Report of Independent Auditors

To the Partners of Harris Associates Securities L.P.

In our opinion, the accompanying statement of financial condition and the related statement of income, changes in partners' capital and cash flows present fairly, in all material respects, the financial position of Harris Associates Securities L.P. ("HASLP") at December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of HASLP's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

HASLP is a majority owned subsidiary of Harris Associates L.P. ("HALP") and, as disclosed in the footnotes to the financial statements, has extensive transactions and relationships with HALP. Because of these relationships, it is possible that the terms of these transactions are not the same as those that would result from transactions among wholly unrelated parties.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Harris Associates Securities L.P. Notes to Financial Statements December 31, 2011

1. Nature of Operations and Summary of Significant Accounting Policies

Harris Associates Securities L.P. ("HASLP"), a Delaware limited partnership, is a registered broker-dealer and member of the Financial Industry Regulatory Authority ("FINRA"). The general (1%) and limited (99%) partners of HASLP are Harris Associates, Inc. ("HAI") and Harris Associates L.P. ("HALP"), respectively, which are both wholly owned subsidiaries of Natixis Global Asset Management L.P. The net income or loss of HASLP is allocated to the partners in proportion to their ownership interests.

HASLP is a limited purpose broker-dealer whose sole business is acting as a distributor of The Oakmark Funds. The Oakmark Funds do not charge loads or 12b-1 fees to shareholders. HASLP does not earn any revenues or commissions through distribution of these mutual funds.

The following is a summary of significant accounting policies followed in the preparation of HASLP's financial statements.

Income Taxes

HASLP is not subject to federal or state taxes on its income. The partners will be required to report on their income tax return their proportionate share of the items of income and deductions. As of December 31, 2011, HASLP has evaluated its tax positions and determined it was not required to book a liability for uncertain tax positions. If HASLP was to incur penalties and interest, such expenses would be classified as a component of income tax expense in the accompanying statement of income.

Although HASLP is not subject to federal income taxes, HASLP files tax returns as prescribed by the tax laws of the jurisdictions in which it operates. In the normal course of business, HASLP is subject to examination by federal, state, local and foreign jurisdictions, where applicable. As of December 31, 2011, the open tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2008 forward.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Related Parties

HASLP has entered into an agreement with HALP whereby HALP provides substantially all administrative services, including personnel and occupancy, and charges HASLP a monthly administrative fee of the total amount incurred by HALP on behalf of HASLP for these expenses.

3. Net Capital Requirements

HASLP is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change daily. At December 31, 2011, HASLP had net capital of \$346,744 and a minimum net capital requirement of \$6,109. The ratio of aggregate indebtedness to net capital was .26 to 1.

Harris Associates Securities L.P. Notes to Financial Statements December 31, 2011

4. Exemption from SEC Rule 15c3-3

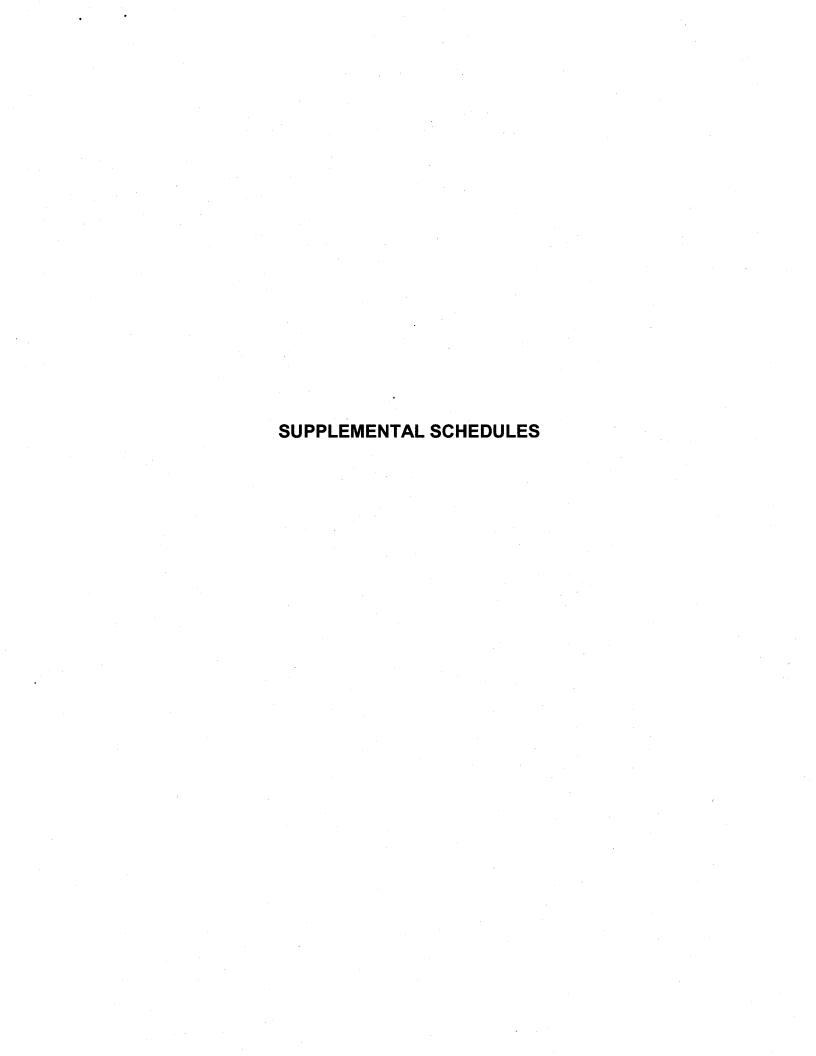

HASLP claims exemption from the provisions of SEC Rule 15c3-3 because its transactions are limited to distribution of registered investment companies and it does not hold customer funds or securities.

5. Commitment and Contingencies

In the normal course of business, HASLP enters into contracts that contain a variety of representations and warranties and which provide general indemnifications. HASLP's maximum exposure is unknown, as any such exposure would result from future claims that may be, but have not yet been, made against HASLP, based on events which have not yet occurred. However, based on experience, management believes the risk of loss from these arrangements to be remote.

6. Subsequent Events

HASLP has evaluated the events and transactions that have occurred through February 23, 2012, the date the financial statements were available to be issued, and noted no items requiring adjustment of the financial statements or additional disclosures.

Harris Associates Securities L.P. Computation of Net Capital Pursuant to Rule 15c3-1 Under the Securities Exchange Act of 1934 December 31, 2011

December 31, 2011		Schedule I		
Net capital				
Partners' capital qualified for net capital	\$	479,071		
Deductions and/or charges				
Broker's blanket bond excess deductible		95,000		
Non-allowable assets		37,327		
Net capital	\$	346,744		
Total aggregate indebtedness	\$	91,633		
Computation of basic net capital requirements Minimum net capital required (6 2/3% of aggregate indebtedness)	(A) \$	6,109		
Minimum dollar net capital requirement	(B) \$	5,000		
Net capital requirement (greater of (A) or (B))	\$	6,109		
Excess net capital (net capital, less net capital requirement)	\$	340,635		
Excess net capital at 1,000 percent (net capital less 10% of aggregate indebtedness)	\$	337,581		
Ratio: Aggregate indebtedness to net capital		.26 to 1		

Harris Associates Securities L.P.
Computation for Determination of Reserve Requirements and Information Relating to Possession or Control Requirements Pursuant to Rule 15c3-3 Under the Securities Exchange Act of 1934
December 31, 2011

Schedule II

HASLP's transactions are limited to distribution of registered investment companies and it does not hold customer funds or securities. Accordingly, HASLP claims exemption from SEC Rule 15c3-3 based on (k)(1)(a) of the Rule.

Report of Independent Auditors on Internal Control Required By SEC Rule 17a-5(g)(1)

To the Partners of Harris Associates Securities L.P.

In planning and performing our audit of the financial statements of Harris Associates Securities L.P. (the "Company") as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect

misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011 to meet the SEC's objectives.

This report is intended solely for the information and use of the partners, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

February 23, 2012
