INDEPENDENT AUDITOR'S REPORT

Board of Directors Greenman Parker Connally Greenman Incorporated

We have audited the accompanying statement of financial condition of Greenman Parker Connally Greenman Incorporated (the Company) as of September 30, 2012, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Greenman Parker Connally Greenman Incorporated as of September 30, 2012, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in Schedule I required by Rule 17a-5 under the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Greenman Parker Connally Greenman Incorporated (the Company) was organized in May 1985 as a Texas corporation. The Company is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is also a registered investment advisor with the state of Texas. The majority of the Company's customers are individuals located in the state of Texas.

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities, but as an introducing broker or dealer, will clear all transactions on behalf of customers on a fully disclosed basis through a clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer. Under these exemptive provisions, the Computation for Determination of Reserve Requirements and Information Relating to the Possession and Control Requirements are not required.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Company's financial asset and liability amounts reported in the statement of financial condition are short-term in nature and approximate fair value.

Cash Equivalents

Money market funds are reflected as cash equivalents in the accompanying statement of financial condition and for purposes of the statement of cash flows.

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment are carried at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over estimated useful lives of five to seven years.

Revenue Recognition

General securities commissions and related clearing expenses are recorded on a trade date basis.

Investment advisory and referral are earned based on contractual percentages of client assets under management. The fees are billed in arrears.

Advertising Costs

The Company expenses advertising production costs as they are incurred and advertising communication costs the first time the advertising takes place.

Income Taxes

As of September 30, 2012, open Federal tax years include the tax years ended September 30, 2009 through September 30, 2011.

The Company is also subject to various state income taxes.

Note 2 - Transactions with Clearing Broker/Dealer

The agreement with the clearing broker/dealer provides for clearing charges at a fixed rate multiplied by the number of tickets traded by the Company. The agreement also requires the Company to maintain a minimum of \$25,000 as a deposit in an account with the clearing broker/dealer.

Note 3 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At September 30, 2012, the Company had net capital and net capital requirements of \$65,864 and \$50,000, respectively. The Company's net capital ratio was 1.86 to 1.

Note 4 - Property and Equipment

Property and equipment is carried at cost less accumulated depreciation and consists of the following:

Furniture and fixtures and		
computer equipment	\$	20,661
Accumulated depreciation	*******	(17,186)
	\$	3,475

Depreciation expense for the year was \$849 and is reflected in the accompanying statement of income as occupancy and equipment costs.

Note 5 - Commitments and Contingencies

Office Lease

The Company leases office space under a noncancelable operating lease through September 2014. Future minimum lease payments due for each of the years ending September 30 are as follows:

2013 2014	\$ 46,248 46,248
Thereafter	\$ 92,496

The terms of the lease require the Company to provide liability insurance and cover certain general operating expenses with provision for escalation. Office rent expense for the year was \$48,588 and is reflected in the accompanying statement of income as occupancy and equipment costs.

Contingencies

The nature of the Company's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows of the Company.

Note 6 - Stock Purchase Agreement

The shareholders of the Company have entered into certain stock purchase agreements whereby the Company is obligated to acquire, and the stockholders' estates are obligated to sell to the Company, all shares of the common stock owned by the stockholders at their death. The purchase price required to be paid for the related stock as of September 30, 2012 was \$6.67 per share. Under the buy-sell agreement, the Company has the right of first refusal concerning any proposed sale of stock by an existing shareholder.

Note 7 - Retirement Plan

The Company has established a Simple IRA Plan (Plan) for its employees. The Company and employees may contribute to the Plan. The Company will contribute matching contributions equal to the elective deferral of each employee, but not more 3% of the individual employee's compensation up to \$14,000. Company matching contributions totaled \$29,861 for the year, and included in compensation and related costs in the accompanying statement of income.

Note 8 - Off-Balance-Sheet Risk

As discussed in Note 1, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker/dealers. The clearing broker/dealers carry all of the accounts of the customers of the Company and are responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealers may charge any losses they incur to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealers.

Note 9 - Subsequent Events

Management has evaluated the Company's events and transactions that occurred subsequent to September 30, 2012, through November 21, 2012, the date which the financial statements were available to be issued.

There were no events or transactions that occurred during this period that materially impacted the amounts or disclosures in the Company's financial statements.

Statement of Changes in Liabilities Subordinated to Claims of General Creditors

No statement is required as no subordinated liabilities existed at any time during the year.

Statement Regarding Exemption from Reserve Requirements

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, in which all customer transactions are cleared on a fully disclosed basis through a clearing broker/dealer. Under these exemptive provisions, the Computation of Determination of the Reserve Requirements and Information Relating to the Possession or Control Requirements are not required.

PHILLIP V. GEORGE, PLLC

CERTIFIED PUBLIC ACCOUNTANT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1)

Board of Directors Greenman Parker Connally Greenman Incorporated

In planning and performing our audit of the financial statements of Greenman Parker Connally Greenman Incorporated (the Company), as of and for the year ended September 30, 2012 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at September 30, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

Board of Directors Greenman Parker Connally Greenman Incorporated

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended September 30, 2012, which were agreed to by Greenman Parker Connally Greenman Incorporated and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Greenman Parker Connally Greenman Incorporated's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Greenman Parker Connally Greenman Incorporated's management is responsible for Greenman Parker Connally Greenman Incorporated's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries noting no differences;
- 2. Compared the amounts reported on the audited Form X-17A-5 for the year ended September 30, 2012, as applicable, with the amounts reported in Form SIPC-7 for the year ended September 30, 2012 noting no differences;
- 3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences; and
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
