### WOLF FINANCIAL MANAGEMENT, LLC NOTES TO FINANCIAL STATEMENTS

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Nature of Business

The Company is a referring broker-dealer in securities registered with the Securities and Exchange Commission and is a member of the National Association of Securities Dealers. As a referring broker-dealer, the Company executes securities transactions but does not carry securities accounts for customers or perform custodial functions related to customer accounts. The Company therefore claims an exemption from SEC Rule 15c3-3 under Section (k)(2)(i). The Company also provides pension administration and consulting services on a fee for service basis.

## Principles of Reporting

These financial statements do not include activity of the Company's sole member, Wolf Financial Group Holdings, LLC.

# Revenue Recognition

Commission revenues and expenses and related clearing charges are recorded on a trade-date basis. Pension administration and consulting income is recognized at the time the services are rendered.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

# Cash and Cash Equivalents

The Company considers money market funds to be cash equivalents.

#### Accounts Receivable

Accounts receivable is stated net of an allowance for doubtful accounts of \$24,000 and \$15,000 at December 31, 2011 and 2010, respectively. Included in accounts receivable are unbilled services and expenses to be billed of \$30,543 and \$29,953 as of December 31, 2011 and 2010, respectively. The allowance for doubtful accounts is established as losses are estimated to have occurred through a provision for bad debts charged to earnings. Losses are charged against the allowance when management believes the uncollectibility of a receivable is confirmed. Subsequent recoveries, if any, are credited to the allowance. The allowance for doubtful accounts is evaluated on a regular basis by management and is based on historical experience and specifically identified questionable receivables. The evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

#### Property and Equipment

Property and equipment, consisting of furniture and computer software, are carried at cost, less accumulated depreciation of \$7,346 and \$6,503 at December 31, 2011 and 2010, respectively. Depreciation is computed by the straight-line and accelerated methods over useful lives of three to seven years. Depreciation expense was \$843 and \$840 for the years ended December 31, 2011 and 2010, respectively.

#### Income Taxes

The Company is not a taxpaying entity for federal income tax purposes, and thus no income tax expense has been recorded in the statements.

# Accounting for Uncertain Tax Positions

The Company is included with the parent company income tax returns that files in the U.S. federal and State of Illinois jurisdictions. With few exceptions, the Company is no longer subject to U.S. federal, state or local tax examination by tax authorities for years before 2008.

#### Subsequent Events

The Company has evaluated subsequent events through February 15, 2012, the date the financial statements were available to be issued.

#### NOTE 2. DEPOSITS WITH CLEARING ORGANIZATION

The Company had a deposit in a money market account with a clearing organization in the amount of \$34,436 and \$34,432 at December 31, 2011 and 2010, respectively. These deposits are not insured by the FDIC.

#### NOTE 3. 401(k) PLAN

The Company has a 401(k) plan covering all employees who have completed three months of service and have attained age 21. The Company has a discretionary matching contribution which is fully vested when deposited. The Company expensed contributions of \$15,190 and \$13,685 to the plan for the years ended December 31, 2011 and 2010, respectively.

#### NOTE 4. RELATED PARTY TRANSACTIONS

The Company is wholly owned by Wolf Financial Group Holdings, LLC, which is wholly owned by Wolf & Company, LLP (Wolf). The Company is related to Wolf Capital, LLC (Capital) by common ownership. Wolf has advanced the Company funds, pays certain expenses on behalf of the Company, and charges the Company rent for the use of office space and equipment and the performance of administrative functions. Pursuant to the expense-sharing agreement, rent was paid at \$13,100 per month in 2011 and \$9,690 per month in 2010. Related party rent expense totaled \$157,200 and \$116,539 for the years ended December 31, 2011 and 2010, respectively.

The Company had amounts payable to Wolf in the amount of \$136,675 and \$110,841 as of December 31, 2011 and 2010, respectively.

On January 25, 2012, the Financial Industry Regulatory Authority (FINRA) granted the continuing membership application of Wolf Financial Management, LLC (WFM), whereby Wolf Capital, LLC (Capital) was authorized to merge into WFM with WFM being the surviving broker-dealer. Capital subsequently filed a Form BDW, thereby terminating its broker-dealer registration, and it became a branch office of WFM.

## NOTE 5. CASH CONCENTRATION

Substantially all of the Company's cash is deposited at one financial institution.

# NOTE 6. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2011, the Company had adjusted net capital of \$355,796, which was \$305,796 in excess of its required net capital of \$50,000. The adjusted net capital of \$355,796 is equal to the net capital the Company reported in its Focus Report.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

To the Member Wolf Financial Management, LLC Oakbrook Terrace, Illinois

In planning and performing our audit of the financial statements of Wolf Financial Management, LLC (the Company), as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control, including control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by rule 17a-13.
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
