Independent Auditor's Report

May 27, 2012

Board of Directors
Silicon Valley Securities, Inc.
4880 Stevens Creek Blvd. Suite 100
San Jose , CA 95129

I have audited the accompanying balance sheet of Silicon Valley Securities, Inc. , as of March 31, 2012, and the related statements of income, retained earnings, changes in stockholder's equity, and cash flows for the twelve months then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material aspects, the financial position of Silicon Valley Securities, Inc. as of March 31, 2012, and the results of its operations, retained earnings, changes in stockholders equity, and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental schedules of computation of net capital, computation of basic net capital requirement, computation of aggregate indebtedness, exemptive provisions under rule 15c3-3, statement of changes in liabilities subordinated to the claims of general creditors, and the reconciliation of the computation of net capital under rule 15c3-1, are presented for additional analysis and are not a required part of the basic financial statements, but are supplementary information required by rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects to the basic financial statements taken as a whole.

Further, there were no material differences in the net amount reported as Net Capital in the audited Computation of Net Capital and the broker-dealer's corresponding Unaudited Part IIA of the Focus report required under Rule 15c3-1.

NOTES TO FINANCIAL STATEMENTS
March 31, 2012

NOTE A – SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by the Company and the methods of applying those principles which materially affect the determination of financial position, results of operation and cash flows are summarized below:

Organization

Silicon Valley Securities, Inc. (the Company) was incorporated in the State of California effective December 1, 1988. The Company has adopted a fiscal year ending March 31st.

Description of Business

The Company, located in San Jose, CA is a broker and dealer in securities registered with the Securities and Exchange Commission (“SEC”) and is a member of FINRA. The Company operates under SEC Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company’s customers are held by a clearing broker-dealer.

Basis of Accounting

The financial statements of the Company have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable – Recognition of Bad Debt

The Corporation considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

Revenue Recognition

Commission revenues are recorded by the Company on the settlement date reported by the clearing firm through submitted commission statements.

Depreciation

Depreciation is calculated using the straight line method using an estimated life of five years.

See accountant’s audit report

SILICON VALLEY SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
March 31, 2012

Income taxes

Effective December 1, 1988, the Company is considered to be a regular corporation status for federal income tax purposes.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Financial instruments that are subject to fair value disclosure requirements are carried in the financial statements at amount that approximate fair value and include cash and cash equivalents. Fair values are based on quoted market prices and assumptions concerning the amount and timing of estimated future cash flows and assumed discount rates reflecting varying degrees of perceived risk.

Comprehensive Income

Statement of Financial Accounting Standards (SFAS) No. 130, Reporting Comprehensive Income, establishes requirements for disclosure of Comprehensive Income that includes certain items previously not included in the statement of income, including unrealized gains and losses on available-for-sales securities and foreign currency translation adjustment among others. During the year ended March 31, 2012, the Company did not have any components of Comprehensive Income to report.

NOTE B – NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-3 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

The Company's ratio of aggregate indebtedness to net capital as defined in the Securities and Exchange Commission Uniform Net Capital Rule 15(c)3-1 was .3099 to 1 at March 31, 2012. The company is required by regulatory authorities to maintain a ratio of less than 15 to 1. The Company had net capital, as defined, of \$212,178.00 at March 31, 2012, which exceeded the required net capital of \$50,000. There were no material inadequacies found to exist or found to have existed since the date of the previous audit.

See accountant's audit report

SILICON VALLEY SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
March 31, 2012

NOTE C – POSSESSION OR CONTROL REQUIREMENTS

The Company does not have any possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEC Rule 15c-3-3(k)(2)(ii) by promptly transmitting all customer funds or securities to the clearing broker who carries the customer accounts.

NOTE D – RELATED PARTY TRANSACTIONS

The Company paid \$100,368.02 in broker commission and wages to an officer and stockholder. The Company paid \$2,608.33 in lease and rent payments to related to the stockholder.

NOTE E – OTHER COMMITMENTS AND CONTINGENCIES

Included in the Company's clearing agreement with its clearing broker-dealer is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At March 31, 2012, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware of any potential losses relating to this indemnification.

NOTE F – PROPERTY, EQUIPMENT AND LEASEHOLD IMPROVEMENTS

Property, equipment and leasehold improvements are stated at cost less accumulated depreciation. Expenditures for maintenance and repairs are charged to expense as incurred. Depreciation is calculated on the double declining method. The following is a summary of property, equipment and leasehold improvements:

	Estimated Useful Life	
Furniture and equipment	3 – 7 years	51,314
Less – accumulated depreciation		<u>(46,906)</u>
Total		\$ 4,408

Depreciation expense was \$1,393 for the year March 31, 2012 and is included in the operating expenses in the accompanying statement of income.

NOTE G – LEASES

The Company had a lease agreement for its office space. The amount was \$86,980.86. The amount was expensed as incurred. In addition, the Company paid \$2,608.33 for operating leases on various office equipment.

NOTE H – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between participants at the measurement date (i.e., an exit price). The guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority To unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted, active market prices for identical assets or liabilities. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuation are obtained from readily available pricing sources for market transactions involving identical assets or liabilities. The Company did have any Level 1 assets..

Level 2 – Observable inputs other than Level 1, such as quoted market prices for similar assets or liabilities, quoted for identical or similar assets in inactive markets, and model derived valuations in which all significant inputs are observable in active markets. The Company did not have any Level 2 assets or liabilities.

Level 3 – Valuation techniques in which one or more significant inputs are observable in the marketable. The company did not have any Level 3 assets or liabilities.

Fair values of assets measured on a recurring basis at September 30, 2011 are as follows:

	Fair value at Reporting Date Using	
	Fair Value	Quoted Price in Active markets for Identical Assets (Level 1)
March 31, 2012		
Money Market Funds	\$ 0.00	\$ 0.00
Government Bonds	193,024.05	193,024.05
Total	<u>\$ 193,024.05</u>	<u>\$ 193,024.05</u>

Fair values for short-term investments and long-term investments are determined by reference to quoted market prices and other relevant information generated by market transactions. The income reported from these investments were: interest and dividends \$15,870.00, and capital gains, \$34.00.

The carrying amounts reflected in the balance sheet for cash, money market funds, and marketable securities approximate the respective fair values due to the short maturities of those instruments. Available-for-sale marketable securities are recorded at fair value in the balance sheet. A comparison of the carrying value of those financial instruments is as follows:

See accountant's audit report

	Fair value at Reporting Date Using	
	Carrying Value	Fair Value
March 31, 2012		
Money Market Funds	\$ 0.00	\$ 0.00
Government Bonds	193,024.05	193,024.05
Total	\$ 193,024.05	\$ 193,024.05

Cost and fair value of money market funds and marketable securities at September 30, 2011 are as follows:

	Amortized Cost	Gross Unrealized Gain	Gross Unrealized Losses	Fair Value
March 31, 2012				
Held to Maturity:				
Money Market Funds	\$ 0.00	0.00	0.00	\$ 0.00
Government Bonds	192,990.05	34.00	0.00	193,024.05
Totals	\$ 192,990.05	34.00	0.00	\$ 193,024.05

The fair value of money market funds and market securities have been measured on a recurring basis using Level 1 inputs, which are based on unadjusted quoted market prices within active markets. There have been no changes in valuation techniques and related inputs.

REPORT ON INTERNAL CONTROL

For the twelve months ended March 31, 2012

See accountant's audit report

Edward Richardson, Jr., CPA
15565 Northland Suite 508 West
Southfield, MI. 48075

May 27, 2012

Board of Directors
Silicon Valley Securities, Inc.
4880 Steven Creek Blvd.
Suite 100
San Jose, CA 95129

In planning and performing my audit of the financial statements and supplemental schedules of Silicon Valley Securities, Inc. for the twelve months ended March 31, 2012, I considered its internal control, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements, and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the company, including tests of such practices and procedures that I considered relevant to the objective stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control, and the practices and procedures referred to the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraphs and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance, that assets for which the Company has responsibility are safeguarded against loss from unauthorized use of disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection or any evaluation of them

See accountant's audit report

to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted the following condition that I consider to be a material weakness as defined above.

Only one person is responsible for all accounting and reporting functions. Accordingly, there is no segregation of duties. Due to the size of the Company, management does not feel it is cost-effective to change this condition.

I understand that practices and procedures that accomplish the objectives referred to in the preceding paragraphs of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and my study, I believe that the Company's practices and procedures were adequate at March 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and the regulatory agencies that rely on rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be, and should not be, used by anyone other than these specified parties.

In accordance with Rule 17a-5©(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [Transitional Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the period January 1, 2011 to December 31, 2011, which were agreed to by Silicon Valley Securities, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and the SIPC, solely to assist you and other specified parties in evaluating Silicon Valley Securities, Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7). Silicon Valley Securities, Inc.'s management is responsible for Silicon Valley Securities, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures were performed and our findings are as follows:

1. Compared the listed assessment payments represented on Form SIPC-7 with the respective cash disbursements record entries, including check amount of \$637.49 and \$574.64 respectively.
2. Compared audited Total Revenue for the period of January 01, 2011 through the December 31, 2011 (fiscal year-end) with the amounts reported on Form SIPC-7 for the same period noting no reportable reconciliation differences.
3. Compared any adjustments reported Form SIPC-7 with supporting schedules and work papers, to the extent such exists, noting no differences.
4. Proved the arithmetical accuracy of the calculations reflected on Form SIPC-7 noting no differences.
5. If applicable, compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed. According to our findings, Silicon Valley Securities, Inc. has a \$39.67 balance.

I was not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, I do not express such an opinion. Had I
