INDEPENDENT AUDITORS' REPORT

Board of Directors McDuffie-Morris Financial Group, Inc.

We have audited the accompanying statements of financial condition of McDuffie-Morris Financial Group, Inc. as of April 30, 2012 and 2011 and the related statements of operations, stockholder equity and other comprehensive income, cash flows, and changes in liabilities subordinated to claims of general creditors for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of McDuffie-Morris Financial Group, Inc. as of April 30, 2012 and 2011 and the results of their operations and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

McDUFFIE-MORRIS FINANCIAL GROUP, INC. NOTES TO FINANCIAL STATEMENTS

APRIL 30, 2012 AND 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Company is a broker-dealer concentrating in mutual funds, tax deferred investments, and related insurance products. The Company was incorporated in the state of Maryland and started operations in October 1995 It subsequently moved its charter to the state of Florida in December 2003. The Company maintains a branch office in Maryland, with the main office in Florida. The Company is registered under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority (FINRA)

Preparation of financial statements in accordance with generally accepted accounting principles in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements and reported amounts of revenues and expenses, during the reporting period. On an ongoing basis, the company evaluates its estimates, including those related to the allowance for uncollectible accounts receivable, depreciation methods, and lives of equipment. The company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from those estimates. Management has evaluated subsequent events through June 6, 2011, the date the financial statements were available to be issued.

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

<u>Cash and Cash Equivalents</u> – The Company considers investments in money market accounts and certificates of deposit with maturities of three months or less to be cash equivalents.

<u>Marketable Securities</u> – Marketable securities are investments, which are considered available for sale and thus valued at fair market value.

<u>Depreciation and Amortization</u> – Depreciation is computed using either an accelerated method or straight line of depreciation, whichever is consistent with the method utilized to prepare the Company's tax return, over the estimated useful lives of the applicable assets. For the years ended April 30, 2012 and 2011, management has recorded depreciation under provisions of the tax code, which permit accelerated allowances in the acquisition year of the assets, which is not permitted under GAAP. If the generally accepted accounting principles had been followed, depreciation expense for the years ended April 30, 2012 and 2011 would be decreased by \$-0- and \$-0-, respectively. Expenditures for items considered to be maintenance and repair are charged to expense as incurred.

<u>Advertising costs</u> – Advertising costs are expensed as incurred. Advertising expense for the years ended April 30, 2012 and 2011 was \$-0- and \$-0-, respectively.

McDUFFIE-MORRIS FINANCIAL GROUP, INC. NOTES TO FINANCIAL STATEMENTS APRIL 30, 2012 AND 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

<u>Revenue Recognition</u> – Commissions and fees earned on initial investment contracts are recognized as the contracts are accepted and executed by the investment companies. Subsequent commissions and fees are recognized when notified by the investment companies. Earned commissions may subsequently be forfeited should a client decide to cancel their investment in an annuity or life insurance product within the initial one year period. Such charge backs are recognized when incurred. Other commissions subsequently deemed uncollectible are written off using the direct write-off method.

<u>Earnings per share</u> – Earnings per share are calculated using the weighted average of shares of capital stock outstanding during each year. The earnings per share for the year ended April 30, 2012 amounted to \$2.83 and the loss per share for the year ending April 30, 2011 amounted to (2.07).

<u>Comprehensive Income</u> – There is no difference between income and loss from operations and other comprehensive income or loss.

<u>Income taxes</u> – The Company files its federal and state income tax returns using the accrual basis of accounting. As such, there are no timing differences between the financial statements and the tax returns. Accordingly, no provision for deferred income taxes has been included in these financial statements.

<u>Fair value of financial instruments</u> – The Company's assets and liabilities are carried at fair value or contracted amounts which approximate fair value. Assets consist of cash and receivables. Liabilities consist of accounts payable and accrued expenses.

<u>Subsequent events</u> – Management considers events occurring after the balance sheet date which might have an impact on the Company's results of operations, asset or liability balances presented in the accompanying financial statements, Management has evaluated subsequent events through June 6, 2012, which is the date the financial statements were available to be issued.

NOTE B - COMMISSIONS RECEIVABLE

There are no Commissions receivables as of April 30, 2012 and 2011. Management regularly evaluates the collectability of the Company's receivables and consequently believes that as of April 30, 2012 and 2011, no allowance for doubtful receivables is required.

NOTE C - MARKETABLE SECURITIES

As of April 30, 2012 and 2011, the Company has no marketable securities.

McDUFFIE-MORRIS FINANCIAL GROUP, INC.

NOTES TO FINANCIAL STATEMENTS

APRIL 30, 2012 AND 2011

NOTE D - PROPERTY AND EQUIPMENT

Property and equipment consist of furniture and fixtures. Depreciation and amortization expense for the year ended April 30, 2012 and 2011 amounted to \$-0- and \$-0-, respectively. Expenditures for maintenance and repairs amounted to \$2,125 and \$2,734 for the years ended April 30, 2012 and 2011, respectively.

NOTE E - SUBORDINATED LIABILITIES

The Company had no subordinated liabilities during the year ended April 30, 2012.

NOTE F - INCOME TAXES

The Company's provision for income taxes for the year ended April 30, 2012 amounted to \$-0-, resulting from the Company utilizing a net operating loss in the current year. For the period ended April 30, 2011, the Company generated a net operating loss which has been used in the current year. Generally, net operating losses can be carried back to the two years preceding the loss year and then forward for the next twenty years following the loss year.

The Federal and state income tax returns for the Company for the years ended April 30, 2010, 2011 and 2012 are subject to examination by the Internal Revenue Service, generally for three years after they were filed.

NOTE G - EXEMPTION FROM RULE 15c3-3

The Company is exempt from Rule 15c3-3 of the Securities Exchange Act of 1934 under subparagraph (k) because the Company's transactions are limited to the sale and redemption of redeemable securities of registered investment companies or interests or participations in an insurance company separate account and the Company promptly transmits all funds. Accordingly, the Company is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers" customarily referred to as the Reserve Bank Account.

NOTE H - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and a ratio of aggregate indebtedness to net capital, both as defined, which shall not exceed 15 to 1. The rule of the "applicable" exchange provides that equity capital may not be withdrawn for dividends if the resulting net capital ratio would exceed 10 to 1. At April 30, 2012 and 2011 the Company had net capital of \$16,858 and \$14,029, respectively, which was \$11,858 and \$9,029 in excess of its required net capital of \$5,000.

McDUFFIE-MORRIS FINANCIAL GROUP, INC. NOTES TO FINANCIAL STATEMENTS APRIL 30, 2012 AND 2011

NOTE I - MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The officer and sole shareholder of the Company is also a principal in other entities, exercising common control, which could affect the operating results or financial position of the Company. These results could be significantly different from those that would have been obtained if the Company was autonomous. Even though these related parties do not charge management fees to each other, they do share certain common resources, equipment and personnel with no fees being charged. The Company pays \$12,000 annual rent for its office location, there is not a formal lease agreement in place.

NOTE J - CONCENTRATIONS OF CREDIT RISK

The Company conducts its business primarily in the states of Maryland and Florida, and therefore could be materially affected by economic fluctuations in those geographic areas as well as changes in the investment choices of its customer base.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL

Board of Directors McDuffie-Morris Financial Group, Inc.

We have examined the financial statements of McDuffie-Morris Financial Group, Inc. for the year ended April 30, 2012 and 2011, and have issued our report thereon dated June 6, 2012. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by rule 17a5(g) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practice and procedures) followed by McDuffie-Morris Financial Group, Inc. that we considered relevant to objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of an internal accounting control system are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any internal accounting control procedures, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of McDuffie-Morris Financial Group, Inc. taken as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

This report is intended solely for the use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, the State of Florida, the State of Maryland and other states' securities regulators and should not be used for any other purpose.
