INDEPENDENT AUDITOR'S REPORT

To the Member-Owner
Winklevoss Insurance Agency, LLC
Greenwich, CT

We have audited the accompanying statement of financial condition of Winklevoss Insurance Agency, LLC as of June 30, 2012, and the related statements of operations, changes in member's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Winklevoss Insurance Agency, LLC as of June 30, 2012, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying

accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as whole.

WINKLEVOSS INSURANCE AGENCY, LLC

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Winklevoss Insurance Agency, LLC (the "Company") is a Delaware limited liability company and is a limited broker-dealer registered with the Financial Industry Regulatory Authority (FINRA) and the Securities Exchange Commission. The Company is a licensed insurance agency in the business of advising corporations, banks and other persons in the private placement of variable life insurance products and securities. The Company, as a non-clearing broker, does not handle customers' funds or securities. There were no liabilities subordinated to claims of general creditors during the year ended June 30, 2012.

Virtually all of the Company's operating expenses, including labor, rent and overhead expenses are provided by its sole owner member, Winklevoss LLC. These expenses are billed by Winklevoss LLC to the Company as a management fee pursuant to terms set forth in an agreement dated July 1, 2004.

Accounting Standards Codification

The Financial Accounting Standards Board ("FASB") issued FASB Statement No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*, effective for periods ending after September 15, 2009. This Statement establishes the FASB Accounting Standards Codification ("ASC") as the single source of authoritative United States generally accepted accounting and reporting standards for nongovernmental entities, in addition to guidance issued by the SEC and these financial statements are referenced accordingly.

Revenues

The Company's principal source of revenue is from insurance commissions earned from client variable life insurance contracts. Revenue is recognized monthly as earned. One client contract with three policyholders and three associated insurance policies constitute the entire revenue stream of the Company. The revenue from the variable life insurance contracts is being recognized by Winklevoss Insurance Agency, LLC due to regulatory requirements necessitating use of a registered limited broker-dealer.

Income Taxes

The Company operates as a limited liability company and as such is treated as a disregarded entity for income tax purposes. All taxable income and expenses are reported by the single owner-member company, Winklevoss LLC (which then reports its combined taxable income/loss to its corporate parent, Winklevoss Consultants Inc.).

WINKLEVOSS INSURANCE AGENCY, LLC

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2012

Therefore, no provision for federal and state income taxes is required.

In accordance with ASC 740, *Income Taxes*, the Company is required to disclose unrecognized tax benefits resulting from uncertain tax positions. At June 30, 2012, the Company did not have any unrecognized tax benefits or liabilities. The Company operates in the United States and in state and local jurisdictions, and the previous three years remain subject to examination by tax authorities. There are presently no ongoing income tax examinations.

Concentration of Risk

As of June 30, 2012, the Company's revenue is derived from one client with three policyholders and three associated insurance policies.

Cash balances represent funds on deposit with a national financial institution and at times balances may exceed federally insured amounts.

Estimates

Management of the Company uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates management uses.

2. RELATED PARTY TRANSACTIONS

The Company is wholly owned by Winklevoss LLC, a limited liability company which in turn is wholly owned by Winklevoss Consultants Inc. The Company is party to a 2004 management agreement with Winklevoss LLC. The agreement states that significant management infrastructure, and operating expenses are to be provided by Winklevoss LLC and billed to the Company as a quarterly management fee. Allocation of the shared expenses incurred by Winklevoss LLC to the Company is based on management estimates of the utility derived by each of the respective companies using primarily employee work hours and gross revenues allocation factors. Management believes this formula reasonably reflects the allocation of operating expenses between the Company and Winklevoss LLC. The Company paid management fees of \$74,493 and other expenses of \$53,974 to Winklevoss LLC during the year ended June 30, 2012.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 (g)(1) FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

To the Member-Owner
Winklevoss Insurance Agency, LLC
Greenwich, CT

In planning and performing our audit of the financial statements of Winklevoss Insurance Agency, LLC (the Company), as of and for the year ended June 30, 2012 in accordance with auditing standards generally accepted in the United States, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
