INDEPENDENT AUDITORS' REPORT

To the Members YieldQuest Securities, LLC

We have audited the statement of financial condition of YieldQuest Securities, LLC (the "Company") as of December 31, 2011 and the related statements of operations, changes in members' equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of YieldQuest Securities, LLC as of December 31, 2011 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business

YieldQuest Securities, LLC (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and FINRA. The Company is a Georgia limited liability company (LLC).

Since the Company is a limited liability company, the member is not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless the member has signed a specific guarantee.

Basis of Presentation

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services.

Income Taxes

The Company is a limited liability company for income tax reporting purposes, and as such, is not subject to income tax. Accordingly, no provision for income taxes is provided in the financial statements.

<u>Estimates</u>

The presentation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Depreciation and Amortization

Depreciation is computed on the same basis that the Company uses for its partnership income tax returns, on a tax basis. This basis encompasses using the modified accelerated cost recovery system (MACRS) using useful lives of five to thirty one years. The difference between the tax basis used and depreciation in accordance with generally accepted accounting principles was deemed immaterial. Amortization is provided on a straight-line basis using an estimated useful life of five years.

Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

1.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Off-Balance Sheet Risks and Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

The Company maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk for cash.

Securities Transactions

Securities transactions are recorded on a trade date basis, as if they had settled. Profit or loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade-date basis.

2. DEPOSITS WITH CLEARING ORGANIZATIONS

The amounts deposited with clearing organizations for the year ended December 31, 2011 is \$55,977. The Company clears all of its customer transactions through a broker-dealer independent of the Company on a fully disclosed basis.

3. COMMISSIONS RECEIVABLE

Commission revenue is derived by the Company acting as an agent buying and selling securities on behalf of its customers. In return for such services, the Company charges a commission. Each time a customer enters into a buy or sell transaction a commission is earned by the Company for its selling and administrative efforts. Commissions receivable for the year ended December 31, 2011 is \$188,676.

4. SECURITIES OWNED

Securities owned consist of securities held for trading purposes. Securities that are marketable are stated at fair value and securities not readily marketable, if any, are carried at fair value as determined by management. The increase or decrease in net unrealized appreciation or depreciation of securities is credited or charged to operations. Net realized and unrealized gain (loss) on trading securities is reported on the accompanying Statement of Operations. The unrealized gain that relates to trading securities held as of December 31, 2011 is \$28,100.

5. FAIR VALUE MEASUREMENTS

As defined in Accounting Standards Codification 820 Fair Value Measurements (ASC 820), fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date (an exit price methodology). ASC 820 establishes a framework for measuring fair value that includes a hierarchy used to classify inputs used in measuring fair value. The hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels which are either observable or unobservable. Observable inputs reflect market data obtained from independent sources while unobservable market information. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement.

Financial instruments are considered Level 1 when their values are determined using quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Financial instruments are considered Level 3 when their values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant management judgment or estimation.

The following table sets forth the Company's assets and liabilities that are measured at fair value on a recurring basis as of December 31, 2011:

Description	Total	Level 1	Level 2	Level 3
Securities owned:				
State and municipal obligations	\$1,446,522	\$ -	\$1,446,522	\$ -
Corporate obligation	19,110	-	19,110	-
Securities sold, not yet purchased:				
State and municipal obligations	(21,436)	-	(21,436)	-
Total	\$1,444,196	\$ -	\$1,444,196	\$ -
TUlai	ψ1,44,130	ψ-	ψ1,744,130	Ψ-

PAYABLE TO CLEARING ORGANIZATION

6.

Amounts payable to clearing organization as of December 31, 2011 is \$931,902 and is reflected on the Statement of Financial Condition. The Company clears its customer transactions through a broker-dealer independent of the Company on a fully disclosed basis. The amount payable relates to the aforementioned transactions and is collateralized by securities owned by the Company.

7. COMMITMENTS

The Company has obligations under operating leases with initial non-cancelable terms in excess of one year. Aggregate annual rentals for office space at December 31, 2011 are as listed below:

Year Ending December 31:	
2012 \$	338,664
2013	345,955
2014	353,435
2015	119,950
Thereafter	-
	5 1,158,004

A portion of the aggregate annual rentals shown above includes 100% of the rental obligation for facilities shared by the Company and YieldQuest Advisor's, LLC (the RIA). The Company and the RIA each pay a portion of the rental expense for such facility based on a management expense sharing agreement, see also note 11. The Company's aggregate rent expense for the year ended December 31, 2011 is \$189,359.

In October, 2007, the Company moved to new facilities signing a 90 month lease. As incentive for the Company to move, the landlord provided free rent for the first six months of occupancy. Starting in October, 2007, rent expense was recorded based on the total rental commitment of 90 months. Due to the free rent term, however, there was a difference in the expense recorded and the actual rent remitted. The difference between the expense and the rent remitted is recorded as deferred rent on the statement of financial condition. As of December 31, 2011, deferred rent is \$29,211.

8. OTHER INCOME <EXPENSE>

In 2008, the Company entered into a 5 year, exclusive agreement with their clearing broker-dealer. A penalty would be charged if the Company chose to terminate their relationship with the clearing broker within the first five years as follows. If terminated:

On or before March 31, 2012	200,000
On or before March 31, 2013	100,000

9. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2011, the Company had net capital of \$282,379, which was \$182,379 in excess of its required net capital of \$100,000. The Company's percentage of aggregate indebtedness to net capital was 517.90%.

10. EXEMPTIVE PROVISION

The Company meets all of the requirements for exemption from SEC Rule 15c3-3 with regard to the computation for determination of reserve requirements. The Company does not hold funds or securities for, or owe money or securities to, customers.

11. RELATED PARTY TRANSACTIONS

As of December 31, 2011 the Company has a note payable to a member in the amount \$350,000. The Note is reflected on the accompanying Statement of Financial Condition.

A substantial portion of revenue was earned from an affiliate. For the year ended December 31, 2011 commissions from an affiliate was approximately \$2.8 million.

Members received total salaries of \$1,147,167 for the year ended December 31, 2011 which is reported as salaries and benefits on the statement of operations.

The Company and YieldQuest Advisors, LLC (the RIA), a company under common control, share office space and have entered into a management expense sharing agreement (Agreement). Certain shared expenses are allocated between the the Company and the RIA based on square footage utilized by each company respectively.

In addition to the RIA, there is another entity under common control that provides marketing and research services - BKC Systems, Inc. (BKC). For the year ended December 31, 2011 BKC received \$1,110,000 for its services, which is included in the statement of operations as legal and professional fees.

During the year ended December 31, 2011 the cash flow of the RIA under common control was not sufficient to pay back its debt to the Company, as a result the Company forgave the debt that was due from the RIA under common control. Since the ownership of the Company and RIA are identical, the forgiveness is a members' distribution for the Company, and a corresponding members' contribution to the RIA. The aforementioned distribution is reported on the Statement of Changes in Members' equity as members' distributions.

SECURITIES EXCHANGE COMMISSION (SEC) RULE 17A-5(e)(4) AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

To the Members YieldQuest Securities, LLC

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, I have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments Form SIPC-7 - pages 14 and 15 - to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2011, which were agreed to by YieldQuest Securities, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and the SIPC, solely to assist you and the other specified parties in evaluating YieldQuest Securities, LLC's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). YieldQuest Securities, LLC's management is responsible for the YieldQuest Securities, LLC's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries in the general ledger noting no differences.
- 2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2011, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2011 noting no differences.
- 3. Compared adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences.
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers.
- 5. There was no application of overpayment, thus, no difference between the current assessment and the original computation.

REPORT ON INTERNAL CONTROL

REQUIRED BY

SECURITIES EXCHANGE COMMISSION (SEC) RULE 17A-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM (SEC) RULE 15C3-3

To the Members YieldQuest Securities, LLC

In planning and performing our audit of the financial statements and supplementary schedule of YieldQuest Securities, LLC (the "Company"), as of and for the year ended December 31, 2011, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons
- 2. Recordation of differences required by Rule 17a-13
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

> See Independent Auditors' Report and Notes to Financial Statements 16

1720 EPPS BRIDGE PARKWAY, SUITE 108-381 ATHENS, GEORGIA 30606 PH 770-500-9798 FAX 678-868-1411 WBOWDEN@VOLCPA.COM Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities that we consider to be material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate as of December 31, 2011 to meet the SEC's objectives.

This report recognizes that it is not practicable in an organization the size of the Company to achieve all the division of duties and cross-checks generally included in a system of internal accounting control, and that alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the information and use of the Members, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be used by anyone other than these specified parties.
