Cell: (818) 634-2276

Board of Directors
Pacific Pearl Enterprises

In planning and performing our audit of the financial statements and supplemental schedules of Pacific Pearl Enterprises for the year ended December 31, 2011, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Pacific Pearl Enterprises including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5 (g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and for determining compliance with the exempt provisions of Rule 15c3-3. Because Pacific Pearl Enterprises does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of federal reserve regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining a system of internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and the procedures are to provide management with reasonable, but not absolute, assurances that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specified internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties or anyone else not familiar with the adequacy of such procedures herein.

Board of Directors
Pacific Pearl Enterprises

In accordance with Rule 17a-5(e)(4) of the Securities and Exchange Commission, we have performed the following procedures with respect to the accompanying schedule (Form SIPC-7) of Securities Investor Protection Corporation assessments and payments of Pacific Pearl Enterprises for the year ended December 31, 2011. Our procedures were performed solely to assist you in complying with rule 17a-5(e)(4), and our report is not to be used for any other purpose. The procedures we performed were as follows:

1. Compared listed assessment payments with respective cash disbursement records entries;
2. Compared amounts reported on the audited Form X-17A-5 for the period from January 1, 2011 to December 31, 2011, with the amounts reported in the general assessment reconciliation (Form SIPC-7);
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers;
4. Verified the mathematical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules; working papers and supporting adjustments; and
5. Compared the amount of any overpayment applied with the Form SIPC-7 on which it was computed.

Because the above procedures do not constitute an audit made in accordance with generally accepted auditing standards, we do not express an opinion of the schedule referred to above. In connection with the procedures referred to above, nothing came to our attention that would cause us to believe that the amounts shown on Form SIPC-7 were not determined in accordance with applicable instructions and forms. This report relates only to the schedule referred to above and does not extend to any financial statements of Pacific Pearl Enterprises taken as a whole.

INDEPENDENT AUDITORS' REPORT

To the Stockholders
Pacific Pearl Enterprises
South Pasadena, California

We have audited the accompanying balance sheet of Pacific Pearl Enterprises as of December 31, 2011 and the related statements of operations, stockholders' equity and cash flows for the year then ended. The financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pacific Pearl Enterprises as of December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained on pages 9 and 10 is presented for purposes of additional analysis and is not required as part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole and in conformity with the rules of the Securities and Exchange Commission.

PACIFIC PEARL ENTERPRISES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist the reader in understanding and evaluating the financial statements. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Business Activity

Pacific Pearl Enterprises is a California based corporation (the Company) that provides a full range of investment banking services including mergers and acquisitions and advisory related services, capital-raising, private placements of equity and debt securities of commercial real estate for micro to small-cap companies. The Company is a registered broker-dealer as a member of FINRA (Financial Industry Regulatory Authority). The Company does not typically hold any investments or funds on behalf of its clients.

The Company also owns a 20 acre avocado farm in Temecula California. The farm is operated by two employees, and the farm uses one outside company to harvest, pack and sell the crops.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Basis of Accounting

The company maintains its accounting records on the accrual basis of accounting. Security transactions are recorded on a settlement date basis, generally the third business day following the transaction date.

Land, property and equipment

Property and equipment is stated at cost. Depreciation is provided by straight-line and accelerated methods over the estimated useful lives of the related assets, which is five to seven years.

Income Taxes

Deferred income taxes are recognized using the asset and liability method by applying income tax rates to cumulative temporary differences based on when and how they are expected to affect the tax return. Deferred tax assets and liabilities are adjusted for income tax rate changes.

PACIFIC PEARL ENTERPRISES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011
(continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Regulatory Requirements

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule of the Securities and Exchange Commission (Rule 15c3-1) which requires that the minimum net capital, as defined, shall be \$5,000, as defined. At December 31, 2011, the Company had net capital of \$10,808 which exceeded its requirement by \$5,808.

A computation of reserve requirements and information relating to possession and control are not applicable to Pacific Pearl Enterprises as the Company qualifies for exemption under paragraph (k)(2)(i) from SEC Rule 15c3-3.

2. PROPERTY AND EQUIPMENT

Property and equipment consists of the following:

Farm land	\$ 616,283
Automobiles	190,000
Irrigation equipment	17,481
Furniture and equipment	<u>3,497</u>
	827,261
Less: accumulated depreciation	<u>(142,962)</u>
	<u>\$ 684,299</u>

3. LEASE COMMITMENTS

The Company leases its offices under an operating agreement that expires in May 2012. Total rent expense for the year ended December 31, 2011 amounted to \$58,291.

Minimum lease payments under the lease are as follows:

Year ending December 31,

2012	<u>\$ 24,460</u>
------	------------------

PACIFIC PEARL ENTERPRISES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011
(continued)

4. INCOME TAXES

There are no significant temporary differences between book and tax methods of accounting.

The Company also has approximately \$1,340,000 and \$1,435,000 of federal and state net operating loss carry-forwards, respectively, that expire in years ending through 2023. A deferred tax asset in the amount of \$535,000 has been fully offset by a valuation account for the same amount.

The provision for income taxes consists of the following:

Federal:		Current	\$	-
		Deferred		<u>-</u>
				<u>-</u>
State:		Current		800
		Deferred		<u>-</u>
				<u>800</u>
			\$	<u><u>800</u></u>

5. MAJOR CUSTOMERS

Six customers represented all consulting fees income for the year ended December 31, 2011.

6. SUPPLEMENTARY DISCLOSURES OF CASH FLOW INFORMATION

Cash paid during the year ended December 31, 2011 for income taxes amounted to \$800.
