proportion to their relative Percentage Interests, without regard to the Percentage Interest held by the Class A Member, and (ii) thirty percent (30%) of any remaining Cash Flow shall be distributed to the Class A Member.

4.2. Allocation of Profit or Loss. After giving effect to the allocations and/or adjustments required by Section 4.3 hereof, Profits and Losses for any fiscal year shall be allocated as follows:

(a) Profits shall be allocated: (i) first, to each Member which has previously been allocated Losses pursuant to Section 4.2(b), below, which have not been fully offset by allocations of Profits pursuant to this Section 4.2(a)(i) (“Unrecovered Losses”) until the cumulative amount of Profits allocated to each such Member pursuant to this Section 4.2(a)(i) is equal to the cumulative amount of Losses which have been allocated to such Member pursuant to Section 4.2(b), below, it being understood that Profits allocated pursuant to this subsection (i) shall be allocated to the Members in proportion to their respective Unrecovered Losses; (ii) second, to the Members proportionate with the cumulative amount distributed to such Member pursuant to Section 4.1(c), above; and (iii) third, to the Members in accordance with Section 4.1(d) above.

(b) Losses shall be allocated to the Members (i) first, in accordance with their positive Capital Account balances, on a *pro-rata* basis, until such accounts are reduced to zero, and (ii) thereafter in accordance with their Percentage Interests.

(c) Notwithstanding Section 4.2(b) hereof and after application of Treasury Regulation Section 1.704-1(b)(2)(ii)(d), until the terms of the following sentence are satisfied, no such Losses shall be allocated to a Member which would cause such Member to have an Adjusted Capital Account Deficit at the end of any fiscal year. Any Losses not allocated to a Member due to the foregoing limitation instead shall be allocated to the Members with positive Capital Account balances in proportion to such Capital Account balances until all such Capital Account balances have been reduced to zero.

(d) Upon any Terminating Capital Transaction, and after adjusting each Member’s Capital Account for the fiscal year in which such Terminating Capital Transaction occurs for all Capital Contributions and distributions made during such fiscal year, and for all other special allocations made pursuant to Section 4.3, below, all Profit and Loss from such Terminating Capital Transaction shall be allocated to the Members’ Capital Accounts in a manner such that, as of the end of such fiscal year, the Capital Account of each Member (which may be either a positive or negative balance) shall equal, as nearly as possible, (a) the amount

that would be distributed to such Member in a Hypothetical Liquidation (based on the purchase price associated with such Terminating Capital Transaction) at the end of the last day of such Fiscal Year, minus (b) the sum of (i) such Member's share of Partnership Minimum Gain (as determined according to Treasury Regulations Sections 1.704-2(d) and (g)(3)) and Partner Nonrecourse Debt Minimum Gain (as determined according to Treasury Regulations Section 1.704-2(i)) and (ii) the amount, if any, such Member is obligated to contribute to the capital of the Company as of the last day of such Fiscal Year, provided, however, that no Loss may be allocated to a Member to the extent such an allocation would result in an Adjusted Capital Account Deficit for such Member. For purposes of the foregoing:

(i) "Fiscal Year" shall mean means the taxable year of the Company, which shall be the calendar year, *provided that* upon termination of the Company, the term "Fiscal Year" will mean the period from the end of the last preceding Fiscal Year to the date of such termination; and

(ii) "Hypothetical Liquidation" means a hypothetical series of transactions occurring on a given date, in which (a) the Company is liquidated and all Company assets, including cash, are sold for cash equal to their book value (except as otherwise provided herein), taking into account any adjustments thereto for such period, (b) all third party liabilities of the Company are satisfied in full in cash according to their terms, and (c) all distributable Cash Flow (after satisfaction of such liabilities) is distributed in full pursuant to the distribution provisions in Section 4.1(b) – (e), above.

(iii) "Terminating Capital Transaction" means a sale or transfer of all or substantially all of the assets of the Company.

4.3. Regulatory Allocations.

4.3.1. Qualified Income Offset. No Member shall be allocated Losses or deductions if the allocation causes a Member to have an Adjusted Capital Account Deficit. If a Member receives (i) an allocation of Loss or deduction (or item thereof), or (ii) any distribution, which causes the Member to have an Adjusted Capital Account Deficit at the end of any taxable year, then all items of income and gain of the Company (consisting of a *pro-rata* portion of each item of Company income, including gross income and gain) for that taxable year shall be allocated to that Member before any other allocation is made of Company items for that taxable year, in the amount and in the proportions required to eliminate the excess as quickly as possible. This Section 4.3.1 is intended to comply with, and shall be interpreted consistently with, the "qualified income offset" provisions of the Regulations promulgated under Code Section 704(b).

4.3.2. Minimum Gain Chargeback. Except as set forth in Regulation Section 1.704-2(f)(2), (3) and (4), if, during any taxable year, there is a net decrease in Minimum Gain, each Member, prior to any other allocation pursuant to this Section IV, shall be specially allocated items of gross income and gain for such taxable year (and, if necessary, subsequent taxable years) in an amount equal to that Member's share of the net decrease of Minimum Gain, computed in accordance with Regulation Section 1.704-2(g). Allocations of gross income and gain pursuant to this Section 4.3.2 shall be made first from gain recognized from the disposition of Company assets subject to nonrecourse liabilities (within the meaning of the Regulations

promulgated under Code Section 752), to the extent of the Minimum Gain attributable to those assets, and thereafter, from a *pro-rata* portion of the Company's other items of income and gain for the taxable year. It is the intent of the parties hereto that any allocation pursuant to this Section 4.3.2 shall constitute a "minimum gain chargeback" under Regulation Section 1.704-2(f).

4.3.3. Contributed Property and Book-Ups. In accordance with Code Section 704(c) and the Regulations thereunder, as well as Regulation Section 1.704-1(b)(2)(iv)(d)(3), income, gain, loss and deduction with respect to any property contributed (or deemed contributed) to the Company shall, solely for tax purposes, be allocated among the Members so as to take account of any variation between the adjusted basis of the property to the Company for federal tax purposes and its fair market value at the date of contribution (or deemed contribution). If the adjusted book value of any Company asset is adjusted as provided herein, subsequent allocations of income, gain, loss and deduction with respect to the asset shall take account of any variation between the adjusted basis of the asset for federal tax purposes and its adjusted book value in the manner required under Code Section 704(c) and the Regulations thereunder.

4.4. Liquidation and Dissolution.

4.4.1. If the Company is liquidated, the assets of the Company shall be distributed to the Members in accordance with the terms of Section 4.1 (subject to the effect of Section 4.2(d), above).

4.4.2. No Member shall be obligated to restore a Negative Capital Account.

4.5. General.

4.5.1. Except as otherwise provided in this Agreement, the timing and amount of all distributions shall be determined by the Manager.

4.5.2. If any assets of the Company are distributed in kind to the Members, those assets shall be valued on the basis of their then current book value (as reflected on the books and records of the Company), and any Member entitled to any interest in those assets shall receive that interest as a tenant-in-common with all other Members so entitled.

4.5.3. All Profit and Loss shall be allocated, and all distributions shall be made, to the Persons shown on the records of the Company to have been Members as of the last day of the taxable year for which the allocation or distribution is to be made. Notwithstanding the foregoing, unless the Company's taxable year is separated into segments, if there is a Transfer during the taxable year, the Profit or Loss shall be allocated between the original Member and the successor on the basis of the number of days each was a Member during the taxable year; provided, however, the Company's taxable year shall be segregated into two or more segments in order to account for Profit, Loss or proceeds attributable to any extraordinary nonrecurring items of the Company.

4.5.4. The Members are hereby authorized, upon the advice of the Company's tax counsel, to amend this Article IV to comply with the Code and the Regulations promulgated

under Code Section 704(b); provided, however, that no amendment shall materially affect distributions to a Member without the Member's prior written consent.

Notwithstanding any provision of this Agreement to the contrary, the signed statement of the Manager reciting the authority of the Manager for any action, as to any third Person, will be conclusive evidence of the authority of the Manager to take that action. Although the same shall not be required in order to establish the Manager's authority to take actions and bind the Company as provided for herein, each Member will promptly execute instruments determined by the Manager to be necessary or appropriate to evidence the authority of the Manager to consummate any transaction permitted by this Agreement

5.1.2. A Manager may be removed from office, and a new Manager may be elected or appointed, solely by the Class A Member.

5.2. Voting by Members.

5.2.1. The Investor Members shall not have voting rights or Governance Rights under this Agreement. As respects the Members, all voting rights and Governance Rights of the Members shall be held solely by the Class A Member. The organization of the Company shall be without prejudice to the Members' respective rights (or the rights of the Members' respective Affiliates) to maintain, expand or diversify such other interests and activities and to receive and enjoy profits or compensation therefrom. Each Member waives any rights the Member might otherwise have to share or participate in such other interests or activities of any other Member or the Member's Affiliates.

5.5. Liability and Indemnification.

5.5.4. No Member or Manager shall have any personal obligation for any debts, obligations or liabilities of the Company, whether such debts, obligations or liabilities arise in contract, tort or otherwise, solely by reason of being a member, manager, employee or agent of the Company. 5.5.5. The Company shall indemnify each Member and Manager to the fullest extent permitted by the Act for any act performed by such Member or Manager with respect to Company matters, except in the case of action or failure to act by a Member and/or Manager which constitutes gross misconduct, fraud, or criminal activity.

5.5.6. The Manager shall be required to discharge its duties under this Agreement in accordance only with its good faith, business judgment. The Manager makes no representation or warranty, and there is no guarantee, that the Company will be financially successful or that its securities will increase in value or maintain their value. Furthermore, there is no guaranteed distribution or rate of return and no guarantee as to the existence or amount of any earnings from the Company's investments or any proceeds that may be obtained on disposition thereof. The Manager shall not be liable to the Company or to any Member for, and the Company and each Member hereby waive any and all claims that may arise from, any act or failure to act of the Manager if such act or failure to act is based upon the good faith, business judgment of the Manager, except if the Manager engaged in fraud or gross negligence. It is the intent of the parties that this Section 5.5.6 shall be binding and effective to the maximum extent permitted by law.

5.6. Power of Attorney.

5.6.1. Each Member constitutes and appoints the Manager as the Member's true and lawful attorney-in-fact ("Attorney-in-Fact"), and in the Member's name, place and stead, to make, execute, sign, acknowledge, and file:

- (i) all documents (including amendments to the Articles of Organization and to this Agreement and the books and records of the Company) which the Attorney-in-Fact

deems appropriate to reflect any amendment, change, or modification of this Agreement (provided that, except with respect to a modification to this Agreement required or contemplated pursuant to Section 6.4, below, the same does not materially and adversely affect (1) the rights and obligations of the Members hereunder, or (2) the economic terms of this Agreement);

(ii) any and all other certificates or other instruments required to be filed by the Company under the laws of the State or of any other state or jurisdiction, including, without limitation, any certificate or other instruments necessary in order for the Company to continue to qualify as a limited liability company under the laws of the State;

(iii) one or more fictitious or trade name certificates; and

(iv) all documents which may be required to dissolve and terminate the Company and to cancel its Certificate of Formation.

Without limiting the scope of Manager's authority, and for purposes of Section 5.6.1(i), above, and/or Section 6.4 and Section 9.4, below, the Members acknowledge and agree that the establishment of Class C Membership Units, and the issuance of Class C Membership Units to future investors in the Company on different terms (and with different Membership Rights) than apply to the Class A Membership Unit or the Class B Membership Units (and including without limitation crediting Adjusted Capital Balances and issuing Percentage Interests to the Class C Members in consideration of capital contributed to the Company in exchange for subscribing to such Class C Membership Units) shall be deemed not to materially and adversely affect the economic and distributive rights of the Class B Members as long as the Percentage Interests granted in respect of offered Class C Membership Units are arrived at by the Manager based on the Manager's good faith determination that the amount of capital being contributed by subscribers to the Class C Membership Units is based on the fair market value of all equity interests in the Company at the time any such Class C Membership Units are offered.

5.6.2. The foregoing power of attorney is irrevocable and is coupled with an interest, and, to the extent permitted by applicable law, shall survive the death or disability of a Member. It also shall survive the transfer of a Membership Unit, except that if the transferee is approved for admission as a Member, this power of attorney shall survive the delivery of the assignment for the sole purpose of enabling the Attorney-in-Fact to execute, acknowledge and file any documents needed to effectuate the substitution. Each Member shall be bound by any representations made by the Attorney-in-Fact acting in good faith pursuant to this power of attorney, and each Member hereby waives any and all defenses which may be available to contest, negate or disaffirm the action of the Attorney-in-Fact taken in good faith under this power of attorney.

5.7 Waiver of Fiduciary Duties. This Agreement is not intended to, and does not, create or impose any fiduciary duty on any of the Members or their respective Affiliates. Further, the Members hereby waive, to the fullest extent permitted by applicable law, any and all fiduciary duties that, absent such waiver, may be implied by law, and in doing so, recognize, acknowledge and agree that their duties and obligations to one another and to the Company are only as expressly set forth in this Agreement.

Section VI
Transfer of Membership Units and Withdrawals of Members

6.1. Transfers.

6.1.1. No Member may Transfer all, or any portion of, or any interest or rights in, the Membership Rights owned by the Member, and no Member may Transfer all, or any portion of, or any interest or rights in, any Membership Unit, except (a) to an immediate family member (spouse, parent, grandparent, child or grandchild) of such Member, or to a trust for the benefit of any such immediate family member, or a beneficiary under any such trust, or (b) with the consent of the Manager or as otherwise permitted under Section 6.3 below, to a person or entity that is not a Member (collectively, "Transferees").

6.1.2. The Transfer of any Membership Rights or Membership Units to a Transferee will not be valid until the transferor and Transferee have executed and acknowledged such other instruments as the Manager may deem necessary or advisable to effect the admission of such Transferee as a Member in accordance with the provisions of applicable law, including without limitation, the written acceptance and adoption by such person of the provisions of this Agreement.

6.1.3. Any Transfer of Membership Rights or Membership Units in violation of the prohibitions contained in this Section 6.1 shall be deemed invalid, null and void, and of no force or effect.

6.1.4. Any Person to whom Membership Rights are attempted to be transferred in violation of this Section 6.1 shall not be entitled to receive distributions from the Company or have any other rights in or with respect to the Membership Rights.

6.1.5. Each Member hereby acknowledges the reasonableness of these prohibitions in view of the purposes of the Company and the relationship of the Members.

6.2. Resignation. No Member shall have the right or power to resign or withdraw from the Company without the consent of the Manager.

6.3. Dissolution, Death or Disability. Upon the dissolution, death or permanent total disability of a Member: (a) the Company shall not dissolve, and (b) the estate or legal representative of a deceased or disabled Member or his designated heir(s), or the successor of a dissolved Member, shall thereupon become a Member in accordance with Section 6.1.2 above. In the event of such dissolution, death or disability of a Member, the successor Member(s), if any, in addition to the other Members of the Company, shall have the right to receive all dissolution proceeds otherwise distributable to the affected Member pursuant to Sections 4.4 above and 7.1 below.

6.4. Dilution for New Members. Following the completion of the initial offering of Class B Membership Units, in the event the Manager elects to admit a Person as a new Investor Member in the Company, the Percentage Interests of the Class A Member and all of the Class B Members shall be diluted on a *pro-rata* basis in order to provide Percentage Interests to the new Member; provided that the Percentage Interest of the Class A Member shall never be diluted

below one percent (1%). The Manager shall be permitted to solely determine the terms and conditions upon which to admit a Person as a new Member in the Company

6.5. Drag Along Rights. In the event the Manager approves a Transfer by assignment of all of the Membership Units of the Company to a third Person, or by merger, consolidation and/or reorganization with such third Person (in lieu of a sale of all or substantially all of the assets of the Company), and in connection therewith it is determined by the Manager that the Transfer is fair from a financial point of view to the Members (an “Approved Transfer of the Company”), the Members shall consent to and raise no objections to the Approved Transfer of the Company and (i) if the Approved Transfer of the Company is structured as a sale of Membership Units, the Members shall agree to sell all of their Membership Units on the terms and conditions approved by the Manager, and (ii) if the Approved Transfer of the Company is structured as a merger, consolidation or other reorganization, the Members shall vote in favor thereof (to the extent they are entitled to vote) and shall not exercise any dissenters' rights of appraisal they may have under Virginia law. The Class B Members further acknowledge and agree that they do not have consent or approval rights over any sale of all or substantially all of the assets of the Company, including any Terminating Capital Transaction (and each Class B Member shall be deemed to have agreed not to exercise any dissenters' rights of appraisal they may have under Virginia law in relation thereto). Each Member shall use his/her/its best efforts to cooperate in the Approved Transfer of the Company and shall take any and all necessary and desirable actions in connection with the consummation of the Approved Transfer of the Company as are reasonably requested by the Manager, including, but not limited to, the provision of reasonable and customary representations and warranties; provided, however, that no Member shall be required to incur any out-of-pocket expenses in connection with such Approved Transfer of the Company which are not reimbursed by the Company; and provided, further that no Member shall be required to make any representations and warranties in connection with any Approved Transfer other than representations and warranties as to (A) such Member's ownership of his/her/its Membership Unit(s) to be Transferred free and clear of all liens or other encumbrances and (B) such Member's power and authority to effect such Approved Transfer. The obligations of each Member with respect to the Approved Transfer of the Company are also subject to the satisfaction of the following conditions: (i) upon the consummation of the Approved Transfer of the Company, all of the Members shall receive the same form and amount of consideration for the Membership Unit(s) as all other holders of the same class of Membership Unit but taking into consideration the manner in which the Company distributes Cash Flow and assets as set forth in Sections 4.1 and 4.4 (i.e., the amount each Member would receive if all of the assets of the Company were sold by the Company for an amount equal to such Approved Transfer of the Company and the amount such Member would receive if the resulting net proceeds were distributed to all of the Members), and (ii) the price per Membership Unit shall be payable in cash or freely tradeable securities.

6.6. Company Repurchase Option.

6.6.1. At any time, the Manager may, in its sole discretion, cause the Company to repurchase all, but not less than all, of the Class C Membership Units held by the Members (the “Repurchase Right”) at the Repurchase Price determined pursuant to Section 6.7.

6.6.2 In the event that the Manager determines to cause the Company to

exercise its Repurchase Right, the Company shall, within fifteen (15) business days of such determination, send written notice (the “Repurchase Notice”) to the Members stating (i) that the Company is exercising its Repurchase Right, and (ii) the identity of the appraiser engaged by the Company to determine the Repurchase Price pursuant to Section 6.7.

6.6.3 The Repurchase Price shall be payable in four (4) equal, consecutive quarterly installments by the Company to the Members, with the first quarterly payment becoming due ninety (90) days following the date on which the Company sends the Repurchase Notice to the Members.

6.7 General Repurchase Price.

6.7.1 As to each Member, the “Repurchase Price” shall mean the “fair market value” of the Company multiplied by a fraction, the numerator of which shall be the Membership Units in the Company owned and to be sold by the Member, and the denominator of which shall be the total Membership Units in the Company issued and outstanding and owned by all of the Members, taking into consideration the manner in which the Company makes distributions pursuant to Section 4.4 (i.e., the amount each Member would receive if all of the assets of the Company were sold by the Company for an amount equal to the “fair market value” of the Company and the amount such Member would receive).

6.7.2 The Manager, in its sole discretion, shall appoint an appraiser to determine the “fair market value” of the Company, which shall be final and binding on all parties. Any appraiser appointed shall (i) have not less than ten (10) years experience appraising companies owning property similar to the Property, (ii) be a recognized MAI appraisal company, consulting firm, investment banking firm, accounting firm, or bank, and (iii) have no prior professional relationship with the Company, the Manager, or their respective Affiliates. The fees and other costs of the appraiser shall be borne by the Company. The Company shall provide the appraiser with full access to financial and other data, all of which the appraiser shall hold in confidence to the extent reasonably requested by the Company.

6.7.3 All appraisals required by this Section 6.7 shall be prepared and submitted to the Members within seventy-five (75) days after the appraiser is engaged.

6.8 Personal Conduct Repurchase Option.

6.8.1. In the event that a Class C Member fails to conform its personal conduct to common and accepted standards of good citizenship or conducts itself in a way that reflects poorly upon the Company, as determined by the Manager in its sole discretion, the Manager may cause the Company to repurchase all, but not less than all, of the Membership Units held by such Class C Member.

6.8.2. In the event that the Manager determines to cause the Company to repurchase Membership Units pursuant to this Section 6.8, the Company shall, within fifteen (15) business days of such determination, send written notice to the appropriate Class C Member stating that the Company is exercising its right to repurchase the Class C Member’s Membership Units pursuant to Section 6.8 of this Agreement.

6.8.3. As to any repurchase by the Company pursuant to this Section 6.8, the price paid to the Class C Member shall be equal to the book value of each Membership Unit. Any purchase price paid pursuant to this Section 6.8 shall be delivered to the appropriate Class C Member within 15 business days of receiving the notice specified in Section 6.8.2 above.

6.9 Litigation Repurchase Option.

6.9.1. In the event that a Class C Member brings any suit, legal action or proceeding involving any dispute against the Company, the Manager, in its sole discretion, may cause the Company to repurchase all, but not less than all, of the Membership Units held by such Class C Member.

6.9.2. In the event that the Manager determines to cause the Company to repurchase Membership Units pursuant to this Section 6.9, the Company shall, within fifteen (15) business days of such determination, send written notice to the appropriate Class C Member stating that the Company is exercising its right to repurchase the Class C Member's Membership Units pursuant to Section 6.9 of this Agreement.

6.9.3. As to any repurchase by the Company pursuant to this Section 6.9, the price paid to the Class C Member shall be equal to the book value of each Membership Unit.] Any purchase price paid pursuant to this Section 6.9 shall be delivered to the appropriate Class C Member within 15 business days of receiving the notice specified in Section 6.9.2 above.

Section VII

7.1.1. when the period fixed for its duration, if any, in Section 2.4 has expired; or

7.1.2. upon the affirmative vote or election of the Class A Member;

7.1.3. upon any act causing dissolution and/or termination under the Act unless inconsistent with the provisions of this Agreement lawfully providing to the contrary; or

7.1.4. upon the entry of a decree of judicial dissolution with respect to the Company.

Unless otherwise elected by the Class A Member, the Company shall also be dissolved within a reasonable time period after a Terminating Capital Transaction is consummated.

7.2. Procedure for Winding Up and Distribution. If the Company is dissolved, the Manager shall wind up its affairs. On winding up of the Company, the assets of the Company shall be distributed, first, to creditors of the Company, including Members who are creditors, in satisfaction of all liabilities of the Company, and second, to the Members in accordance with Section 4.4 of this Agreement.
