INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Share Financial Services, Inc.

We have audited the accompanying statement of financial condition of Share Financial Services, Inc. as of September 30, 2012 and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Share Financial Services, Inc. as of September 30, 2012, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in Schedules I and II required by Rule 17a-5 under the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Summary of Significant Accounting Policies

Share Financial Services, Inc. (the "Company") is a broker-dealer in securities registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company operates under SEC Rule 15c3-3(k)(2)(i). The Company is a wholly-owned subsidiary of Share Holdings, Inc. (the "Parent"). The Company's revenue is generated through consulting and underwriting services ("program fees") to churches and not-for-profit organizations and the brokerage of securities of its client issues. The Company's customers are primarily located throughout the Midwestern and Southwestern portions of the United States.

Revenues from program fees are recognized when all provisions of the contract between the Company and the client have been fulfilled. Expenses relating directly to programs are recognized when revenue is recorded. All other revenues and expenses are recognized as earned or incurred, using the accrual method of accounting.

The Company receives deposits in advance for services to be provided. These deposits are reflected as deferred revenue.

Commissions receivable are generally collected in full in the month following their accrual. As such, management has not recorded an allowance for doubtful accounts on these receivables. The Company advances funds to its registered representatives as determined necessary by management. The advances are generally recouped upon the following commission payment cycle. Management records an allowance for bad debts based on a collectability review of specific accounts. Any receivables deemed uncollectible are written off against the allowance.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising costs are expensed as incurred. Advertising costs charged to expense were $1,400 for the year ended September 30, 2012 and are reflected in promotional costs.

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due. The provision for federal

Note 1 - Summary of Significant Accounting Policies, continued

income taxes differs from the expected amount using statutory rates because certain expenses included in the determination of net income are non-deductible for tax reporting purposes.

Property and equipment are stated at cost. Depreciation on office equipment and furniture is computed using an accelerated method over the estimated useful lives of the assets.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At September 30, 2012, the Company had net capital of approximately $20,045 and net capital requirements of $10,544. The Company's ratio of aggregate indebtedness to net capital was 7.89 to 1. The SEC permits a ratio of no greater than 15 to 1.

Note 3 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(i).

Note 4 - Income Taxes

The Company files a consolidated income tax return with the Parent. Income taxes are recorded using the separate company method to comply with Accounting Standards Codification 740. Any resulting provision or benefit for income taxes is recorded as receivable from or payable to the Parent.

At September 30, 2012, the Company has net operating losses of approximately $294,417 which would be carried forward to offset against future taxable income. This net operating loss carryforward will expire as follows:

Year Ending September 30,	
2028	$ 77,755
2029	778
2030	215,884
	$ 294,417

Note 4 - Income Taxes, continued

The tax benefit from the net operating loss carryforward of $88,000 has not been reported in these financial statements because the Company believes it is likely that the carryforward will expire unused. Accordingly, the tax benefit has been offset by a valuation allowance of the same amount.

The following reflects the changes in the tax benefit:

	Deferred Tax Asset September 30, 2011	Current Period Changes	Deferred Tax Asset September 30, 2012
Federal	$ 14,765	$ 73,235	$ 88,000
Valuation allowance	(14,765)	(73,235)	(88,000)
Amount per balance sheet	$ -0-	$ -0-	$ -0-

Any potential interest and penalty associated with tax contingency, should one arise, would be included as a component of income tax expense in the period in which the assessment arises.

The Company's federal and state income tax returns are subject to examination over various statutes of limitations generally ranging from three to five years.

Note 5 - Lease Commitments

The following is an analysis of leased property under capital leases:

Office equipment	$ 27,060
Less: accumulated amortization	22,292
	$ 4,768

Amortization of the lease property is included in depreciation expense. The following is a schedule by years of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of September 30, 2012:

Year Ending September 30,	
2013	$ 5,027
2014	5,027
2015	2,519
Less: amount representing interest	(2,181)
Present value of net minimum lease payments	$ 10,392

Note 6 - Related Party Transactions

The Company and its Parent are under common control and the existence of that control creates operating results and financial position significantly different than if the companies were autonomous.

The Company is provided office space, office facilities and certain administrative expenses from its Parent under the terms of an expense sharing agreement. During the year ended September 30, 2012 the Company paid the Parent approximately $28,500 for allocated overhead.

During the year ended September 30, 2012 the Company paid discretionary management fees to the Parent in the amount of $102,561, which was included in other expenses.

Supplemental Information

Pursuant to Rule 17a-5 of the

Securities Exchange Act of 1934

as of

September 30, 2012

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Directors of
Share Financial Services, Inc.

In planning and performing our audit of the financial statements and supplemental information of Share Financial Services, Inc. (the "Company"), as of and for the year ended September 30, 2012 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in compliance with making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13

2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses and therefore, there can be no assurance that all material weaknesses have been identified. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at September 30, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON THE SIPC ANNUAL ASSESSMENT REQUIRED BY SEC RULE 17a-5

To the Board of Directors of
Share Financial Services, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments ("Form SIPC-7") to the Securities Investor Protection Corporation ("SIPC") for the year ended September 30, 2012, which were agreed to by Share Financial Services, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating Share Financial Services, Inc.'s compliance with the applicable instructions of the Form SIPC-7. Management is responsible for Share Financial Services, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursements records entries (cash disbursements journal) noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended September 30, 2012 with the amounts reported in Form SIPC-7 for the year ended September 30, 2012 noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
