The accompanying notes are an integral part of these financial statements.

#### NOTES TO FINANCIAL STATEMENTS

#### DECEMBER 31, 2011

#### NOTE 1 - ORGANIZATION AND BUSINESS

<u>Organization and Business</u> - The Company was incorporated under the laws of the State of Texas on February 28, 1984, for the purpose of selling investment products and securities and other services related to investment advisement, money management, or other business services. On June 7, 2001, the name was changed from U.S. Eagle Securities, Inc. to CP Capital Securities, Inc. and simultaneously the Company was reincorporated in Florida. The Company is owned by C.P. Capital Group, LLC (parent Company).

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of the financial statements. The policies are based on United States generally accepted accounting principles.

<u>Customers, Broker-Dealers, Trading Inventory and Investment Balances</u> - The Company is a registered broker-dealer and maintains its accounts on a settlement date basis, however, the accompanying financial statements are prepared on a trade date basis. The Company is an introducing broker, and as such, clears all transactions through a correspondent broker who carries all customer and company accounts and maintains physical custody of customer and company securities.

The Company does not own any restricted or investment securities at December 31, 2011.

<u>Depreciation</u> - Depreciation is provided using accelerated and straight-line methods of depreciation with estimated lives of five to seven years.

<u>Income Taxes</u> - For income tax purposes, the Company maintains its accounts using the accrual method of accounting. Deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

<u>Use of Estimates</u> - The financial statements have been prepared in conformity with United States generally accepted accounting principles and, as such, include amounts based on informed estimates and judgments of management with consideration given to materiality. Actual results could differ from those estimates.

#### NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

<u>Cash and Cash Equivalents</u> - For purposes of the statement of cash flows, the Company considers highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents. The Company's cash balances consist of cash held in two accounts at one commercial bank.

<u>Government and Other Regulation</u> - The Company's business is subject to significant regulation by various government agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

<u>Revenue and Expense Recognition</u> - Commission income and expense from customer transactions are recorded on a trade-date basis.

<u>Subsequent Events</u> - The Company has evaluated subsequent events for recognition and disclosure through February 20, 2012, which is the date the financial statements were issued.

Loss Contingencies - Loss contingencies, including claims and legal actions arising in the ordinary course of business are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. Management does not believe there are presently such matters that will have a material effect on the financial statements.

<u>Financial Instruments with Off-Balance-Sheet Risk</u> - The Company, under its correspondent agreement with its clearing broker has agreed to indemnify the clearing broker from damages or losses resulting from customer transactions. The Company is therefore exposed to off-balance-sheet risk of loss in the event that customers are unable to fulfill contractual obligations including their obligations under margin accounts. The Company has never been required to make a payment under this indemnification. In addition, the Company believes that it is unlikely it will have to make a material payment under this indemnity and accordingly has not recorded any contingent liability in its financial statements.

#### NOTE 3 - NET CAPITAL RULE

As a broker-dealer registered with the Securities and Exchange Commission, the Company must comply with the provisions of the Commission's "Net Capital" rules, which provide that "aggregate indebtedness", as defined, shall not exceed 15 times "Net Capital", as defined, and the "Net Capital", shall not be less than \$5,000. At December 31, 2011, the Company's "Net Capital" was in excess of its minimum requirement.

#### NOTE 4 - COMMITMENTS

On January 1, 2009, the Company entered into a sublease agreement with its parent Company to rent its office space at a monthly rental of \$5,000. The rental period was scheduled to run from January 1, 2009 to September 30, 2012, but in November 2010, the Company moved its office facilities and entered into a new sublease agreement with its parent. This new agreement which began January 1, 2011 provides for the Company to pay rent to the parent entity based upon the parent's lease obligation to the lessor. This sublease agreement is on a month to month basis. Rental expense under this sublease was \$ 94,093 for the year ended December 31, 2011. In addition the Company entered into a management agreement with its parent to pay a monthly management fee of \$2,000. This management agreement is on a month to month basis.

Certain quotation services and equipment are being provided under agreements that can be terminated by either party with 60 days notice.

#### NOTE 5 - INCOME TAXES

The Company files Federal and Florida corporate income tax returns. The Company's effective rate differs from the statutory Federal rate primarily as a result of the valuation allowance described below and State income taxes.

Deferred tax assets and liabilities are provided for significant income and expense items recognized in different years for tax and financial reporting purposes and net operating losses available to offset future taxable income.

Temporary differences primarily related to the Company's net operating loss carry forwards of approximately \$47,000 give rise to a net deferred tax asset of \$0, net of a valuation allowance of approximately \$7,000. For the year ended December 31, 2011, the valuation allowance decreased by approximately \$45,000.

The Company's operating loss carry forwards of approximately \$ 47,000 will expire through the year 2028.

The Federal and State income tax returns of the Company for 2008 through 2010 are subject to examination by the Internal Revenue Service, generally for three years after the returns are filed.

SUPPLEMENTARY REPORT ON INTERNAL CONTROL

## ROTH, JONAS, MITTELBERG & HARTNEY, CPA's, P.A. CERTIFIED PUBLIC ACCOUNTANTS

ROBERT ROTH, CPA PETER F. JONAS, CPA RICKEY I. MITTELBERG, CPA JOHN C. HARTNEY, CPA

#### Independent Auditor's Report on Internal Accounting Control Required by SEC Rule 17a-5

To the Board of Directors and Stockholder of CP Capital Securities, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of CP Capital Securities, Inc. (the Company), as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

CP Capital Securities, Inc. Page Two

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with United States generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

CP Capital Securities, Inc. Page Three

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the New York Stock Exchange, Inc., the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
