### NOTES TO FINANCIAL STATEMENTS

### DECEMBER 31, 2011

### NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS

<u>Organization and Business</u> - The Company was incorporated under the laws of the State of Florida on December 14, 1999, for the purpose of selling investment products and securities and other services related to investment advisement, money management, or other business services. The Company's customer base is primarily located in Florida.

### NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

<u>Customers, Broker-Dealers, Trading Inventory and Investment Balances</u> - The Company is a registered broker-dealer and maintains its accounts on a settlement date basis; however, the accompanying financial statements are prepared on a trade date basis. The Company is an introducing broker, and as such, clears all transactions through a correspondent broker who carries all customer and company accounts and maintains physical custody of customer and company securities.

All securities are valued at quoted market price and unrealized gains and losses are included in revenues from firm and investment trading. The Company does not own any restricted securities at December 31, 2011.

<u>Government and Other Regulation</u> - The Company's business is subject to significant regulation by various government agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

<u>Property, Equipment, and Related Depreciation</u> - Depreciation of property and equipment is provided by the straight-line method of depreciation at a rate calculated to amortize the cost of the assets over their estimated useful lives. The lives used in computing depreciation and amortization are as follows:

Furniture and Equipment

<u>Years</u>

5

The costs of maintenance and repairs of property and equipment are charged to expense as incurred. Costs of renewals and betterments are capitalized in the property accounts. When properties are replaced, retired, or otherwise disposed of, the cost of such properties and accumulated depreciation are deducted from the asset and depreciation reserve accounts. The related profit or loss, if any, is recorded in income.

#### NOTES TO FINANCIAL STATEMENTS

### DECEMBER 31, 2011

### NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

<u>Cash and Cash Equivalents</u> - For purposes of the statement of cash flows, the Company considers highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents. The Company's cash balances consist of cash held at two commercial banks.

<u>Subsequent Events</u> - The Company has evaluated subsequent events for recognition and disclosure through February 23, 2012, which is the date the financial statements were issued.

Income Taxes - For income tax purposes, the Company maintains its accounts using the accrual method of accounting. Deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

<u>Use of Estimates</u> - The financial statements have been prepared in conformity with United States generally accepted accounting principles and, as such, include amounts based on informed estimates and judgments of management with consideration given to materiality. Actual results could differ from those estimates.

<u>Loss Contingencies</u> - Loss contingencies, including claims and legal actions arising in the ordinary course of business are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. Management does not believe there are presently such matters that will have a material effect on the financial statements.

<u>Financial Instruments with Off-Balance-Sheet Risk</u> - The Company, under its correspondent agreement with its clearing broker has agreed to indemnify the clearing broker from damages or losses resulting from customer transactions. The Company is therefore exposed to off-balance-sheet risk of loss in the event that customers are unable to fulfill contractual obligations including their obligations under margin accounts. The Company has never been required to make a payment under this indemnification. In addition, the Company believes that it is unlikely it will have to make a material payment under this indemnity and accordingly has not recorded any contingent liability in its financial statements.

#### NOTES TO FINANCIAL STATEMENTS

### DECEMBER 31, 2011

### NOTE 3 - NET CAPITAL RULE

As a broker-dealer registered with the Securities and Exchange Commission, the Company must comply with the provisions of the Commission's "Net Capital" rules, which provide that "aggregate indebtedness", as defined, shall not exceed 15 times "Net Capital", as defined, and the "Net Capital", shall not be less than \$100,000. At December 31, 2011, the Company's "Net Capital" was more than its minimum requirement, and more then one hundred twenty percent (120%) of its minimum requirement.

#### NOTE 4 - COMMITMENTS

On June 23, 2011, the Company signed a three year extension to its existing lease for its office space. This extension will expire on March 31, 2104. Monthly payments under this lease extension are \$2,306, including applicable sales tax, and is subject to annual adjustments based on the consumer price index.

# SUPPLEMENTARY REPORT ON INTERNAL CONTROL

ROBERT ROTH, CPA PETER F. JONAS, CPA RICKEY I. MITTELBERG, CPA JOHN C. HARTNEY, CPA

### ROTH, JONAS, MITTELBERG & HARTNEY, CPA's, P.A. CERTIFIED PUBLIC ACCOUNTANTS

### Independent Auditor's Report on Internal Accounting Control Required by SEC Rule 17a-5

Board of Directors Martinez-Ayme Financial Group, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Martinez-Ayme Financial Group, Inc. (the Company), as of and for the year ended December 31 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

Martinez-Ayme Financial Group, Inc. Page Two

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with United States generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Martinze-Ayme Financial Group, Inc. Page Three

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the New York Stock Exchange, Inc., the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
