CONSENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We consent to the incorporation by reference in Registration Statement No. 333-182385 on Form S-8 and Registration Statement Nos. 333-180115 and 333-180116 on Form S-3 of Caesars Entertainment Corporation of our reports dated March 15, 2013, relating to the consolidated financial statements and consolidated financial statement schedules of Caesars Entertainment Corporation and the effectiveness of Caesars Entertainment Corporation's internal control over financial reporting, appearing in the Annual Report on Form 10-K of Caesars Entertainment Corporation for the year ended December 31, 2012.

/s/ Deloitte & Touche LLP

Las Vegas, Nevada
March 15, 2013

I, Gary W. Loveman, certify that:

1. I have reviewed this annual report on Form 10-K/A of Caesars Entertainment Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

We have proprietary rights to a number of trademarks used in this Form 10-K that are important to our business, including, without limitation, Caesars Entertainment, Caesars Palace, Harrah’s, Total Rewards, World Series of Poker, Horseshoe, Paris Las Vegas, Flamingo Las Vegas, and Bally's Las Vegas. We have omitted the ® and ™ trademark designations for such trademarks named in this Form 10-K.

PART I

ITEM 1. Business

Overview

Caesars Entertainment Corporation (referred to in this discussion, together with its consolidated subsidiaries where appropriate, as “Caesars,” “Caesars Entertainment,” the “Company,” “we,” “our” and “us”), a Delaware corporation, is the world’s most diversified casino-entertainment provider and the most geographically diverse U.S. casino-entertainment company. Our business is primarily conducted through a wholly-owned subsidiary, Caesars Entertainment Operating Company, Inc. (“CEOC”), although certain material properties are not owned by CEOC. As of December 31, 2012, we owned, operated, or managed, through various subsidiaries, 52 casinos in 13 U.S. states and seven countries. The majority of these casinos operate in the United States, primarily under the Caesars, Harrah’s, and Horseshoe brand names, and in England. Our casino entertainment facilities include 33 land-based casinos, 11 riverboat or dockside casinos, three managed casinos on Indian lands in the United States, one managed casino in Cleveland, Ohio, one managed casino in Canada, one casino combined with a greyhound racetrack, one casino combined with a thoroughbred racetrack, and one casino combined with a harness racetrack. Our land-based casinos include nine in England, two in Egypt, one in Scotland, one in South Africa and one in Uruguay. As of December 31, 2012, our facilities had an aggregate of approximately three million square feet of gaming space and approximately 43,000 hotel rooms. Our industry-leading customer loyalty program, Total Rewards, has over 45 million members. We use the Total Rewards system to market promotions and to generate customer play across our network of properties. In addition, we own an online gaming business, providing for real money casino, bingo, and poker games in the United Kingdom, alliances with online gaming providers in Italy and France, “play for fun” offerings in other jurisdictions, social games on Facebook and other social media websites, and mobile application platforms. We also own and manage the World Series of Poker tournament and brand.

We were incorporated on November 2, 1989 in Delaware and operated under predecessor companies prior to such date. Our principal executive offices are located at One Caesars Palace Drive, Las Vegas, Nevada 89109, telephone (702) 407-6000.

On January 28, 2008, Caesars Entertainment was acquired by affiliates of Apollo Global Management, LLC (together with such affiliates, “Apollo”) and affiliates of TPG Capital, LP (together with such affiliates, “TPG” and, together with Apollo, the “Sponsors”) in an all-cash transaction, hereinafter referred to as the “Acquisition,” valued at \$30.7 billion, including the assumption of \$12.4 billion of debt, and the incurrence of \$1.0 billion of acquisition costs. Subsequent to the Acquisition, our stock was no longer publicly traded.

Effective February 8, 2012, as the result of our public offering, our common stock trades on the NASDAQ Global Select Market (“NASDAQ”) under the symbol “CZR.” In connection with the public offering, we effected a 1.742-for-one split of our common stock. Unless otherwise stated, all applicable share and per-share data presented herein have been retroactively adjusted to give effect to this stock split.

Description of Business

We have established a rich history of industry-leading growth and expansion since we commenced casino operations in 1937. We own, operate or manage casino entertainment facilities in more areas throughout the United States than any other participant in the casino industry. In addition to casinos, our facilities typically include hotel and convention space, restaurants, and non-gaming entertainment facilities. The descriptions below are as of December 31, 2012, except where otherwise noted.

In southern Nevada, Caesars Palace, Harrah’s Las Vegas, Rio All-Suite Hotel & Casino, Bally’s Las Vegas, Flamingo Las Vegas, Paris Las Vegas, Planet Hollywood Resort and Casino, The Quad Resort & Casino (formerly the Imperial Palace Hotel and Casino), Bill’s Gamblin’ Hall & Saloon, and Hot Spot Oasis are located in Las Vegas and draw customers from throughout the United States. Harrah’s Laughlin is located near both the Arizona and California borders and draws customers primarily from the southern California and Phoenix metropolitan areas and, to a lesser extent, from throughout the U.S. via charter aircraft. Bill’s Gamblin’ Hall & Saloon temporarily closed in early February 2013 to accommodate the renovations discussed below in the Summary of 2012 Events. The renovated hotel, casino, and restaurant are expected to open in December 2013 and the dayclub/nightclub is expected to open in April 2014.

In northern Nevada, Harrah’s Lake Tahoe and Harveys Resort & Casino are located near Lake Tahoe and Harrah’s Reno is located in downtown Reno. These facilities draw customers primarily from northern California, the Pacific Northwest, and Canada.

Our Atlantic City casinos, Harrah's Resort Atlantic City, Showboat Atlantic City, Caesars Atlantic City, and Bally's Atlantic City, draw customers primarily from the Philadelphia metropolitan area, New York, and New Jersey.

Harrah's Philadelphia (formerly Harrah's Chester) is a combination harness racetrack and casino located approximately six miles south of Philadelphia International Airport and draws customers primarily from the Philadelphia metropolitan area and Delaware.

Our Chicagoland dockside casinos, Harrah's Joliet in Joliet, Illinois, and Horseshoe Hammond in Hammond, Indiana, draw customers primarily from the greater Chicago metropolitan area. In southern Indiana, we own Horseshoe Southern Indiana, a dockside casino complex located in Elizabeth, Indiana, which draws customers primarily from northern Kentucky, including the Louisville metropolitan area, and southern Indiana, including Indianapolis.

In Louisiana, we own Harrah's New Orleans, a land-based casino located in downtown New Orleans, which attracts customers primarily from the New Orleans metropolitan area. In northwest Louisiana, Horseshoe Bossier City, a dockside casino, and Harrah's Louisiana Downs, a thoroughbred racetrack with slot machines, both located in Bossier City, cater to customers in northwestern Louisiana and east Texas, including the Dallas/Fort Worth metropolitan area.

On the Mississippi gulf coast, we own the Grand Casino Biloxi, located in Biloxi, Mississippi, which caters to customers in southern Mississippi, southern Alabama, and northern Florida.

Harrah's North Kansas City dockside casino draws customers from the Kansas City metropolitan area. Harrah's Metropolis is a dockside casino located in Metropolis, Illinois, on the Ohio River, drawing customers from southern Illinois, western Kentucky, and central Tennessee.

Horseshoe Tunica, Harrah's Tunica, and Tunica Roadhouse Hotel & Casino, dockside casino complexes located in Tunica, Mississippi, are approximately 30 miles from Memphis, Tennessee and draw customers primarily from the Memphis area and, to a lesser extent, from throughout the U.S. via charter aircraft.

Horseshoe Casino and Bluffs Run Greyhound Park, a land-based casino and pari-mutuel facility, and Harrah's Council Bluffs Casino & Hotel, a dockside casino facility, are located in Council Bluffs, Iowa, across the Missouri River from Omaha, Nebraska. At Horseshoe Casino and Bluffs Run Greyhound Park, we own the assets other than gaming equipment, and lease these assets to the Iowa West Racing Association, or IWRA, a nonprofit corporation, and we manage the facility for the IWRA under a management agreement expiring in October 2024. Iowa law requires that a qualified nonprofit corporation hold Bluffs Run's gaming and pari-mutuel licenses and own its gaming equipment. The license to operate Harrah's Council Bluffs Casino & Hotel is held jointly with IWRA, the qualified sponsoring organization. The Sponsorship and Operations Agreement between IWRA and us terminates on December 31, 2015, subject to our option to extend the term of the agreement for five succeeding three year terms, provided we are not in default.

The Conrad Resort & Casino located in Punta Del Este, Uruguay (the "Conrad"), draws customers primarily from Argentina and Uruguay. In November 2012, the Company announced that it had entered into a definitive agreement with Enjoy S.A. ("Enjoy") to form a strategic relationship in Latin America. Under the terms of the agreement, Enjoy will acquire 45% of Baluma S.A., our subsidiary which owns and operates the Conrad, and we will become a 10% shareholder in Enjoy upon consummation of the agreement. Upon the closing of the transaction, which is subject to certain conditions, including the receipt of all regulatory and governmental approvals, Enjoy will assume primary responsibility for management of the Conrad. Enjoy will have the option to acquire the remaining stake in Baluma S.A. between years three and five following closing. The closing of the transaction remains subject to a number of conditions, including regulatory and governmental approvals in both Uruguay and Chile.

We own four casinos in London: the Sportsman, the Golden Nugget, The Playboy Club London, and The Casino at the Empire. Our casinos in London draw customers primarily from the London metropolitan area as well as international visitors. We also own Alea Nottingham, Alea Glasgow, Alea Leeds, Manchester 235, Rendezvous Brighton, and Rendezvous Southend-on-Sea in the provinces of the United Kingdom, which primarily draw customers from their local areas. Pursuant to a concession agreement, we also operate two casinos in Cairo, Egypt, The London Club Cairo (which is located at the Ramses Hilton) and Caesars Cairo (which is located at the Four Seasons Cairo), which draw customers primarily from other countries in the Middle East. Emerald Safari, located in the province of Gauteng in South Africa, draws customers primarily from South Africa. We closed our Alea Leeds casino on March 4, 2013.

We own and operate Bluegrass Downs, a harness racetrack located in Paducah, Kentucky.

We earn fees through our management of three casinos for Indian tribes:

- Harrah's Phoenix Ak-Chin, located near Phoenix, Arizona, which we manage for the Ak-Chin Indian Community under a management agreement that expires in December 2014. Harrah's Phoenix Ak-Chin draws customers from the Phoenix metropolitan area;
- Harrah's Cherokee Casino and Hotel, which we manage for the Eastern Band of Cherokee Indians on their reservation in Cherokee, North Carolina under a management contract that expires in November 2018. Harrah's Cherokee draws customers from eastern Tennessee, western North Carolina, northern Georgia and South Carolina; and
- Harrah's Rincon Casino and Resort, located near San Diego, California, which we manage for the Rincon San Luiseno Band of Mission Indians under a management agreement that expires in November 2013. Harrah's Rincon draws customers from the San Diego metropolitan area and Orange County, California.

We also earn fees through our management of the following casinos:

- We manage Caesars Windsor, located in Windsor, Ontario, which draws customers primarily from the Detroit metropolitan area.
- Horseshoe Cleveland casino in Ohio, which we manage for Rock Ohio Caesars LLC ("ROC"), a venture with Rock Ohio Ventures, LLC ("Rock Gaming"), in which we have a 20% equity interest. We manage the property for a fee under a management agreement that expires in May 2032.
- Subsequent to its opening on March 4, 2013, we manage the Horseshoe Cincinnati casino in Ohio for ROC for a fee under a management agreement that will expire in March 2033.

As more fully discussed in Note 3, "Acquisitions, Investments, Dispositions and Divestitures," in Item 8 of this report, in August 2012, we sold a 53.39% interest in Thistledown Racetrack, LLC ("Thistledown"), a thoroughbred racing facility in Cleveland, Ohio, to Rock Gaming and contributed the remaining 46.61% interest in Thistledown to ROC in exchange for additional equity interests in ROC. ROC wholly owns the operation and once it commences video lottery terminal ("VLT") operations we will manage the property for a fee under a management agreement that will expire on the 20th anniversary of commencing such VLT operations. In May 2012, we also contributed our 50% interest in Turfway Park LLC which is the owner of the Turfway Park thoroughbred racetrack in Boone County, Kentucky, to ROC in exchange for additional equity interests in ROC. Immediately subsequent to these transactions, Rock Gaming purchased a portion of equity interests in ROC from us in order to retain their 80% ownership interest in ROC. Turfway Park LLC, also owns a minority interest in Kentucky Downs LLC, which is the owner of the Kentucky Downs racetrack located in Simpson County, Kentucky.

We have a minority interest in Sterling Suffolk Racecourse, LLC ("Suffolk Downs"), which owns a horse-racing track in Boston, Massachusetts, and the right to manage a potential future gaming facility. During 2012, the Company acquired a \$28.1 million preferred equity interest in Suffolk Downs.

In July 2012, a consortium led by the Company was awarded the license to operate a casino in downtown Baltimore, Maryland. In October 2012, Caesars entered into definitive agreements with Rock Gaming, CVPR Gaming Holdings, LLC, The Stronach Group and Brown Capital Management to form a venture that will build and own the casino. Subject to regulatory approvals and receipt of project financing, Caesars expects to begin construction of the casino in the first half of 2013 and to open the casino in the middle of 2014.

Caesars Interactive Entertainment, Inc. ("CIE"), which is a majority-owned subsidiary of Caesars Entertainment, owns the World Series of Poker ("WSOP") tournaments, and we license trademarks for a variety of products and businesses related to this brand. We also offer real money online gaming in the United Kingdom under the WSOP and Caesars brands, as well as alliances with online poker providers in France and Italy. In addition, we offer online "play for fun" casino genre games to residents globally online, through Facebook and other social networks, and on iOS and Android mobile devices. In December 2012, CIE received an interactive operator's license for online poker in Nevada. Going forward, we intend to offer real money gaming in jurisdictions where it is legal.

We also own and operate a golf course on 175 acres of prime real estate through a land concession on the Cotai strip in Macau. In the fourth quarter of 2012, we began discussions with interested investors on a sale of the entities holding the land concession. We cannot assure you that we will be able to sell the entities holding the land concession, if at all.

Additional information about our casino entertainment properties is set forth below in Item 2, "Properties."

Sales and Marketing

We believe that our North American distribution system of casino entertainment provides us the ability to capture a disproportionate share of our customers' entertainment wallet when they travel among markets, which is core to our cross-market strategy. In addition, we have several multi-property markets like Las Vegas, Atlantic City, and Tunica, and we have seen increased revenue from customers visiting multiple properties in the same market. We believe our industry-leading customer loyalty program, Total Rewards, in conjunction with this distribution system, allows us to capture a growing share of our customers' entertainment budget and compete more effectively.

Our Total Rewards program is structured in tiers, providing customers an incentive to consolidate their entertainment spend at our casinos. Total Rewards customers are able to earn Reward Credits at essentially all of our casino entertainment facilities located in the U.S. and Canada for on-property entertainment expenses, including gaming, hotel, dining, and retail shopping. Total Rewards members can also redeem Reward Credits for on-property amenities or other off-property items such as merchandise, gift cards, and travel. Depending on their level of play with us in a calendar year, customers earn status within the Total Rewards program, designated as Gold, Platinum, Diamond, or Seven Stars customers, each with increasing sets of benefits and privileges.

Separately, customers are provided promotional offers and rewards based on the ways that they choose to engage with us. These benefits encourage new customers to join Total Rewards and provide existing customers with incentives to consolidate their entertainment spend at our casinos.

We have developed a database containing information about our customers, aspects of their casino gaming play, and their preferred spending choices outside of gaming. We use this information for marketing promotions, including through direct mail campaigns, the use of electronic mail, our website, mobile devices, social media, and interactive slot machines.

Patents and Trademarks

The development of intellectual property is part of our overall business strategy, and we regard our intellectual property to be an important element of our success. While our business as a whole is not substantially dependent on any one patent or combination of several of our patents or other intellectual property, we seek to establish and maintain our proprietary rights in our business operations and technology through the use of patents, copyrights, trademarks, and trade secret laws. We file applications for and obtain patents, copyrights, and trademarks in the United States and in foreign countries where we believe filing for such protection is appropriate. We also seek to maintain our trade secrets and confidential information by nondisclosure policies and through the use of appropriate confidentiality agreements. At December 31, 2012, we had 28 active U.S. cases (22 issued patents, 6 pending) and 8 active foreign cases (5 issued patents, 3 pending). The U.S. cases have patent terms that variously expire between 2015 and 2030.

We have not applied for patents or the registration of all of our technology or trademarks, as the case may be, and may not be successful in obtaining the patents and trademarks for which we have applied. Despite our efforts to protect our proprietary rights, parties may infringe our patents and use information that we regard as proprietary, and our rights may be invalidated or unenforceable. The laws of some foreign countries do not protect proprietary rights to as great an extent as do the laws of the United States. In addition, others may be able independently to develop substantially equivalent intellectual property.

We hold the following trademarks used in this document: Harrah's, Caesars, Grand Biloxi, Bally's, Flamingo, Paris, Caesars Palace, Rio, Showboat, Bill's, Harveys, Total Rewards, Bluffs Run, Louisiana Downs, Reward Credits, Horseshoe, Seven Stars, Slotomania, Tunica Roadhouse, The Quad Resort & Casino, WSOP and World Series of Poker. Trademark rights are perpetual provided that the mark remains in use by us. In addition, we hold a trademark license for Planet Hollywood used in connection with the Planet Hollywood Resort & Casino in Las Vegas, NV, which will expire on February 19, 2045. We consider all of these marks, and the associated name recognition, to be valuable to our business.

Competition

The casino entertainment business is highly competitive and characterized by competitors that vary considerably by their size, quality of facilities, number of operations, brand identities, marketing and growth strategies, financial strength and capabilities, level of amenities, management talent, and geographic diversity. In most markets, we compete directly with other casino facilities operating in the immediate and surrounding market areas. In some markets, we face competition from nearby markets in addition to direct competition within our market areas. In addition, internet gaming could create additional competition for us and could adversely affect our operations. We also compete with other non-gaming resorts and vacation areas, with various other entertainment businesses, and with other forms of gaming, such as lotteries and internet gaming. Our competitors in each market that we participate may have substantially greater financial, marketing, or other resources than we do, and there can be no assurance that they will not, in the future, engage in aggressive pricing action to compete with us. Although we believe we are currently able to compete effectively in each of the various markets in which we participate, we cannot assure you that we will be able to continue to do so or that we will be capable of maintaining or further increasing our current market share. Our failure to compete successfully in our various markets could adversely affect our business, financial condition, results of operations, and cash flow.

In recent years competition in existing markets has intensified. Many casino operators, including us, have invested in expanding existing facilities, such as our renovated and expanded facility in Hammond, Indiana, and our expansion at Caesars Palace in Las Vegas, developing new facilities, such as our new Horseshoe Cleveland and Horseshoe Cincinnati casinos, and acquiring established facilities in existing markets, such as our acquisition of Planet Hollywood in Las Vegas in 2010. This expansion of existing casino entertainment properties, the increase in the number of properties, and the aggressive marketing strategies of many of our competitors has increased competition in many markets in which we compete, and this intense competition can be expected to continue.

The expansion of casino entertainment into new markets presents competitive issues for us which have had a negative impact on our financial results. In particular, our businesses have been adversely impacted by the additional gaming and room capacity in Nevada, New Jersey, New York, Connecticut, Pennsylvania, Mississippi, Missouri, Maryland, Michigan, Indiana, Iowa, Kansas, Illinois, Ohio, Louisiana, Ontario, South Africa, Uruguay, United Kingdom and Egypt. In addition, our operations located in New Jersey may be adversely impacted by the expansion of gaming in Maryland, New York and Pennsylvania, and our operations located in Nevada may be adversely impacted by the expansion of gaming in California. Several states and Indian tribes are also considering enabling the development and operation of gaming facilities in their jurisdictions.

The casino entertainment industry is also subject to political and regulatory uncertainty. See Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations—Consolidated Operating Results" and Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations"—Regional Operating Results."

Summary of 2012 Events

Development Transactions

Octavius Tower at Caesars Palace Las Vegas

In January 2012, we opened 662 additional rooms in the Octavius Tower at Caesars Palace Las Vegas. In November 2012, we opened three high-end villas in the Octavius Tower.

Chester Downs

In January 2012, we acquired an additional 4.5% in Chester Downs and Marina, LLC ("Chester Downs"), for \$9.6 million, bringing our ownership interest in Chester Downs to 99.5%.

Horseshoe Cleveland

In May 2012, Rock Ohio Caesars LLC ("ROC") opened the 96,000 square foot Horseshoe Cleveland casino, located in downtown Cleveland, Ohio, which we manage for ROC under a management agreement.

Windsor Casino Limited

In June 2012, we increased our ownership interest in Windsor Casino Limited, the employer of record and which formerly operated Caesars Windsor located in Windsor, Ontario, from 50% to 100%. The property is operated by Caesars Entertainment Windsor Limited.

Horseshoe Baltimore

In July 2012, a consortium led by Caesars was awarded a license to operate a casino in downtown Baltimore, Maryland. In October 2012, we formed a venture that will build and own the casino. Subject to regulatory approvals and receipt of project financing, we expect to begin construction of the casino in the first half of 2013 and to open the casino in the middle of 2014.

Thistledown

In August 2012, we sold a portion of our equity interest in Thistledown to Rock Gaming and contributed the remaining equity interest in Thistledown to ROC in exchange for additional equity interests in ROC. Immediately subsequent to this transaction, Rock Gaming purchased a portion of equity interests in ROC from us in order to retain their 80% ownership interest in ROC. Once Thistledown commences VLT operations we will manage the property for a fee under a management agreement.

Sale of Harrah's St. Louis Casino

In November 2012, we sold our Harrah's St. Louis casino to Penn National Gaming, Inc. for \$610.0 million.

Conrad Punta Del Este Resort and Casino

In November 2012, we entered into a definitive agreement with Enjoy S.A. ("Enjoy") to form a strategic relationship in Latin America. Enjoy will acquire 45% of Baluma S.A., our subsidiary which owns and operates the Conrad, for approximately \$140 million in cash and stock. We will become a 10% shareholder in Enjoy and Enjoy will assume primary responsibility for management of the property. Enjoy will have the option to acquire the remaining stake in Baluma S.A. in the future. The closing of the transaction remains subject to a number of conditions, including regulatory and governmental approvals in both Uruguay and Chile.

Buffalo Studios, LLC

In December 2012, we purchased substantially all of the net assets of Buffalo Studios, LLC, a social and mobile games developer and owner of *Bingo Blitz*.

Suffolk Downs

During 2012, the Company acquired a \$28.1 million preferred equity interest in Sterling Suffolk Racecourse, LLC, which owns a horse-racing track in Massachusetts.

Project Linq

During 2012, we continued construction on Project Linq, a dining, entertainment, and retail development between the Flamingo casino and The Quad Resort & Casino, on the east side of the Las Vegas Strip, which is scheduled to open in phases beginning in late 2013. Project Linq also includes the construction of a 550-foot observation wheel, the High Roller, which is expected to open in early 2014.

Financing Transactions

Chester Downs Notes

In February 2012, Chester Downs issued \$330.0 million aggregate principal amount of 9.25% senior secured notes due 2020 and used \$232.4 million of the proceeds of the notes to repay its existing term loan, and distributed the remaining proceeds to Chester Downs' managing member, a subsidiary of Caesars.

Caesars Public Offering

In February 2012, CEC offered 1.8 million shares of its common stock in a public offering (the "Public Offering"), at \$9.00 per share. As the result of the Public Offering, our common stock trades on NASDAQ under the symbol "CZR." In connection with the Public Offering, the Company effected a 1.742-for-one split of its common stock.

Bill's Credit Facility

In November 2012, we entered into a \$185.0 million, seven-year senior secured credit facility to fund the renovation of Bill's Gamblin' Hall & Saloon into a boutique lifestyle hotel that includes a dayclub/nightclub. The renovation will include a complete remodeling of the guest rooms, casino floor, and common areas, the addition of a second floor restaurant, and the construction of an approximately 65,000 square foot rooftop pool and dayclub/nightclub. The Company will own the property and manage the casino, hotel, and food and beverage operations, and the dayclub/nightclub will be leased to a third party. Bill's Gamblin' Hall & Saloon temporarily closed in early February 2013 to accommodate these renovations. The renovated hotel, casino, and restaurant are expected to open in December 2013 and the dayclub/nightclub is expected to open in April 2014.

CEOC Bond Offerings

During 2012, CEOC completed offerings of \$1,250.0 million aggregate principal amount of 8.5% senior secured notes and \$1,500.0 million aggregate principal amount of 9% senior secured notes due 2020, \$750.0 million of which was held in escrow at December 31, 2012 and released in 2013 upon the satisfaction of certain conditions.

CEOC Credit Facilities

During 2012, we (i) extended the maturity of \$3,812.3 million B-1, B-2 and B-3 term loans held by consenting lenders from January 28, 2015 to January 28, 2018 and increased the interest rate with respect to such extended term loans (the "Term B-6 Loans"), (ii) converted \$457.8 million original maturity revolver commitments held by consenting lenders to Term B-6 Loans and promptly following such conversion, repaid \$1,574.3 million of term loans held by any consenting lender, (iii) extended the maturity of \$37.2 million original maturity revolver commitments held by consenting lenders who elected not to convert their commitments to term loans from January 28, 2014 to January 28, 2017 and increased the interest rate and the undrawn commitment fee with respect to such extended revolver commitments, and upon the effectiveness of such extension, terminated \$798.5 million of revolver commitments and increased the amount of outstanding Term B-6 Loans by \$2,853.8 million, and (iv) modified certain other provisions of the senior secured credit facilities (the "Credit Facilities"). The Term B-6 Loans have a springing maturity to April 14, 2017 if more than \$250.0 million of CEOC's 11.25% senior secured notes due 2017 remain outstanding on April 14, 2017.

CMBS Loans

During 2012, we purchased \$367.3 million of face value of commercial mortgage-backed securities ("CMBS") Loans for \$229.3 million, recognizing a gain of \$135.0 million, net of deferred financing costs.

Transactions with Rock Gaming

In 2012, Rock Gaming made an investment in CIE whereby it purchased 6,155 shares of CIE common stock for \$30.4 million. In addition, during 2012 CIE issued non-interest bearing convertible promissory notes with principal totaling \$47.7 million to Rock Gaming that are convertible into approximately 8,913 shares of CIE common stock.

Summary of 2013 Events

Horseshoe Cincinnati

In March 2013, ROC opened the 100,000 square foot Horseshoe Cincinnati casino in Cincinnati, Ohio, which we manage for ROC under a management agreement.

CEOC Financing Transactions

In January and February 2013, CEOC converted \$267.8 million aggregate principal amount of original maturity revolver commitments held by consenting lenders to Term B-6 Loans, repaid \$133.9 million principal amount of term loans of extending lenders, terminated \$267.8 million principal amount of revolving commitments of extending lenders, and increased the amount of outstanding Term B-6 Loans by \$133.9 million.

In February 2013, CEOC completed the offering of \$1,500.0 million aggregate principal amount of 9% senior secured notes due 2020, the proceeds of which we plan to repay a portion of CEOC's existing term loans at par. The proceeds of this offering are held in escrow pending the satisfaction of certain conditions, including receipt of all regulatory approvals.

Governmental Regulation

The gaming industry is highly regulated, and we must maintain our licenses and pay gaming taxes to continue our operations. Each of our casinos is subject to extensive regulation under the laws, rules, and regulations of the jurisdiction where it is located. These laws, rules, and regulations generally concern the responsibility, financial stability, and character of the owners, managers, and persons with financial interests in the gaming operations. Violations of laws in one jurisdiction could result in disciplinary action in other jurisdictions. A more detailed description of the regulations to which we are subject is contained in Exhibit 99.3 to this Form 10-K.

Our businesses are subject to various foreign, federal, state, and local laws and regulations, in addition to gaming regulations. These laws and regulations include, but are not limited to, restrictions and conditions concerning alcoholic beverages, environmental matters, employees, currency transactions, taxation, zoning and building codes, and marketing and advertising. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Material changes, new laws or regulations, or material differences in interpretations by courts or governmental authorities could adversely affect our operating results.

Employee Relations

We have approximately 68,000 employees through our various subsidiaries. Approximately 28,000 employees are covered by collective bargaining agreements with certain of our subsidiaries, relating to certain casino, hotel and restaurant employees at certain of our properties. Most of our employees covered by collective bargaining agreements are located at our properties in Las Vegas and Atlantic City. Our collective bargaining agreements with employees located at our Atlantic City properties expire at various times throughout 2014 and 2016 and our collective bargaining agreements with our employees located at our Las Vegas properties expire at various times throughout 2013. A number of labor contracts expired in 2012, and the Company is actively engaged in bargaining with the respective unions with regard to those contracts.

Available Information

Our Internet address is www.caesars.com. We make available free of charge, on or through our website, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as soon as reasonably practicable after we electronically file such material with, or furnish it to, the Securities and Exchange Commission (the "SEC"). We also make available through our website all filings of our executive officers and directors on Forms 3, 4, and 5 under Section 16 of the Exchange Act. These filings are also available on the SEC's website at www.sec.gov. Our Code of Business Conduct and Ethics for Principal Officers is available on our website under the "Investor Relations" link. We will provide a copy of these documents without charge to any person upon receipt of a written request addressed to Caesars Entertainment Corporation, Attn: Corporate Secretary, One Caesars Palace Drive, Las Vegas, Nevada 89109. Reference in this document to our website address does not constitute incorporation by reference of the information contained on the website.

ITEM 1A. Risk Factors

Our substantial indebtedness and the fact that a significant portion of our cash flow is used to make interest payments could adversely affect our ability to raise additional capital to fund our operations and limit our ability to react to changes in the economy or our industry.

We are a highly leveraged company. As of December 31, 2012, we had \$24,103.1 million face value of outstanding indebtedness and our current debt service obligation for the next 12 months is \$2,848.2 million, which includes required interest payments of \$1,943.1 million. As of December 31, 2012, CEOC had \$21,045.3 million face value of outstanding indebtedness including \$516.4 million owed to Caesars Entertainment, and CEOC's debt service obligation for the next 12 months is \$2,758.8 million, which includes required interest payments of \$1,857.3 million.

In January and February 2013, CEOC converted \$267.8 million aggregate principal amount of original maturity revolver commitments held by consenting lenders to Term B-6 Loans, repaid \$133.9 million principal amount of term loans of extending lenders, terminated \$267.8 million principal amount of revolving commitments of extending lenders, and increased the amount of outstanding Term B-6 Loans by \$133.9 million. Also in February 2013, CEOC amended its Credit Facilities to, among other things: (i) use the net cash proceeds of the February 2013 notes offering to repay a portion of CEOC's existing term loans at par, with such repayment being applied: first, to all outstanding B-1, B-2, and B-3 term loans held by consenting lenders; second, to B-5 and B-6 term loans held by consenting lenders, in an amount up to 20% of the principal amount of the B-5 and B-6 term loans; and third, if any proceeds remain outstanding, to outstanding term loans as CEOC elects in its discretion; (ii) obtain up to \$75 million of extended revolving facility commitments with a maturity of January 28, 2017, (iii) increase the accordion capacity under the Credit Facilities by an additional \$650 million, (iv) modify the calculation of the senior secured leverage ratio for purposes of the maintenance test under the Credit Facilities to exclude the February 2013 notes, and (v) modify certain other provisions of the Credit Facilities. The full terms of these transactions are described in Note 21, "Subsequent Events," to the consolidated financial statements included in Item 8 of this report. The closing of the amendment transaction is subject to certain conditions, including required regulatory approvals.

Our substantial indebtedness could:

- limit our ability to borrow money for our working capital, capital expenditures, development projects, debt service requirements, strategic initiatives or other purposes;
- make it more difficult for us to satisfy our obligations with respect to our indebtedness, and any failure to comply with the obligations of any of our debt instruments, including restrictive covenants and borrowing conditions, could result in an event of default under the agreements governing our indebtedness;
- require us to dedicate a substantial portion of our cash flow from operations to the repayment of our indebtedness thereby reducing funds available to us for other purposes;
- limit our flexibility in planning for, or reacting to, changes in our operations or business;
- make us more highly leveraged than some of our competitors, which may place us at a competitive disadvantage;
- make us more vulnerable to downturns in our business or the economy;
- restrict us from making strategic acquisitions, developing new gaming facilities, introducing new technologies or exploiting business opportunities; affect our ability to renew gaming and other licenses;
- limit, along with the financial and other restrictive covenants in our indebtedness, among other things, our ability to borrow additional funds or dispose of assets; and
- expose us to the risk of increased interest rates as certain of our borrowings are at variable rates of interest.

Despite our substantial indebtedness, we may still be able to incur significantly more debt. This could intensify the risks described above.

We and our subsidiaries may be able to incur substantial indebtedness at any time, and from time to time, including in the near future. Although the terms of the agreements governing our indebtedness contain restrictions on our ability to incur additional indebtedness, these restrictions are subject to a number of important qualifications and exceptions, and the indebtedness incurred in compliance with these restrictions could be substantial.

For example, as of December 31, 2012, we had \$317.7 million of additional borrowing capacity available under our revolving credit facility with an additional \$90.6 million committed to back outstanding letters of credit, all of which is secured on a first priority basis. None of our existing indebtedness limits the amount of debt that may be incurred by Caesars Entertainment. Our Credit Facilities allow for one or more future issuances of additional secured notes or loans, which may include, in each case, indebtedness secured on a pari passu basis with the obligations under the Credit Facilities and our first lien notes. This indebtedness could be used for a variety of purposes, including financing capital expenditures, refinancing or repurchasing our outstanding indebtedness, including existing unsecured indebtedness, or for general corporate purposes. We have raised and expect to continue to raise debt, including secured debt, to directly or indirectly refinance our outstanding unsecured debt on an opportunistic basis, as well as development and acquisition opportunities.

We may be unable to generate sufficient cash to service all of our indebtedness, and may be forced to take other actions to satisfy our obligations under our indebtedness that may not be successful. If we are unable to satisfy or refinance our debt obligations as they come due, we cannot assure you that your investment in our company will retain any value.

Our ability to satisfy our debt obligations will depend upon, among other things:

- our future financial and operating performance, which will be affected by prevailing economic conditions and financial, business, regulatory and other factors, many of which are beyond our control; and
- our future ability to borrow under our Credit Facilities, the availability of which depends on, among other things, our complying with the covenants in our Credit Facilities.

We may be unable to generate sufficient cash flow from operations, or unable to draw under our Credit Facilities or otherwise, in an amount sufficient to fund our liquidity needs. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. As of December 31, 2012, \$6.8 billion face value of our indebtedness is scheduled to mature in 2015 (assuming the extension options with respect to the CMBS Financing and PHW Las Vegas senior secured loan are exercised), representing 28% of the total face value of our debt. For a discussion of our debt maturities, see "Management's Discussion and Analysis of Financial Condition and Results of Operations-Liquidity and Capital Resources-Guarantees of Third-Party Debt and Other Obligations and Commitments-Contractual Obligations." We do not expect that our cash flow from operations will be sufficient to repay this indebtedness, and we will have to seek a refinancing. We cannot predict at this time whether we will be able to secure any such refinancing, even if market conditions and our financial condition improve between now and then. Even if refinancing alternatives were available to us, we may not find them suitable or at comparable interest rates to the indebtedness being refinanced. In addition, the terms of existing or future debt agreements may restrict us from securing a refinancing on terms that are available to us at that time. In the absence of such operating results and resources, we would face substantial liquidity problems and would likely be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions for fair market value or at all. Furthermore, any proceeds that we could realize from any such dispositions may not be adequate to meet our debt service obligations then due. We could also be required to reorganize our Company in its entirety. CEC is pursuing a strategic transaction that contemplates the transfer of certain of its assets that are not part of the collateral package for the Credit Facilities or the secured notes issued by CEOC, including unencumbered assets of CEC and unrestricted subsidiaries of CEOC, to a newly created entity, named Caesars Growth Venture Partners ("CGVP"), which is anticipated to be controlled by common parties that control CEC. CGVP would be a growth oriented vehicle focused on projects that are complementary to CEC's existing properties. We anticipate that CEC would own a significant portion of CGVP's equity interests and that subsidiaries of CEC would manage new casino properties owned by CGVP. We are pursuing this transaction because we believe it will improve our liquidity and credit profile, enhance our distribution network and provide additional support for potential new ventures. It is currently contemplated that the following assets would be transferred: (i) Planet Hollywood, (ii) investment in a casino project under development in Baltimore, Maryland, (iii) interest in a portion of the management fee revenues of the management companies for Planet Hollywood and the casino to be developed in Baltimore, Maryland, (iv) shares of Caesars Interactive Entertainment, Inc.'s outstanding common stock held by HIE Holdings, Inc., a subsidiary of CEC, and (v) approximately \$1.1 billion face value of senior notes issued by CEOC held by Harrah's BC, Inc. It is anticipated the Sponsors would participate in the transaction and that CEC's other shareholders would have the opportunity to participate on the same terms as the Sponsors. The form of consideration to CEC is expected to be equity interests and cash, and any consideration to CEOC is expected to be cash, in each case at fair value. There is no current intention that this transaction will involve CEC's outstanding CMBS financing. There are no commitments with respect to any such transaction and there have been no agreements with respect to price or value. The transfer of such assets would require the approval of regulators and other third parties, which we may not be able to obtain. Therefore, we cannot assure you that any such transaction will be entered into or consummated or, if consummated, describe the impact the transaction would have on us. Neither the Sponsors nor any of their respective affiliates has any continuing obligation to provide us with debt or equity financing. Even if we are able to refinance our debt, any refinancing could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. For example, the interest rates on our first and second lien notes are substantially higher than the interest rates under our Credit Facility. If we are unable to service our debt obligations generally, and if we are unable to refinance our debt obligations that mature in 2015 or thereafter, we cannot assure you that our company will continue in its current state or that your investment in our company will retain any value.

Our debt agreements contain restrictions that limit our flexibility in operating our business.

Our Credit Facilities, the CMBS mortgage loan and/or related mezzanine loans the ("CMBS Loans"), the indentures governing most of our existing notes, the senior secured loans related to the development of Octavius Tower at Caesars Palace Las Vegas and Project Linq, the senior secured loan of PHW Las Vegas, LLC, the senior secured notes of Chester Downs and the senior secured loans related to the redevelopment of Bill's Gamblin' Hall & Saloon contain, and any future indebtedness of ours would likely contain, a number of covenants that impose significant operating and financial restrictions on us, including restrictions on our and our subsidiaries' ability to, among other things:

- incur additional debt or issue certain preferred shares;
- pay dividends on or make distributions in respect of our capital stock or make other restricted payments;
- make certain investments;
- sell certain assets;
- create liens on certain assets;
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;
- enter into certain transactions with our affiliates; and
- designate our subsidiaries as unrestricted subsidiaries.

As a result of these covenants, we are limited in the manner in which we conduct our business, and we may be unable to engage in favorable business activities or finance future operations or capital needs.

We have pledged and will pledge a significant portion of our assets as collateral under our Credit Facilities, our CMBS Loans, our first lien notes, our second lien notes, the senior secured loan of PHW Las Vegas, LLC, the senior secured loan related to the developments of the Octavius Tower at Caesars Palace Las Vegas, Bill's Gamblin' Hall & Saloon, and a retail, dining and entertainment corridor located between The Quad Resort & Casino and the Flamingo Las Vegas on the Las Vegas strip ("Project Linq"), or the senior secured notes of Chester Downs. If any of these lenders accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

Under our Credit Facilities, we are required to satisfy and maintain specified financial ratios. Specifically, our Credit Facilities requires us to maintain a senior secured leverage ratio of no more than 4.75 to 1.0, which is the ratio of our senior first priority secured debt to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted. This ratio excludes up to \$2,200.0 million of first priority senior secured notes and up to \$350.0 million aggregate principal amount of consolidated debt of subsidiaries that are not wholly-owned. This ratio also reduces the amount of senior first priority secured debt by the amount of unrestricted cash on hand. As of December 31, 2012, the senior secured leverage ratio was 4.44 to 1.0. In addition, under certain circumstances, our Credit Facilities allow us to apply cash contributions received by us as an increase to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted if we are unable to meet our senior secured leverage ratio. Many factors affect our continuing ability to comply with the covenant, including (a) changes in gaming trips, spend per trip and hotel metrics, which are correlated to a consumer recovery, (b) increases in cost-savings actions, (c) asset sales, (d) issuing additional second lien or unsecured debt, (e) equity financings, (f) delays in investments in new developments, or (g) a combination thereof.

Our ability to meet those financial ratios can be affected by events beyond our control, and there can be no assurance that we will meet those ratios. A failure to comply with the covenants contained in our Credit Facilities or our other indebtedness could result in an event of default under the facilities or the existing agreements, which, if not cured or waived, could have a material adverse effect on our business, financial condition and results of operations. In the event of any default under our Credit Facilities or our other indebtedness, the lenders thereunder:

- will not be required to lend any additional amounts to us;
- could elect to declare all borrowings outstanding, together with accrued and unpaid interest and fees, to be due and payable and terminate all commitments to extend further credit; or
- require us to apply all of our available cash to repay these borrowings.

Such actions by the lenders could cause cross defaults under our other indebtedness. If we were unable to repay those amounts, the lenders under our Credit Facilities, our CMBS Loans and our first and second lien notes could proceed against the collateral granted to them to secure that indebtedness.

If the indebtedness under our first and second lien notes, Credit Facilities, CMBS Loans or our other indebtedness were to be accelerated, there can be no assurance that our assets would be sufficient to repay such indebtedness in full.

We are controlled by the Sponsors, whose interests may not be aligned with ours.

Hamlet Holdings, the members of which are comprised of an equal number of individuals affiliated with each of the Sponsors, beneficially owns approximately 69.9% of our common stock pursuant to an irrevocable proxy providing Hamlet Holdings with sole voting and sole dispositive power over those shares. As a result, the Sponsors have the power to elect all of our directors. Therefore, the Sponsors have the ability to vote on any transaction that requires the approval of our Board or our stockholders, including the approval of significant corporate transactions such as mergers and the sale of substantially all of our assets. The interests of the Sponsors could conflict with or differ from the interests of other holders of our securities. For example, the concentration of ownership held by the Sponsors could delay, defer or prevent a change of control of us or impede a merger, takeover or other business combination which another stockholder may otherwise view favorably. Additionally, the Sponsors are in the business of making or advising on investments in companies it holds, and may from time to time in the future acquire interests in or provide advice to businesses that directly or indirectly compete with certain portions of our business or are suppliers or customers of ours. One or both of the Sponsors may also pursue acquisitions that may be complementary to our business, and, as a result, those acquisition opportunities may not be available to us. A sale of a substantial number of shares of stock in the future by funds affiliated with the Sponsors or their co-investors could cause our stock price to decline. So long as Hamlet Holdings continues to hold the irrevocable proxy, they will continue to be able to strongly influence or effectively control our decisions.

In addition, we have an executive committee that serves at the discretion of our Board and is authorized to take such actions as it reasonably determines appropriate. Currently, the executive committee may act by a majority of its members, provided that at least one member affiliated with TPG and Apollo must approve any action of the executive committee.

The downturn in the national economy over the past few years, the volatility and disruption of the capital and credit markets, and adverse changes in the global economy could negatively impact our financial performance and our ability to access financing.

The severe economic downturn over the past few years and adverse conditions in the local, regional, national and global markets have negatively affected our operations, and may continue to negatively affect our operations in the future. During periods of economic contraction such as recently experienced, our revenues may decrease while most of our costs remain fixed and some costs even increase, resulting in decreased earnings.

Gaming and other leisure activities we offer represent discretionary expenditures and participation in such activities may decline during economic downturns, during which consumers generally earn less disposable income. For example, key determinants of our revenues and operating performance include hotel Average Daily Rate ("ADR"), number of gaming trips and average spend per trip by our customers. Given that 2007 was the peak year for our financial performance and the gaming industry in the United States in general, we may not attain those financial levels in the near term, or at all. If we fail to increase ADR or any other similar metric in the near term, our revenues may not increase and, as a result, we may not be able to pay down our existing debt, fund our operations, fund planned capital expenditures or achieve expected growth rates, all of which could have a material adverse effect on our business, financial condition, results of operations and cash flow. Even an uncertain economic outlook may adversely affect consumer spending in our gaming operations and related facilities, as consumers spend less in anticipation of a potential economic downturn. Furthermore, other uncertainties, including national and global economic conditions, terrorist attacks or other global events, could adversely affect consumer spending and adversely affect our operations.

We may not realize any or all of our projected cost savings, which would have the effect of reducing our LTM Adjusted EBITDA - Pro Forma, which would have a negative effect on our results of operations and negatively impact our covenant calculation and could have a negative effect on our stock price.

Beginning in the third quarter of 2008, we initiated a company-wide cost savings plan in an effort to align our expenses with current revenue levels. In addition, we embarked on Project Renewal in the fourth quarter of 2010 to identify the optimum way of structuring our business given our breadth and scale of product offerings. While these efforts have allowed us to realize substantial savings since we initiated our cost savings plan, our continued reduction efforts may fail to achieve similar or continued savings. Although we believe, as of December 31, 2012, once fully implemented, these cost savings programs will produce additional estimated annual cost savings of \$212.8 million we may not realize some or all of these projected savings without impacting our revenues. Our cost savings plans are intended to increase our effectiveness and efficiency in our operations without impacting our revenues and margins. Our cost savings plan is subject to numerous risks and uncertainties that may change at any time, and, therefore, our actual savings may differ materially from what we anticipate. For example, cutting advertising or marketing expenses may have an unintended negative affect on our revenues. In addition, our expected savings from procurement of goods may be affected by unexpected increases in the cost of raw materials. Furthermore, because we use our projected yet-to-be realized cost savings as a pro forma adjustment to calculate our LTM Adjusted EBITDA - Pro Forma, our actual Adjusted EBITDA would be reduced to the extent of the cost savings we do not achieve.

We are subject to extensive governmental regulation and taxation policies, the enforcement of which could adversely impact our business, financial condition, and results of operations.

We are subject to extensive gaming regulations and political and regulatory uncertainty. Regulatory authorities in the jurisdictions where we operate have broad powers with respect to the licensing of casino operations and may revoke, suspend, condition or limit our gaming or other licenses, impose substantial fines and take other actions, any one of which could adversely impact our business, financial condition and results of operations. For example, revenues and income from operations were negatively impacted during July 2006 in Atlantic City by a three-day government-imposed casino shutdown. Furthermore, in many jurisdictions where we operate, licenses are granted for limited durations and require renewal from time to time. For example, in Iowa, our ability to continue our gaming operations is subject to a referendum every eight years or at any time upon petition of the voters in the county in which we operate; the most recent referendum which approved our ability to continue to operate our casinos occurred in November 2010. In Maryland, we will have to reapply for our license in 15 years. There can be no assurance that continued gaming activity will be approved in any referendum in the future. If we do not obtain the requisite approval in any future referendum, we will not be able to operate our gaming operations in Iowa, which would negatively impact our future performance.

From time to time, individual jurisdictions have also considered legislation or referendums, such as bans on smoking in casinos and other entertainment and dining facilities, which could adversely impact our operations. For example, the City Council of Atlantic City passed an ordinance in 2007 requiring that we segregate at least 75% of the casino gaming floor as a nonsmoking area, leaving no more than 25% of the casino gaming floor as a smoking area. Illinois also passed the Smoke Free Illinois Act which became effective January 1, 2008, and bans smoking in nearly all public places, including bars, restaurants, work places, schools and casinos. The Act also bans smoking within 15 feet of any entrance, window or air intake area of these public places. These smoking bans have adversely affected revenues and operating results at our properties. The likelihood or outcome of similar legislation in other jurisdictions and referendums in the future cannot be predicted, though any smoking ban would be expected to negatively impact our financial performance.

The casino entertainment industry represents a significant source of tax revenues to the various jurisdictions in which casinos operate. From time to time, various state and federal legislators and officials have proposed changes in tax laws, or in the administration of such laws, including increases in tax rates, which would affect the industry. If adopted, such changes could adversely impact our business, financial condition and results of operations.

Our stockholders are subject to extensive governmental regulation and if a stockholder is found unsuitable by the gaming authority, that stockholder would not be able to beneficially own our common stock directly or indirectly.

In many jurisdictions, gaming laws can require any of our stockholders to file an application, be investigated, and qualify or have his, her or its suitability determined by gaming authorities. Gaming authorities have very broad discretion in determining whether an applicant should be deemed suitable. Subject to certain administrative proceeding requirements, the gaming regulators have the authority to deny any application or limit, condition, restrict, revoke or suspend any license, registration, finding of suitability or approval, or fine any person licensed, registered or found suitable or approved, for any cause deemed reasonable by the gaming authorities. For additional information on the criteria used in making determinations regarding suitability, see "Governmental Regulation."

For example, under Nevada gaming laws, each person who acquires, directly or indirectly, beneficial ownership of any voting security, or beneficial or record ownership of any non-voting security or any debt security, in a public corporation which is registered with the Nevada Gaming Commission, or the Gaming Commission, may be required to be found suitable if the Gaming Commission has reason to believe that his or her acquisition of that ownership, or his or her continued ownership in general, would be inconsistent with the declared public policy of Nevada, in the sole discretion of the Gaming Commission. Any person required by the Gaming Commission to be found suitable shall apply for a finding of suitability within 30 days after the Gaming Commission's request that he or she should do so and, together with his or her application for suitability, deposit with the Nevada Gaming Control Board, or the Control Board, a sum of money which, in the sole discretion of the Control Board, will be adequate to pay the anticipated costs and charges incurred in the investigation and processing of that application for suitability, and deposit such additional sums as are required by the Control Board to pay final costs and charges. Additionally, under Ohio law, an institutional investor, which is broadly defined and includes any corporation that holds any amount of our stock, will be required to apply for and obtain a waiver of suitability determination.

Furthermore, any person required by a gaming authority to be found suitable, who is found unsuitable by the gaming authority, may not hold directly or indirectly the beneficial ownership of any voting security or the beneficial or record ownership of any nonvoting security or any debt security of any public corporation which is registered with the gaming authority beyond the time prescribed by the gaming authority. A violation of the foregoing may constitute a criminal offense. A finding of unsuitability by a particular gaming authority impacts that person's ability to associate or affiliate with gaming licensees in that particular jurisdiction and could impact the person's ability to associate or affiliate with gaming licensees in other jurisdictions.

Many jurisdictions also require any person who acquires beneficial ownership of more than a certain percentage of voting securities of a gaming company and, in some jurisdictions, non-voting securities, typically 5%, to report the acquisition to gaming authorities, and gaming authorities may require such holders to apply for qualification or a finding of suitability, subject to limited exceptions for "institutional investors" that hold a company's voting securities for investment purposes only.

Some jurisdictions may also limit the number of gaming licenses in which a person may hold an ownership or a controlling interest. In Indiana, for example, a person may not have an ownership interest in more than two Indiana riverboat owner's licenses.

If we are unable to effectively compete against our competitors, our profits will decline.

The gaming industry is highly competitive and our competitors vary considerably in size, quality of facilities, number of operations, brand identities, marketing, and growth strategies, financial strength and capabilities, level of amenities, management talent, and geographic diversity. We also compete with other non-gaming resorts and vacation areas, and with various other entertainment businesses. Our competitors in each market that we participate may have substantially greater financial, marketing, or other resources than we do, and there can be no assurance that they will not, in the future, engage in aggressive pricing action to compete with us. Although we believe we are currently able to compete effectively in each of the various markets in which we participate, we cannot assure you that we will be able to continue to do so or that we will be capable of maintaining or further increasing our current market share. Our failure to compete successfully in our various markets could adversely affect our business, financial condition, results of operations, and cash flow.

In recent years, many casino operators have been reinvesting in existing markets to attract new customers or to gain market share, thereby increasing competition in those markets. As companies have completed new expansion projects, supply has typically grown at a faster pace than demand in some markets, including Las Vegas, our largest market, and competition has increased significantly. For example, CityCenter, a large development of resorts and residences, opened in December 2009 in Las Vegas, and Revel, a resort and casino in Atlantic City, opened in May 2012. The expansion of existing casino entertainment properties, the increase in the number of properties and the aggressive marketing strategies of many of our competitors have increased competition in many markets in which we operate, and this intense competition is expected to continue. These competitive pressures have and are expected to continue to adversely affect our financial performance in certain markets, including Atlantic City.

In particular, our business may be adversely impacted by the additional gaming and room capacity in Nevada, New Jersey, New York, Connecticut, Pennsylvania, Mississippi, Missouri, Maryland, Michigan, Indiana, Iowa, Kansas, Illinois, Ohio, Louisiana, Ontario, South Africa, Uruguay, United Kingdom, Egypt, and/or other projects not yet announced which may be competitive in the other markets where we operate or intend to operate. Several states, such as Kentucky, Texas and Indian tribes are also considering enabling the development and operation of casinos or casino-like operations in their jurisdictions. In addition, our operations located in New Jersey may be adversely impacted by the expansion of gaming in Maryland, New York and Pennsylvania, and our operations located in Nevada may be adversely impacted by the expansion of gaming in California, respectively.

Use of the “Caesars” brand name, or any of our other brands, by entities other than us could damage the brands and our operations and adversely affect our business and results of operations.

Our “Caesars” brand remains the most recognized casino brand in the world and our operations benefit from the global recognition and reputation generated by our brands. Generally and through Caesars Global Living, we are actively pursuing gaming and non-gaming management, branding, and development opportunities in Asia and other parts of the world where our brands and reputation are already well-recognized assets. In September 2011, we announced a management and branding agreement for a non-gaming development, whose equity will be provided by a third party, which will be called Caesars Palace Longmu Bay. In addition, we will continue to expand our World Series of Poker tournaments to international jurisdictions where we believe there is a likelihood of legalization of online gaming, in order to grow the brand’s awareness. In connection with such opportunities, we intend to grant third parties licenses to use our brands. Our business and results of operations may be adversely affected by the management or the enforcement of the “Caesars” and the “World Series of Poker” brand names, or any of our other brands, by third parties outside of our exclusive control.

Any failure to protect our trademarks could have a negative impact on the value of our brand names and adversely affect our business.

The development of intellectual property is part of our overall business strategy, and we regard our intellectual property to be an important element of our success. For example, we own and manage the World Series of Poker tournaments, and we license trademarks for a variety of products and businesses related to this brand. While our business as a whole is not substantially dependent on any one trademark or combination of several of our trademarks or other intellectual property, we seek to establish and maintain our proprietary rights in our business operations and technology through the use of patents, copyrights, trademarks and trade secret laws. We file applications for and obtain patents, copyrights and trademarks in the United States and in foreign countries where we believe filing for such protection is appropriate. We also seek to maintain our trade secrets and confidential information by nondisclosure policies and through the use of appropriate confidentiality agreements. Despite our efforts to protect our proprietary rights, parties may infringe our trademarks and use information that we regard as proprietary and our rights may be invalidated or unenforceable. The laws of some foreign countries do not protect proprietary rights to as great an extent as do the laws of the United States. Monitoring the unauthorized use of our intellectual property is difficult. Litigation may be necessary to enforce our intellectual property rights or to determine the validity and scope of the proprietary rights of others. Litigation of this type could result in substantial costs and diversion of resource. We cannot assure you that all of the steps we have taken to protect our trademarks in the United States and foreign countries will be adequate to prevent imitation of our trademarks by others. The unauthorized use or reproduction of our trademarks could diminish the value of our brand and our market acceptance, competitive advantages or goodwill, which could adversely affect our business.

We extend credit to a portion of our customers and we may not be able to collect gaming receivables from our credit players.

We conduct our gaming activities on a credit and cash basis at many of our properties. Any such credit we extend is unsecured. Table games players typically are extended more credit than slot players, and high-stakes players typically are extended more credit than customers who tend to wager lower amounts. High-end gaming is more volatile than other forms of gaming, and variances in win-loss results attributable to high-end gaming may have a significant positive or negative impact on cash flow and earnings in a particular quarter. We extend credit to those customers whose level of play and financial resources warrant, in the opinion of management, an extension of credit. These large receivables could have a significant impact on our results of operations if deemed uncollectible. While gaming debts evidenced by a credit instrument, including what is commonly referred to as a “marker,” and judgments on gaming debts are enforceable under the current laws of the jurisdictions in which we allow play on a credit basis and judgments in such jurisdictions on gaming debts are enforceable in all states under the Full Faith and Credit Clause of the U.S. Constitution, other jurisdictions may determine that enforcement of gaming debts is against public policy. Although courts of some foreign nations will enforce gaming debts directly and the assets in the U.S. of foreign debtors may be reached to satisfy a judgment, judgments on gaming debts from U.S. courts are not binding on the courts of many foreign nations.

The acquisition, development and construction of new hotels, casinos and gaming and non-gaming venues and the expansion of existing ones could have an adverse effect on our business, financial condition and results of operations due to various factors including delays, cost overruns and other uncertainties.

We intend to develop, construct and open or acquire new hotels, casinos and other gaming venues, as well as develop and manage non-gaming venues, in response to opportunities that may arise. Future development projects and acquisitions may require significant capital commitments, the incurrence of additional debt, guarantees of third party debt, the incurrence of contingent liabilities and an increase in depreciation and amortization expense, which could have an adverse effect upon our business, financial condition, results of operations and cash flow. The development and construction of new hotels, casinos and gaming venues and the expansion of existing ones, such as our recent construction of the Octavius Tower and redevelopment of the Nobu Tower at Caesars Palace in Las Vegas, the planned redevelopment of Bill's Gamblin' Hall in Las Vegas, the planned construction of Horseshoe Baltimore as well as the development and construction of non-gaming venues such as Project Linq in Las Vegas and Caesars Palace Longmu Bay in China, are susceptible to various risks and uncertainties, such as:

- the existence of acceptable market conditions and demand for the completed project;
- general construction risks, including cost overruns, change orders and plan or specification modification, shortages of equipment, materials or skilled labor, labor disputes, unforeseen environmental, engineering or geological problems, work stoppages, fire and other natural disasters, construction scheduling problems, and weather interferences;
- changes and concessions required by governmental or regulatory authorities;
- the ability to finance the projects, especially in light of our substantial indebtedness;
- delays in obtaining, or inability to obtain, all licenses, permits and authorizations required to complete and/or operate the project; and
- disruption of our existing operations and facilities.

Moreover, our development and expansion projects are sometimes jointly pursued with third parties or by licensing our brands to third parties. These joint development, expansion projects or license agreements are subject to risks, in addition to those disclosed above, as they are dependent on our ability to reach and maintain agreements with third parties.

For example, we made a bid with Rock Gaming LLC and other local investors for a video lottery terminal facility in Suffolk County Massachusetts and we can give no assurances that the bid will be awarded to us, that we will reach definitive agreements with the other parties that comprise the bid, or that the development project will be undertaken.

Our failure to complete any new development or expansion project, or consummate any joint development, expansion projects or projects where we license our brands, as planned, on schedule, within budget or in a manner that generates anticipated profits, could have an adverse effect on our business, financial condition, results of operations and cash flow.

We may sell or divest different properties or assets as a result of our evaluation of our portfolio of businesses. Such sales or divestitures would affect our costs, revenues, profitability and financial position.

From time to time, we evaluate our properties and our portfolio of businesses and may, as a result, sell or attempt to sell, divest or spin-off different properties or assets. For example, in May 2012, we announced an agreement to sell our Harrah's St. Louis property and, in November 2012, we completed the sale. We plan to dispose of the subsidiaries that hold our land concession in Macau and in the fourth quarter 2012, began discussions with interested investors regarding sale of those entities. These sales or divestitures affect our costs, revenues, profitability and financial position.

Divestitures have inherent risks, including possible delays in closing transactions (including potential difficulties in obtaining regulatory approvals), the risk of lower-than-expected sales proceeds for the divested businesses, and potential post-closing claims for indemnification. In addition, current economic conditions and relatively illiquid real estate markets may result in fewer potential bidders and unsuccessful sales efforts. Expected costs savings, which are offset by revenue losses from divested properties, may also be difficult to achieve or maximize due to our fixed cost structure.

We may not realize all of the anticipated benefits of current or potential future acquisitions.

Our ability to realize the anticipated benefits of acquisitions will depend, in part, on our ability to integrate the businesses of such acquired company with our businesses. The combination of two independent companies is a complex, costly and time consuming process. This process may disrupt the business of either or both of the companies, and may not result in the full benefits expected. The difficulties of combining the operations of the companies, including our recent acquisitions of Planet Hollywood in Las Vegas and Playtika Ltd., include, among others:

- coordinating marketing functions;
- undisclosed liabilities; unanticipated issues in integrating information, communications and other systems;
- unanticipated incompatibility of purchasing, logistics, marketing and administration methods;
- retaining key employees;
- consolidating corporate and administrative infrastructures;
- the diversion of management's attention from ongoing business concerns; and
- coordinating geographically separate organizations.

We may be unable to realize in whole or in part the benefits anticipated for any current or future acquisitions.

The risks associated with our international operations could reduce our profits.

Some of our properties are located outside the United States, and our 2006 acquisition of London Clubs has increased the percentage of our revenue derived from operations outside the United States. International operations are subject to inherent risks including:

- political and economic instability;
- variation in local economies;
- currency fluctuation;
- greater difficulty in accounts receivable collection;
- trade barriers; and
- burden of complying with a variety of international laws.

For example, the political instability in Egypt due to the uprising in January 2011 has negatively affected our properties there.

Any violation of the Foreign Corrupt Practices Act or other similar laws and regulations could have a negative impact on us.

We are subject to risks associated with doing business outside of the United States, which exposes us to complex foreign and U.S. regulations inherent in doing business cross-border and in each of the countries in which it transacts business. We are subject to regulations imposed by the Foreign Corrupt Practices Act ("FCPA") and other anti-corruption laws that generally prohibit U.S. companies and their intermediaries from offering, promising, authorizing or making improper payments to foreign government officials for the purpose of obtaining or retaining business. Violations of the FCPA and other anti-corruption laws may result in severe criminal and civil sanctions as well as other penalties and the SEC and U.S. Department of Justice have increased their enforcement activities with respect to the FCPA. Internal control policies and procedures and employee training and compliance programs that we have implemented to deter prohibited practices may not be effective in prohibiting our employees, contractors or agents from violating or circumventing our policies and the law. If our employees or agents fail to comply with applicable laws or company policies governing our international operations, we may face investigations, prosecutions and other legal proceedings and actions which could result in civil penalties, administrative remedies and criminal sanctions. Any determination that we have violated the FCPA could have a material adverse effect on our financial condition. Compliance with international and U.S. laws and regulations that apply to our international operations increases our cost of doing business in foreign jurisdictions. We also deal with significant amounts of cash in our operations and are subject to various reporting and anti-money laundering regulations. Any violation of anti-money laundering laws or regulations by any of our resorts could have a negative effect on our results of operations.

The loss of the services of key personnel could have a material adverse effect on our business.

The leadership of our chief executive officer, Mr. Loveman, and other executive officers has been a critical element of our success. The death or disability of Mr. Loveman or other extended or permanent loss of his services, or any negative market or industry perception with respect to him or arising from his loss, could have a material adverse effect on our business. Our other executive officers and other members of senior management have substantial experience and expertise in our business and have made significant contributions to our growth and success. The unexpected loss of services of one or more of these individuals could also adversely affect us. We are not protected by key man or similar life insurance covering members of our senior management. We have employment agreements with our executive officers, but these agreements do not guarantee that any given executive will remain with us.

If we are unable to attract, retain and motivate employees, we may not be able to compete effectively and will not be able to expand our business.

Our success and ability to grow are dependent, in part, on our ability to hire, retain and motivate sufficient numbers of talented people, with the increasingly diverse skills needed to serve clients and expand our business, in many locations around the world. Competition for highly qualified, specialized technical and managerial, and particularly consulting, personnel is intense. Recruiting, training, retention and benefit costs place significant demands on our resources. Additionally, our substantial indebtedness and the recent downturn in the gaming, travel and leisure sectors have made recruiting executives to our business more difficult. The inability to attract qualified employees in sufficient numbers to meet particular demands or the loss of a significant number of our employees could have an adverse effect on us.

Work stoppages and other labor problems could negatively impact our future profits.

Some of our employees are represented by labor unions. A lengthy strike or other work stoppage at one of our casino properties or construction projects could have an adverse effect on our business and results of operations. From time to time, we have also experienced attempts to unionize certain of our non-union employees. While these efforts have achieved only limited success to date, we cannot provide any assurance that we will not experience additional and more successful union activity in the future. There has been a trend towards unionization for employees in Atlantic City and Las Vegas. The impact of this union activity is undetermined and could negatively impact our profits.

Acts of terrorism and war, natural disasters and severe weather may negatively impact our future profits.

Terrorist attacks and other acts of war or hostility have created many economic and political uncertainties. For example, a substantial number of our customers for our properties in Las Vegas use air travel. On September 11, 2001, acts of terrorism occurred in New York City, Pennsylvania and Washington, D.C. As a result of these terrorist acts, domestic and international travel was severely disrupted, which resulted in a decrease in customer visits to our properties in Las Vegas. We cannot predict the extent to which disruptions in air or other forms of travel as a result of any further terrorist act, security alerts or war, uprisings, or hostilities in places such as Iraq and Afghanistan, other countries throughout the world will continue to directly or indirectly impact our business and operating results. For example, our operations in Cairo, Egypt were negatively affected from the uprising there in January 2011. As a consequence of the threat of terrorist attacks and other acts of war or hostility in the future, premiums for a variety of insurance products have increased, and some types of insurance are no longer available. Given current conditions in the global insurance markets, we are substantially underinsured for losses and interruptions caused by terrorist acts and acts of war. If any such event were to affect our properties, we would likely be adversely impacted.

In addition, natural and man-made disasters such as major fires, floods, hurricanes, earthquakes and oil spills could also adversely impact our business and operating results. For example, four of our properties in Louisiana and Mississippi were closed for an extended period of time due to the damage sustained from Hurricanes Katrina and Rita in August and September 2005, respectively. Such events could lead to the loss of use of one or more of our properties for an extended period of time and disrupt our ability to attract customers to certain of our gaming facilities. If any such event were to affect our properties, we would likely be adversely impacted. Seven of our properties were closed during the first half of 2011 due to flooding and severe weather conditions. Additionally, in August 2011, our casinos in Atlantic City were closed during a busy summer weekend due to Hurricane Irene.

Our properties in Atlantic City were closed for five days and our property in Philadelphia was closed for two days in October and November 2012 due to Hurricane Sandy. Further, certain of these properties sustained minor damage from the storm, which totaled approximately \$1 million. In addition, Hurricane Sandy significantly affected Atlantic City and surrounding areas in the northeast through flooding, wind and other water damage to properties and infrastructure, loss of power to residences and businesses and by creating a fuel shortage in New Jersey and surrounding areas. The regional storm damage in the northeast is likely to deter customers from visiting Atlantic City and our Atlantic City properties for some period of time. Our covered losses from property damage and business interruption did not exceed our deductible on this storm. Our results of operations in this region were significantly affected in the fourth quarter of 2012, with an estimated reduction in revenues of between \$40 million and \$45 million and a related reduction in operating income of between \$35 million and \$40 million.

In most cases, we have insurance that covers portions of any losses from a natural disaster, but in many cases it is subject to deductibles and maximum payouts. Although we may be covered by insurance from a natural disaster, the timing of our receipt of insurance proceeds, if any, is out of our control. In some cases, however, we may receive no proceeds from insurance, such as our August 2011 and October and November 2012 closings in Atlantic City.

Additionally, a natural disaster affecting one or more of our properties may affect the level and cost of insurance coverage we may be able to obtain in the future, which may adversely affect our financial position.

As our operations depend in part on our customers' ability to travel, severe or inclement weather can also have a negative impact on our results of operations.

We are or may become involved in legal proceedings that, if adversely adjudicated or settled, could impact our financial condition.

From time to time, we are defendants in various lawsuits or other legal proceedings relating to matters incidental to our business. The nature of our business subjects us to the risk of lawsuits filed by customers, past and present employees, competitors, business partners, Indian tribes and others in the ordinary course of business. As with all legal proceedings, no assurance can be provided as to the outcome of these matters and in general, legal proceedings can be expensive and time consuming. For example, we may have potential liability arising from a class action lawsuit against Hilton Hotels Corporation relating to employee benefit obligations. We may not be successful in the defense or prosecution of these lawsuits, which could result in settlements or damages that could significantly impact our business, financial condition and results of operations.

We may incur impairments to goodwill, indefinite-lived intangible assets, or long-lived assets which could negatively affect our future profits.

Each year, we perform a preliminary annual assessment of goodwill as of September 30, or more frequently if impairment indicators exist. For our preliminary assessment, we determine the estimated fair value of each reporting unit as a function, or multiple, of earnings before interest, taxes, depreciation and amortization ("EBITDA"), combined with estimated future cash flows discounted at rates commensurate with the capital structure and cost of capital of comparable market participants, giving appropriate consideration to the prevailing borrowing rates within the casino industry in general. We also evaluate the aggregate fair value of all of our reporting units and other non-operating assets in comparison to our aggregate debt and equity market capitalization at September 30. Both EBITDA multiples and discounted cash flows are common measures used to value and buy or sell businesses in our industry. In the fourth quarter, we finalize our assessment of goodwill once we complete our fair value analysis for reporting units where a step two impairment test is required.

Each year, we perform an annual impairment assessment of other non-amortizing intangible assets as of September 30, or more frequently if impairment indicators exist. We determine the estimated fair value of our non-amortizing intangible assets by primarily using the Relief From Royalty Method and excess Earnings Method under the income approach.

We review the carrying value of our long-lived assets whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When performing this assessment, we consider current operating results, trends and prospects, as well as the effect of obsolescence, demand, competition, and other economic, legal, and regulatory factors.

We are dependent upon our properties for future cash flows and our continued success depends on our ability to draw customers to our properties. Significant negative industry or economic trends, reduced estimates of future cash flows, disruptions to our business, slower growth rates or lack of growth in our business have resulted in impairment charges during the years ended December 31, 2012, 2011, and 2010, and, if one or more of such events occurs in the future, additional impairment charges may be required in future periods. If we are required to record additional impairment charges, this could have a material adverse impact on our consolidated financial statements.

We may be required to pay our future tax obligation on our deferred cancellation of debt income.

Under the American Recovery and Reinvestment Act of 2009, or the ARRA, we received temporary federal tax relief under the Delayed Recognition of Cancellation of Debt Income, or CODI, rules. The ARRA contains a provision that allows for a deferral for tax purposes of CODI for debt reacquired in 2009 and 2010, followed by recognition of CODI ratably from 2014 through 2018. In connection with the debt that we reacquired in 2009 and 2010, we have deferred related CODI of \$3.5 billion for tax purposes (net of Original Issue Discount ("OID") interest expense, some of which must also be deferred to 2014 through 2018 under the ARRA). We are required to include one-fifth of the deferred CODI, net of deferred and regularly scheduled OID, in taxable income each year from 2014 through 2018. Alternatively, the deferred CODI, net of deferred OID, could be accelerated into taxable income in a year an impairment transaction occurs. To the extent that our federal taxable income exceeds our available federal net operating loss carry forwards in those years, we will have a cash tax obligation. Our tax obligations related to CODI could be substantial and could materially and adversely affect our cash flows as a result of tax payments. For more information on the debt that we reacquired in 2009 and 2010, see "Management's Discussion and Analysis of Financial Condition and Results of Operation-Other Factors Affecting Net Income."

Our business is particularly sensitive to energy prices and a rise in energy prices could harm our operating results.

We are a large consumer of electricity and other energy and, therefore, higher energy prices may have an adverse effect on our results of operations. Accordingly, increases in energy costs may have a negative impact on our operating results. Additionally, higher electricity and gasoline prices which affect our customers may result in reduced visitation to our resorts and a reduction in our revenues. We may be indirectly impacted by regulatory requirements aimed at reducing the impacts of climate change directed at up-stream utility providers, as we could experience potentially higher utility, fuel, and transportation costs.

Our insurance coverage may not be adequate to cover all possible losses that our properties could suffer. In addition, our insurance costs may increase and we may not be able to obtain the same insurance coverage in the future.

We have comprehensive property and liability insurance policies for our properties in operation as well as those in the course of construction with coverage features and insured limits that we believe are customary in their breadth and scope. Market forces beyond our control may nonetheless limit the scope of the insurance coverage we can obtain or our ability to obtain coverage at reasonable rates. Certain types of losses, generally of a catastrophic nature, such as earthquakes, hurricanes and floods, or terrorist acts, or certain liabilities may be uninsurable or too expensive to justify obtaining insurance. As a result, we may not be successful in obtaining insurance without increases in cost or decreases in coverage levels. In addition, in the event of a substantial loss, the insurance coverage we carry may not be sufficient to pay the full market value or replacement cost of our lost investment or in some cases could result in certain losses being totally uninsured. As a result, we could lose some or all of the capital we have invested in a property, as well as the anticipated future revenue from the property, and we could remain obligated for debt or other financial obligations related to the property.

Compromises of our information systems or unauthorized access to confidential information or our customers' personal information could materially harm our reputation and business.

We collect and store confidential, personal information relating to our customers for various business purposes, including marketing and financial purposes, and credit card information for processing payments. For example, we handle, collect and store personal information in connection with our customers staying at our hotels and enrolling in our Total Rewards program. We may share this personal and confidential information with vendors or other third parties in connection with processing of transactions, operating certain aspects of our business or for marketing purposes. Our collection and use of personal data are governed by state and federal privacy laws and regulations as well as the applicable laws and regulations in other countries in which we operate. Privacy law is an area that changes often and varies significantly by jurisdiction. We may incur significant costs in order to ensure compliance with the various applicable privacy requirements. In addition, privacy laws and regulations may limit our ability to market to our customers.

We assess and monitor the security of collection, storage and transmission of customer information on an ongoing basis. We utilize commercially available software and technologies to monitor, assess and secure our network. Further, the systems currently used for transmission and approval of payment card transactions, and the technology utilized in payment cards themselves, all of which can put payment card data at risk, are determined and controlled by the payment card industry, not us. Although we have taken steps designed to safeguard our customers' confidential personal information, our network and other systems and those of third parties, such as service providers, could be compromised by a third party breach of our system security or that of a third party provider or as a result by purposeful or accidental actions of third parties, our employees or those employees of a third party. Advances in computer and software capabilities and encryption technology, new tools and other developments may increase the risk of such a breach. As a result of any security breach, customer information or other proprietary data may be accessed or transmitted by or to a third party. Despite these measures, there can be no assurance that we are adequately protecting our information.

Any loss, disclosure or misappropriation of, or access to, customers' or other proprietary information or other breach of our information security could result in legal claims or legal proceedings, including regulatory investigations and actions, or liability for failure to comply with privacy and information security laws, including for failure to protect personal information or for misusing personal information, which could disrupt our operations, damage our reputation and expose us to claims from customers, financial institutions, regulators, payment card associations, employees and other persons, any of which could have an adverse effect on our financial condition, results of operations and cash flow.

Our obligation to fund multi-employer pension plans to which we contribute may have an adverse impact on us.

We contribute to and participate in various multi-employer pension plans for employees represented by certain unions. We are required to make contributions to these plans in amounts established under collective bargaining agreements. We do not administer these plans and, generally, are not represented on the boards of trustees of these plans. The Pension Protection Act enacted in 2006, or the PPA, requires under-funded pension plans to improve their funding ratios. Based on the information available to us, some of the multi-employer plans to which we contribute are either "critical" or "endangered" as those terms are defined in the PPA. We cannot determine at this time the amount of additional funding, if any, we may be required to make to these plans. However, plan assessments could have an adverse impact on our results of operations or cash flows for a given period. Furthermore, under current law, upon the termination of a multi-employer pension plan, or in the event of a withdrawal by us, which we consider from time to time, or a mass withdrawal or insolvency of contributing employers, we would be required to make payments to the plan for our proportionate share of the plan's unfunded vested liabilities. Any termination of a multi-employer plan, or mass withdrawal or insolvency of contributing employers, could require us to contribute an amount under a plan of rehabilitation or surcharge assessment that would have a material adverse impact on our consolidated financial condition, results of operations and cash flows.

An active trading market for our common stock may not develop.

Prior to our listing in February 2012, there was no public market for our common stock. We cannot predict the extent to which investor interest in us will lead to the development of an active trading market or how liquid that market might become. Our shares may be less liquid than the shares of other newly public companies and there may be imbalances between supply and demand for our shares. As a result, our share price may experience significant volatility and may not necessarily reflect the value of our expected performance. If an active trading market does not develop, owners of our common stock may have difficulty selling any of our common stock.

Future sales or the possibility of future sales of a substantial amount of our common stock may depress the price of shares of our common stock.

Future sales or the availability for sale of substantial amounts of our common stock in the public market could adversely affect the prevailing market price of our common stock and could impair our ability to raise capital through future sales of equity securities.

As of March 1, 2013, there were 125,362,197 shares outstanding, all of which are the same class of voting common stock. All of the outstanding shares of our common stock will be eligible for resale under Rule 144 or Rule 701 of the Securities Act of 1933, as amended ("Securities Act"), subject to volume limitations, applicable holding period requirements or other contractual restrictions. The Sponsors have the ability to cause us to register the resale of its shares, and our management members who hold shares will have the ability to include their shares in such registration.

In connection with the Co-Investors Transaction, we filed a shelf prospectus to register 22,339,143 shares of our common stock for resale on a continuous basis by the Participating Co-Investors, subject to the lockup agreements described herein. We may issue shares of common stock or other securities from time to time as consideration for future acquisitions and investments or for any other reason that our board of directors deems advisable. If any such acquisition or investment is significant, the number of shares of our common stock, or the number or aggregate principal amount, as the case may be, of other securities that we may issue may in turn be substantial. We may also grant registration rights covering those shares of common stock or other securities in connection with any such acquisitions and investments.

We cannot predict the size of future issuances of our common stock or other securities or the effect, if any, that future issuances and sales of our common stock or other securities, including future sales by the Sponsors, will have on the market price of our common stock. Sales of substantial amounts of common stock (including shares of common stock issued in connection with an acquisition), or the perception that such sales could occur, may adversely affect prevailing market prices for our common stock.

The price and trading volume of our common stock may fluctuate significantly.

The market price of our common stock may be highly volatile and could be subject to wide fluctuations. In addition, the trading volume of our common stock may fluctuate and cause significant price variations to occur. Volatility in the market price of our common stock may prevent a holder of our common stock from being able to sell their shares. The market price for our common stock could fluctuate significantly for various reasons, including:

- our operating and financial performance and prospects;
- our quarterly or annual earnings or those of other companies in our industry;
- conditions that impact demand for our products and services;
- the public's reaction to our press releases, other public announcements and filings with the SEC;
- changes in earnings estimates or recommendations by securities analysts who track our common stock;
- market and industry perception of our success, or lack thereof, in pursuing our growth strategy;
- strategic actions by us or our competitors, such as acquisitions or restructurings;
- changes in government and environmental regulation, including gaming taxes;
- changes in accounting standards, policies, guidance, interpretations or principles;
- arrival and departure of key personnel;
- changes in our capital structure;
- sales of common stock by us or members of our management team;
- the expiration of contractual lockup agreements; and
- changes in general market, economic and political conditions in the United States and global economies or financial markets, including those resulting from natural disasters, terrorist attacks, acts of war and responses to such events.

In addition, in recent years, the stock market has experienced significant price and volume fluctuations. This volatility has had a significant impact on the market price of securities issued by many companies, including companies in the gaming, lodging, hospitality and entertainment industries. The changes frequently appear to occur without regard to the operating performance of the affected companies. Hence, the price of our common stock could fluctuate based upon factors that have little or nothing to do with us, and these fluctuations could materially reduce our share price.

Because we have not paid dividends since the Acquisition and do not anticipate paying dividends on our common stock in the foreseeable future, holders of our common stock should not expect to receive dividends on shares of our common stock.

We have no present plans to pay cash dividends to our stockholders and, for the foreseeable future, intend to retain all of our earnings for use in our business. The declaration of any future dividends by us is within the discretion of our Board and will be dependent on our earnings, financial condition and capital requirements, as well as any other factors deemed relevant by our Board.

We are a “controlled company” within the meaning of the NASDAQ rules and, as a result, will qualify for, and intend to rely on, exemptions from certain corporate governance requirements.

Hamlet Holdings controls a majority of our voting common stock. As a result, we are a “controlled company” within the meaning of NASDAQ corporate governance standards. Under the NASDAQ rules, a company of which more than 50% of the voting power is held by an individual, group or another company is a “controlled company” and we have elected not to comply with certain NASDAQ corporate governance requirements, including:

- the requirement that a majority of the Board consists of independent directors;
- the requirement that we have a nominating/corporate governance committee that is composed entirely of independent directors;
- the requirement that we have a compensation committee that is composed entirely of independent directors; and
- the requirement for an annual performance evaluation of the nominating/corporate governance and compensation committees.

As a result of these exemptions, we do not have a majority of independent directors nor do our nominating/corporate governance and compensation committees consist entirely of independent directors and we are not required to have an annual performance evaluation of the nominating/corporate governance and compensation committees. Accordingly, a holder of our common stock will not have the same protections afforded to stockholders of companies that are subject to all of the NASDAQ corporate governance requirements.

Our bylaws and certificate of incorporation contain provisions that could discourage another company from acquiring us and may prevent attempts by our stockholders to replace or remove our current management.

Provisions of our bylaws and our certificate of incorporation may delay or prevent a merger or acquisition that stockholders may consider favorable, including transactions in which you might otherwise receive a premium for your shares. In addition, these provisions may frustrate or prevent any attempts by our stockholders to replace or remove our current management by making it more difficult for stockholders to replace or remove our directors. These provisions include:

- establishing a classified board of directors;
- establishing limitations on the removal of directors;
- permitting only an affirmative vote of at least two-thirds of the Board to fix the number of directors;
- prohibiting cumulative voting in the election of directors;
- empowering only the Board to fill any vacancy on the Board, whether such vacancy occurs as a result of an increase in the number of directors or otherwise;
- authorizing the issuance of “blank check” preferred stock without any need for action by stockholders;
- eliminating the ability of stockholders to call special meetings of stockholders;
- prohibiting stockholders from acting by written consent if less than 50.1% of our outstanding common stock is controlled by the Sponsors;
- prohibiting amendments to the bylaws without the affirmative vote of at least two-thirds of the Board or the affirmative vote of at least two-thirds of the total voting power of the outstanding shares entitled to vote;
- prohibiting amendments to the certificate of incorporation relating to stockholder meetings, amendments to the bylaws or certificate of incorporation, or the election or classification of the Board without the affirmative vote of two-thirds of the shares entitled to vote on any matter; and
- establishing advance notice requirements for nominations for election to the Board or for proposing matters that can be acted on by stockholders at stockholder meetings.

Our issuance of shares of preferred stock could delay or prevent a change of control of us. Our Board has the authority to cause us to issue, without any further vote or action by the stockholders, shares of preferred stock, par value \$0.01 per share, in one or more series, to designate the number of shares constituting any series, and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, voting rights, rights and terms of redemption, redemption price or prices and liquidation preferences of such series. The issuance of shares of preferred stock may have the effect of delaying, deferring or preventing a change in control of our company without further action by the stockholders, even where stockholders are offered a premium for their shares.

Together, these charter and statutory provisions could make the removal of management more difficult and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our common stock. Furthermore, the existence of the foregoing provisions, as well as the significant common stock controlled by Hamlet Holdings, could limit the price that investors might be willing to pay in the future for shares of our common stock. They could also deter potential acquirers of our company, thereby reducing the likelihood that you could receive a premium for your common stock in an acquisition.

PRIVATE SECURITIES LITIGATION REFORM ACT

This Form 10-K contains or may contain “forward-looking statements” intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts. We have based these forward-looking statements on our current expectations about future events. Further, statements that include words such as “may,” “will,” “project,” “might,” “expect,” “believe,” “anticipate,” “intend,” “could,” “would,” “estimate,” “continue” or “pursue,” or the negative of these words or other words or expressions of similar meaning may identify forward-looking statements. These forward-looking statements are found at various places throughout the report. These forward-looking statements, including, without limitation, those relating to future actions, new projects, strategies, future performance, the outcome of contingencies such as legal proceedings, and future financial results, wherever they occur in this report, are necessarily estimates reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements should, therefore, be considered in light of various important factors set forth above and from time to time in our filings with the Securities and Exchange Commission.

In addition to the risk factors set forth above, important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

- the impact of our substantial indebtedness;
- the effects of local and national economic, credit and capital market conditions on the economy in general, and on the gaming industry in particular;
- the ability to realize the expense reductions from our cost savings programs;
- access to available and reasonable financing on a timely basis;
- the ability of our customer-tracking, customer loyalty and yield-management programs to continue to increase customer loyalty and same-store or hotel sales;
- changes in laws, including increased tax rates, smoking bans, regulations or accounting standards, third-party relations and approvals, and decisions, disciplines and fines of courts, regulators and governmental bodies;
- our ability to recoup costs of capital investments through higher revenues;
- abnormal gaming holds (“gaming hold” is the amount of money that is retained by the casino from wagers by customers);
- the effects of competition, including locations of competitors, competition for new licenses and operating and market competition;
- the ability to timely and cost-effectively integrate companies that we acquire into our operations;
- the potential difficulties in employee retention and recruitment as a result of our substantial indebtedness, the ongoing downturn in the gaming industry, or any other factor;

- construction factors, including delays, increased costs of labor and materials, availability of labor and materials, zoning issues, environmental restrictions, soil and water conditions, weather and other hazards, site access matters and building permit issues;
- litigation outcomes and judicial and governmental body actions, including gaming legislative action, referenda, regulatory disciplinary actions and fines and taxation;
- acts of war or terrorist incidents, severe weather conditions, uprisings or natural disasters, including losses therefrom, including losses in revenues and damage to property, and the impact of severe weather conditions on our ability to attract customers to certain of our facilities, such as the amount of losses and disruption to our company as a result of Hurricane Sandy in late October 2012;
- the effects of environmental and structural building conditions relating to our properties;
- access to insurance on reasonable terms for our assets;
- the impact, if any, of unfunded pension benefits under multi-employer pension plans; and
- the other factors set forth under “Risk Factors” above.

You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Annual Report on Form 10-K. We undertake no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this Form 10-K or to reflect the occurrence of unanticipated events, except as required by law.

ITEM 1B. Unresolved Staff Comments

None.

ITEM 2. Properties

The following table sets forth information about our casino entertainment facilities as of December 31, 2012:

Summary of Property Information

Property	Type of Casino	Casino Space— Sq. Ft. ^(a)	Slot Machines ^(a)	Table Games ^(a)	Hotel Rooms & Suites ^(a)

^(a) Approximate.

^(b) Includes O'Shea's Casino, which is adjacent to this property. O'Shea's Casino temporarily ceased operations on April 30, 2012 and is expected to reopen in 2013 as part of The Quad Resort & Casino.

^(c) We have an 80% ownership interest in and manage this property.

^(d) The property is owned by the Company, leased to the operator, and managed by the Company for the operator for a fee pursuant to an agreement that expires in October 2024. This information includes the Bluffs Run greyhound racetrack that operates at the property.

^(e) We own a 49% share of a venture that owns a 150-room hotel located near the property.

^(f) Prior to May 2012, this property operated under the Harrah's Chester name. We have a 99.5% ownership interest in and manage this property.

^(g) Managed.

^(h) We have an approximate 95% ownership interest and manage this property. In November 2012, we entered into a definitive agreement with Enjoy to sell 45% of Baluma S.A., our subsidiary that owns and operates Conrad. Under the terms of the agreement, we will have an approximate 52% ownership in this property. Please refer to Note 3, "Acquisitions, Investments, Dispositions and Divestitures," to our consolidated financial statements appearing in Item 8 of this report for more details on this agreement.

- (i) We operate this property and the province of Ontario owns the complex through the Ontario Lottery and Gaming Corporation.
- (j) We have a 70% ownership interest in and manage this property.
- (k) We manage this property and have a 20% interest in ROC which owns this property.
- (l) Prior to December 2012, this property operated under the name Imperial Palace Hotel and Casino.
- (m) We closed this casino on March 4, 2013.

ITEM 3. Legal Proceedings

Litigation

The Supreme Court of Nevada decided in early 2008 that food purchased for subsequent use in the provision of complimentary and/or employee meals is exempt from use tax. Previously, such purchases were subject to use tax and the Company has claimed, but not recognized into earnings, a use tax refund totaling \$32.2 million, plus interest, as a result of the 2008 decision. In early 2009, the Nevada Department of Taxation ("Department") audited our refund claim, but has taken the position that those same purchases are now subject to sales tax; therefore, they subsequently issued a sales tax assessment totaling \$27.4 million plus interest after application of our refund on use tax.

On October 21, 2010, the administrative law judge ("ALJ") issued a decision and ruled in our favor on a number of key issues, including that complimentary employee meals are not subject to sales tax. Although both the Company and the Nevada Department of Taxation filed an appeal of the decision with the Nevada Tax Commission ("Commission"), the case was returned to the ALJ for further factual development. The ALJ issued a second decision on March 8, 2012, reversing her previous, partially favorable ruling relating to the taxability of complimentary employee meals and affirmed the taxability of complimentary meals but limited the entire sales tax assessment to the amount of the Company's use tax refund claims resulting in no use tax refund awarded but no sales tax amounts due. The ALJ decision was affirmed in the Commission hearing on June 25, 2012 and the Commission's final decision was issued on July 31, 2012. We filed a petition for judicial review with the District Court on August 7, 2012. On March 1, 2013, the District Court judge ruled that employee meals are not subject to sales tax but affirmed the application of sales tax to complimentary patron meals. Additionally, the judge ordered a refund of the portion of our use tax refund claims filed prior to October 1, 2005 without any offsetting sales tax assessments relating to complimentary patron meals for those periods. We expect that the District Court decision will be appealed to the Nevada Supreme Court.

Subsequent to a written Commission decision issued in February 2012 for another gaming company, the Department has issued draft regulations requiring the collection of sales tax on the retail value of complimentary meals and the cost of employee meals. Although the Commission approved the regulation on June 25, 2012, there are several additional approvals required, including by the Legislative Commission, before the regulation is finalized. On June 6, 2012, the Department issued additional guidance regarding the payment of sales tax on complimentary and employee meals, maintaining that meals are taxable as of February 15, 2012 but that the payment of the tax is due, without penalty or interest, at the earlier of (a) one month after approval of the regulation by the Legislative Commission, (b) one month after a Nevada Supreme Court decision, (c) the effective date of any legislation or (d) June 30, 2013. The Department stated that it provided this additional guidance regarding the deferral of payment requirements because the Legislative Commission has not had the opportunity to approve the regulation and because there are several ongoing appeals that have not been heard by the Tax Commission and the Nevada Supreme Court.

As of December 31, 2012 we had accrued \$16.4 million in sales tax accruals on complementary meals. Due to uncertainty regarding the ultimate outcome of our pending litigation and/or the final approval and form of the pending regulation, we continue to record sales tax reserves against loss on this matter.

The Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any pending litigation to have a material effect on our consolidated financial position, results of operations, or cash flows.

ITEM 4. Mine Safety Disclosures

Not applicable.

Disclosure pursuant to Section 219 of the Iran Threat Reduction and Syria Human Rights Act

On February 12, 2013, certain investment funds affiliated with Apollo Global Management, LLC, one of our Sponsors, beneficially owned approximately 19.6% of the ordinary shares of LyondellBasell Industries N.V. (“LyondellBasell”) and have certain director nomination rights. LyondellBasell may be deemed to be under common control with Caesars, but this statement is not meant to be an admission that common control exists. As a result, it appears that we are required to provide disclosures as set forth herein pursuant to Section 219 of the new Iran Threat Reduction and Syria Human Rights Act of 2012 and Section 13(r) of the Exchange Act. The Annual Report on Form 10-K for the year ended December 31, 2012 filed by LyondellBasell with the SEC on February 12, 2013 contained the disclosure set forth below (with all references contained therein to “the Company” being references to LyondellBasell and its consolidated subsidiaries).

The disclosure below does not relate to any activities conducted by Caesars and does not involve Caesars or Caesars management. The disclosure relates solely to activities conducted by LyondellBasell and its consolidated subsidiaries.

“Disclosure pursuant to Section 219 of the Iran Threat Reduction & Syria Human Rights Act

Certain non-U.S. subsidiaries of our predecessor, LyondellBasell AF, licensed processes to construct and operate manufacturing plants in Iran that produce polyolefin plastic material, which is used in the packaging of household and consumer goods. The subsidiaries also provided engineering support and supplied catalyst products to be used in these manufacturing operations. In 2009, the Company made the decision to suspend the pursuit of any new business dealings in Iran.

As previously disclosed by the Company, in 2010, our management made the further decision to terminate all business by the Company and its direct and indirect subsidiaries with the government, entities and individuals in Iran. The termination was made in accordance with all applicable laws and with the knowledge of U.S. Government authorities. As part of the termination, we entered into negotiations with Iranian counterparties in order to exit our contractual obligations. As described below, two transactions occurred under settlement agreements in early 2012, although the agreements to cease our activities with these counterparties were entered into in 2011. In January 2012, one of our non-U.S. subsidiaries received a final payment of approximately €3.5 million for a shipment of catalyst from an entity that is 50% owned by the National Petrochemical Company of Iran.

Our shipment of the catalyst was in February 2012 as part of the agreement related to our termination and cessation of all business under agreements with the counterparty. In 2012, the gross revenue from this limited activity was approximately, €4.2 million and profit attributable to it was approximately, €2.4 million.

In January and February of 2012, one of the Company's non-U.S. subsidiaries provided certain engineering documents relating to a polyolefin plastic process to a licensee comprising three Iranian companies, one of which is 20% owned by the National Oil Company of Iran. The provision of documents was the Company's final act with respect to the termination and cessation of all business under agreements with the counterparties. No gross revenue or profit was attributable to this activity in 2012. The transactions disclosed in this report do not constitute violations of applicable anti-money laundering laws or sanctions laws administered by the U.S. Department of the Treasury, Office of Foreign Assets Control (OFAC), and are not the subject of any enforcement actions under the Iran sanction laws.

We have not conducted, and do not intend to conduct, any further business activities in Iran or with Iranian counterparties.”

PART II

ITEM 5. Market for the Company's Common Stock, Related Stockholder Matters and Issuer Purchases of Equity Securities

Market Information

Effective February 8, 2012, our common stock trades on the NASDAQ under the symbol "CZR." The following table sets forth the high and low sales prices for the common stock on the NASDAQ for each fiscal quarter of 2012. Subsequent to the Acquisition in 2008, and prior to the above date, our outstanding common stock was privately held, and there was no established public trading market for our common stock; therefore, there are no high and low sales prices for the common stock available for 2011.

	<u>High</u>	<u>Low</u>
2012		
First Quarter (from February 8, 2012)	\$ 17.90	\$ 9.00
Second Quarter	15.74	11.03
Third Quarter	11.67	6.38
Fourth Quarter	8.25	4.52

As of March 1, 2013, there were 125,362,197 shares of common stock issued and outstanding that were held by 171 stockholders of record.

Dividends

We did not pay any cash dividends in the years ended December 31, 2012 or 2011. We currently do not anticipate paying cash dividends on our common stock in the foreseeable future. Any future determination to declare cash dividends will be made at the discretion of our board of directors, subject to applicable laws and will depend on our financial condition, results of operations, capital requirements, general business conditions and other factors that our board of directors may deem relevant.

Recent Sales of Unregistered Securities

There have not been any sales by the Company of equity securities in the fiscal years ended December 31, 2012, 2011, or 2010 that have not been registered under the Securities Act.

Share Repurchases

The Company did not repurchase shares of our common stock during the quarter ended December 31, 2012.

Performance Graph

The graph depicted below compares the cumulative total stockholder return on our common stock with the cumulative total return on the Standard & Poor's 500 Stock Index ("S&P 500") and the Dow Jones U.S. Gambling Total Stock Market Index ("Dow Jones U.S. Gambling") for the period beginning on February 8, 2012 (the date our common stock commenced trading on the NASDAQ Global Select Market) and ending on December 31, 2012. NASDAQ OMX furnished the data. The performance graph assumes a \$100 investment in our stock and each of the two indices, respectively, on February 8, 2012, and that all dividends were reinvested. Stock price performance, presented for the period from February 8, 2012 to December 31, 2012, is not necessarily indicative of future results.

	2/8/2012	12/31/2012
CZR	\$100.00	\$44.96
S&P 500 Index	100.00	107.85
Dow Jones U.S. Gambling	100.00	98.69

The performance graph should not be deemed filed or incorporated by reference into any other of our filings under the Securities Act or the Exchange Act, unless we specifically incorporate the performance graph by reference therein.

Equity Compensation Plan Information

In February 2008, our Board of Directors approved the Harrah's Entertainment, Inc. Management Equity Incentive Plan, as amended (the "2008 Incentive Plan") and granted options to purchase our common stock to certain of our officers and employees. In February 2012, our Board of Directors adopted the 2012 Performance Incentive Plan, as amended (the "2012 Incentive Plan"), which is more fully discussed in Item 8. Financial Statements and Supplementary Data, Note 18, "Employee Benefit Plans."

The table below sets forth information regarding our equity compensation plans as of December 31, 2012:

Equity compensation plans not approved by security holders	Number of securities to be issued upon exercise of outstanding options or vesting of restricted stock	Weighted-average exercise price of outstanding options	Number of securities remaining available for future issuance under equity compensation plans
Stock Options ⁽¹⁾	8,478,148	\$ 10.51	7,303,449
Restricted Stock ⁽²⁾	50,000	—	N/A

⁽¹⁾ The weighted average remaining contract life for the options set forth in this column is 9.4 years. The number of securities to be issued upon exercise of outstanding options includes 231,918 shares related to a rollover option initially signed with an executive on January 27, 2008 that provided for the conversion of options to purchase shares of the Company prior to the Acquisition into options to purchase shares of the Company following the Acquisition (the "2008 Rollover Options"), which had an expiration date of June 17, 2012. On April 16, 2012, the Human Resources Committee of our Board of Directors approved an award to replace the 2008 Rollover Options with an option to purchase an equal amount of shares of our common stock pursuant to the 2012 Performance Incentive Plan (the "2012 Rollover Options"). The 2012 Rollover Options are fully vested, expire in April 2022 and were issued under the 2012 Incentive Plan.

⁽²⁾ The shares of restricted common stock are issued under the 2012 Incentive Plan.

ITEM 6. Selected Financial Data

The selected financial data set forth below for the periods indicated, should be read in conjunction with the consolidated financial statements and Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, included elsewhere in this Form 10-K.

(In millions, except per share data)	Successor				Predecessor	
	2012	2011	2010	2009	Jan. 28, 2008 through Dec. 31, 2008

ITEM 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with, and is qualified in its entirety by, the audited consolidated financial statements and the notes thereto and other financial information included elsewhere in this Form 10-K. Certain statements in this "Management's Discussion and Analysis of Financial Condition and Results of Operations" are forward-looking statements. See "Item 1A. Risk Factors— PRIVATE SECURITIES LITIGATION REFORM ACT" of this report.

Overview

We are the world's most diversified casino-entertainment provider and the most geographically diverse U.S. casino-entertainment company. As of December 31, 2012, we owned, operated, or managed, through various subsidiaries, 52 casinos in 13 U.S. states and seven countries. The majority of these casinos operate in the United States, primarily under the Caesars, Harrah's, and Horseshoe brand names and in England. Our casino entertainment facilities include 33 land-based casinos, 11 riverboat or dockside casinos, three managed casinos on Indian lands in the United States, one managed casino in Cleveland, Ohio, one managed casino in Canada, one casino combined with a greyhound racetrack, one casino combined with a thoroughbred racetrack, and one casino combined with a harness racetrack. Our land-based casinos include nine in England, two in Egypt, one in Scotland, one in South Africa and one in Uruguay. As of December 31, 2012, our facilities had an aggregate of approximately three million square feet of gaming space and approximately 43,000 hotel rooms. Our industry-leading customer loyalty program, Total Rewards, has over 45 million members. We use the Total Rewards system to market promotions and to generate customer play across our network of properties. In addition, we own an online gaming business, providing for real money casino, bingo, and poker games in the United Kingdom, alliances with online gaming providers in Italy and France, "play for fun" offerings in other jurisdictions, social games on Facebook and other social media websites, and mobile application platforms. We also own and manage the World Series of Poker tournament and brand.

Regional Aggregation

The executive officers of our company review operating results, assess performance, and make decisions related to the allocation of resources on a property-by-property basis. We believe, therefore, that each property is an operating segment and that it is appropriate to aggregate and present the operations of our company as one reportable segment. To provide more meaningful information than would be possible on a consolidated basis, our casino properties (as of December 31, 2012, or otherwise noted below) have been grouped into seven regions as shown in the table below to facilitate discussion of our operating results:

<u>Las Vegas</u>	<u>Atlantic City</u>	<u>Louisiana/Mississippi</u>	<u>Iowa/Missouri</u>
Caesars Palace	Harrah's Atlantic City	Harrah's New Orleans	Harrah's North Kansas City
Bally's Las Vegas	Showboat Atlantic City	Harrah's Louisiana Downs	Harrah's Council Bluffs
Flamingo Las Vegas ^(a)	Bally's Atlantic City	Horseshoe Bossier City	Horseshoe Council Bluffs/ Bluffs Run
Harrah's Las Vegas	Caesars Atlantic City	Grand Biloxi	
Paris Las Vegas	Harrah's Philadelphia ^(c)	Harrah's Tunica	
Rio		Horseshoe Tunica	
The Quad Resort & Casino ^(b)		Tunica Roadhouse Hotel & Casino	
Bill's Gamblin' Hall & Saloon			
Planet Hollywood Resort & Casino			
<u>Illinois/Indiana</u>	<u>Other Nevada</u>	<u>Managed and International</u>	
Horseshoe Southern Indiana	Harrah's Reno	Harrah's Ak-Chin ^(e)	
Harrah's Joliet ^(d)	Harrah's Lake Tahoe	Harrah's Cherokee ^(e)	
Harrah's Metropolis	Harveys Lake Tahoe	Harrah's Rincon ^(e)	
Horseshoe Hammond	Harrah's Laughlin	Horseshoe Cleveland ^(f)	
		Conrad Punta del Este ^(g)	
		Caesars Windsor ^(h)	
		London Clubs International ⁽ⁱ⁾	

- (a) Includes O'Shea's Casino, which is adjacent to this property. O'Shea's Casino temporarily ceased operations on April 30, 2012 and is expected to reopen in 2013 as part of The Quad Resort & Casino.
- (b) Prior to December 2012, this property operated under the name Imperial Palace Hotel and Casino.
- (c) Prior to May 2012, this property operated under the Harrah's Chester name. We have a 99.5% ownership interest in and manage this property.
- (d) We have an 80% ownership interest in and manage this property.
- (e) Managed.
- (f) We manage this property and have a 20% interest in Rock Ohio Caesars, LLC, which owns this property.
- (g) We have an approximate 95% ownership interest in and manage this property. In November 2012, we entered into a definitive agreement with Enjoy to sell 45% of Baluma S.A., our subsidiary that owns and operates Conrad. Under the terms of the agreement, we will have an approximate 52% ownership in this property. Please refer to Note 3, "Acquisitions, Investments, Dispositions and Divestitures," to our consolidated financial statements appearing in Item 8 of this report for more details on this agreement.
- (h) We operate this property and the province of Ontario owns the complex through the Ontario Lottery and Gaming Corporation.
- (i) As of December 31, 2012, we owned, operated, or managed 10 casino clubs in the provinces of the United Kingdom and two in Egypt. On March 4, 2013, we closed one of the casino clubs in the United Kingdom. We also have a 70% ownership interest in and manage one casino in South Africa.

Consolidated Operating Results

(Dollars in millions)	2012	2011	2010	Percent Favorable/(Unfavorable)	
				2012 vs 2011	2011 vs 2010
Casino revenues	\$ 6,246.9	\$ 6,394.5	\$ 6,671.8	(2.3)%	(4.2)%
Net revenues	8,586.7	8,573.3	8,553.2	0.2 %	0.2 %
(Loss)/income from operations	(313.4)	816.3	483.1	**	69.0 %
Loss from continuing operations, net of income taxes	(1,382.7)	(698.1)	(849.4)	(98.1)%	17.8 %
(Loss)/income from discontinued operations, net of income taxes	(109.5)	31.4	26.1	**	20.3 %
Net loss attributable to Caesars	(1,497.5)	(687.6)	(831.1)	(117.8)%	17.3 %
Operating margin *	(3.6)%	9.5%	5.6%	(13.1) pts	3.9 pts

Net revenues, (loss)/income from operations, and loss from continuing operations, net of income taxes for all periods presented in the table above exclude the results of the Harrah's St. Louis casino and the results of the subsidiaries that hold our land concession in Macau, both of which are presented as discontinued operations.

* Operating margin is calculated as (loss)/income from operations divided by net revenues.

** Not meaningful.

Year ended December 31, 2012 compared to year ended December 31, 2011

Net revenues for 2012 increased \$13.4 million or 0.2% from 2011 due mainly to higher revenues from our online businesses and from Caesars' management companies due in part to the opening of Horseshoe Cleveland in May 2012. These higher revenues were mostly offset by revenue declines in the Atlantic City Region resulting from hurricane-related property closures as well as continued competitive pressures in that region. All five properties in the Atlantic City Region had closures during the fourth quarter 2012 due to Hurricane Sandy, which made landfall on October 29, 2012. Harrah's Philadelphia reopened two days later and the Atlantic City properties reopened five days later. However, the region's economy has been slow to recover due to the devastation caused by the hurricane. We estimate that the negative impact of Hurricane Sandy on net revenues was approximately \$40 million to \$45 million.

For 2012, loss from operations was \$313.4 million compared with income from operations of \$816.3 million in 2011. This change was due largely to non-cash impairment charges that totaled \$1,067.7 million, comprised of intangible asset impairment charges of \$195.2 million related to goodwill, \$209.0 million related to trademarks and \$33.0 million related to gaming rights, as well as tangible asset impairment charges of \$450.0 million related to the tangible assets of one of the properties in the Atlantic City Region and \$180.5 million related to a previously halted development project in Biloxi, Mississippi. By comparison, non-cash intangible and tangible asset impairment charges were \$32.8 million in 2011. Also contributing to the loss from operations in 2012 was an increase in depreciation expense associated with the opening of the Octavius Tower at Caesars Palace Las Vegas in January 2012, and increased corporate expenses and write-downs, reserves, and project opening costs, net of recoveries.

Net loss attributable to Caesars for 2012 increased \$809.9 million or 117.8% from 2011, due mainly to the increase in loss from operations and a net loss from our discontinued operations of \$109.5 million, partially offset by increases in gains on early extinguishments of debt and the tax rate benefit as further described in "Other Factors Affecting Net Income" that follows herein.

Year ended December 31, 2011 compared to year ended December 31, 2010

Despite a decline in casino revenues, net revenues for 2011 increased \$20.1 million, or 0.2%, from 2010, as favorable results in Las Vegas and from our international and online businesses, including revenues related to Playtika, which we acquired during the year, were somewhat offset by revenue declines at properties in the Midwest and Atlantic City.

For 2011, income from operations increased \$333.2 million, or 69.0%, from 2010. This increase was due mainly to a \$151.2 million decrease from 2010 of intangible and tangible non-cash impairment charges, the effects of cost-reduction efforts under cost savings programs, including Project Renewal, and a \$75.9 million reduction in write-downs, reserves, recoveries, and project opening costs.

Net loss attributable to Caesars for 2011 decreased \$143.5 million or 17.3%, compared with 2010, due primarily to higher income from operations and an increase in the benefit for income taxes, partially offset by higher interest expense in 2011, due mainly to certain interest rate swaps no longer qualifying for hedge accounting.

Performance Metrics

We measure performance in part through the tracking of trips by rated customers, which means a customer whose gaming activity is tracked through the Total Rewards customer-loyalty system ("trips"), and by spend per rated customer trip ("spend per trip"). A trip is created by a Total Rewards card holder engaging in one or more of the following activities while at one of our properties: (1) hotel stay, (2) gaming activity, or (3) a comp redemption, which means the receipt of a complimentary item given out by our casinos. In markets where we have multiple properties, customers often engage in trip generating activities at more than one property in a day. In these instances, we consider the market as a whole and do not count multiple trips. Customer spend means the cumulative rated theoretical spend (which is the amount of money expected to be retained by the casino based upon the mathematics underlying the particular game as a fraction of the amount of money wagered by the customer) across all game types for a specific customer. For the Atlantic City region, we refer to customers that stay at a hotel in one of its properties as lodgers and customers that may play at a casino located in one of its properties but do not stay at a hotel at such property as non-lodgers.

The following table reflects the percentage increase/(decrease) in trips and spend per trip for the U.S. regions for 2012 compared with 2011:

	Trips	Spend per Trip
Consolidated Caesars	(4.1)%	0.9 %
Las Vegas region	1.0 %	3.2 %
Atlantic City region:		
Lodgers	(10.2)%	(0.8)%
Non-lodgers	(8.3)%	(1.1)%
All other regions	(2.5)%	(0.5)%

For 2012, trips decreased on a consolidated basis compared with 2011, due mainly to hurricane-related property closures and competitive pressures in the Atlantic City Region, as well as modest declines in the rest of our domestic regions, except for Las Vegas where trips rose slightly. For 2012, spend per trip increased from 2011, due mainly to an increase in the Las Vegas region largely as a result of strength in the international high-end segment, which was partially offset by declines in Atlantic City and our other domestic regions. On a consolidated basis, cash average daily room rates for 2012 were relatively unchanged from 2011 as declines in the Atlantic City Region as a result of lost convention business in the fourth quarter 2012 due to the hurricane were offset by increases in our Iowa/Missouri and Louisiana/Mississippi regions. Total occupancy percentage decreased 0.6 percentage points in 2012 compared with 2011 due mainly to declines in the Atlantic City Region, partially offset by increases in several of our other domestic regions.

The following table reflects the percentage increase/(decrease) in trips and spend per trip for our U.S. regions for 2011 compared with 2010:

	Trips	Spend per Trip
Consolidated Caesars	(6.7)%	3.4 %
Las Vegas region	2.5 %	2.7 %
Atlantic City region:		
Lodgers	(0.2)%	(2.2)%
Non-lodgers	(5.6)%	(0.7)%
All other regions	(9.8)%	2.7 %

For 2011, trips on a consolidated basis declined from 2010 due to (i) new competition in the Atlantic City, Iowa/Missouri, and Illinois/Indiana regions, (ii) reduced access to one of our properties due to a bridge closure in the Illinois/Indiana region beginning in the first week of September 2011 that reopened in February 2012, (iii) temporary closures in the Atlantic City region during the third quarter of 2011 due to Hurricane Irene, (iv) temporary closures of seven properties in the Illinois/Indiana and Louisiana/Mississippi regions during the first half of 2011 due to flooding and severe weather conditions, and (v) the impact of marketing programs on trip frequency of certain customer segments in all U.S. regions. These decreases in trips were partially offset by an increase in trips for the Las Vegas region during 2011.

On a consolidated basis, cash average daily room rates for 2011 increased to \$91 from \$86, or 6.4%, when compared to 2010 largely driven by the Las Vegas region. Total occupancy percentages in 2011 increased 1.4 percentage points when compared to 2010.

Regional Operating Results

Las Vegas Region

<u>(Dollars in millions)</u>	2012	2011	2010	Percent Favorable/ (Unfavorable)	
				2012 vs 2011	2011 vs 2010
Casino revenues	\$ 1,641.5	\$ 1,582.5	\$ 1,544.4	3.7 %	2.5%
Net revenues	3,029.9	3,013.1	2,834.8	0.6 %	6.3%
Income from operations	428.7	495.5	349.9	(13.5)%	41.6%
Operating margin*	14.1%	16.4%	12.3%	(2.3) pts	4.1 pts

* Operating margin is calculated as income from operations divided by net revenues.

Net revenues for 2012 increased \$16.8 million or 0.6% from 2011 due primarily to strength in the international, high-end gaming segment contributing to higher casino revenues and the January 2012 opening of 662 additional rooms in the Octavius Tower at Caesars Palace Las Vegas contributing to higher rooms revenue. Trips increased 1.0% in 2012 from 2011 and spend per trip increased 3.2%. In 2012, hotel revenues increased 1.9%, cash average daily room rates were relatively unchanged and occupancy rates decreased 1.5 percentage points from 2011. Revenues were negatively impacted by Project Linq construction activities in 2012, which included the closure of O’Shea’s casino and several retail outlets at Harrah’s Las Vegas earlier in 2012, and the ongoing renovation of The Quad Resort & Casino (formerly, the Imperial Palace Hotel and Casino). We estimate that Project Linq construction activities reduced 2012 net revenues by approximately \$30 million to \$40 million. Income from operations decreased \$66.8 million, or 13.5%, from 2011, due primarily to an increase in property operating expenses and depreciation expense associated with the Octavius Tower at Caesars Palace Las Vegas, in addition to an increase of \$19.7 million in write-downs, reserves, and project opening costs, net of recoveries related primarily to increased remediation costs in the region. We estimate that Project Linq construction activities reduced 2012 income from operations by approximately \$15 million to \$25 million.

Strengthening fundamentals in the overall Las Vegas market and the international, high-end gaming segment positively impacted our 2011 results in the region compared with 2010. Increases in trips, spend per trip, cash average daily room rates, and total occupancy contributed to a \$178.3 million, or 6.3% increase in our Las Vegas region net revenues for 2011 from 2010. Hotel revenues in the region increased 11.4%, cash average daily room rates increased 8.0% to \$92 from \$85 and total occupancy percentages rose 3.2 percentage points for 2011, marking our highest occupancy percentage in the Las Vegas region in six years. For 2011, income from operations increased \$145.6 million, or 41.6%, from 2010 due to the impact of increased revenues and a decrease in remediation costs related to the properties in the region.

During 2012, we secured \$185.0 million in financing to fund the complete renovation of Bill’s Gamblin’ Hall & Saloon into a boutique lifestyle hotel that includes a dayclub/nightclub. The renovation will include a complete remodeling of the guest rooms, casino floor, and common areas, the addition of a second floor restaurant, and the construction of an approximately 65,000 square foot rooftop pool and dayclub/nightclub. We will own the property and manage the casino, hotel, and food and beverage operations, and the dayclub/nightclub will be leased to a third party. Bill’s Gamblin’ Hall & Saloon temporarily closed in early February 2013 to accommodate these renovations. The renovated hotel, casino, and restaurant are expected to open in December 2013 and the dayclub/nightclub is expected to open in April 2014. Through December 31, 2012, \$3.0 million had been spent on this project. See Note 8, “Debt—Bill’s Credit Facility,” to the consolidated financial statements included in Item 8 of this report, for discussion of the financing related to this project.

During 2011, we commenced construction on Project Linq, a dining, entertainment, and retail development between the Flamingo casino and The Quad Resort & Casino, on the east side of the Las Vegas Strip, which is scheduled to open in phases beginning in late 2013. Project Linq also includes the construction of a 550-foot observation wheel, the High Roller, which is expected to open in early 2014. Through December 31, 2012, \$240.6 million had been spent on this project, of which \$187.9 million was spent in 2012. See Note 8, “Debt—Octavius and Linq Projects,” to the consolidated financial statements included in Item 8 of this report, for discussion of the financing related to Project Linq.

Atlantic City Region

<u>(Dollars in millions)</u>	<u>2012</u>	<u>2011</u>	<u>2010</u>	<u>Percent Favorable/ (Unfavorable)</u>	
				<u>2012 vs 2011</u>	<u>2011 vs 2010</u>
Casino revenues	\$ 1,429.6	\$ 1,584.9	\$ 1,696.8	(9.8)%	(6.6)%
Net revenues	1,681.3	1,839.1	1,899.9	(8.6)%	(3.2)%
(Loss)/income from operations	(394.6)	79.6	83.7	**	(4.9)%
Operating margin*	(23.5)%	4.3%	4.4%	(27.8) pts	(0.1) pts

* Operating margin is calculated as (loss)/income from operations divided by net revenues.

** Not meaningful.

For 2012, net revenues decreased by \$157.8 million, or 8.6% from 2011, due mainly to continued competitive pressures and the negative impact of Hurricane Sandy which forced the closure of our properties in Atlantic City for five days and our property in Philadelphia for two days in the fourth quarter 2012. The hurricane related property closures contributed to a decline in trips during 2012 compared with 2011, and spend per trip declined slightly. We estimate that the negative impact of Hurricane Sandy on net revenues was approximately \$40 million to \$45 million. Loss from operations was \$394.6 million for 2012 compared with income from operations of \$79.6 million in 2011. This change was due largely to a non-cash impairment charge of \$450.0 million recorded in the fourth quarter 2012 related to tangible assets of one of the properties in the region, with no comparable charge in 2011, as well as the earnings impact of lower revenues. See Note 5, "Property and Equipment, net" to the consolidated financial statements included in Item 8 of this report, for discussion of the tangible asset impairments. We estimate that the negative impact of Hurricane Sandy on loss from operations was approximately \$35 million to \$40 million.

We expect that the region will continue to be challenged as a result of the slow recovery from the hurricane and competitive pressures.

Atlantic City region net revenues declined \$60.8 million, or 3.2%, for 2011 from 2010 due to declines in trips and spend per trip in both lodger and non-lodger segments. Trip declines resulted from temporary closures of the properties in the region during the third quarter of 2011 due to Hurricane Irene, the continued effect of competition from new casinos and the mid-2010 introduction of table games in the Pennsylvania market. Income from operations declined \$4.1 million, or 4.9%, for 2011 from 2010 due to lower revenues, which was mostly offset by reduced property operating expenses as a result of our cost reduction activities.

Louisiana/Mississippi Region

<u>(Dollars in millions)</u>	2012	2011	2010	Percent Favorable/ (Unfavorable)	
				2012 vs 2011	2011 vs 2010
Casino revenues	\$ 999.7	\$ 1,012.0	\$ 1,096.4	(1.2)%	(7.7)%
Net revenues	1,101.9	1,104.4	1,193.4	(0.2)%	(7.5)%
(Loss)/income from operations	(222.3)	122.0	69.9	**	74.5 %
Operating margin*	(20.2)%	11.0%	5.9%	(31.2) pts	5.1 pts

* Operating margin is calculated as (loss)/income from operations divided by net revenues.

** Not meaningful.

Net revenues in the region for 2012 were down slightly from 2011, due mainly to increased competitive pressures from new competition in Biloxi, Mississippi beginning in May 2012 and Baton Rouge, Louisiana beginning in September 2012, as well as the negative impact from Hurricane Isaac in the third quarter 2012. Spend per trip in the region increased while trips to the region's properties declined. Loss from operations was \$222.3 million in 2012, compared with income from operations of \$122.0 million in 2011. This change was due mainly to non-cash impairment charges during 2012 of \$334.7 million, comprised of intangible asset impairment charges of \$153.2 million related to goodwill, \$1.0 million related to gaming rights and tangible asset impairment charges of \$180.5 million related to a halted development project in Biloxi, Mississippi. We also recorded a non-cash charge of \$20.2 million in 2012 related to exit activities associated with the halted project.

Louisiana/Mississippi region net revenues decreased \$89.0 million, or 7.5%, for 2011 from 2010 due to a decrease in trips, which were negatively impacted by the temporary closure of three properties in the first half of 2011 due to flooding and severe weather conditions. Income from operations increased \$52.1 million, or 74.5%, in 2011 from 2010. This increase was due mainly to reduced property operating expenses and a \$48.0 million decrease from 2010 in impairment charges related to goodwill and other non-amortizing intangible assets, partially offset by the impact of lower revenues. Certain costs incurred during 2011 in connection with the closures of several properties due to flooding were not expensed but instead were recovered from, or recorded as receivables from, third-party insurance providers.

Iowa/Missouri Region

The following results for all periods exclude the Harrah's St. Louis casino which has been classified as a discontinued operation as a result of the sale of this property in 2012.

<u>(Dollars in millions)</u>	2012	2011	2010	Percent Favorable/ (Unfavorable)	
				2012 vs 2011	2011 vs 2010
Casino revenues	\$ 428.0	\$ 435.7	\$ 442.3	(1.8)%	(1.5)%
Net revenues	459.8	466.7	473.0	(1.5)%	(1.3)%
Income from operations	123.1	105.6	105.4	16.6 %	0.2 %
Operating margin*	26.8%	22.6%	22.3%	4.1 pts	0.3 pts

* Operating margin is calculated as income from operations divided by net revenues.

Net revenues during 2012 decreased \$6.9 million or 1.5% from 2011 due to declines in casino revenues. Spend per trip increased while trips to the properties in the region declined, primarily as a result of the new competition in the Kansas City market beginning in the first quarter 2012. However, income from operations increased for 2012 from 2011 due mainly to reduced property operating expenses resulting from cost-savings initiatives.

Iowa/Missouri region net revenues declined \$6.3 million, or 1.3%, for 2011 from 2010 as the impact of higher spend per trip was more than offset by lower trips largely resulting from modifications to marketing programs to certain customer segments. For 2011, income from operations was relatively flat compared with 2010 as the decrease in net revenues was offset by lower property operating expenses as a result of our cost reduction activities.

Illinois/Indiana Region

<u>(Dollars in millions)</u>	2012	2011	2010	Percent Favorable/ (Unfavorable)	
				2012 vs 2011	2011 vs 2010
Casino revenues	\$ 1,001.3	\$ 1,010.9	\$ 1,152.9	(0.9)%	(12.3)%
Net revenues	1,050.4	1,059.5	1,160.1	(0.9)%	(8.7)%
Income from operations	156.0	145.8	119.0	7.0 %	22.5 %
Operating margin*	14.9%	13.8%	10.3%	1.1 pts	3.5 pts

* Operating margin is calculated as income from operations divided by net revenues.

Net revenues in 2012 decreased \$9.1 million, or 0.9% from 2011 due primarily to a slight decline in casino revenues. Also, in the fourth-quarter 2011 we recognized revenues of \$7.4 million related to the receipt of business interruption insurance proceeds for lost profits caused by property closures earlier that year due to flooding, with no comparable amounts received in 2012. These declines were partially offset by a \$6.8 million decrease in promotional allowances. Trips were down year over year, due in part to continued competitive pressures in the region, despite the reopening earlier this year of the bridge that allows direct access by customers to the Company's Southern Indiana property, which closed in September 2011. Spend per trip was also down. However, income from operations for 2012 increased from 2011, due mainly to reduced property operating expenses as a result of cost-savings initiatives.

Despite an increase in spend per trip, Illinois/Indiana region net revenues decreased \$100.6 million, or 8.7%, for 2011 from 2010, as trips declined due to the impact of temporary closures of four properties in the first half of 2011 as a result of flooding and severe weather conditions, reduced access to one of our properties in the region resulting from a bridge closure beginning in the first week of September 2011 that reopened in February 2012, and new competition. Income from operations for 2011 increased \$26.8 million, or 22.5%, to \$145.8 million from \$119.0 million in 2010. This increase was primarily due to lower property operating expenses and a \$58.0 million decrease from 2010 in impairment charges related to goodwill and other non-amortizing intangible assets, partially offset by the impact of lower revenues and a favorable \$23.5 million property tax adjustment recorded in the fourth quarter of 2010 that did not recur in 2011.

Other Nevada Region

<u>(Dollars in millions)</u>	<u>2012</u>	<u>2011</u>	<u>2010</u>	<u>Percent Favorable/ (Unfavorable)</u>	
				<u>2012 vs 2011</u>	<u>2011 vs 2010</u>
Casino revenues	\$ 336.0	\$ 349.8	\$ 351.0	(3.9)%	(0.3)%
Net revenues	436.7	450.0	447.5	(3.0)%	0.6 %
(Loss)/income from operations	(23.6)	46.6	(13.9)	**	**
Operating margin*	(5.4)%	10.4%	(3.1)%	(15.8) pts	13.5 pts

* Operating margin is calculated as (loss)/income from operations divided by net revenues.

** Not meaningful.

Net revenues in 2012 decreased \$13.3 million or 3.0% from 2011 due largely to a decline in casino revenues resulting from the challenging competitive environment in the region during 2012. Trips and spend per trip declined in 2012 compared with 2011. Loss from operations in 2012 was \$23.6 million compared with income from operations of \$46.6 million. This change was due mainly to non-cash intangible asset impairment charges of \$74.0 million recorded in 2012, primarily comprised of intangible asset impairment charges of \$42.0 million related to goodwill and \$32.0 million related to gaming rights. The impact of the above charges was partially offset by a decrease in property operating expenses.

Net revenues in the Other Nevada region for 2011 increased slightly from 2010 as an increase in number of trips more than offset a decrease in spend per trip. Income/(loss) from operations improved by \$60.5 million for 2011 from 2010 primarily due to a \$49.0 million decrease in impairment charges related to goodwill and other non-amortizing intangible assets, higher net revenues and lower property operating expenses.

Managed, International and Other

The Managed region includes companies that operate three Indian-owned casinos, as well as Horseshoe Cleveland and Caesars Windsor, and the results of Thistledown through August 2012 when the racetrack was contributed to Rock Ohio Caesars, LLC, a venture in which we hold a 20% ownership interest. Subsequent to August 2012, the Managed region includes the results of the subsidiary that will manage Thistledown once it commences video lottery terminal operations, which is expected to occur in the second quarter 2013. See Note 3, "Acquisitions, Investments, Dispositions and Divestitures," to our consolidated financial statements appearing in Item 8 of this report for further discussion. The International region includes the results of our international operations. The Other region is comprised of corporate expenses, including administrative, marketing, and development costs, income from certain non-consolidated affiliates, and the results of Caesars Interactive Entertainment, Inc. ("CIE"), which consists of the businesses related to the World Series of Poker brand, an online real-money business in the U.K. and alliances with online gaming providers in Italy and France, and the results of Playtika Ltd., a social and mobile games developer.

In the fourth quarter 2012, we began discussions with interested investors on a sale of the subsidiaries that hold our land concession in Macau. As a result of this plan of disposal, the assets and liabilities have been classified as held for sale at December 31, 2012 and 2011 and its operating results have been classified as discontinued operations for all periods presented and are excluded from the table below.

(Dollars in millions)	2012	2011	2010	Percent Favorable/ (Unfavorable)	
				2012 vs 2011	2011 vs 2010
Net revenues					
Managed	\$ 89.5	\$ 48.1	\$ 43.9	86.1 %	9.6 %
International	461.5	458.7	428.1	0.6 %	7.1 %
Other	275.7	133.7	72.5	106.2 %	84.4 %
Total net revenues	<u>\$ 826.7</u>	<u>\$ 640.5</u>	<u>\$ 544.5</u>	29.1 %	17.6 %
Income/(loss) from operations					
Managed	\$ 7.0	\$ 6.0	\$ 11.9	16.7 %	(49.6)%
International	37.4	54.9	26.9	(31.9)%	104.1 %
Other	(425.1)	(239.7)	(269.7)	(77.3)%	11.1 %
Total loss from operations	<u>\$ (380.7)</u>	<u>\$ (178.8)</u>	<u>\$ (230.9)</u>	(112.9)%	22.6 %

For 2012, net revenues increased \$186.2 million, or 29.1%, from 2011 due mainly to increases associated with CIE, as well as increased revenues from our new managed casino, Horseshoe Cleveland, which opened in May 2012, including an increase in reimbursable expenses for Horseshoe Cleveland that is presented on a gross revenue basis, resulting in an increase in net revenues and an equally offsetting increase in operating expenses. Loss from operations increased \$201.9 million, or 112.9%, from 2011, due mainly to non-cash intangible asset impairment charges of \$206.0 million related to trademarks, compared with non-cash intangible and tangible asset impairments of \$29.8 million in 2011. Also contributing to the higher loss from operations are increases in corporate expense of \$42.2 million resulting from the consolidation of certain functions at corporate and increased pension accruals and stock based compensation expense, partially offset by the income impact of increased revenues and a decrease of \$19.0 million in write-downs, reserves, and project opening costs, net of recoveries related to lower efficiency project costs.

Net revenues in the Managed, International, and Other businesses, for 2011, increased \$96.0 million, or 17.6%, from 2010 due mainly to increases in spend per trip at our Uruguay and London Clubs properties and to the addition of revenues from our 2011 acquisition of Playtika. Net revenues for 2011 increased despite declines experienced by our two properties in Egypt due to uprisings earlier in the year. Loss from operations decreased \$52.1 million, or 22.6%, due to the strong performance of our international businesses and the results of our online businesses, and by an \$18.0 million decrease from 2010 in impairment charges related to goodwill and other non-amortizing intangible assets, partially offset by lower results at Thistledown.

Other Factors Affecting Net Income

Expense/(income)	2012	2011	2010	Percent Favorable/ (Unfavorable)	
				2012 vs 2011	2011 vs 2010
(Dollars in millions)					
Interest expense, net of interest capitalized	\$ 2,101.3	\$ 2,122.3	\$ 1,981.6	(1.0)%	7.1 %
Gains on early extinguishments of debt	(136.0)	(47.9)	(115.6)	183.9 %	(58.6)%
Benefit for income taxes	(870.5)	(534.7)	(492.5)	62.8 %	8.6 %
Loss/(income) from discontinued operations, net of income taxes	109.5	(31.4)	(26.1)	**	20.3 %

** Not meaningful.

Interest Expense, Net of Interest Capitalized

Interest expense, net of interest capitalized decreased \$21.0 million from 2011. During 2011, we recorded a \$183.2 million charge to interest expense as a result of our determination that our interest rate swap agreements no longer qualified as hedging instruments for accounting purposes. Excluding the impact of this 2011 charge, interest expense increased in 2012 by \$162.2 million as a result of higher interest rates and debt balances in 2012 compared with 2011. Interest expense for 2012 included (i) \$29.6 million of gains due to changes in fair value for derivatives not designated as hedging instruments and (ii) \$28.4 million of expense due to amortization and reclassification of deferred losses on derivative instruments frozen in Accumulated Other Comprehensive Loss ("AOCL"). Interest expense is reported net of interest capitalized of \$38.2 million and \$22.8 million for 2012 and 2011, respectively. Interest capitalized in 2012 is primarily related to Project Linq.

Interest expense, net of interest capitalized increased by \$140.7 million for 2011, compared to the same period in 2010. Interest expense is reported net of interest capitalized of \$22.8 million and \$1.4 million for 2011 and 2010, respectively. The majority of the interest capitalized in 2011 relates to the completion of the Octavius Tower at Caesars Palace Las Vegas. Prior to the consideration of interest capitalized, interest expense increased by \$162.1 million for 2011, compared to 2010. During the fourth quarter 2011, we amended certain of our interest rate swap agreements and modified the interest rate election on a portion of our portfolio of underlying term loans. As a result, we determined that all of our interest rate swap agreements no longer qualified as hedging instruments for accounting purposes, and therefore we reclassified \$183.2 million of accumulated other comprehensive losses into interest expense. Prior to consideration of this non-cash charge, interest expense decreased by \$21.1 million for 2011 from the same period in 2010. Incremental interest expense associated with debt issued in April 2011 to complete our Linq and Octavius projects was more than offset by reduced interest associated with debt retired in connection with the fourth quarter 2010 exchange of debt for equity. Interest expense was favorably impacted by lower interest rates obtained through the amendments to our interest rate swap agreements completed in the second quarter of 2011. Interest expense for 2011, as a result of interest rate swap agreements and interest rate cap agreements, included (i) \$53.4 million of gains due to measured ineffectiveness for derivatives designated as hedging instruments; (ii) \$16.9 million of gains due to changes in fair value for derivatives not designated as hedging instruments; and (iii) \$265.7 million of expense due to amortization and reclassification of deferred losses frozen in AOCL.

For additional discussion of interest expense, refer to Note 8, "Debt," and Note 17, "Supplemental Cash Flow Information," to our consolidated financial statements, in Item 8 of this report.

Gains on Early Extinguishments of Debt

During 2012, we purchased \$367.3 million of aggregate face value of CMBS Loans for \$229.3 million, recognizing total pre-tax gains on early extinguishments of debt of \$135.0 million, net of deferred finance charges. During 2011, we recognized a \$47.9 million gain on early extinguishments of debt as the result of March and April 2011 CMBS Loan repurchases. During 2010, we recognized \$115.6 million of gains on early extinguishments of debt as a result of repurchases of CMBS Loans and completion of an offering that retired outstanding senior and senior subordinated notes.

For additional discussion of extinguishments of debt, refer to Note 8, "Debt," to our consolidated financial statements, in Item 8 of this report.

Tax Rate Benefit

The full year effective tax rate benefit for 2012, 2011 and 2010, was 38.6%, 43.4% and 36.7%, respectively. The year-over-year decrease in the effective tax rate benefit for 2012 was, primarily, due to (i) nondeductible goodwill impairments in 2012, (ii) a decrease in the tax benefit from foreign operations in 2012 mostly related to the effect of providing deferred taxes on unremitted earnings from foreign subsidiaries in Uruguay that are no longer permanently reinvested, (iii) a decrease in state deferred tax benefits recognized in 2012 relative to 2011 mostly as a result of a state restructuring completed in 2011, and (iv) deferred tax benefits recognized in 2011 from a correction of the deferred tax liabilities, which were partially offset by tax benefits recognized in 2012 from the decrease of uncertain tax positions relating to the settlement of a foreign matter and our IRS examinations.

The year-over-year increase in the effective tax rate benefits for 2011 was primarily due to (i) a deferred tax benefit of \$46.4 million from a correction of an error in the deferred tax liabilities primarily relating to transaction costs incurred in connection with the acquisition in 2008 that were incorrectly recorded in 2008 and not properly adjusted upon the 2009 receipt of the final transaction cost reports, (ii) state deferred tax benefits resulting from the reorganization of certain of the Company's state operations, and (iii) other discrete items.

Under the American Recovery and Reinvestment Act of 2009, or the ARRA, we received temporary federal tax relief under the Delayed Recognition of Cancellation of Debt Income, or CODI, rules. The ARRA contains a provision that allowed for a deferral for tax purposes of CODI for debt reacquired in 2009 and 2010, following by recognition of CODI ratably from 2014 to 2018. In connection with the debt that we reacquired in 2009 and 2010, we deferred related CODI of \$3.5 billion for tax purposes (net of Original Issue Discount ("OID") interest expense, some of which must also be deferred to 2014 through 2018 under the ARRA). We are required to include one-fifth of the deferred CODI, net of deferred and regularly scheduled OID, in taxable income each year from 2014 through 2018. For state income tax purposes, certain states have conformed to the Act and others have not.

In March 2013, we made a "Check-the-Box" election for one of our foreign entities to treat that entity as a partnership for U.S. federal income tax purposes effective at the end of December 2012. As a result of the election, the foreign entity will be deemed to completely liquidate for U.S. federal income tax purposes. The deemed liquidation will produce a capital loss for federal income tax purposes that will be used to offset capital gains resulting from the 2012 sale of our Harrah's St. Louis casino. We estimate that the utilization of the capital loss will result in a federal income tax benefit of approximately \$105 million in first quarter 2013 with a corresponding increase to our net operating loss deferred tax asset.

Refer to Note 13 "Income Taxes," to our consolidated financial statements, included in Item 8 of this report, for additional information.

Loss/(income) from discontinued operations, net of income taxes

Loss from discontinued operations, net of income taxes for 2012 was \$109.5 million compared with income from discontinued operations, net of income taxes of \$31.4 million in 2011. This change was due mainly to a \$101.0 million non-cash impairment charge recorded in 2012 related to the Company's land concession in Macau and \$63.9 million of income taxes related to the sale of the Harrah's St. Louis casino.

For 2011, income from discontinued operations, net of income taxes increased \$5.3 million from 2010 due mainly to an increase in net income related to the operations of the Harrah's St. Louis casino.

Liquidity and Capital Resources

Cost Savings Initiatives

Caesars Entertainment has undertaken comprehensive cost-reduction efforts to rightsize expenses with business levels through its implementation of "Project Renewal," an initiative designed to reinvent certain aspects of the Company's functional and operating units to gain significant further cost reductions and streamline our operations. As part of Project Renewal, we implemented a shared-services organization that enables more efficient decision making and sharing of best practices. We believe that this organization provides us with a permanently lower cost structure and that we benefit from a greater concentration of specified talent and quicker decision making. We estimate that Project Renewal and other cost-savings programs produced \$190.8 million in incremental cost savings for the year ended December 31, 2012 compared with 2011. Additionally, as of December 31, 2012, we expect that these and additional new cost-savings programs will produce additional annual cost savings of \$212.8 million, based on the full implementation of current projects that are in process. As we realize savings or identify new cost-reduction activities, this amount will change.

Capital Spending and Development

We incur capital expenditures in the normal course of business, and we perform ongoing refurbishment and maintenance at our existing casino entertainment facilities, to maintain our quality standards. We also continue to pursue development and acquisition opportunities for additional casino entertainment and other hospitality facilities, as well as online businesses that meet our strategic and return on investment criteria. Cash used for capital expenditures in the normal course of business is typically made available from cash flows generated by our operating activities and established debt programs, while cash used for development projects, including projects currently under development as well as additional projects being pursued, is typically funded from established debt programs, specific project financing, and additional debt offerings. As a result of the sale of the Harrah's St. Louis casino, the Company has been using and will continue to use the net proceeds from the sale to fund CEOC capital expenditures. Proceeds not used for capital expenditures are required to be used to purchase term loans under the Credit Facilities. These proceeds are reflected in our Consolidated Statements of Cash Flows as cash inflows related to investing activities of discontinued operations.

Our planned development projects, if they proceed, will require, individually and in the aggregate, significant capital commitments and, if completed, may result in significant additional revenues. The commitment of capital, the timing of completion, and the commencement of operations of development projects are contingent upon, among other things, negotiation of final agreements and receipt of approvals from the appropriate political and regulatory bodies. We must also comply with covenants and restrictions set forth in our debt agreements.

Our capital spending for the year ended December 31, 2012 totaled \$507.7 million, net of an increase of \$49.0 million of related payables. Estimated total capital expenditures for 2013, including 2013 expenditures associated with Project Linq, the Bill's renovation, and other developments for which we expect to obtain financing, are expected to be between \$1,150.0 million and \$1,250.0 million which includes approximately \$300 million of 2013 project financing associated with Project Linq, the Bill's renovation, and other developments for which we expect to obtain financing.

Liquidity and Capital Resources

Effective February 8, 2012, as the result of our initial public offering, our common stock trades on the NASDAQ Global Select Market under the symbol "CZR." The net proceeds from our initial public offering were approximately \$15.2 million, taking into account expenses and underwriting commissions, and giving effect to the exercise of the underwriters' overallotment option. In connection with the public offering, we effected a 1.742-for-one split of our common stock.

In March 2012, we filed a prospectus with the SEC, as part of a registration statement, to sell shares of our common stock, up to a maximum aggregate offering price of \$500.0 million, and, in April 2012, we entered into an equity distribution agreement whereby we may issue and sell up to 10.0 million shares of our common stock from time to time.

Our cash and cash equivalents, excluding restricted cash, totaled \$1,757.5 million at December 31, 2012 compared to \$891.2 million at December 31, 2011. Restricted cash totaled \$1,198.2 million at December 31, 2012, the current portion of which includes the \$750.0 million of proceeds from our December 2012 debt offering that were placed into escrow until February 20, 2013, when escrow conditions were satisfied. Nearly all of the remaining restricted cash consists of cash reserved under loan agreements for development projects and certain expenditures incurred in the normal course of business, such as interest service, real estate taxes, property insurance, and capital improvements. Our operating cash inflows are typically used for operating expenses, debt service costs, working capital needs, and capital expenditures in the normal course of business.

Our cash flows from operating, investing, and financing activities for the twelve months ended December 31, 2012, 2011 and 2010 associated with the Harrah's St. Louis casino and the subsidiaries that hold our land concession in Macau, which are defined as discontinued operations, are included in our Consolidated Statements of Cash Flows as cash flows from discontinued operations. We sold the Harrah's St. Louis casino on November 2, 2012, and the net proceeds generated from the sale are being used and will continue to be used to fund CEOC capital expenditures. Proceeds not used for capital expenditures are required to be used to purchase term loans under the Credit Facilities.

We are a highly leveraged company and a significant amount of our liquidity needs are for debt service. As of December 31, 2012, we had \$21,412.1 million book value of indebtedness outstanding, including capital lease indebtedness. This amount includes the December 2012 debt offering of \$750.0 million which is classified as current in our Consolidated Balance Sheet at December 31, 2012 due to escrow conditions not being satisfied until February 20, 2013. Cash paid for interest for the year ended December 31, 2012 was \$1,771.9 million. Payments of short-term debt obligations, other than the \$750.0 million described above, and payments of other commitments, are expected to be made from operating cash flows and from borrowings under our established debt programs. Long-term obligations are expected to be paid through operating cash flows, refinancing of debt, or, if necessary, additional debt or equity offerings.

In addition to cash flows from operations, available sources of cash include amounts available under our current revolving credit facility. At December 31, 2012, our additional borrowing capacity under the credit facility was \$317.7 million. In recent years, we have not been generating sufficient operating cash flows to fund our investing activities, requiring us to fund our investments with additional financing. Our ability to fund our operations and pay our debt and debt service obligations depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets and restrictive covenants related to our existing debt could impact our ability to secure additional funds through financing activities.

From time to time, depending upon market, pricing, and other conditions, as well as on our cash balances and liquidity, we or our affiliates may seek to acquire notes or other indebtedness of the Company through open market purchases, privately negotiated transactions, tender offers, redemption or otherwise, upon such terms and at such prices as we or our affiliates may determine (or as may be provided for in the indentures governing the notes), for cash or other consideration. In addition, we have considered and will continue to evaluate potential transactions to reduce net debt, such as debt for debt exchanges and other transactions. There can be no assurance as to which, if any, of these alternatives or combinations thereof we or our affiliates may choose to pursue in the future as the pursuit of any alternative will depend upon numerous factors such as market conditions, our financial performance, and the limitations applicable to such transactions under our financing documents.

Please refer to Note 8, "Debt," to our consolidated financial statements appearing in Item 8 of this report for details on our debt outstanding. This detail includes, among other things, a table presenting details on our individual borrowings outstanding as of December 31, 2012 and 2011, changes in our debt outstanding and certain changes in the terms of existing debt for the year ended December 31, 2012. Note 8, "Debt," to our consolidated financial statements appearing in Item 8 of this report also includes details on interest and fees and restrictive covenants related to certain of our borrowings. Note 9, "Derivative Instruments," to our consolidated financial statements appearing in Item 8 of this report discusses the use of interest rate swap and interest rate cap derivatives to manage the mix of our debt between fixed and variable rate instruments.

CEC is pursuing a strategic transaction that contemplates the transfer of certain of its assets that are not part of the collateral package for the Credit Facilities or the secured notes issued by CEOC, including unencumbered assets of CEC and unrestricted subsidiaries of CEOC, to a newly created entity, named Caesars Growth Venture Partners ("CGVP"), which is anticipated to be controlled by common parties that control CEC. CGVP would be a growth oriented vehicle focused on projects that are complementary to CEC's existing properties. We anticipate that CEC would own a significant portion of CGVP's equity interests and that subsidiaries of CEC would manage new casino properties owned by CGVP. We are pursuing this transaction because we believe it will improve our liquidity and credit profile, enhance our distribution network and provide additional support for potential new ventures. It is currently contemplated that the following assets would be transferred: (i) Planet Hollywood, (ii) investment in a casino project under development in Baltimore, Maryland, (iii) interest in a portion of the management fee revenues of the management companies for Planet Hollywood and the casino to be developed in Baltimore, Maryland, (iv) shares of Caesars Interactive Entertainment, Inc.'s outstanding common stock held by HIE Holdings, Inc., a subsidiary of CEC, and (v) approximately \$1.1 billion face value of senior notes issued by CEOC held by Harrah's BC, Inc. It is anticipated the Sponsors would participate in the transaction and that CEC's other shareholders would have the opportunity to participate on the same terms. The form of consideration to CEC is expected to be equity interests and cash, and any consideration to CEOC is expected to be cash, in each case at fair value. There is no current intention that this transaction will involve CEC's outstanding CMBS financing. There are no commitments with respect to any such transaction and there have been no agreements with respect to price or value. The transfer of such assets would require the approval of regulators and other third parties, which we may not be able to obtain. Therefore, we cannot assure you that any such transaction will be entered into or consummated or, if consummated, describe the impact the transaction would have on us.

CEOC Bond Offerings

In February 2012, CEOC completed the offering of \$1,250.0 million aggregate principal amount of 8.5% senior secured notes due 2020. CEOC used \$1,095.6 million of the net proceeds from this transaction to repay a portion of the Credit Facilities in connection with the consummation of the transactions as further described under the CEOC Credit Facilities section below.

In August 2012, CEOC completed the offering of \$750.0 million aggregate principal amount of 9% senior secured notes due 2020. CEOC used \$478.8 million of the net proceeds from this transaction to repay a portion of the Credit Facilities in connection with the consummation of the transactions as further described under the CEOC Credit Facilities section below.

In December 2012, CEOC completed the offering of \$750.0 million aggregate principal amount of 9% senior secured notes due 2020, the proceeds of which were placed into escrow. Upon release from escrow, we will use the net proceeds from this offering to pay related fees and expenses and for general corporate purposes, which may include capital expenditures and the repayment, redemption, retirement or repurchase in the open market of a portion of our outstanding indebtedness. In addition, we intend to retire or refinance approximately \$350 million of our outstanding indebtedness, based on prevailing prices and market and other considerations existing at the time. On February 20, 2013, the escrow conditions were satisfied.

In February 2013, CEOC completed the offering of \$1,500.0 million aggregate principal amount of 9% senior secured notes due 2020 (the "February 2013 notes"), the proceeds of which were placed into escrow. Upon release from escrow, we plan to use the net proceeds of the February 2013 notes offering to repay a portion of CEOC's existing term loans at par, with such repayment being applied: first, to all outstanding B-1, B-2, and B-3 term loans held by consenting lenders; second, to B-5 and B-6 term loans held by consenting lenders, in an amount up to 20% of the principal amount of the B-5 and B-6 term loans; and third, if any proceeds remain outstanding, to outstanding term loans as CEOC elects in its discretion, and to pay related fees and expenses. In connection with the February 2013 notes offering, CEOC received the requisite lenders' consents and entered into a bank amendment to its Credit Facilities to, among other things: (i) use the net cash proceeds of February 2013 notes offering to repay a portion of CEOC's existing term loans as described above; (ii) obtain up to \$75.0 million of extended revolving facility commitments with a maturity of January 28, 2017, (iii) increase the accordion capacity under the Credit Facilities by an additional \$650.0 million (which may be used, among other things, to establish extended revolving facility commitments under the Credit Facilities); (iv) modify the calculation of the senior secured leverage ratio for purposes of the maintenance test under the Credit Facilities to exclude the February 2013 notes; and (v) modify certain other provisions of the Credit Facilities. The effectiveness of this proposed bank amendment and related transactions are subject to regulatory approval and other conditions.

CEOC Credit Facilities

A substantial portion of our financing is comprised of credit facility and notes financing obtained by CEOC. The CEOC financings are neither secured nor guaranteed by Caesars' other subsidiaries, including certain subsidiaries that own properties that secure \$4,664.1 million face value, as of December 31, 2012, of the CMBS loans. Information pertaining solely to the consolidated financial position and results of CEOC and its subsidiaries can be found in Exhibit 99.1 to this Form 10-K.

During 2012, we (i) extended the maturity of \$3,812.3 million B-1, B-2 and B-3 term loans held by consenting lenders from January 28, 2015 to January 28, 2018 and increased the interest rate with respect to such extended term loans (the "Term B-6 Loans"), (ii) converted \$457.8 million original maturity revolver commitments held by consenting lenders to Term B-6 Loans and promptly following such conversion, repaid \$1,574.3 million of term loans held by any consenting lender, (iii) extended the maturity of \$37.2 million original maturity revolver commitments held by consenting lenders who elected not to convert their commitments to term loans from January 28, 2014 to January 28, 2017 and increased the interest rate and the undrawn commitment fee with respect to such extended revolver commitments, and upon the effectiveness of such extension, terminated \$798.5 million of revolver commitments and increased the amount of outstanding Term B-6 Loans by \$2,853.8 million, and (iv) modified certain other provisions of the Credit Facilities. The Term B-6 Loans have a springing maturity to April 14, 2017 if more than \$250.0 million of CEOC's 11.25% senior secured notes due 2017 remain outstanding on April 14, 2017.

In addition to the foregoing, CEOC may elect to extend and/or convert additional term loans and/or revolver commitments from time to time.

As of December 31, 2012, our Credit Facilities provide for senior secured financing of up to \$6,480.6 million, consisting of (i) senior secured term loan facilities in an aggregate principal amount of \$6,072.3 million with \$1,025.8 million maturing on January 28, 2015, \$970.0 million maturing on October 31, 2016, and \$4,076.5 million maturing on January 28, 2018, (ii) a senior secured revolving credit facility in an aggregate principal amount of up to \$408.3 million, with \$377.2 million maturing January 28, 2014, and \$31.1 million maturing January 28, 2017, including both a letter of credit sub-facility and a swingline loan sub-facility. The term loans under the Credit Facilities require scheduled quarterly payments of \$3.1 million, with the balance due at maturity. As of December 31, 2012, \$90.6 million of the revolving credit facility is committed to outstanding letters of credit. After consideration of the letter of credit commitments, \$317.7 million of additional borrowing capacity was available to the Company under its revolving credit facility as of December 31, 2012.

The following table summarizes the annual maturities of the face value of our long-term debt as of December 31, 2012.

(In millions)	2013 ⁽²⁾	2014	2015	2016	2017	Thereafter	Total
Actual ⁽¹⁾	\$ 905.1	\$ 74.7	\$ 6,839.5	\$ 1,709.7	\$ 2,735.3	\$ 11,838.8	\$ 24,103.1

⁽¹⁾ Maturities assume our exercise of the extension options of the CMBS Loans and PWH Las Vegas senior secured loan to 2015.

⁽²⁾ Includes the note offering that occurred in December 2012. Although the notes mature in 2020, \$750.0 million face value notes offered in December 2012 are classified as short-term obligations within our December 31, 2012 balance sheet because the escrow conditions were not met as of that date.

Subsequent to December 31, 2012, we consummated additional extension transactions with consenting lenders under our Credit Facilities and amended our Credit Facilities as follows:

In January and February 2013, CEOC converted \$267.8 million aggregate principal amount of original maturity revolver commitments held by consenting lenders to Term B-6 Loans, repaid \$133.9 million principal amount of term loans of extending lenders, terminated \$267.8 million principal amount of revolving commitments of extending lenders, and increased the amount of outstanding Term B-6 Loans by \$133.9 million.

In February 2013, CEOC amended its Credit Facilities in connection with the February 2013 notes offering discussed in the CEOC Bond Offerings section above.

CMBS Financing

During 2012, we purchased \$367.3 million of aggregate face value of CMBS loans for \$229.3 million, recognizing total pre-tax gains of \$135.0 million, net of deferred finance charges.

In February 2013, we exercised the option to extend the maturity of the CMBS Financing to 2014. The loan contains an additional extension option to extend its maturity from 2014 to 2015, subject to certain conditions. As part of the extension, we entered into a new interest rate cap agreement. The interest rate cap agreement, which is effective from February 13, 2013 and terminates February 13, 2015, is for a notional amount of \$4,664.1 million at a LIBOR cap rate of 4.5%. Any future changes in fair value of the interest rate cap will be recognized in interest expense during the period in which the changes in value occur.

Other Financing Transactions

In February 2012, Chester Downs issued \$330.0 million aggregate principal amount of 9.25% senior secured notes due 2020 through a private placement. Chester Downs used \$232.4 million of the proceeds of the notes to repay the term loan due 2016 plus accrued interest and a prepayment penalty. The remaining proceeds were used to make a distribution to Chester Downs' managing member, Harrah's Chester Downs Investment Company, LLC, a wholly-owned subsidiary of CEOC, and for other general corporate purposes.

During the second quarter of 2012, a subsidiary of Caesars Entertainment purchased \$5.9 million face value of CEOC debt for \$3.2 million recognizing a pre-tax gain of \$1.0 million, net of deferred finance charges.

In June 2012, a subsidiary of Caesars Entertainment issued a non-interest bearing convertible promissory note in the amount of \$28.5 million. In November 2012, a subsidiary of Caesars Entertainment issued an additional non-interest bearing convertible promissory note in the amount of \$19.2 million. See Note 10, "Stockholders' Equity, Non-controlling Interests and Loss Per Share," for more information.

Debt Covenant Compliance and Restrictions

The Credit Facilities require compliance on a quarterly basis with a maximum net senior secured first lien debt leverage test. In addition, the Credit Facilities include negative covenants, subject to certain exceptions, restricting or limiting CEOC's ability and the ability of its restricted subsidiaries to, among other things: (i) incur additional debt; (ii) create liens on certain assets; (iii) enter into sale and lease-back transactions; (iv) make certain investments, loans, and advances; (v) consolidate, merge, sell, or otherwise dispose of all or any part of its assets or to purchase, lease, or otherwise acquire all or any substantial part of assets of any other person; (vi) pay dividends or make distributions or make other restricted payments; (vii) enter into certain transactions with its affiliates; (viii) engage in any business other than the business activity conducted at the closing date of the loan or business activities incidental or related thereto; (ix) amend or modify the articles or certificate of incorporation, by-laws, and certain agreements or make certain payments or modifications of indebtedness; and (x) designate or permit the designation of any indebtedness as "Designated Senior Debt."

Caesars Entertainment is not bound by any financial or negative covenants contained in CEOC's credit agreement, other than with respect to the incurrence of liens on and the pledge of its stock of CEOC.

All borrowings under the senior secured revolving credit facility are subject to the satisfaction of customary conditions, including the absence of a default, the accuracy of representations and warranties, and the requirement that such borrowing does not reduce the amount of obligations otherwise permitted to be secured under our Credit Facilities without ratably securing the retained notes.

Certain of our borrowings have covenants and requirements that include, among other things, the maintenance of specific levels of financial ratios. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions, or cause an event of default. Specifically, the Credit Facilities require CEOC to maintain a senior secured leverage ratio of no more than 4.75 to 1.0, which is the ratio of senior first priority secured debt to last twelve months ("LTM") Adjusted EBITDA - Pro Forma - CEOC Restricted. This ratio excludes \$2,200.0 million of first priority senior secured notes and up to \$350.0 million aggregate principal amount of consolidated debt of subsidiaries that are not wholly owned. This ratio also reduces the amount of senior first priority secured debt by the amount of unrestricted cash on hand. As of December 31, 2012, CEOC's senior secured leverage ratio was 4.44 to 1.0. In February 2013, CEOC amended its Credit Facilities to, among other things, modify the calculation of the senior secured leverage ratio for purposes of the maintenance test under the Credit Facilities to additionally exclude the \$1,500.0 million February 2013 notes as described in the CEOC Bond Offerings section above. The effectiveness of this proposed Credit Facility amendment and related transactions are subject to certain conditions, including required regulatory approvals. Once effective, we expect this amendment will provide us with additional flexibility under our senior secured leverage ratio.

We are in compliance with CEOC's Credit Facilities and indentures, including the senior secured leverage ratio, as of December 31, 2012. In order to comply with the quarterly senior secured leverage ratio in the future, the Company will need to achieve a certain amount of LTM Adjusted EBITDA - Pro-Forma - CEOC Restricted and/or reduced levels of total senior secured net debt (total senior secured debt less unrestricted cash). The factors that could impact the foregoing include (a) changes in gaming trips, spend per trip and hotel metrics, which are correlated to a consumer recovery, (b) ability to effect cost-savings initiatives, (c) asset sales, (d) issuing additional second lien or unsecured debt, or project financing, (e) equity financings, (f) delays in development project spending, or (g) a combination thereof. In addition, under certain circumstances, our Credit Facilities allow us to apply cash contributions received by CEOC as an increase to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted if CEOC is unable to meet its senior secured leverage ratio. However, there is no guarantee that such contributions will be forthcoming.

Based upon the Company's current operating forecast, as well as our ability to achieve one or more of the factors noted above, and assuming the effectiveness of the Credit Facility amendment discussed above, the Company believes that it will continue to be in compliance with the senior secured leverage ratio and meet its cash flow needs during the foreseeable future, including the next twelve months. If the Company is unable to maintain compliance with the senior secured leverage ratio and the Company fails to remedy a default pursuant to the terms of its Credit Facilities, there would be an "event of default" under the senior secured credit agreement. We cannot assure you that our business will generate sufficient cash flows from operations, that we will be successful in sales of assets, or that future borrowings will be available to us, to fund our liquidity needs and pay our indebtedness when due. If we are unable to meet our liquidity needs or pay our indebtedness when it is due, we may be required to further reduce expenses, sell additional assets, or attempt to restructure our debt. Any such actions could negatively impact our competitive position and revenue generation. In addition, we have pledged a significant portion of our assets as collateral under certain of our debt agreements and, if any of those lenders accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

In addition, certain covenants contained in the Credit Facilities and indentures covering the Company's second priority senior secured notes and first priority senior secured notes restrict our ability to take certain actions such as incurring additional debt or making acquisitions if we are unable to meet a fixed charge coverage ratio (LTM Adjusted EBITDA - Pro Forma - CEOC Restricted to fixed charges) of at least 2.0 to 1.0, a total first priority secured leverage ratio (first priority senior secured debt to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted) of no more than 4.5 to 1.0 and/or a consolidated leverage ratio (consolidated total debt to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted) of no more than 7.25 to 1.0. As of December 31, 2012, CEOC's total first priority secured leverage ratio and consolidated leverage ratio were 6.15 to 1.0 and 12.11 to 1.0, respectively. For the year ended December 31, 2012, CEOC's earnings were insufficient to cover fixed charges by \$407.2 million. For purposes of calculating the fixed charge coverage ratio, fixed charges includes consolidated interest expense less interest income and any cash dividends paid on preferred stock (other than amounts eliminated in consolidation). For purposes of calculating the total first priority secured leverage ratio and the consolidated leverage ratio, the amounts of first priority senior secured debt and consolidated total debt, respectively, are reduced by the amount of unrestricted cash on hand. The covenants that provide for the fixed charge coverage ratio, total first priority secured leverage ratio and consolidated leverage ratio described in this paragraph are not maintenance covenants.

The indenture and other agreements governing our cash pay debt and PIK toggle debt limit CEOC's (and most of its subsidiaries') ability to among other things: (i) incur additional debt or issue certain preferred shares; (ii) pay dividends or make distributions in respect of our capital stock or make other restricted payments; (iii) make certain investments; (iv) sell certain assets; (v) engage in any business or own any material asset other than all of the equity interest of CEOC so long as certain investors hold a majority of the notes; (vi) create or permit to exist dividend and/or payment restrictions affecting its restricted subsidiaries; (vii) create liens on certain assets to secure debt; (viii) consolidate, merge, sell or otherwise dispose of all or substantially all of its assets; (ix) enter into certain transactions with its affiliates; and (x) designate its subsidiaries as unrestricted subsidiaries. Subject to certain exceptions, the indenture governing the notes and the agreements governing the other cash pay debt and PIK toggle debt will permit us and our restricted subsidiaries to incur additional indebtedness, including secured indebtedness.

The CMBS Financing includes negative covenants, subject to certain exceptions, restricting or limiting the ability of the borrowers and operating companies under the CMBS Financing to, among other things: (i) incur additional debt; (ii) create liens on assets; (iii) make certain investments, loans, and advances; (iv) consolidate, merge, sell, or otherwise dispose of all or any part of its assets or to purchase, lease, or otherwise acquire all or any substantial part of assets of any other person; (v) enter into certain transactions with its affiliates; (vi) engage in any business other than the ownership of the properties and business activities ancillary thereto; and (vi) amend or modify the articles or certificate of incorporation, by-laws, and certain agreements.

The CMBS Financing also includes affirmative covenants that require the CMBS properties to, among other things, maintain the borrowers as "special-purpose entities", maintain certain reserve funds in respect of furniture, fixtures, and equipment, taxes, and insurance, and comply with other customary obligations for CMBS real estate financings. Amounts deposited into the specified reserve funds represent restricted cash.

In addition, the CMBS Financing obligates the CMBS properties to apply excess cash flow in certain specified manners, depending on the outstanding principal amount of various tranches of the CMBS loans and other factors. These obligations will limit the amount of excess cash flow from the CMBS properties that may be distributed to Caesars Entertainment. For example, the CMBS properties are required to use 100% of excess cash flow to make ongoing mandatory offers on a quarterly basis to purchase CMBS mezzanine loans at discounted prices from the holders thereof. To the extent such offers are accepted, such excess cash flow will need to be so utilized and will not be available for distribution to Caesars Entertainment. To the extent such offers are not accepted with respect to any fiscal quarter, the amount of excess cash flow that may be distributed to Caesars Entertainment is limited to 85% of excess cash flow with respect to such quarter. In addition, the CMBS Financing provides that once the aggregate principal amount of the CMBS mezzanine loans is less than or equal to \$625.0 million, the mortgage loan will begin to amortize on a quarterly basis in an amount equal to the greater of 100% of excess cash flow for such quarter and \$31.3 million. If the CMBS mortgage loan begins to amortize, the excess cash flow from the CMBS properties will need to be applied to such amortization and will not be available for distribution to Caesars Entertainment.

As a result of the restrictions from CEOC's borrowings, CMBS Financing and other arrangements, the amount of restricted net assets of our consolidated subsidiaries held at December 31, 2012 and 2011 was approximately \$1.2 billion and \$1.1 billion, respectively. The amount of restricted net assets in our unconsolidated subsidiaries is not material to the financial statements.

Guarantees of Third-Party Debt and Other Obligations and Commitments

The following table summarizes our contractual obligations and other commitments as of December 31, 2012, prior to consideration of the 2013 capital transactions mentioned above:

<u>Contractual Obligations (a)</u>	<u>Payments due by Period</u>				
	<u>Total</u>	<u>Less than 1 year</u>	<u>1-3 years</u>	<u>4-5 years</u>	<u>After 5 years</u>
<u>(In millions)</u>					
Debt, face value ^(c)	\$ 24,067.2	\$ 889.7	\$ 6,893.7	\$ 4,445.0	\$ 11,838.8
Capital lease obligations	35.9	15.4	20.5	—	—
Estimated interest payments ^{(b)(c)}	9,228.8	1,943.1	3,551.7	2,597.1	1,136.9
Operating lease obligations	1,624.7	71.2	123.7	109.5	1,320.3
Purchase order obligations	77.0	77.0	—	—	—
Community reinvestment	74.7	6.5	12.8	12.9	42.5
Construction commitments	488.8	488.8	—	—	—
Entertainment obligations ^(d)	206.7	60.9	63.1	38.7	44.0
Letters of credit	90.6	90.6	—	—	—
Minimum payments to tribes ^(e)	74.1	13.8	25.8	24.0	10.5
Other contractual obligations	525.3	102.8	125.7	100.1	196.7
	<u>\$ 36,493.8</u>	<u>\$ 3,759.8</u>	<u>\$ 10,817.0</u>	<u>\$ 7,327.3</u>	<u>\$ 14,589.7</u>

- (a) In addition to the contractual obligations disclosed in this table, we have unrecognized tax benefits that, based on uncertainties associated with the items and we are unable to make reasonably reliable estimates of the period of potential cash settlements, if any, with taxing authorities.
- (b) Estimated interest for variable-rate debt included in this table is based on rates at December 31, 2012. Estimated interest includes the estimated impact of our interest rate swap and interest rate cap agreements.
- (c) Debt maturities and estimated interest assumes the extensions of the maturity of the CMBS Loans and the PHW Las Vegas senior secured loan from 2013 to 2015, resulting in a net increase of interest of \$402.9 million. Extensions of the CMBS Loans and the PHW Las Vegas senior secured loan is subject to certain conditions.
- (d) Entertainment obligations represent obligations to pay performers that have contracts for future performances at one or more of our properties.
- (e) The agreements pursuant to which we manage casinos on Indian lands contain provisions required by law that provide that a minimum monthly payment be made to the tribe. That obligation has priority over scheduled repayments of borrowings for development costs and over the management fee earned and paid to the manager. In the event that insufficient cash flow is generated by the operations to fund this payment, we must pay the shortfall to the tribe. Subject to certain limitations as to time, such advances, if any, would be repaid to us in future periods in which operations generate cash flow in excess of the required minimum payment. These commitments will terminate upon the occurrence of certain defined events, including termination of the management contract. Our aggregate monthly commitment for the minimum guaranteed payments pursuant to the contracts for the three managed Indian-owned facilities now open is \$1.2 million per month. Each of these casinos currently generates sufficient cash flows to cover all of its obligations, including its debt service.

Critical Accounting Policies and Estimates

We prepare our financial statements in conformity with accounting principles generally accepted in the United States ("GAAP"). Certain of our accounting policies, including the estimated lives assigned to our assets, the determination of bad debt, asset impairment, Total Rewards point liability, self-insurance reserves, the purchase price allocations made in connection with our acquisitions/merger, the fair value of derivative instruments, and the calculation of our income tax liabilities, require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based on our historical experience, terms of existing contracts, observance of trends in the industry, information provided by our customers and information available from other outside sources, as appropriate. Actual results may differ from our estimates. For a summary of our significant accounting policies, please refer to the notes to our audited consolidated financial statements included elsewhere in Item 8 of this report.

We consider accounting estimates to be critical accounting policies when:

- the estimates involve matters that are highly uncertain at the time the accounting estimate is made; and
- different estimates or changes to estimates could have a material impact on the reported financial position, changes in financial position, or results of operations

When more than one accounting principle, or method of its application, is generally accepted, we select the principle or method that we consider to be the most appropriate when given the specific circumstances. Application of these accounting principles requires us to make estimates about the future resolution of existing uncertainties. Estimates are typically based upon historical experience, current trends, contractual documentation, and other information, as appropriate. Due to the inherent uncertainty involving estimates, actual results reported in the future may differ from those estimates. In preparing our financial statements, we have made our best estimates and judgments of the amounts and disclosures included in the financial statements, giving regard to materiality.

Long-Lived Assets

We have significant capital invested in our long-lived assets and judgments are made in determining the estimated useful lives of assets, salvage values to be assigned to assets, and if or when an asset has been impaired. The accuracy of these estimates affects the amount of depreciation and amortization expense recognized in our financial results and whether we have a gain or loss on the disposal of an asset. We assign lives to our assets based on our standard policy, which is established by management as representative of the useful life of each category of asset. We review the carrying value of our long-lived assets whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. The factors considered by management in performing this assessment include current operating results, trends and prospects, as well as the effect of obsolescence, demand, competition, and other economic, legal, and regulatory factors. In estimating expected future cash flows for determining whether an asset is impaired, assets are grouped at the lowest level of identifiable cash flows, which, for most of our assets, is the individual property.

Goodwill and Other Non-Amortizing Intangible Assets

The purchase price of an acquisition is allocated to the underlying assets acquired and liabilities assumed based upon their estimated fair values at the date of acquisition. We determine the estimated fair values after review and consideration of relevant information including discounted cash flows, quoted market prices and estimates made by management. To the extent the purchase price exceeds the fair value of the net identifiable tangible and intangible assets acquired and liabilities assumed, such excess is recorded as goodwill.

Each year, we perform a preliminary annual impairment assessment of goodwill as of September 30, or more frequently if impairment indicators exist. For our preliminary assessment, we determine the estimated fair value of each reporting unit as a function, or multiple, of earnings before interest, taxes, depreciation and amortization ("EBITDA"), combined with estimated future cash flows discounted at rates commensurate with the capital structure and cost of capital of comparable market participants, giving appropriate consideration to the prevailing borrowing rates within the casino industry in general. We also evaluate the aggregate fair value of all of our reporting units and other non-operating assets in comparison to our aggregate debt and equity market capitalization at September 30. Both EBITDA multiples and discounted cash flows are common measures used to value and buy or sell businesses in our industry. In the fourth quarter of each year, we finalize our assessment of goodwill once we complete our fair value analysis for reporting units where a step two impairment test is required.

Each year, we perform an annual impairment assessment of other non-amortizing intangible assets as of September 30, or more frequently if impairment indicators exist. We determine the estimated fair value of our non-amortizing intangible assets by primarily using the Relief From Royalty Method and Excess Earnings Method under the income approach.

We are permitted to perform a qualitative assessment of goodwill and other non-amortizing intangible assets to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step impairment test. We did not elect to perform a qualitative assessment of goodwill or other non-amortizing intangible assets in 2012.

The annual evaluation of goodwill and other non-amortizing intangible assets requires the use of estimates about future operating results, valuation multiples, and discount rates to determine their estimated fair value. Changes in these assumptions can materially affect these estimates. Thus, to the extent the economy deteriorates further in the near future, discount rates increase significantly, or we do not meet our projected performance, we could have additional impairments to record in the next twelve months, and such impairments could be material. This is especially true for any of our properties where goodwill and other non-amortizing intangible assets have been partially impaired as a result of a recent impairment analysis, and for our Las Vegas properties, which comprise a significant portion of our remaining goodwill balance. Impairment charges related to goodwill and intangible assets other than goodwill are recorded to intangible and tangible asset impairment charges in the Consolidated Statements of Comprehensive Loss.

Total Rewards Point Liability Program

Our customer loyalty program, Total Rewards, offers incentives to customers who gamble at a significant majority of our casinos throughout the United States. Under the program, customers are able to accumulate, or bank, reward credits over time that they may redeem at their discretion under the terms of the program. The reward credit balance will be forfeited if the customer does not earn a reward credit over the prior six-month period. As a result of the ability of the customer to bank the reward credits, we accrue the estimated cost of fulfilling the redemption of reward credits, after consideration of estimated forfeitures (referred to as “breakage”), as they are earned. The estimated value of reward credits is expensed as the reward credits are earned by customers and is included in direct casino expense in our Consolidated Statements of Comprehensive Loss. To arrive at the estimated cost associated with reward credits, estimates and assumptions are made regarding incremental marginal costs of the benefits, breakage rates, and the mix of goods and services for which reward credits will be redeemed. We use historical data to assist in the determination of estimated accruals.

Allowance for Doubtful Accounts - Gaming

We reserve an estimated amount for gaming receivables that may not be collected. Methodologies for estimating the allowance for doubtful accounts range from specific reserves to various percentages applied to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific reserves. As with many estimates, management must make judgments about potential actions by third parties in establishing and evaluating our reserves for allowance for doubtful accounts.

Self-Insurance Accruals

We are self-insured up to certain limits for costs associated with general liability, workers’ compensation, and employee health coverage. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of actuarial estimates of incurred but not reported claims. In estimating these reserves, historical loss experience and judgments about the expected levels of costs per claim are considered. We also utilize consultants to assist in the determination of certain estimated accruals. These claims are accounted for based on actuarial estimates of the undiscounted claims, including those claims incurred but not yet reported. We believe the use of actuarial methods to account for these liabilities provides a consistent and effective way to measure these highly judgmental accruals; however, changes in health care costs, accident frequency and severity, and other factors can materially affect the estimates for these liabilities. We regularly monitor the potential for changes in estimates, evaluate our insurance accruals, and adjust our recorded provisions.

Income Taxes

We are subject to income taxes in the United States (including federal and state) and numerous foreign jurisdictions in which we operate. We record income taxes under the asset and liability method, whereby deferred tax assets and liabilities are recognized based on the expected future tax consequences of temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, and attributable to operating loss and tax credit carryforwards. We reduce the carrying amounts of deferred tax assets by a valuation allowance if, based on the available evidence, it is more likely than not that such assets will not be realized. Accordingly, the need to establish valuation allowances for deferred tax assets is assessed periodically based on the “more likely than not” realization threshold. This assessment considers, among other matters, the nature, frequency, and severity of current and cumulative losses, forecasts of future profitability, the duration of statutory carryforward periods, our experience with operating loss and tax credit carryforwards not expiring unused, and tax planning alternatives.

The effect on the income tax provision and deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. We have previously provided a valuation allowance on foreign tax credits, certain foreign and state net operating losses (“NOLs”), and other foreign and state deferred tax assets. Certain foreign and state NOLs and other foreign and state deferred tax assets were not deemed realizable because they are attributable to subsidiaries that are not expected to produce future earnings.

We classify reserves for tax uncertainties within accrued expenses and deferred credits and other in our Consolidated Balance Sheets, separate from any related income tax payable, which is also reported within accrued expenses, or deferred income taxes. Reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions, as well as potential interest or penalties associated with those liabilities.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are under regular and recurring audit by the Internal Revenue Service and various state taxing authorities on open tax positions, and it is possible that the amount of the liability for unrecognized tax benefits could change during the next 12 months.

Derivative Instruments

Derivative instruments are recognized in the financial statements at fair value. Any changes in fair value are recorded in the Consolidated Statements of Comprehensive Loss or in accumulated other comprehensive loss (“AOCL”) within the equity section of the Consolidated Balance Sheets, depending upon whether the derivative is designated and qualifies for hedge accounting, the type of hedge transaction, and the effectiveness of the hedge. The estimated fair values of our derivative instruments are based on market prices obtained from dealer quotes. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts.

Our derivative instruments contain a credit risk that the counterparties may be unable to meet the terms of the agreements. We minimize that risk by evaluating the creditworthiness of our counterparties, which are limited to major banks and financial institutions. The fair values of our derivative instruments are adjusted for the credit rating of the counterparty if the derivative is an asset, or adjusted for the credit rating of the Company if the derivative is a liability.

Recently Issued and Proposed Accounting Standards

For discussions of the adoption and potential impacts of recently issued accounting standards, refer to Note 2, “Recently Issued Accounting Pronouncements,” to our consolidated financial statements, included in Item 8 of this report.

ITEM 7A. Quantitative and Qualitative Disclosure About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our debt. We attempt to limit our exposure to interest rate risk by managing the mix of our debt between fixed-rate and variable-rate obligations. Of our \$24,103.1 million face value of debt, including capital lease obligations, at December 31, 2012, we have entered into interest rate swap agreements to fix the interest rate on \$5,750.0 million of variable rate debt, and \$6,137.0 million of debt remains subject to variable interest rates.

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of December 31, 2012, we have entered into eight interest rate swap agreements for notional amounts totaling \$5,750.0 million. The difference to be paid or received under the terms of the interest rate swap agreements is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows.

In addition to the swap agreements, we have an interest rate cap agreement for a notional amount of \$6,500.0 million at a LIBOR cap rate of 4.5% and an interest rate cap agreement for a notional amount of \$517.7 million at a LIBOR cap rate of 7.0%. Assuming a constant outstanding balance for our variable rate debt for the next twelve months, a hypothetical 1% increase in interest rates would increase interest expense for the next twelve months by \$45.5 million. At December 31, 2012, the weighted average USD LIBOR rate on our variable rate debt was 0.217%. A hypothetical reduction of this rate to 0% would decrease interest expense for the next twelve months by \$9.5 million.

We do not purchase or hold any derivative financial instruments for trading purposes.

The table below provides information as of December 31, 2012, about our financial instruments that are sensitive to changes in interest rates, including the cash flows associated with the principal amounts of debt obligations, the notional amounts of interest rate derivative instruments and related weighted average interest rates. Principal amounts are used to calculate the payments to be exchanged under the related agreement(s) and weighted average variable rates are based on implied forward rates in the yield curve as of December 31, 2012.

(Dollars in millions)	Expected Maturity Date						Total	Fair Value
	2013	2014	2015	2016	2017	Thereafter

Interest rate caps ⁽³⁾							\$ 7,017.7	\$ —

⁽¹⁾ Maturities assume the extensions of the CMBS Loans and PHW Las Vegas senior secured loan from 2013 to 2015. Extensions of the CMBS Loans and the PHW Las Vegas senior secured loan is subject to certain conditions.

⁽²⁾ Expire in 2015.

⁽³⁾ Expire in 2013.

As of December 31, 2012 and 2011, our long-term variable rate debt reflects borrowings under our Credit Facilities provided to us by a consortium of banks with a total capacity of \$6,480.6 million and \$8,410.0 million, respectively. The interest rates charged on borrowings under these facilities are a function of LIBOR. As such, the interest rates charged to us for borrowings under the facilities are subject to change as LIBOR changes.

Foreign currency transaction gains and losses were not material to our results of operations for the years ended December 31, 2012, 2011, and 2010. Our only material ownership interests in businesses in foreign countries are London Clubs and an approximate 95% ownership of a casino in Uruguay. Therefore, we have not been subject to material foreign currency exchange rate risk from the effects that exchange rate movements of foreign currencies would have on our future operating results or cash flows.

From time to time, we hold investments in various available-for-sale equity securities; however, our exposure to price risk arising from the ownership of these investments is not material to our consolidated financial position, results of operations, or cash flows.

ITEM 8. Financial Statements and Supplementary Data

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Caesars Entertainment Corporation:

We have audited the accompanying consolidated balance sheets of Caesars Entertainment Corporation and subsidiaries (the "Company") as of December 31, 2012 and 2011, and the related consolidated statements of comprehensive loss, stockholders' (deficit)/equity and cash flows for each of the three years in the period ended December 31, 2012. Our audits also included the consolidated financial statement schedules included in Item 15(a)(2). These consolidated financial statements and consolidated financial statement schedules are the responsibility of the Company's management. Our responsibility is to express an opinion on the consolidated financial statements and consolidated financial statement schedules based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Caesars Entertainment Corporation and subsidiaries as of December 31, 2012 and 2011, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2012, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such consolidated financial statement schedules, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2012, based on the criteria established in *Internal Control—Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated March 15, 2013, expressed an unqualified opinion on the Company's internal control over financial reporting.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In these footnotes, the words "Company," "Caesars Entertainment," "we," "our," and "us" refer to Caesars Entertainment Corporation, a Delaware corporation, and its subsidiaries, unless otherwise stated or the context requires otherwise.

Note 1—Summary of Significant Accounting Policies

Organization and Description of Business

Our business is primarily conducted through a wholly-owned subsidiary, Caesars Entertainment Operating Company, Inc. ("CEOC"), although certain material properties are not owned by CEOC. As of December 31, 2012, we owned, operated, or managed, through various subsidiaries, 52 casinos in 13 U.S. states and seven countries. The majority of these casinos operate in the United States, primarily under the Caesars, Harrah's, and Horseshoe brand names, and in England. Our casino entertainment facilities include 33 land-based casinos, 11 riverboat or dockside casinos, three managed casinos on Indian lands in the United States, one managed casino in Cleveland, Ohio, one managed casino in Canada, one casino combined with a greyhound racetrack, one casino combined with a thoroughbred racetrack, and one casino combined with a harness racetrack. Our land-based casinos include nine in England, two in Egypt, one in Scotland, one in South Africa and one in Uruguay. In addition, through Caesars Interactive Entertainment, Inc. ("CIE"), a majority-owned subsidiary, we own an online gaming business, providing for real money casino, bingo, and poker games in the United Kingdom, alliances with online gaming providers in Italy and France, "play for fun" offerings in other jurisdictions, social games on Facebook and other social media websites, and mobile application platforms. Also through CIE, we own the World Series of Poker tournament and brand. We view each casino property and CIE as operating segments and aggregate all such casino properties and CIE into one reportable segment.

On January 28, 2008, Caesars Entertainment was acquired by affiliates of Apollo Global Management, LLC (together with such affiliates, "Apollo") and affiliates of TPG Capital, LP (together with such affiliates, "TPG" and, together with Apollo, the "Sponsors") in an all-cash transaction ("the Acquisition"). As a result of the Acquisition and through February 7, 2012, our stock was not publicly traded.

Effective February 8, 2012, as the result of our public offering, our common stock trades on the NASDAQ Global Select Market ("NASDAQ") under the symbol "CZR." In connection with the public offering, the Company effected a 1.742-for-one split of its common stock. Unless otherwise stated, all applicable share and per-share data presented herein have been retroactively adjusted to give effect to this stock split. See Note 10, "Stockholders' Equity, Non-controlling Interests and Loss Per Share," for further information.

Basis of Presentation

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP"), which require the use of estimates and assumptions that affect the reported amounts of assets, liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting periods. Management believes the accounting estimates are appropriate and reasonably stated; however, due to the inherent uncertainties in making these estimates, actual amounts could differ.

Principles of Consolidation

Our consolidated financial statements include the accounts of Caesars Entertainment and its subsidiaries after elimination of all intercompany accounts and transactions.

We consolidate into our financial statements the accounts of all wholly-owned subsidiaries and any partially-owned subsidiary that we have the ability to control. Control generally equates to ownership percentage, whereby investments that are more than 50% owned are consolidated, investments in affiliates of 50% or less but greater than 20% are generally accounted for using the equity method, and investments in affiliates of 20% or less are generally accounted for using the cost method.

We also consolidate into our financial statements the accounts of any variable interest entity for which we are determined to be the primary beneficiary. Up through and including December 31, 2012, we analyzed our variable interests to determine if the entity that is party to the variable interest is a variable interest entity in accordance with GAAP. Our analysis included both quantitative and qualitative reviews. Qualitative analysis is based on our review of the design of the entity, its organizational structure including decision-making ability, and financial agreements. Based on these analyses, there were no consolidated variable interest entities that were material to our consolidated financial statements.

Cash and Cash Equivalents

Cash equivalents are highly liquid investments with maturities of less than three months from the date of purchase and are stated at the lower of cost or market value.

Restricted Cash

Proceeds from bond offerings that are in escrow prior to closing, and cash reserved under loan agreements for (a) development projects and (b) certain expenditures incurred in the normal course of business, such as interest services, real estate taxes, casualty insurance, and capital improvements, are classified as restricted cash in our Consolidated Balance Sheets.

Allowance for Doubtful Accounts - Gaming

We reserve an estimated amount for gaming receivables that may not be collected. Methodologies for estimating the allowance for doubtful accounts range from specific reserves to various percentages applied to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific reserves.

Casino Reinvestment Development Authority Investment Obligations

The New Jersey Casino Control Act provides, among other things, for an assessment of licenses equal to 1.25% of gross gaming revenues in lieu of an investment alternative tax equal to 2.5% of gross gaming revenues. The Company may satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified contributions, or by depositing funds with the Casino Reinvestment Development Authority ("CRDA"). Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, may be donated to the CRDA in exchange for credits against future CRDA investment obligations. Upon initial obligation deposits made by the Company, an allowance is made to record the deposit at its expected eventual realizable value.

Inventories

Inventories, which consist primarily of food, beverage, retail merchandise, and operating supplies, are stated at average cost.

Long-Lived Assets

We have significant capital invested in our long-lived assets and judgments are made in determining the estimated useful lives of assets, salvage values to be assigned to assets, and if or when an asset has been impaired. The accuracy of these estimates affects the amount of depreciation and amortization expense recognized in our financial results and whether we have a gain or loss on the disposal of an asset. We assign lives to our assets based on our standard policy, which is established by management as representative of the useful life of each category of asset. We review the carrying value of our long-lived assets whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. The factors considered by management in performing this assessment include current operating results, trends and prospects, as well as the effect of obsolescence, demand, competition, and other economic, legal, and regulatory factors. In estimating expected future cash flows for determining whether an asset is impaired, assets are grouped at the lowest level of identifiable cash flows, which, for most of our assets, is the individual property.

Additions to property and equipment are stated at cost. We capitalize the costs of improvements that extend the life of the asset. We expense maintenance and repair costs as incurred. Gains or losses on the dispositions of property and equipment are included in the determination of income. Interest expense is capitalized on internally constructed assets at the applicable weighted-average borrowing rates of interest.

Depreciation is calculated using the straight-line method over the shorter of the estimated useful life of the asset or the related lease as follows:

Land improvements	12 years
Buildings	30 to 40 years
Leasehold improvements	5 to 15 years
Riverboats and barges	30 years
Furniture, fixtures, and equipment	2 1/2 to 20 years

Goodwill and Other Non-Amortizing Intangible Assets

The purchase price of an acquisition is allocated to the underlying assets acquired and liabilities assumed based upon their estimated fair values at the date of acquisition. We determine the estimated fair values after review and consideration of relevant information including discounted cash flows, quoted market prices, and estimates made by management. To the extent the purchase price exceeds the fair value of the net identifiable tangible and intangible assets acquired and liabilities assumed, such excess is recorded as goodwill.

Each year, we perform a preliminary annual impairment assessment of goodwill as of September 30, or more frequently if impairment indicators exist. For our preliminary assessment, we determine the estimated fair value of each reporting unit as a function, or multiple, of earnings before interest, taxes, depreciation and amortization (“EBITDA”), combined with estimated future cash flows discounted at rates commensurate with the capital structure and cost of capital of comparable market participants, giving appropriate consideration to the prevailing borrowing rates within the casino industry in general. We also evaluate the aggregate fair value of all of our reporting units and other non-operating assets in comparison to our aggregate debt and equity market capitalization at September 30. Both EBITDA multiples and discounted cash flows are common measures used to value and buy or sell businesses in our industry. In the fourth quarter of each year, we finalize our assessment of goodwill once we complete our fair value analysis for reporting units where a step two impairment test is required.

Each year, we perform an annual impairment assessment of other non-amortizing intangible assets as of September 30, or more frequently if impairment indicators exist. We determine the estimated fair value of our non-amortizing intangible assets by primarily using the Relief From Royalty Method and Excess Earnings Method under the income approach.

We are permitted to perform a qualitative assessment of goodwill and other non-amortizing intangible assets to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step impairment test. We did not elect to perform a qualitative assessment of goodwill or other non-amortizing intangible assets in 2012.

The annual evaluation of goodwill and other non-amortizing intangible assets requires the use of estimates about future operating results, valuation multiples, and discount rates to determine their estimated fair value. Changes in these assumptions can materially affect these estimates. Thus, to the extent the economy deteriorates further in the near future, discount rates increase significantly, or we do not meet our projected performance, we could have additional impairments to record in the next twelve months and such impairments could be material. This is especially true for any of our properties where goodwill and other non-amortizing intangible assets have been partially impaired as a result of a recent impairment analysis, and for our Las Vegas properties, which comprise a significant portion of our remaining goodwill balance. Impairment charges related to goodwill and intangible assets other than goodwill are recorded to intangible and tangible asset impairment charges in the Consolidated Statements of Comprehensive Loss.

Debt Discounts or Premiums and Unamortized Debt Issue Costs

Debt discounts or premiums and debt issue costs incurred in connection with the issuance of debt are capitalized and amortized to interest expense based on the related debt agreements primarily using the effective interest method. Unamortized discounts or premiums are written off and included in our gain or loss calculations to the extent we retire debt prior to its original maturity date. Unamortized debt issue costs are included in deferred charges and other in our Consolidated Balance Sheets.

Derivative Instruments

Derivative instruments are recognized in the financial statements at fair value. Any changes in fair value are recorded in the Consolidated Statements of Comprehensive Loss or in accumulated other comprehensive loss (“AOCL”) within the equity section of the Consolidated Balance Sheets, depending upon whether the derivative is designated and qualifies for hedge accounting, the type of hedge transaction, and the effectiveness of the hedge. The estimated fair values of our derivative instruments are based on market prices obtained from dealer quotes. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts.

Our derivative instruments contain a credit risk that the counterparties may be unable to meet the terms of the agreements. We minimize that risk by evaluating the creditworthiness of our counterparties, which are limited to major banks and financial institutions. The fair values of our derivative instruments are adjusted for the credit rating of the counterparty if the derivative is an asset, or adjusted for the credit rating of the Company if the derivative is a liability.

Total Rewards Point Liability Program

Our customer loyalty program, Total Rewards, offers incentives to customers who gamble at certain of our casinos throughout the United States. Under the program, customers are able to accumulate, or bank, reward credits over time that they may redeem at their discretion under the terms of the program. The reward credit balance will be forfeited if the customer does not earn a reward credit over the prior six-month period. As a result of the ability of the customer to bank the reward credits, we accrue the estimated cost of fulfilling the redemption of reward credits, after consideration of estimated forfeitures (referred to as "breakage"), as they are earned. The estimated value of reward credits is expensed as the reward credits are earned by customers and is included in direct casino expense in our Consolidated Statements of Comprehensive Loss. To arrive at the estimated cost associated with reward credits, estimates and assumptions are made regarding incremental marginal costs of the benefits, breakage rates, and the mix of goods and services for which reward credits will be redeemed. We use historical data to assist in the determination of estimated accruals. Such amounts are included within accrued expenses in the Consolidated Balance Sheets presented herein, see Note 7 "Detail of Accrued Expenses."

In addition to reward credits, customers at certain of our properties can earn points based on play that are redeemable in the form of credits payable at the gaming machine. We accrue the cost of redeemable points, after consideration of estimated breakage, as they are earned. The cost is recorded as contra-revenue and included in casino promotional allowances in our Consolidated Statements of Comprehensive Loss.

Self-Insurance Accruals

We are self-insured up to certain limits for costs associated with general liability, workers' compensation, and employee health coverage. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of actuarial estimates of incurred but not reported claims. In estimating these reserves, historical loss experience and judgments about the expected levels of costs per claim are considered. These claims are accounted for based on actuarial estimates of the undiscounted claims, including those claims incurred but not reported. We believe the use of actuarial methods to account for these liabilities provides a consistent and effective way to measure these highly judgmental accruals. We regularly monitor the potential for changes in estimates, evaluate our insurance accruals, and adjust our recorded provisions.

Revenue Recognition

Casino revenues are measured by the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers' possession. Food and beverage, rooms, and other operating revenues are recognized when services are performed. Advance deposits on rooms and advance ticket sales are recorded as customer deposits until services are provided to the customer. The Company does not recognize as revenue taxes collected on goods or services sold to its customers.

The retail value of accommodations, food and beverage, and other services furnished to guests without charge is included in gross revenues and then deducted as promotional allowances. The estimated cost of providing such promotional allowances is included in casino expenses as follows:

(In millions)	Year Ended December 31,		
	2012	2011	2010
Total Food and Beverage Expense	\$ 477.1	\$ 469.4	\$ 475.6
Room Expense	186.7	188.1	187.6
Property general, admin and other	49.7	59.0	59.2
	<u>\$ 713.5</u>	<u>\$ 716.5</u>	<u>\$ 722.4</u>

Advertising

The Company expenses the production costs of advertising the first time the advertising takes place. Advertising expense was \$194.2 million, \$190.1 million, and \$195.5 million for the years ended December 31, 2012, 2011, and 2010, respectively.

Income Taxes

We are subject to income taxes in the United States (including federal and state) and numerous foreign jurisdictions in which we operate. We record income taxes under the asset and liability method, whereby deferred tax assets and liabilities are recognized based on the expected future tax consequences of temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, and attributable to operating loss and tax credit carryforwards. We reduce the carrying amounts of deferred tax assets by a valuation allowance if, based on the available evidence, it is more likely than not that such assets will not be realized. Accordingly, the need to establish valuation allowances for deferred tax assets is assessed periodically based on the more likely than not realization threshold. This assessment considers, among other matters, the nature, frequency, and severity of current and cumulative losses, forecasts of future profitability, the duration of statutory carryforward periods, our experience with operating loss and tax credit carryforwards not expiring unused, and tax planning alternatives.

The effect on the income tax provision and deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. We have previously provided a valuation allowance on foreign tax credits, certain foreign and state net operating losses (“NOLs”), and other foreign and state deferred tax assets. Certain foreign and state NOLs and other foreign and state deferred tax assets were not deemed realizable because they are attributable to subsidiaries that are not expected to produce future earnings.

We classify reserves for tax uncertainties within accrued expenses and deferred credits and other in our Consolidated Balance Sheets, separate from any related income tax payable, which is also reported within accrued expenses, or deferred income taxes. Reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions, as well as potential interest or penalties associated with those liabilities.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are under regular and recurring audit by the Internal Revenue Service (“IRS”) and various state taxing authorities on open tax positions, and it is possible that the amount of the liability for unrecognized tax benefits could change during the next 12 months.

Reclassifications

We have revised certain amounts for prior periods to conform to our 2012 presentation.

Note 2—Recently Issued Accounting Pronouncements

In December 2011, the Financial Accounting Standards Board (“FASB”) issued updated guidance related to disclosures about offsetting assets and liabilities. The new guidance contains disclosure requirements regarding the nature of an entity’s rights of offset and related arrangements associated with its financial instruments and derivative instruments. The new disclosures are designed to make financial statements that are prepared under GAAP more comparable to those prepared under IFRS. To facilitate comparison between financial statements prepared under GAAP and IFRS, the new disclosures give financial statement users information about both gross and net exposures. The new disclosure requirements will be effective for us January 1, 2013. As this is a disclosure requirement only, there will be no impact on our consolidated financial position, results of operations, or cash flows upon adoption.

Effective January 1, 2012, we adopted the updated guidance related to fair value measurement and disclosure requirements. The changes result in common fair value measurement and disclosure requirements between GAAP and International Financial Reporting Standards and change the wording used to describe many of the requirements in GAAP for measuring fair value and for disclosing information about fair value measurements. The new disclosure requirements have been included in this Form 10-K, and, as this update relates only to disclosures, there was no impact on our consolidated financial position, results of operations, or cash flows upon adoption.

Effective January 1, 2012, we adopted the new guidance for the presentation of comprehensive income. The new guidance requires that all non-owner changes in stockholders’ equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The new disclosure requirements have been included in this Form 10-K, and, as this update relates only to presentation and disclosures, there was no impact on our consolidated financial position, results of operations, or cash flows upon adoption.

Effective January 1, 2012, we adopted the revised guidance for goodwill impairment testing. The new guidance allows an entity to perform a qualitative assessment on goodwill to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. In July 2012, the guidance was amended to include assessments for indefinite-lived intangible assets. The Company adopted the amended guidance in the second quarter of 2012 as permitted under the amendment which resulted in impairments as further described in Note 6, "Goodwill and Other Intangible Assets." We did not elect to perform a qualitative assessment of goodwill in 2012.

Note 3—Acquisitions, Investments, Dispositions and Divestitures

Acquisitions and Investments

Venture with Rock Gaming, LLC

In December 2010, we formed a venture, Rock Ohio Caesars LLC ("ROC"), with Rock Ohio Ventures, LLC (formerly Rock Gaming, LLC) ("Rock Gaming"), to pursue casino developments in Cincinnati and Cleveland. Pursuant to the agreements forming the venture, we have committed to invest up to \$200.0 million for an approximate 30% interest in the venture. The casino developments will be managed by subsidiaries of CEOC.

In August 2011, Rock Gaming exercised a contractual right to buy down a portion of our interest in the venture. Pursuant to this right, Rock Gaming contributed capital to the venture disproportionately with its existing ownership interest, lowering our ownership interest in the venture to 20.0%.

During 2011, the Company contributed an additional \$16.0 million into its venture with Rock Gaming, bringing its total cash contribution to the venture to \$80.0 million. This contribution is included in "Investments in and advances to nonconsolidated affiliates" in our Consolidated Balance Sheets.

In August 2012, Caesars Ohio Investment, LLC ("COI") sold a 53.39% interest in Thistledown Racetrack, LLC ("Thistledown"), a thoroughbred racing facility in Cleveland, Ohio, to Rock Gaming for \$28.6 million. Effectively concurrent with this sale, COI contributed its remaining 46.61% interest in Thistledown to ROC in exchange for additional equity interests in ROC. Immediately subsequent to these transactions, Rock Gaming purchased a portion of equity interests in ROC from COI for \$14.3 million in order to retain an 80% ownership interest in ROC. The Company recognized an \$11.0 million gain on these transactions.

Baltimore, Maryland

In September 2011, we filed an application with the State of Maryland for the license to operate a video lottery terminal ("VLT") facility in the City of Baltimore. The application was filed on behalf of a consortium that, at the time, included Caesars Entertainment as the lead investor and facility manager, Rock Gaming, CVPR Gaming Holdings, LLC, and The Stronach Group (the "Baltimore Investors"). The consideration paid to the State of Maryland along with the bid for the license has been recorded as a non-amortizing intangible asset.

In July 2012, the consortium led by the Company was awarded the license to operate a casino in downtown Baltimore. In October 2012, Caesars entered into definitive agreements with the Baltimore Investors and Brown Capital Management to form a venture that will build and own the casino, subject to regulatory approvals and receipt of project financing. Pursuant to such definitive agreements, we committed to contribute a maximum of \$78.0 million in capital to the venture, \$17.7 million of which has previously been contributed, for the purpose of developing and constructing the casino. At December 31, 2012, Caesars had an approximately 52% indirect ownership interest in the venture, which was consolidated as a variable interest entity into our financial statements.

Windsor Casino Limited

In June 2012, Windsor Casino Limited ("WCL") redeemed and canceled all of the WCL shares held by HPP International Corporation (a Hilton affiliate), an unrelated third party, representing 50% of WCL's equity, for \$8.7 million. The redemption of the shares increased Caesars' ownership interest to 100%. The results of WCL for the periods subsequent to the transaction are consolidated into our financial statements. Prior to June 2012, we had a 50% ownership interest in WCL that was accounted for under the equity method. We operate Caesars Windsor located in Windsor, Ontario, and the province of Ontario owns the complex through the Ontario Lottery and Gaming Commission.

Chester Downs

In January 2012, we received notice that the minority owners of Chester Downs and Marina, LLC ("Chester Downs") elected to exercise their put rights thereby requiring us to purchase from the minority owners 90% of their interest in Chester Downs for consideration of \$9.6 million. We consummated this purchase in February 2012. As a result, we now have a 99.5% ownership interest in this property.

Playtika Ltd.

In May 2011, Caesars Interactive Entertainment Israel, Ltd. ("CIEI"), a subsidiary of CIE, which is a majority-owned subsidiary of Caesars Entertainment, acquired 51% of the voting equity interests of Playtika, a social games developer based in Israel. For periods subsequent to the date of acquisition, Playtika is consolidated into our financial statements.

The purchase price of Playtika was allocated based upon estimated fair values of the assets acquired and liabilities assumed, with the excess of estimated fair value over net tangible and intangible assets acquired recorded as goodwill. The purchase price allocation includes assets and liabilities of Playtika as follows:

<u>(In millions)</u>	<u>May 16, 2011</u>
Assets	
Total current assets	\$ 6.5
Goodwill	50.7
Intangible assets other than goodwill	25.0
	<u>82.2</u>
Liabilities	
Total current liabilities	(5.9)
Total long term liabilities	(5.3)
Redeemable non-controlling interests	(36.0)
Net assets acquired	<u>\$ 35.0</u>

The Company finalized the purchase price allocations during fourth quarter 2011.

CIEI purchased the remaining 49% of Playtika in December 2011 bringing CIEI's ownership of Playtika to 100%. The non-controlling interest acquired was adjusted to its acquisition-date fair value by recording a reduction to equity of \$31.5 million. There was no gain or loss recognized as a result of remeasuring the redeemable non-controlling interests to its acquisition-date fair value.

Buffalo Studios, LLC and Bubbler Media

In December 2012, CIE purchased substantially all of the net assets of Buffalo Studios, LLC ("Buffalo"), a social and mobile games developer and owner of Bingo Blitz, for consideration of approximately \$45.9 million, including the current estimate of contingent consideration. In September 2012, CIE purchased the assets of Bubbler Media ("Bubbler") a social and mobile games developer based in Belarus, for consideration of approximately \$7.5 million.

The purchase prices of Buffalo and Bubbler were allocated based on estimated fair values of the assets acquired and liabilities assumed, with the excess of the purchase price over the estimated fair value of the net tangible and intangible assets acquired recorded as goodwill. The preliminary purchase price allocations include total assets, liabilities and net assets acquired of Buffalo of \$48.1 million, \$2.2 million and \$45.9 million, respectively. The preliminary purchase price allocations include net assets acquired of Bubbler of \$7.5 million. The Company has not yet finalized its purchase price allocations for either of these transactions. The most significant of the items not finalized is the determination of contingent consideration incurred in connection with the Buffalo acquisition, and deferred tax balances associated with differences between the estimated fair values and the tax bases of assets acquired and liabilities assumed for both transactions.

Suffolk Downs

In March 2011, we acquired an interest in Sterling Suffolk Racecourse, LLC ("Suffolk Downs"), which owns a horse-racing track in Massachusetts, along with an option to purchase additional interests and the right to manage a potential future gaming facility. The consideration paid for this investment has been recorded as an amortizing intangible asset, representing the right to manage a potential future gaming facility, with amortization commencing upon the future opening date of such facility.

During 2012, the Company acquired a \$28.1 million preferred equity interest in Suffolk Downs. This investment has been recorded as an investment in non-consolidated affiliates and is accounted for using the equity method of accounting.

Dispositions and Divestitures

Harrah's St. Louis

In May 2012, the Company, along with certain of its wholly-owned subsidiaries, entered into an equity interest purchase agreement with Penn National Gaming, Inc. ("Penn") whereby the Company agreed to sell its Harrah's St. Louis casino to Penn for a purchase price of \$610.0 million. The sale closed on November 2, 2012 and the Company recorded a pre-tax gain of \$9.3 million on the sale. The Company has been using and continues to expect to use the net proceeds from the sale to fund capital expenditures of CEOC. All assets and liabilities sold pursuant to the purchase agreement have been classified as held for sale in our Consolidated Balance Sheets at December 31, 2011, and we have presented the operations of the Harrah's St. Louis casino as discontinued operations in our Consolidated Statements of Comprehensive Loss for the years ended December 31, 2012, 2011, and 2010. See "Discontinued Operations" below.

Macau Land Concession

During the second quarter of 2012, we determined that it is more likely than not that we will divest of our investment in subsidiaries that hold a land concession in Macau prior to the end of the remaining 35-year term of the concession. As a result, we performed an impairment assessment on the land concession and recorded an impairment charge of \$101.0 million. In the fourth quarter of 2012, the Company began discussions with interested investors regarding a sale of the subsidiaries that hold the land concession. As a result of this plan of disposal, the assets and liabilities have been classified as held for sale in our Consolidated Balance Sheets at December 31, 2012 and 2011. At December 31, 2012, the carrying value of the net assets held for sale was lower than their estimated fair value less the estimated costs to sell. We have presented the operations of the business as a discontinued operation in the Consolidated Statements of Comprehensive Loss for the years ended December 31, 2012, 2011, and 2010. See "Discontinued Operations" below.

Discontinued Operations

Assets and liabilities classified as held for sale at December 31, 2012 and 2011 are as follows:

	2012		2011	
	Macau	Harrah's St. Louis	Macau	Total
(In millions)				
Assets				
Cash and cash equivalents	\$ 4.7	\$ 10.0	\$ 3.4	\$ 13.4
Other current assets	0.4	1.6	0.5	2.1
Assets held for sale, current	<u>\$ 5.1</u>	<u>\$ 11.6</u>	<u>\$ 3.9</u>	<u>\$ 15.5</u>
Property and equipment, net	\$ 471.2	\$ 196.1	\$ 584.3	\$ 780.4
Goodwill	—	104.4	—	104.4
Intangible assets other than goodwill	—	292.7	—	292.7
Other long-term assets	—	0.2	—	0.2
Assets held for sale, non-current	<u>\$ 471.2</u>	<u>\$ 593.4</u>	<u>\$ 584.3</u>	<u>\$ 1,177.7</u>
Liabilities				
Accounts payable and accrued expenses	\$ 3.8	\$ 10.1	\$ 3.4	\$ 13.5
Liabilities held for sale, current	<u>\$ 3.8</u>	<u>\$ 10.1</u>	<u>\$ 3.4</u>	<u>\$ 13.5</u>

Liabilities held for sale, non-current	<u>\$ 52.1</u>	<u>\$ —</u>	<u>\$ 66.3</u>	<u>\$ 66.3</u>

Net revenues, (loss)/income from operations before income taxes, and net (loss)/income presented as discontinued operations are as follows:

<u>(In millions)</u>	Year ended December 31,		
	2012	2011	2010
Net revenues			
Harrah's St. Louis	\$ 208.4	\$ 257.7	\$ 262.4
Macau	3.6	3.5	3.0
Total net revenues	<u>\$ 212.0</u>	<u>\$ 261.2</u>	<u>\$ 265.4</u>
Pre-tax (loss)/income from operations			
Harrah's St. Louis	\$ 62.2	\$ 75.3	\$ 65.7
Macau	(121.6)	(16.1)	(15.8)
Total pre-tax (loss)/income from discontinued operations	<u>\$ (59.4)</u>	<u>\$ 59.2</u>	<u>\$ 49.9</u>
(Loss)/income, net of income taxes			
Harrah's St. Louis	\$ (1.7)	\$ 45.8	\$ 39.8
Macau	(107.8)	(14.4)	(13.7)
Total (loss)/income from discontinued operations, net of income taxes	<u>\$ (109.5)</u>	<u>\$ 31.4</u>	<u>\$ 26.1</u>

Conrad Punta Del Este Resort and Casino

In November 2012, we entered into a definitive agreement with Enjoy S.A. (“Enjoy”) to form a strategic relationship in Latin America. Under the terms of the agreement, Enjoy will acquire 45% of Baluma S.A., our subsidiary which owns and operates the Conrad Punta Del Este Resort and Casino in Punta Del Este, Uruguay (the “Conrad”), for approximately \$140.0 million in cash and stock, and we will become a 10% shareholder in Enjoy. Upon the closing of the transaction, which is subject to certain conditions, including the receipt of all regulatory and governmental approvals, Enjoy will assume primary responsibility for management of the Conrad and will have the option to acquire the remaining stake in Baluma S.A. between years three and five of the relationship.

Note 4—Restricted Cash

At December 31, 2012 and 2011, the Company had \$1,198.2 million and \$517.7 million of restricted cash, comprised of current and non-current portions.

In April 2011, the Company borrowed \$450.0 million in a senior secured term facility under an unrestricted subsidiary of CEOC, which is the financing incurred to complete the Octavius Tower at Caesars Palace Las Vegas (“Project Octavius”) and to develop a retail, dining, and entertainment corridor located between The Quad Resort & Casino (formerly the Imperial Palace Hotel and Casino) and the Flamingo Las Vegas on the Las Vegas Strip (“Project Linq” and, together with Project Octavius, the “Development”). The borrowing is secured by the Development assets, and funds raised that have not been spent on the Development are deemed restricted and are included in restricted cash at December 31, 2012 and 2011.

In November 2012, the Company entered into a \$185.0 million, seven-year senior credit facility to fund the renovation of Bill's Gamblin' Hall & Saloon into a boutique lifestyle hotel that includes a dayclub/nightclub. Funds raised that have not been spent on the renovation are deemed restricted and are included in restricted cash at December 31, 2012.

In December 2012, CEOC completed the offering of \$750.0 million aggregate principal amount of 9% senior secured notes due 2020, the proceeds of which were placed into escrow and recorded as short-term restricted cash at December 31, 2012. On February 20, 2013, the escrow conditions were satisfied.

The PHW Las Vegas senior secured loan requires that the Company maintain certain reserve funds in respect of furniture, fixtures, and equipment; capital improvements, interest services, taxes, and insurance; and the commercial mortgage-backed securities (“CMBS”) financing includes affirmative covenants that require the properties securing the CMBS financing to maintain certain reserve funds in respect of furniture, fixtures, and equipment, taxes, and insurance, and comply with other customary obligations for CMBS real estate financings. These funds are deemed restricted and are included in restricted cash at December 31, 2012 and 2011.

Note 5—Property and Equipment, net

Property and equipment, net consists of the following:

<u>(In millions)</u>	<u>As of December 31,</u>	
	<u>2012</u>	<u>2011</u>
Land and land improvements	\$ 7,208.8	\$ 7,411.8
Buildings, riverboats, and improvements	8,725.7	8,939.2
Furniture, fixtures, and equipment	2,491.0	2,333.3
Construction in progress	378.3	342.5
	<u>18,803.8</u>	<u>19,026.8</u>
Less: accumulated depreciation	<u>(3,102.1)</u>	<u>(2,541.2)</u>
	<u>\$ 15,701.7</u>	<u>\$ 16,485.6</u>

Interest capitalized was \$38.2 million and \$22.8 million for the years ended December 31, 2012 and 2011, respectively. Interest capitalized in 2012 was primarily related to Project Linq.

Depreciation expense, which is included in depreciation and amortization, corporate expense, and income from discontinued operations in our Consolidated Statements of Comprehensive Loss, is as follows:

<u>(In millions)</u>	<u>Year Ended December 31,</u>		
	<u>2012</u>	<u>2011</u>	<u>2010</u>
Depreciation expense	<u>\$ 751.6</u>	<u>\$ 724.7</u>	<u>\$ 747.0</u>

Tangible asset impairments

Atlantic City

We review the carrying value of property and equipment for impairment whenever events or circumstances indicate that the carrying value may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. There has been growing competitive and economic pressure in Atlantic City due to new competition in surrounding markets, exacerbated by significant hurricane-related closures in 2012 and 2011. The collective effect of these trends has resulted in downward pressure on the Company's actual results from operations compared with prior years and with previous forecasts. As a result, the Company continues to evaluate its options for participation in the market. In connection with that evaluation, the Company determined it was necessary to complete an assessment for impairment for one of its Atlantic City properties. Upon the failure of step one of the assessment, we performed a fair value assessment of the property. As a result of this assessment, in December 2012, we recorded a tangible asset impairment of \$450.0 million related to the property, comprised of \$251.0 million related to building and improvements, \$190.0 million for land and \$9.0 million for furniture, fixtures, and equipment. With the help of a third-party valuation firm, we estimated the fair value of the property starting with a “Replacement Cost New” approach, and then deducting appropriate amounts for both functional and economic obsolescence to arrive at the fair value estimate. This analysis is sensitive to management assumptions and the estimates of the obsolescence factors, and increases or decreases in these assumptions and estimates would have a material impact on the analysis.

Macau

During 2012, we determined that it is more likely than not that we will divest of our investment in a land concession in Macau prior to the end of the remaining 35-year term of the concession. As a result, we performed an impairment assessment on this investment and recorded a tangible asset impairment of \$101.0 million. In the fourth quarter 2012, we began discussions with interested investors on a sale of the subsidiaries that hold our land concession in Macau. As a result of this plan of disposal the impairment charge was reclassified to discontinued operations in our Consolidated Statement of Comprehensive Loss for the year ended December 31, 2012.

Biloxi

In 2012, we recorded tangible asset impairments on a previously halted development project in Biloxi, Mississippi of \$180.5 million.

Note 6—Goodwill and Other Intangible Assets

The following table sets forth changes in the carrying value of our goodwill:

<u>(In millions)</u>	<u>Gross Goodwill</u>		<u>Accumulated Impairment</u>		<u>Net Carrying Value</u>	
	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>
Balance at January 1	\$ 9,438.6	\$ 9,391.7	\$ (6,078.2)	\$ (6,075.2)	\$ 3,360.4	\$ 3,316.5
Additions	14.3	50.7	—	—	14.3	50.7
Impairments	—	—	(195.2)	(3.0)	(195.2)	(3.0)
Contribution of Thistle-down to ROC venture	(20.1)	—	—	—	(20.1)	—
Other	0.9	(3.8)	—	—	0.9	(3.8)
Balance at December 31	<u>\$ 9,433.7</u>	<u>\$ 9,438.6</u>	<u>\$ (6,273.4)</u>	<u>\$ (6,078.2)</u>	<u>\$ 3,160.3</u>	<u>\$ 3,360.4</u>

During 2012, we acquired substantially all of the net assets of Bubbler and Buffalo and recorded goodwill of \$7.5 million and \$6.8 million, respectively, based on the preliminary purchase price allocation. During 2012, we contributed our interests in Thistle-down to ROC and recorded a \$20.1 million reduction of related goodwill. During 2011, we acquired Playtika and recorded goodwill of \$50.7 million based on the purchase price allocation.

During the third quarter of 2012, we completed a preliminary annual assessment of goodwill as of September 30, which resulted in impairment charges of \$247.0 million. These impairment charges were a result of the combination of an increase in our discount rate, and reduced projected revenues within our long-term operating plan as a result of the current economic climate. We finalized our annual assessment during the fourth quarter of 2012 once we completed our fair value analysis for reporting units where a step two impairment test was required and, as a result of the final assessment, we recorded a reversal of \$60.0 million in impairment charges related to certain reporting units which were impaired during the third quarter. Also in the fourth quarter of 2012, we performed an additional impairment assessment, due to further reduced projected earnings within our long-term operating plan, and as a result we recorded an additional impairment charge of \$8.2 million related to certain reporting units. Net goodwill impairments recorded during 2012 totaled \$195.2 million. The Company did not have any reporting units with a zero or negative book value as of December 31, 2012.

During the third quarter of 2011, we completed a preliminary annual assessment of goodwill as of September 30, which did not result in an impairment charge. We finalized our annual assessment during the fourth quarter of 2011 once we completed our fair value analysis for reporting units where a step two impairment test was required and, as a result, we recorded an impairment of \$3.0 million related to certain properties.

The following table sets forth the changes in the carrying value of our intangible assets other than goodwill:

<u>(In millions)</u>	<u>Amortizing</u>	<u>Non-Amortizing</u>
Balance at December 31, 2010	\$ 1,235.1	\$ 3,184.0
Impairments	—	(8.0)
Additions	85.4	23.5
Amortization expense	(156.7)	—
Foreign currency translation	(0.1)	—
Balance at December 31, 2011	<u>1,163.7</u>	<u>3,199.5</u>
Impairments	—	(242.0)
Additions	37.8	—
Amortization expense	(174.6)	—
Foreign currency translation	0.7	0.6
Balance at December 31, 2012	<u>\$ 1,027.6</u>	<u>\$ 2,958.1</u>

During 2012, we acquired substantially all of the net assets of Buffalo Studios LLC and, based on the preliminary purchase price allocation, recorded amortizing intangible assets of \$37.8 million related to developed games and game titles.

During the second quarter of 2012, due to weak economic conditions in certain gaming markets in which we operate, we performed an interim impairment assessment of non-amortizing intangible assets. This analysis resulted in an impairment charge of \$33.0 million related to our trademark assets. During the third quarter of 2012, we completed our annual assessment of non-amortizing intangible assets as of September 30, which resulted in impairment charges of \$159.0 million, comprised of \$127.0 million related to trademarks and \$32.0 million related to gaming rights. These impairment charges were the result of a combination of an increase in our discount rate, and reduced projected revenues associated with these intangible assets within our long-term operating plan as a result of the current economic climate. During the fourth quarter of 2012, due to continued weak economic conditions in certain gaming markets in which we operate, we performed an interim impairment assessment of non-amortizing intangible assets. This analysis resulted in an impairment charge of \$50.0 million, comprised of \$49.0 million related to trademarks and \$1.0 million related to gaming rights. The total amount of impairment charges recorded during 2012 was \$242.0 million, comprised of \$209.0 million related to trademarks and \$33.0 million related to gaming rights.

The table below summarizes our impairment charges for goodwill and other non-amortizing intangible assets included in intangible and tangible asset impairment charges in our Consolidated Statements of Comprehensive Loss for the period shown:

<u>(In millions)</u>	<u>Year Ended December 31,</u>		
	<u>2012</u>	<u>2011</u>	<u>2010</u>
Goodwill	\$ 195.2	\$ 3.0	\$ 92.0
Trademarks	209.0	8.0	20.0
Gaming Rights and other	33.0	—	72.0
Total impairment of goodwill and other non-amortizing intangible assets	<u>\$ 437.2</u>	<u>\$ 11.0</u>	<u>\$ 184.0</u>

The following table provides the gross carrying value and accumulated amortization for each major class of intangible assets other than goodwill:

	December 31, 2012			December 31, 2011			
	Weighted Average Remaining Useful Life (in years)	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
(Dollars in millions)							
Amortizing intangible assets							
Customer relationships	7.0	\$ 1,456.7	\$ (618.0)	\$ 838.7	\$ 1,456.7	\$ (492.4)	\$ 964.3
Contract rights	2.0	145.1	(66.3)	78.8	144.4	(52.3)	92.1
Patented technology	3.8	156.7	(76.6)	80.1	118.9	(45.9)	73.0
Gaming rights	11.5	42.8	(12.8)	30.0	42.8	(10.2)	32.6
Trademarks	0.1	1.7	(1.7)	—	7.8	(6.1)	1.7
		<u>\$ 1,803.0</u>	<u>\$ (775.4)</u>	<u>1,027.6</u>	<u>\$ 1,770.6</u>	<u>\$ (606.9)</u>	<u>1,163.7</u>
Non-amortizing intangible assets							
Trademarks				1,699.7			1,908.7
Gaming rights				1,258.4			1,290.8
				<u>2,958.1</u>			<u>3,199.5</u>
Total intangible assets other than goodwill				<u>\$ 3,985.7</u>			<u>\$ 4,363.2</u>

The aggregate amortization expense for those intangible assets that continue to be amortized is reflected in amortization of intangible assets in the Consolidated Statements of Comprehensive Loss and was \$174.6 million, \$156.7 million and \$160.8 million for the years ended December 31, 2012, 2011, and 2010, respectively. Estimated annual amortization expense for each of the five years from 2013 through 2017 is \$163.9 million, \$151.9 million, \$150.3 million, \$135.4 million, and \$126.0 million, respectively.

Note 7—Detail of Accrued Expenses

Accrued expenses consists of the following:

	As of December 31,	
	2012	2011
(In millions)		
Payroll and other compensation	\$ 206.7	\$ 223.8
Self-insurance claims and reserves	202.0	209.2
Accrued taxes	147.0	147.3

^(a) Includes the note offering that occurred in December 2012. Although the notes mature in 2020, \$750.0 million face value notes offered in December 2012 are classified as short-term obligations within our December 31, 2012 balance sheet because the escrow conditions were not met as of that date.

^(b) Based on our ability and intent, assumes the exercise of extension options to move the maturity from 2013 to 2015, subject to certain conditions.

^(c) Guaranteed by Caesars Entertainment.

^(d) Guaranteed by Caesars Entertainment and certain wholly-owned subsidiaries of CEOC.

As of December 31, 2012 and 2011, book values of debt are presented net of unamortized discounts of \$2,691.0 million and \$2,858.0 million, respectively.

Current Portion of Long-Term Debt

Our current portion of long-term debt includes required interim principal payments on certain Term Loans, the special improvement district bonds and capitalized lease obligations. The current portion of long-term debt also includes \$750.0 million, \$125.2 million and \$0.6 million of 9.00% senior secured notes, 5.375% unsecured senior debt and 7.00% unsecured senior debt, respectively. The \$750.0 million of 9.00% senior secured notes relate to the December 2012 offering, the proceeds of which were placed into escrow. This is classified as current portion of long-term debt in our Consolidated Balance Sheet at December 31, 2012 due to escrow conditions not being satisfied until February 20, 2013.

The current portion of long term debt excludes the PHW Las Vegas senior secured loan and CMBS Financing due in 2013 based upon our ability and intent to exercise of our option to extend the maturities to 2015, subject to certain conditions. As of December 31, 2012, aggregate annual principal maturities for the four years subsequent to 2013, assuming all conditions to extend the maturities of the CMBS Financing and the PHW Las Vegas senior secured loan are met and such maturities are extended, are as follows: 2014, \$74.7 million; 2015, \$6,839.5 million; 2016, \$1,709.7 million; and 2017, \$2,735.3 million. These maturities do not reflect the debt offering and credit facility amendments that were completed in 2013. See Note 21, "Subsequent Events," for more information.

CEOC Credit Facilities

In connection with the Acquisition, CEOC entered into the senior secured credit facilities (the "Credit Facilities"). This financing is neither secured nor guaranteed by Caesars Entertainment's other direct subsidiaries, including the subsidiaries that own properties that are security for the CMBS Financing.

In May 2011, CEOC amended its Credit Facilities to, among other things: (i) allow CEOC to buy back loans from individual lenders at negotiated prices at any time, which may be less than par, (ii) allow CEOC to extend the maturity of term loans or revolving commitments, as applicable, and for CEOC to otherwise modify the terms of loans or revolving commitments in connection with such an extension, and (iii) modify certain other provisions of the Credit Facilities. CEOC also extended its Credit Facilities by (i) converting \$799.4 million of B-1, B-2 and B-3 term loans held by consenting lenders to B-5 term loans with an extended maturity date of January 28, 2018 and a higher interest rate with respect to such extended term loans (the "Extended Term Loans") and (ii) converting \$423.3 million of revolver commitments held by consenting lenders into Extended Term Loans.

During 2012, we (i) extended the maturity of \$3,812.3 million B-1, B-2 and B-3 term loans held by consenting lenders from January 28, 2015 to January 28, 2018 and increased the interest rate with respect to such extended term loans (the "Term B-6 Loans"), (ii) converted \$457.8 million original maturity revolver commitments held by consenting lenders to Term B-6 Loans and promptly following such conversion, repaid \$1,574.3 million of term loans held by any consenting lender, (iii) extended the maturity of \$37.2 million original maturity revolver commitments held by consenting lenders who elected not to convert their commitments to term loans from January 28, 2014 to January 28, 2017 and increased the interest rate and the undrawn commitment fee with respect to such extended revolver commitments, and upon the effectiveness of such extension, terminated \$798.5 million of revolver commitments and increased the amount of outstanding Term B-6 Loans by \$2,853.8 million, and (iv) modified certain other provisions of the Credit Facilities. The Term B-6 Loans have a springing maturity to April 14, 2017 if more than \$250.0 million of CEOC's 11.25% senior secured notes due 2017 remain outstanding on April 14, 2017.

In addition to the foregoing, CEOC may elect to extend and/or convert additional term loans and/or revolver commitments from time to time.

As of December 31, 2012, our Credit Facilities provide for senior secured financing of up to \$6,480.6 million, consisting of (i) senior secured term loan facilities in an aggregate principal amount of \$6,072.3 million with \$1,025.8 million maturing on January 28, 2015, \$970.0 million maturing on October 31, 2016 (the "Incremental Loans"), and \$4,076.5 million maturing on January 28, 2018, (ii) a senior secured revolving credit facility in an aggregate principal amount of up to \$408.3 million, with \$377.2 million maturing January 28, 2014, and \$31.1 million maturing January 28, 2017, including both a letter of credit sub-facility and a swingline loan sub-facility. The term loans under the Credit Facilities require scheduled quarterly payments of \$3.1 million, with the balance due at maturity. As of December 31, 2012, \$90.6 million of the revolving credit facility is committed to outstanding letters of credit. After consideration of the letter of credit commitments, \$317.7 million of additional borrowing capacity was available to the Company under its revolving credit facility as of December 31, 2012.

Subsequent to December 31, 2012, CEOC consummated additional extension transactions with consenting lenders under its Credit Facilities and amended its Credit Facilities. See Note 21, "Subsequent Events," for further discussion.

Borrowings under the Credit Facilities, other than borrowings under the Incremental Loans, the Extended Term Loans and the Term B-6 Loans, bear interest at a rate equal to the then-current LIBOR rate, or at a rate equal to the alternate base rate, in each case plus an applicable margin. As of December 31, 2012, the Credit Facilities, other than borrowings under the Incremental Loans, the Extended Term Loans and the Term B-6 Loans, bore interest at LIBOR plus 300 basis points for the term loans. The revolver loan bore interest at LIBOR plus 300 basis points or the alternate base rate plus 200 basis points. The swingline loan bore interest at the alternate base rate plus 150 basis points. The extended revolver loan bore interest at LIBOR plus 525 basis points or the alternate base rate plus 425 basis points.

Borrowings under the Incremental Loans bear interest at a rate equal to either the alternate base rate or the greater of (i) the then-current LIBOR rate or (ii) 2.0%; in each case plus an applicable margin. At December 31, 2012, borrowings under the Incremental Loans bore interest at the minimum base rate of 2.0%, plus 750 basis points.

Borrowings under the Extended Term Loans bear interest at a rate equal to either the alternate base rate or the then-current LIBOR rate, plus an applicable margin. At December 31, 2012, borrowings under the Extended Term Loans bore interest at LIBOR plus 425 basis points.

Borrowings under the Term B-6 Loans bear interest at a rate equal to either the alternate base rate or the then-current LIBOR rate, plus an applicable margin. At December 31, 2012, borrowings under the Term B-6 Loans bore interest at LIBOR plus 525 basis points.

In addition, on a quarterly basis, we are required to pay each lender (i) a commitment fee in respect of any unborrowed amounts under the revolving credit facility and (ii) a letter of credit fee in respect of the aggregate face amount of outstanding letters of credit under the revolving credit facility. As of December 31, 2012, the Credit Facilities bore a commitment fee for unborrowed amounts of 50 basis points.

CEOC's Credit Facilities are guaranteed by Caesars Entertainment and are secured by a pledge of CEOC's capital stock and by substantially all of the existing and future property and assets of CEOC and its material, wholly-owned domestic subsidiaries, including a pledge of the capital stock of CEOC's material, wholly-owned domestic subsidiaries and 65.0% of the capital stock of the first-tier foreign subsidiaries, in each case subject to exceptions. At December 31, 2012, the following casino properties have mortgages under the Credit Facilities:

<u>Las Vegas</u>	<u>Atlantic City</u>	<u>Louisiana/Mississippi</u>	<u>Iowa/Missouri</u>
Caesars Palace	Bally's Atlantic City	Harrah's New Orleans	Harrah's Council Bluffs
Bally's Las Vegas	Caesars Atlantic City	(Hotel only)	Horseshoe Council Bluffs/ Bluffs Run
The Quad Resort & Casino	Showboat Atlantic City	Harrah's Louisiana Downs	
		Horseshoe Bossier City	
		Harrah's Tunica	
		Horseshoe Tunica	
		Tunica Roadhouse Hotel & Casino	
<u>Illinois/Indiana</u>	<u>Other Nevada</u>		
Horseshoe Southern Indiana	Harrah's Reno		
Harrah's Metropolis	Harrah's Lake Tahoe		
Horseshoe Hammond	Harveys Lake Tahoe		

Additionally, certain undeveloped land in Las Vegas is mortgaged.

CEOC Bond Offerings

In February 2012, CEOC completed the offering of \$1,250.0 million aggregate principal amount of 8.5% senior secured notes due 2020. CEOC used \$1,095.6 million of the net proceeds from this transaction to repay a portion of the Credit Facilities in connection with the consummation of the transactions as further discussed in the Credit Facilities section above.

In August 2012, CEOC completed the offering of \$750.0 million aggregate principal amount of 9% senior secured notes due 2020. CEOC used \$478.8 million of the net proceeds from this transaction to repay a portion of the Credit Facilities in connection with the consummation of the transactions as further discussed in the Credit Facilities section above.

In December 2012, CEOC completed the offering of \$750.0 million aggregate principal amount of 9% senior secured notes due 2020, the proceeds of which were placed into escrow and are recorded as short-term restricted cash in our Consolidated Balance Sheet at December 31, 2012. See Note 21, "Subsequent Events" for further discussion.

Subsequent to December 31, 2012, CEOC completed the offering of \$1,500.0 million aggregate principal amount of 9% senior notes due 2020. See Note 21, "Subsequent Events" for further discussion.

Our Senior Secured Notes, including the Second-Priority Senior Secured Notes, and our unsecured debt, which is fixed-rate debt, have semi-annual interest payments, with the majority of those payments on June 15 and December 15.

CMBS Financing

In connection with the Acquisition, eight of our properties (the "CMBS properties") and their related assets were spun out of CEOC to Caesars Entertainment. As of the Acquisition date, the CMBS properties were Harrah's Las Vegas, Rio, Flamingo Las Vegas, Harrah's Atlantic City, Showboat Atlantic City, Harrah's Lake Tahoe, Harveys Lake Tahoe and Bill's Lake Tahoe. The CMBS properties borrowed \$6,500.0 million of CMBS financing (the "CMBS Financing"). The CMBS Financing is secured by the assets of the CMBS properties and certain aspects of the financing are guaranteed by Caesars Entertainment. On May 22, 2008, Paris Las Vegas and Harrah's Laughlin and their related operating assets were spun out of CEOC to Caesars Entertainment and became property secured under the CMBS mortgage loan and/or related mezzanine loans ("CMBS Loans"), and Harrah's Lake Tahoe, Harveys Lake Tahoe, Bill's Lake Tahoe and Showboat Atlantic City were transferred to CEOC from Caesars Entertainment as contemplated under the debt agreements effective pursuant to the Acquisition.

On August 31, 2010, we executed an agreement with the lenders to amend the terms of our CMBS Financing to, among other things, (i) provide our subsidiaries that are borrowers under the CMBS Loans the right to extend the maturity of the CMBS Loans, subject to certain conditions, by up to two years until February 13, 2015, (ii) amend certain terms of the CMBS Loans with respect to reserve requirements, collateral rights, property release prices and the payment of management fees, (iii) provide for ongoing mandatory offers to repurchase CMBS Loans using excess cash flow from the CMBS entities at discounted prices, (iv) provide for the amortization of the mortgage loan in certain minimum amounts upon the occurrence of certain conditions and (v) provide for certain limitations with respect to the amount of excess cash flow from the CMBS entities that may be distributed to us. Any CMBS Loan purchased pursuant to the amendments will be canceled.

The conditions to the first extension of the initial maturity date to February 13, 2014 (the "first extended maturity date") are (i) no default or event of default on the initial maturity date, (ii) notice of the election of the extension, (iii) delivery of an officer's certificate reaffirming and restating the representations and warranties in the loan agreements as of the initial maturity date, (iv) if the interest rate cap agreement then in effect is scheduled to mature prior to the first extended maturity date, the borrowers shall have obtained new or extended interest rate cap agreements extending the agreement through the first extended maturity date and (v) the borrowers shall have paid a 50 bps extension fee in respect of such extension.

The conditions to the extension of the first extended maturity date to February 2015 (the "second extended maturity date") are (i) no default or event of default on the first extended maturity date, (ii) notice of the election of the extension, (iii) delivery of an officer's certificate reaffirming and restating the representations and warranties in the loan agreements as of the first extended maturity date, (iv) if the interest rate cap agreement then in effect is scheduled to mature prior to the second extended maturity date, the borrowers shall have obtained new or extended interest rate cap agreements extending the agreement through the second extended maturity date, and (v) the borrowers shall have paid a 50 bps extension fee in respect of such extension.

As part of the amended CMBS Loan Agreement, in order to extend the maturity of the CMBS Loans under the extension option, we are required to extend our interest rate cap agreement to cover the two years of extended maturity of the CMBS Loans, with a maximum aggregate purchase price for such extended interest rate cap of \$5.0 million, which we funded in connection with the closing of the 2010 amendment to the CMBS Loan Agreement.

During 2010, we purchased \$361.7 million of aggregate face value of CMBS Loans for \$155.3 million, recognizing total pre-tax gains of \$167.6 million, net of deferred finance charges. During 2011, we purchased \$158.1 million of aggregate face value of CMBS Loans for \$108.5 million, recognizing total pre-tax gains of \$47.5 million, net of deferred finance charges. During 2012, we purchased \$367.3 million of aggregate face value of CMBS Loans for \$229.3 million, recognizing total pre-tax gains of \$135.0 million, net of deferred finance charges.

Subsequent to December 31, 2012, we executed the first extension of the initial maturity date to February 2014 as discussed in Note 21, "Subsequent Events."

We make monthly interest payments on our CMBS Financing.

PHW Las Vegas Senior Secured Loan

In February 2010, CEOC acquired 100% of the equity interests of PHW Las Vegas, which owns the Planet Hollywood Resort and Casino located in Las Vegas, Nevada. In connection with this transaction, PHW Las Vegas assumed a \$554.3 million, face value, senior secured loan, and a subsidiary of CEOC canceled certain debt issued by PHW Las Vegas' predecessor entities. The outstanding amount is secured by the assets of PHW Las Vegas and is non-recourse to other subsidiaries of the Company.

In connection with the transaction and the assumption of debt, PHW Las Vegas entered into the Amended and Restated Loan Agreement with Wells Fargo Bank, N.A., as trustee for The Credit Suisse First Boston Mortgage Securities Corp. Commercial Mortgage Pass-Through Certificates, Series 2007-TFL2 ("Lender"). On October 26, 2011, we exercised the option to extend the PHW Las Vegas senior secured loan to 2013. The loan contains an additional extension option which, if exercised, would extend its maturity until April 2015. The conditions to extend the maturity date are (i) no default or event of default on the date that notice of the extension is given and on the first extended maturity date of December 9, 2013, (ii) notice of the election of the extension, (iii) the purchase of an interest rate cap (or provision of an acceptable alternative letter of credit or other support) with a strike price such that our Debt Service Coverage Ratio is at least 1.1:1.00 as of the first extended maturity date and (iv) the ratio of (a) the Adjusted Net Cash Flow (defined as gross income from operations less operating expenses less 3% of gross income from operations) for the trailing twelve calendar month period to (b) the outstanding principal balance of the loan as of the first extended maturity date is not less than 9%.

PHW Las Vegas is an unrestricted subsidiary of CEOC and, therefore, not a borrower under CEOC's Credit Facilities. A subsidiary of CEOC manages the property for PHW Las Vegas for a fee.

PHW Las Vegas may, at its option, voluntarily prepay the loan in whole or in part upon twenty (20) days prior written notice to Lender. PHW Las Vegas is required to prepay the loan in (i) the amount of any insurance proceeds received by Lender for which Lender is not obligated to make available to PHW Las Vegas for restoration in accordance with the terms of the Amended and Restated Loan Agreement, (ii) the amount of any proceeds received from the operator of the timeshare property adjacent to the Planet Hollywood Resort and Casino, subject to the limitations set forth in the Amended and Restated Loan Agreement, and (iii) the amount of any excess cash remaining after application of the cash management provisions of the Amended and Restated Loan Agreement.

The PHW Las Vegas senior secured loan requires that the Company maintain certain reserve funds in respect of furniture, fixtures, and equipment, capital improvements, interest service, taxes and insurance. Certain amounts deposited into the specified reserve funds represent restricted cash.

The amount outstanding under the PHW Las Vegas senior secured loan bears interest at a rate per annum equal to LIBOR plus 2.859%. A subsidiary of CEOC owns interest-only participations in a portion of the PHW Las Vegas senior secured loan that bear interest at a fixed rate equal to 1.59% per year.

In connection with PHW Las Vegas' Amended and Restated Loan Agreement, Caesars Entertainment entered into a Guaranty Agreement (the "Guaranty") for the benefit of the Lender, pursuant to which Caesars Entertainment guaranteed to the Lender certain recourse liabilities of PHW Las Vegas. Caesars Entertainment's maximum aggregate liability for such recourse liabilities is limited to \$30.0 million, provided that such recourse liabilities of PHW Las Vegas do not arise from (i) events, acts, or circumstances that are actually committed by, or voluntarily or willfully brought about by, Caesars Entertainment or (ii) event, acts, or circumstances (regardless of the cause of the same) that provide actual benefit (in cash, cash equivalent, or other quantifiable amount) to the Company, to the full extent of the actual benefit received by the Company. Pursuant to the Guaranty, Caesars Entertainment is required to maintain a net worth or liquid assets of at least \$100.0 million.

Octavius and Linq Projects

On April 25, 2011, the Company, together with certain indirect wholly-owned subsidiaries of CEOC (the "Borrowers") entered into a credit agreement (the "Octavius/Linq Credit Agreement") pursuant to which the Borrowers incurred financing to complete the Development. The Octavius/Linq Credit Agreement provides for a \$450.0 million senior secured term facility (the "Term Facility") with a six-year maturity, which is secured by all material assets of the Borrowers. The proceeds of the Term Facility were funded during the second quarter of 2011 and are included as restricted cash on the Company's balance sheet until drawn to pay for costs incurred in the Development. These funds are being used by the Borrowers to finance the Development and to pay fees and expenses incurred in connection with the Term Facility and the transactions related thereto.

As a condition to the provision of the Term Facility, the Company provided a completion guarantee (the "Completion Guaranty") with respect to the Development, which guarantees completion of the construction of the Development, availability of contemplated working capital and receipt of material permits and licenses necessary to open and operate the Development. The maximum liability of the Company under the completion guarantee is \$25.0 million in respect of Project Octavius and \$75.0 million in respect of Project Linq.

In connection with the Development and the Term Facility, the Company contributed the existing Octavius Tower at Caesars Palace Las Vegas and related assets to one of the Borrowers, the book value of which was \$312.0 million. In August 2011, the Company completed the contribution of the existing O'Shea's casino (adjacent to the Flamingo Las Vegas) and related real property and other assets comprising the components of Project Linq to one of the Borrowers, the book value of which was \$319.2 million. In connection with Project Octavius, one of the Borrowers leases the Octavius Tower at Caesars Palace Las Vegas to a wholly-owned subsidiary of CEOC. Upon completion of Project Linq, one of the Borrowers will lease the gaming space in Project Linq to a wholly-owned subsidiary of CEOC. The total lease payments will be \$50.0 million annually once the Development is open. As described above, CEOC has guaranteed certain of the obligations of the lessees under the Project Octavius and Project Linq leases.

Pursuant to the Octavius/Linq Credit Agreement, the Company is required to make cash contributions to the Borrowers from time to time to fund a total equity commitment to the Development of \$76.0 million. In addition, from time to time, the Company may be required to make additional cash contributions to the Borrowers to fund certain portions of the Development upon the occurrence of certain conditions. In addition to potential contributions pursuant to the Completion Guaranty, the Company has guaranteed all payments of interest under the Term Facility until the commencement of operations of the Octavius Tower at Caesars Palace Las Vegas and Project Linq and guaranteed the performance of the Borrowers of the first lien leverage ratio maintenance covenant (the "Performance Guarantee") by agreeing, upon certain conditions, to make cash equity contributions to the Borrowers from time to time pursuant to the terms of the Term Facility. The maximum liability of the Company under the performance guarantee is \$50.0 million. Except in the circumstances described above, neither the Company nor CEOC has any material obligations under the Term Facility, and the Term Facility is non-recourse to the Company or CEOC.

The Octavius/Linq Credit Agreement requires that the Borrowers maintain certain reserve funds in respect of furniture, fixtures, and equipment, capital improvements, interest service, taxes and insurance. Amounts deposited into the specified reserve funds represent restricted cash. In addition, the Octavius/Linq Credit Agreement requires up to 50.0% of excess cash flow (as defined in the agreement), depending on the Senior Secured Leverage Ratio for that period, be applied to prepay the Term Facility.

The Linq/Octavius Term Facility bears interest at a rate equal to either the alternate base rate, plus an applicable margin or the greater of (i) the then-current LIBOR rate or (ii) 1.25%, in each case plus an applicable margin. At December 31, 2012, borrowings under the agreement bore interest at the minimum base rate of 1.25%, plus 800 basis points.

Bill's Credit Facility

In November 2012, the Company entered into a \$185.0 million, seven-year senior secured credit facility bearing interest at LIBOR plus 9.75% with a LIBOR floor of 1.25% (the "Bill's Credit Facility") to fund the renovation of Bill's Gamblin' Hall & Saloon into a boutique lifestyle hotel that includes a dayclub/nightclub. The renovation will include a complete remodeling of the guest rooms, casino floor, and common areas, the addition of a second floor restaurant, and the construction of an approximately 65,000 square foot rooftop pool and dayclub/nightclub. The Company will own the property and manage the casino, hotel, and food and beverage operations, and the dayclub/nightclub will be leased to a third party. The proceeds of the Bill's Credit Facility were funded during the fourth quarter and are included as restricted cash on the Company's balance sheet until drawn to pay for costs incurred in the renovation.

As part of the credit facility, the Company provided a completion guarantee to ensure prompt and complete performance to (i) complete construction and pay all project costs in accordance with the loan documents, (ii) provide the initial working capital specified in the project budget, and (iii) obtain all material permits and licenses necessary for the commencement of operations. The maximum liability of the Company under the completion guarantee is \$20.0 million.

Other Financing Transactions

In February 2012, Chester Downs issued \$330.0 million aggregate principal amount of 9.25% senior secured notes due 2020 through a private placement. Chester Downs used \$232.4 million of the proceeds of the notes to repay the term loan due 2016 plus accrued interest and a prepayment penalty. The remaining proceeds were used to make a distribution to Chester Downs' managing member, Harrah's Chester Downs Investment Company, LLC, a wholly-owned subsidiary of CEOC, and for other general corporate purposes.

During the second quarter of 2012, a subsidiary of Caesars Entertainment purchased \$5.9 million face value of CEOC debt for \$3.2 million recognizing a pre-tax gain of \$1.0 million, net of deferred finance charges.

In June 2012, a subsidiary of Caesars Entertainment issued a non-interest bearing convertible promissory note in the amount of \$28.5 million. In November 2012, a subsidiary of Caesars Entertainment issued an additional non-interest bearing convertible promissory note in the amount of \$19.2 million. See Note 10, "Stockholders' Equity, Non-controlling Interests and Loss Per Share," for more information.

Restrictive Covenants and Other Matters

The Credit Facilities require compliance on a quarterly basis with a maximum net senior secured first lien debt leverage test. In addition, the Credit Facilities include negative covenants, subject to certain exceptions, restricting or limiting CEOC's ability and the ability of its restricted subsidiaries to, among other things: (i) incur additional debt; (ii) create liens on certain assets; (iii) enter into sale and lease-back transactions; (iv) make certain investments, loans, and advances; (v) consolidate, merge, sell, or otherwise dispose of all or any part of its assets or to purchase, lease, or otherwise acquire all or any substantial part of assets of any other person; (vi) pay dividends or make distributions or make other restricted payments; (vii) enter into certain transactions with its affiliates; (viii) engage in any business other than the business activity conducted at the closing date of the loan or business activities incidental or related thereto; (ix) amend or modify the articles or certificate of incorporation, by-laws, and certain agreements or make certain payments or modifications of indebtedness; and (x) designate or permit the designation of any indebtedness as "Designated Senior Debt."

Caesars Entertainment is not bound by any financial or negative covenants contained in CEOC's credit agreement, other than with respect to the incurrence of liens on and the pledge of its stock of CEOC.

All borrowings under the senior secured revolving credit facility are subject to the satisfaction of customary conditions, including the absence of a default, the accuracy of representations and warranties, and the requirement that such borrowing does not reduce the amount of obligations otherwise permitted to be secured under our Credit Facilities without ratably securing the retained notes.

Certain of our borrowings have covenants and requirements that include, among other things, the maintenance of specific levels of financial ratios. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions, or cause an event of default. Specifically, the Credit Facilities require CEOC to maintain a senior secured leverage ratio of no more than 4.75 to 1.0, which is the ratio of senior first priority secured debt to last twelve months ("LTM") Adjusted EBITDA - Pro Forma - CEOC Restricted. This ratio excludes \$2,200.0 million of first priority senior secured notes and up to \$350.0 million aggregate principal amount of consolidated debt of subsidiaries that are not wholly-owned. This ratio also reduces the amount of senior first priority secured debt by the amount of unrestricted cash on hand. As of December 31, 2012, CEOC's senior secured leverage ratio was 4.44 to 1.0. We entered into an amendment to the Credit Facilities in February 2013. The closing of the transaction is subject to certain conditions, including required regulatory approvals. See Note 21, "Subsequent Events" for further discussion.

In addition, certain covenants contained in CEOC's Credit Facilities and indentures covering the Company's second priority senior secured notes and first priority senior secured notes restrict our ability to take certain actions such as incurring additional debt or making acquisitions if we are unable to meet a fixed charge coverage ratio (LTM Adjusted EBITDA - Pro Forma - CEOC Restricted to fixed charges) of at least 2.0 to 1.0, a total first priority secured leverage ratio (first priority senior secured debt to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted) of no more than 4.5 to 1.0 and/or a consolidated leverage ratio (consolidated total debt to LTM Adjusted EBITDA - Pro Forma - CEOC Restricted) of no more than 7.25 to 1.0. As of December 31, 2012, CEOC's total first priority secured leverage ratio and consolidated leverage ratio were 6.15 to 1.0 and 12.11 to 1.0, respectively. For the year ended December 31, 2012, CEOC's earnings were insufficient to cover fixed charges by \$407.2 million. For purposes of calculating the fixed charge coverage ratio, fixed charges includes consolidated interest expense less interest income and any cash dividends paid on preferred stock (other than amounts eliminated in consolidation). For purposes of calculating the total first priority secured leverage ratio and the consolidated leverage ratio, the amounts of first priority senior secured debt and consolidated total debt, respectively, are reduced by the amount of unrestricted cash on hand. The covenants that provide for the fixed charge coverage ratio, total first priority secured leverage ratio and consolidated leverage ratio described in this paragraph are not maintenance covenants.

The indenture and other agreements governing our cash pay debt and PIK toggle debt limit CEOC's (and most of its subsidiaries') ability to among other things: (i) incur additional debt or issue certain preferred shares; (ii) pay dividends or make distributions in respect of our capital stock or make other restricted payments; (iii) make certain investments; (iv) sell certain assets; (v) engage in any business or own any material asset other than all of the equity interest of CEOC so long as certain investors hold a majority of the notes; (vi) create or permit to exist dividend and/or payment restrictions affecting its restricted subsidiaries; (vii) create liens on certain assets to secure debt; (viii) consolidate, merge, sell or otherwise dispose of all or substantially all of its assets; (ix) enter into certain transactions with its affiliates; and (x) designate its subsidiaries as unrestricted subsidiaries. Subject to certain exceptions, the indenture governing the notes and the agreements governing the other cash pay debt and PIK toggle debt will permit us and our restricted subsidiaries to incur additional indebtedness, including secured indebtedness.

The CMBS Financing includes negative covenants, subject to certain exceptions, restricting or limiting the ability of the borrowers and operating companies under the CMBS Financing to, among other things: (i) incur additional debt; (ii) create liens on assets; (iii) make certain investments, loans, and advances; (iv) consolidate, merge, sell, or otherwise dispose of all or any part of its assets or to purchase, lease, or otherwise acquire all or any substantial part of assets of any other person; (v) enter into certain transactions with its affiliates; (vi) engage in any business other than the ownership of the properties and business activities ancillary thereto; and (vi) amend or modify the articles or certificate of incorporation, by-laws, and certain agreements.

The CMBS Financing also includes affirmative covenants that require the CMBS properties to, among other things, maintain the borrowers as "special-purpose entities", maintain certain reserve funds in respect of furniture, fixtures, and equipment, taxes, and insurance, and comply with other customary obligations for CMBS real estate financings. Amounts deposited into the specified reserve funds represent restricted cash.

In addition, the CMBS Financing obligates the CMBS properties to apply excess cash flow in certain specified manners, depending on the outstanding principal amount of various tranches of the CMBS loans and other factors. These obligations will limit the amount of excess cash flow from the CMBS properties that may be distributed to Caesars Entertainment. For example, the CMBS properties are required to use 100% of excess cash flow to make ongoing mandatory offers on a quarterly basis to purchase CMBS mezzanine loans at discounted prices from the holders thereof. To the extent such offers are accepted, such excess cash flow will need to be so utilized and will not be available for distribution to Caesars Entertainment. To the extent such offers are not accepted with respect to any fiscal quarter, the amount of excess cash flow that may be distributed to Caesars Entertainment is limited to 85% of excess cash flow with respect to such quarter. In addition, the CMBS Financing provides that once the aggregate principal amount of the CMBS mezzanine loans is less than or equal to \$625.0 million, the mortgage loan will begin to amortize on a quarterly basis in an amount equal to the greater of 100% of excess cash flow for such quarter and \$31.3 million. If the CMBS mortgage loan begins to amortize, the excess cash flow from the CMBS properties will need to be applied to such amortization and will not be available for distribution to Caesars Entertainment.

As a result of the restrictions from CEOC's borrowings, CMBS Financing and other arrangements, the amount of restricted net assets of our consolidated subsidiaries held at December 31, 2012 and 2011 was approximately \$1.2 billion and \$1.1 billion, respectively.

Note 9—Derivative Instruments

Derivative Instruments – Interest Rate Swap Agreements

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of December 31, 2012, we have entered into eight interest rate swap agreements for notional amounts totaling \$5,750.0 million. The difference to be paid or received under the terms of the interest rate swap agreements is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows.

The major terms of the interest rate swap agreements as of December 31, 2012 are as follows:

Effective Date	Notional Amount (In millions)	Fixed Rate Paid	Variable Rate Received as of Dec. 31, 2012	Next Reset Date	Maturity Date
April 25, 2011	\$ 250.0	1.351%	0.210%	January 25, 2013	January 25, 2015
April 25, 2011	250.0	1.347%	0.210%	January 25, 2013	January 25, 2015
April 25, 2011	250.0	1.350%	0.210%	January 25, 2013	January 25, 2015
January 25, 2011	1,000.0	3.068%	0.210%	January 25, 2013	January 25, 2015
April 25, 2011	1,000.0	3.150%	0.210%	January 25, 2013	January 25, 2015
January 25, 2011	1,000.0	3.750%	0.210%	January 25, 2013	January 25, 2015
April 25, 2011	1,000.0	3.264%	0.210%	January 25, 2013	January 25, 2015
January 25, 2011	1,000.0	3.814%	0.210%	January 25, 2013	January 25, 2015

The variable rate received on our interest rate swap agreements did not materially change as a result of the January 25, 2013 reset.

During the second quarter of 2011, the Company completed transactions to amend and extend certain swap contracts. Prior to the amendment, a \$1,000.0 million swap had a fixed payment rate of 4.172% and a maturity date of April 25, 2012. Two \$2,000.0 million swaps were split into four \$1,000.0 million tranches. The previous terms included fixed payment rates of 4.276% and 4.263% and maturity dates of April 25, 2013. The amended payment rates and maturity dates are shown in the table above.

In December 2011, the Company amended the terms of two \$1,000.0 million swap contracts with a corresponding change in the elected interest rate on \$2,000.0 million of term loans. Effective January 25, 2012 through January 25, 2014, the variable rate received on the swaps changed from three-month to one-month LIBOR, and the fixed payment rate is reduced by 12 basis points. In connection with the amendment, the Company determined that it was not probable that previously forecasted transactions would occur on all interest rate swaps. Therefore, we removed the cash flow hedging designation for all of our interest rate swap agreements and were required to reclassify \$183.2 million of deferred losses recorded in AOCL into interest expense. Prior to removing the cash flow hedging designation, we amortized \$51.2 million of deferred losses frozen in AOCL to interest expense for the year ended December 31, 2011. Any future changes in fair value of the swap agreements will be recognized in interest expense during the period in which the changes in value occur.

On January 18, 2012, the Company amended the terms of three \$1,000.0 million notional value of interest rate swap contracts with a corresponding change in the elected interest rate on \$3,000.0 million of term loans under the Credit Facilities. Effective January 25, 2012 through January 25, 2014, the variable rate received on the swaps changed from three-month to one-month LIBOR and the fixed payment rate was reduced by 16.5 basis points. The table above reflects the amended payment rates.

Derivative Instruments – Interest Rate Cap Agreements

We have an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the CMBS Financing. The CMBS interest rate cap agreement, which was effective in January 2008 and terminates February 13, 2013, is for a notional amount of \$6,500.0 million at a LIBOR cap rate of 4.5%. See Note 21, "Subsequent Events," for further discussion. In 2010, we removed the cash flow hedge designation freezing the amount of deferred losses recorded in AOCL associated with the interest rate cap. Subsequently, we began amortizing deferred losses frozen in AOCL into income over the original remaining term of the hedge forecasted transactions that are still probable of occurring. For the years ended December 31, 2012, 2011 and 2010 we recorded \$20.9 million, \$20.9 million and \$19.2 million, respectively, as an increase to interest expense, and we will record an additional \$2.6 million as an increase to interest expense and AOCL through the termination date, all related to deferred losses on the interest rate cap. At December 31, 2012, \$4,650.2 million of the interest rate cap was designated a cash flow hedging instrument for accounting purposes. Any future changes in fair value of the portion of the interest rate cap not designated as a hedging instrument will be recognized in interest expense during the period in which the changes in value occur.

The hedging relationship between the CMBS Financing and the interest rate cap has remained effective subsequent to each debt extinguishment. In connection with the extinguishments, we reclassified deferred losses out of AOCL and into interest expense associated with the hedge for which the forecasted future transactions are no longer probable of occurring.

In 2010, as required under the PHW Las Vegas Amended and Restated Loan Agreement, we entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the PHW Las Vegas senior secured loan. The interest rate cap agreement was for a notional amount of \$554.3 million at a LIBOR cap rate of 5.0% and matured on December 9, 2011. To give proper consideration to the prepayment requirements of the PHW Las Vegas senior secured loan, we designated \$525.0 million of the \$554.3 million notional amount of the interest rate cap as a cash flow hedging instrument for accounting purposes. On May 1, 2011, we removed the cash flow hedging designation for the interest rate cap agreement. On December 9, 2011, we entered into a new interest rate cap agreement for a notional amount of \$517.7 million at a LIBOR cap rate of 7.0% and matures on December 9, 2013. Any change in fair value is recognized in interest expense during the period in which the change in value occurs.

Derivative Instruments – Other

During the second quarter of 2012, the Company entered into a written put option (the "Option") for certain preferred equity interests of an investee. The potential future aggregate cash payments of \$19.0 million as of December 31, 2012 related to the Option may occur from time to time. Based on the structure of this security as a written put option, the obligation for these potential cash payments is not reflected in our Consolidated Balance Sheets. Additionally, the Option is recorded in our Consolidated Balance Sheets at its fair value, which was de minimis as of December 31, 2012.

Derivative Instruments – Impact on Financial Statements

The following table represents the fair values of derivative instruments in the Consolidated Balance Sheets as of December 31:

	Asset Derivatives				Liability Derivatives			
	2012		2011		2012		2011	
	Balance Sheet Location	Fair Value	Balance Sheet Location	Fair Value	Balance Sheet Location	Fair Value	Balance Sheet Location	Fair Value
(In millions)								
Derivatives designated as hedging instruments								
Interest rate cap		\$ —		\$ —		\$ —		\$ —
Derivatives not designated as hedging instruments								
Interest rate swaps		—		—	Deferred credits and other	(306.4)	Deferred credits and other	(336.1)
Interest rate cap		—		—		—		—
Total Derivatives		<u>\$ —</u>		<u>\$ —</u>		<u>\$ (306.4)</u>		<u>\$ (336.1)</u>

The following table represents the effect of derivative instruments in the Consolidated Statement of Comprehensive Loss for the years ended December 31, 2012, 2011, and 2010 for amounts transferred into or out of AOCL:

(In millions)	Amount of (Gain) or Loss Recognized in AOCL (Effective Portion)			Location of (Gain) or Loss Reclassified from AOCL Into Net Loss (Effective Portion)	Amount of (Gain) or Loss Reclassified from AOCL into Net Loss (Effective Portion)			Location of (Gain) or Loss Recognized in Net Loss (Ineffective Portion)	Amount of (Gain) or Loss Recognized in Net Loss (Ineffective Portion)		
	2012	2011	2010		2012	2011	2010		2012	2011	2010
Derivatives designated as hedging instruments											
Interest Rate Contracts	\$ —	\$ 64.3	\$ 99.2	Interest Expense	\$ 28.4	\$ 265.7	\$ 36.3	Interest Expense	\$ —	\$ (53.4)	\$ (76.6)
									Amount of (Gain) or Loss Recognized in Net Loss		
Derivatives not designated as hedging instruments											
Interest Rate Contracts								Interest Expense	\$ (29.6)	\$ (16.9)	\$ 1.9

In addition to the impact on interest expense from amounts reclassified from AOCL, the difference to be paid or received under the terms of the interest rate swap agreements is recognized as interest expense and is paid monthly. This cash settlement portion of the interest rate swap agreements increased interest expense for the years ended December 31, 2012, 2011, and 2010 by \$169.6 million, \$201.1 million and \$265.8 million, respectively.

At December 31, 2012, our variable-rate debt, excluding \$5,750.0 million of variable-rate debt hedged using interest rate swap agreements, represents 25% of our total debt, while our fixed-rate debt is 75% of our total debt.

Note 10—Stockholders' Equity, Non-controlling Interests and Loss Per Share

Stockholders' Equity

Common Stock

The holders of common stock are entitled to one vote per share on all matters to be voted on by the stockholders of the Company. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, holders of common stock shall receive a pro rata distribution of any remaining assets after payment of or provision for liabilities and the liquidation preference on preferred stock, if any.

In January 2012, the Company entered into an agreement with certain of its direct and indirect stockholders, pursuant to which the Company, Hamlet Holdings, and entities controlled by the Sponsors released the contractual transfer restrictions on 24.2 million shares of our common stock (the "Released Shares") beneficially owned by certain indirect stockholders (the "Participating Co-Investors"). In consideration for such release, the Participating Co-Investors agreed to contribute 1.8 million shares to the Company (the "Delivered Shares"). The Company agreed to cause the registration for resale (the "Shelf Registration") under the Securities Act of the remaining Released Shares not constituting Delivered Shares (the "Registered Shares") and the listing of the Registered Shares on NASDAQ.

In February 2012, the Company received the Delivered Shares, placed them into its treasury, and offered 1.8 million newly issued shares of its common stock and an underwriters allotment of 271,697 shares, in a public offering, at \$9.00 per share. The Company received net proceeds of \$15.2 million on February 13, 2012, after taking into account expenses and underwriting commissions and giving effect to the exercise of the underwriters' overallotment option. As a result of the public offering, the Company's common stock trades on the NASDAQ under the symbol "CZR." In connection with this public offering, the Company effected a 1.742-for-one split of its common stock and used the net proceeds from its public offering for general corporate purposes. None of the Sponsors or affiliates or employees of the Company participated in the public offering as selling stockholders.

In February 2012, the Shelf Registration was filed, and, upon its effectiveness, 50% of the Registered Shares became eligible for resale under the Shelf Registration. The remaining 50% of the Registered Shares became eligible for resale in August 2012.

In March 2012, the Company filed a prospectus with the SEC, as part of a registration statement, to sell shares of our common stock, up to a maximum aggregate offering price of \$500.0 million. In April 2012, the Company entered into an equity distribution agreement with Citigroup Global Markets Inc. and Credit Suisse Securities (USA) LLC, whereby the Company may issue and sell up to 10.0 million shares of the Company's common stock from time to time. As of December 31, 2012, the Company had sold 15,000 shares with an aggregate offering price of \$216,000.

Non-controlling Interests

In March 2012, Rock Gaming and CIE, a majority-owned subsidiary of Caesars, entered into an agreement pursuant to which Rock Gaming purchased approximately 6,155 shares of CIE common stock for consideration of \$30.4 million in cash and agreed to purchase additional shares of CIE common stock on or before July 2, 2012.

In June 2012, CIE and Rock Gaming modified the agreement such that CIE issued to Rock Gaming approximately 382 shares of CIE common stock and a non-interest bearing convertible promissory note for \$28.5 million in exchange for consideration of \$30.4 million in cash. The promissory note is convertible into approximately 5,773 shares of CIE common stock.

In November 2012, CIE issued to Rock Gaming an additional non-interest bearing convertible promissory note for \$19.2 million in exchange for consideration of \$19.2 million in cash. The additional promissory note is convertible into approximately 3,140 shares of CIE common stock. The ability to convert the promissory notes into shares is subject to the satisfaction of certain specified criteria and both promissory notes are classified as long-term debt in our Consolidated Balance Sheet at December 31, 2012.

Loss Per Share

Basic earnings/(loss) per share from continuing operations and discontinued operations is calculated by dividing loss from continuing operations and income from discontinued operations, respectively, net of income taxes, by the weighted-average number of common shares outstanding for each period. Because the Company generated net losses for the years ended December 31, 2012, 2011 and 2010, the weighted-average basic shares outstanding was used in calculating diluted loss per share from continuing operations, and diluted (loss)/earnings per share from discontinued operations, as using diluted shares would be anti-dilutive to loss per share.

The following table shows the weighted average number of shares that were excluded from the computation of diluted loss per share for the year ended December 31, 2012, 2011 and 2010, as they were anti-dilutive:

<u>(In millions)</u>	Year Ended December 31,		
	2012	2011	2010
Stock options	6.1	5.9	7.2
Warrants	0.4	0.1	0.1
Restricted stock	*	—	—
Convertible preferred shares	—	—	24.4
	<u>6.5</u>	<u>6.0</u>	<u>31.7</u>

*Amount rounds to zero.

Note 11—Accumulated Other Comprehensive Loss

Accumulated Other Comprehensive Loss consists of the following:

<u>(In millions)</u>	As of December 31,	
	2012	2011
Defined benefit plan adjustments, net of tax	\$ (77.5)	\$ (66.6)
Foreign currency translation, net of tax	12.7	(6.1)
Net unrealized losses on derivative instruments, net of tax	(8.7)	(26.8)
Net unrealized gains on investments, net of tax	2.6	3.1
	<u>\$ (70.9)</u>	<u>\$ (96.4)</u>

Note 12—Write-downs, Reserves, and Project Opening Costs, net of Recoveries

Write-downs, reserves, and project opening costs, net of recoveries include project opening costs and various pre-tax charges to record contingent liability reserves, costs associated with efficiency projects, project write-offs, demolition costs, and other non-routine transactions, net of recoveries of previously recorded non-routine items.

The components of write-downs, reserves, and project opening costs, net of recoveries are as follows:

<u>(In millions)</u>	Year Ended December 31,		
	2012	2011	2010
Write-downs and reserves, net of recoveries:			
Divestitures and abandonments	\$ 59.1	\$ 10.1	\$ 29.0
Remediation costs	21.1	11.0	42.7
Write-down of long-term note receivable	—	—	52.2
Efficiency projects	17.5	46.6	1.4
Litigation reserves, awards, and settlements	(0.2)	3.2	20.9
Gain on Thistle-down contribution	(11.0)	—	—
Other	7.1	(1.8)	1.4
Total write-downs and reserves, net of recoveries	<u>93.6</u>	<u>69.1</u>	<u>147.6</u>
Project opening costs	12.6	4.7	2.1
Total write-downs, reserves, and project opening costs, net of recoveries	<u>\$ 106.2</u>	<u>\$ 73.8</u>	<u>\$ 149.7</u>

Divestitures and abandonments include (gains)/losses on divested or abandoned assets and costs associated with various projects that are determined to no longer be viable. For 2012, divestitures and abandonments included a charge of \$15.0 million related to an investment in a potential venture. For 2012 and 2011, divestitures and abandonments included charges of \$28.8 million and \$8.3 million, respectively, related to a previously halted development project in Biloxi, Mississippi. Divestitures and abandonments for 2010 primarily related to write-offs of specific assets associated with certain capital projects no longer expected to be completed in the Las Vegas and Atlantic City regions.

Remediation costs relate to projects at certain of our Las Vegas properties.

For 2010, we recorded a \$52.2 million write-down on a long-term note receivable related to land and pre-development costs contributed to a venture for development of a casino project in Philadelphia with which we were involved. In April 2010, the proposed operator for the project withdrew from the project and the Pennsylvania Gaming Control Board commenced proceedings to revoke the license for the project. As a result, we fully reserved the note.

Efficiency projects represent costs incurred to identify and implement efficiency programs aimed at streamlining corporate and operating functions to achieve cost savings and efficiencies, including Project Renewal, an initiative designed to reinvent certain aspects of the Company's functional and operating units to gain significant further cost reductions and streamline its operations.

Litigation reserves, awards, and settlements include costs incurred or reversed as a result of the Company's involvement in various litigation matters, including contingent losses. During 2010, we recorded a \$25.0 million charge related to the Hilton matter, which is more fully discussed in Note 15, "Litigation, Contractual Commitments and Contingent Liabilities."

As previously discussed in Note 3, "Acquisitions, Investments, Dispositions and Divestitures," the Company divested of ThistleDown, recognizing an \$11.0 million gain on the transaction.

Other includes demolition costs and other non-routine transactions.

Note 13—Income Taxes

The components of (loss)/income before income taxes and the related (benefit)/provision for U.S. and other income taxes were as follows:

<u>(Loss)/Income before Income Taxes</u> <u>(In millions)</u>	Year Ended December 31,		
	2012	2011	2010
United States	\$ (2,341.9)	\$ (1,271.5)	\$ (1,329.3)
Outside of the U.S.	88.7	38.7	(12.6)
	<u>\$ (2,253.2)</u>	<u>\$ (1,232.8)</u>	<u>\$ (1,341.9)</u>

<u>Income Tax (Benefit)/Provision</u> <u>(In millions)</u>	Year Ended December 31,		
	2012	2011	2010
United States			
Current			
Federal	\$ (72.0)	\$ (1.0)	\$ (215.1)
State	5.6	(16.4)	(7.7)
Deferred			
Federal	(726.7)	(450.6)	(221.9)
State	(87.1)	(70.1)	(61.1)
Outside of the U.S.			
Current	13.0	8.7	10.4
Deferred	(3.3)	(5.3)	2.9
	<u>\$ (870.5)</u>	<u>\$ (534.7)</u>	<u>\$ (492.5)</u>

Total income taxes were allocated as follows:

<u>Income Tax (Benefit)/Provision</u> <u>(In millions)</u>	Year Ended December 31,		
	2012	2011	2010
Loss from continuing operations, before income taxes	\$ (870.5)	\$ (534.7)	\$ (492.5)
Discontinued operations	50.1	27.8	23.8
Accumulated other comprehensive income/(loss)	10.9	70.9	(10.5)
Retained earnings	—	6.0	—
Additional paid in capital	(2.1)	11.6	—

The tax provision of \$70.9 million allocated to accumulated other comprehensive income/(loss) in 2011 was primarily comprised of \$117.3 million related to the reclassification of losses on derivative instruments from accumulated other comprehensive loss to interest expense, offset by tax benefits of \$28.4 million related to the change in fair market value of derivatives and \$19.2 million related to foreign currency translation adjustments. The tax impact for the components of accumulated other comprehensive income/(loss) in 2012 and 2010 were immaterial both individually and in the aggregate.

The differences between the statutory federal income tax rate and the effective tax rate expressed as a percentage of income/(loss) from continuing operations before taxes were as follows:

	Year Ended December 31,		
	2012	2011	2010
Statutory tax rate	35.0%	35.0%	35.0%
Increases/(decreases) in tax resulting from:			
State taxes, net of federal tax benefit	4.4	9.2	5.8
Valuation allowance	(2.3)	(6.6)	(3.2)
Foreign income taxes	—	2.8	1.2
Goodwill	(1.4)	0.1	(2.2)
Stock based compensation	(0.2)	—	—
Officers' life insurance/insurance proceeds	0.2	(0.3)	0.1
Acquisition and integration costs	(0.2)	—	—
Reserves for uncertain tax positions	3.1	(0.2)	(0.1)
Deferred tax liability adjustment	—	3.3	—
Other	—	0.1	0.1
Effective tax rate	<u>38.6%</u>	<u>43.4%</u>	<u>36.7%</u>

The major components of the deferred tax assets and liabilities in our Consolidated Balance Sheets as of December 31, 2012 and 2011 were as follows:

<u>(In millions)</u>	2012	2011
Deferred tax assets		
State net operating losses	\$ 180.3	\$ 155.9
Foreign net operating losses	37.8	35.4
Federal net operating loss	850.2	617.7
Compensation programs	120.6	112.0
Allowance for doubtful accounts	87.6	112.2
Self-insurance reserves	15.7	28.4
Accrued expenses	44.6	57.0
Federal tax credits	33.7	22.4
Federal indirect tax benefits of uncertain state tax positions	52.8	59.6
Outside basis difference in foreign subsidiaries	61.5	—
Other	20.6	57.2
Subtotal	<u>1,505.4</u>	<u>1,257.8</u>
Less: valuation allowance	330.0	210.7
Total deferred tax assets	<u>1,175.4</u>	<u>1,047.1</u>
Deferred tax liabilities		
Depreciation and other property-related items	2,241.7	2,540.8
Deferred cancellation of debt income and other debt-related items	1,913.4	1,983.1
Management and other contracts	3.9	8.2
Intangibles	1,255.7	1,517.5
Prepaid expenses	28.3	28.1
Investments in non-consolidated affiliates	3.5	(3.0)
Total deferred tax liabilities	<u>5,446.5</u>	<u>6,074.7</u>
Net deferred tax liability	<u>\$ 4,271.1</u>	<u>\$ 5,027.6</u>

Deferred tax assets and liabilities presented in our Consolidated Balance Sheets as of December 31, 2012 and 2011 were as follows:

<u>(In millions)</u>	<u>2012</u>	<u>2011</u>
Assets:		
Deferred income taxes (current)	\$ 114.9	\$ 170.5
Liabilities:		
Liabilities held for sale (non-current)	\$ 51.9	\$ 66.2
Deferred income taxes (non-current)	4,334.1	5,131.9
Net deferred tax liability	<u>\$ 4,271.1</u>	<u>\$ 5,027.6</u>

As a result of certain realization requirements of ASC Topic 718, *Compensation - Stock Compensation* ("ASC Topic 718"), the table of deferred tax assets and liabilities shown above does not include certain deferred tax assets as of December 31, 2012, and December 31, 2011 that arose directly from tax deductions related to equity compensation that are greater than the compensation recognized for financial reporting. Equity will be increased by \$0.2 million if and when such deferred tax assets are ultimately realized. The Company uses ASC Topic 740, *Income Taxes* ("ASC Topic 740"), ordering when determining when excess tax benefits have been realized.

As of December 31, 2012 and 2011, the Company had federal net operating loss ("NOL") carryforwards of \$2,418.2 million and \$2,022.3 million, respectively. This NOL will begin to expire in 2029. The federal NOL carryforwards per the income tax returns filed included unrecognized tax benefits taken in prior years. Due to application of ASC Topic 740, the federal NOL carryforwards reflected in the income tax returns, as filed, are larger than the NOLs for which a deferred tax asset is recognized for financial statement purposes. In addition, the Company had federal general business tax credits carryforwards of \$21.4 million which will begin to expire in 2029. As of December 31, 2012, no valuation allowance has been established for the Company's federal NOL carryforwards or general business tax credits carryforwards deferred tax assets because the Company has sufficient future tax liabilities arising within the carryforward periods. However, the Company will continue to assess the need for an allowance in future periods.

NOL carryforwards for the Company's subsidiaries for state income taxes were \$5,976.8 million and \$5,878.8 million as of December 31, 2012 and 2011, respectively. The state NOL carryforwards per the income tax returns filed included unrecognized tax benefits taken in prior years. Due to application of ASC Topic 740, they are larger than the NOLs for which a deferred tax asset is recognized for financial statement purposes. We believe that it is more likely than not that the benefit from certain state NOL carryforwards will not be realized. In recognition of this risk, we have provided a valuation allowance of \$163.9 million on the deferred tax assets relating to these NOL carryforwards and other state deferred tax assets which will not more likely than not be realized. We anticipate that state NOLs in the amount of \$12.8 million will expire in 2013. The remainder of the state NOLs will expire between 2014 and 2032.

NOL carryforwards of the Company's foreign subsidiaries were \$162.4 million and \$139.8 million as of December 31, 2012 and 2011, respectively. The majority of these foreign NOLs have an indefinite carryforward period but are subject to a full valuation allowance as the Company believes these assets do not meet the "more likely than not" criteria for recognition under ASC Topic 740.

As of December 31, 2012 and 2011, the Company had foreign tax credit carryforwards of \$12.3 million and \$5.2 million, respectively. During 2012, the Company amended its 2006 federal tax return to deduct \$12.4 million of the foreign tax credits which were projected to expire in 2015 and the Company amended its 2007 federal tax return to claim \$6.4 million of foreign tax credits which were projected to expire in 2015. The remaining foreign tax credit carryforwards of \$12.3 million is projected to expire unused in 2015 as the Company does not project to have sufficient future foreign source income in order to utilize these carryforwards. As such, the Company has provided a full valuation allowance against the foreign tax credit carryforward deferred tax asset.

We do not provide for deferred taxes on the excess of the financial reporting over the tax basis in our investments in foreign subsidiaries that are essentially permanent in duration. That excess is estimated to total \$98.2 million at December 31, 2012. The additional deferred taxes, including foreign withholding taxes, that have not been provided is estimated at \$31.4 million at December 31, 2012.

Included in the deferred tax assets is a deferred tax asset for the outside basis difference in the investments in foreign subsidiaries, which the Company believes is apparent will reverse in the foreseeable future. As the potential sale of this investment would generate a U.S. capital loss and the Company does not project generating any U.S. capital gains in the year of the sale or the related carryforward period, a full valuation allowance has been provided against this deferred tax asset.

A reconciliation of the beginning and ending amounts of gross unrecognized tax benefits is as follows:

(In millions)

Balance at January 1, 2010	\$ 362.0
Additions based on tax positions related to the current year	8.8
Additions for tax positions of prior years	224.2
Reductions for tax positions for prior years	(26.5)
Settlements	—
Expiration of statutes	(1.1)
Balance at December 31, 2010	<u>\$ 567.4</u>
Additions based on tax positions related to the current year	4.2
Additions for tax positions of prior years	2.0
Reductions for tax positions for prior years	(36.4)
Settlements	—
Expiration of statutes	(4.9)
Balance at December 31, 2011	<u>\$ 532.3</u>
Additions based on tax positions related to the current year	9.5
Additions for tax positions of prior years	3.3
Reductions for tax positions for prior years	(203.7)
Settlements	(7.9)
Expiration of statutes	(0.1)
Balance at December 31, 2012	<u><u>\$ 333.4</u></u>

We classify reserves for tax uncertainties within accrued expenses and deferred credits and other in our Consolidated Balance Sheets, separate from any related income tax payable or deferred income taxes. In accordance with ASC 740, reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions as well as potential interest or penalties associated with those liabilities. The reduction for tax positions from prior years in 2012 and the settlements in 2012 primarily relate to the settlements of the 2008 IRS exam appeal and the 2009 IRS examination. The Company recognized tax benefits through the reduction of tax expense of approximately \$70.4 million related to those IRS settlements.

We recognize interest and penalties accrued related to unrecognized tax benefits in income tax expense. We accrued approximately \$19 million and \$10 million during 2011 and 2010, respectively. We reduced our accrual by approximately \$8.0 million during 2012 due primarily to the IRS exam settlements noted above. In total, we have accrued balances of approximately \$73 million, \$80 million, and \$64 million for the payment of interest and penalties at December 31, 2012, 2011 and 2010, respectively. Included in the balance of unrecognized tax benefits at December 31, 2012, 2011 and 2010 are approximately \$219 million, \$287 million, and \$312 million, respectively, of unrecognized tax benefits that, if recognized, would impact the effective tax rate.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are under regular and recurring audit by the IRS and it is possible that the amount of the liability for unrecognized tax benefits could change during the next twelve months. We are also subject to exam by various state and foreign tax authorities. As of December 31, 2012, the tax years prior to 2010 are no longer subject to examination for U.S. tax purposes. As of December 31, 2012, the tax years prior to 2009 are no longer subject to examination for foreign and state income tax purposes as the statutes of limitations have lapsed. However, various subsidiaries could be examined by the New Jersey Division of Taxation for tax years beginning with 1999 due to our execution of New Jersey statute of limitation extensions.

The Company believes that it is reasonably possible that the unrecognized tax benefits will not increase or decrease significantly within the next twelve months. Audit outcomes and the timing of audit settlements are subject to significant uncertainty. Although the Company believes that adequate provision has been made for such issues, there is the possibility that the ultimate resolution of such issues could have an adverse effect on our earnings. Conversely, if these issues are resolved favorably in the future, the related provision would be reduced, thus having a favorable impact on earnings.

Note 14—Fair Value Measurements

The fair value hierarchy defines fair value as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based upon assumptions that market participants would use in pricing an asset or liability. The fair value hierarchy establishes three tiers, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date;
- Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

Our assessment of goodwill and other intangible assets for impairment includes an assessment using various Level 2 (EBITDA multiples and discount rate) and Level 3 (forecast cash flows) inputs. See Note 1, "Summary of Significant Accounting Policies - Goodwill and Other Non-Amortizing Intangible Assets," for more information on the application of the use of fair value methodology to measure goodwill and other intangible assets.

Entities are permitted to choose to measure certain financial instruments and other items at fair value. We have not elected the fair value measurement option for any of our assets or liabilities that meet the criteria for this option.

Items Measured at Fair Value on a Recurring Basis

The following table shows the fair value of our financial assets and financial liabilities that are required to be measured at fair value as of the date shown:

<u>(In millions)</u>	<u>Balance</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2012				
Assets:				
Investments	\$ 155.2	\$ 155.2	\$ —	\$ —
Derivative instruments	*	—	*	—
Liabilities:				
Derivative instruments	(306.4)	—	(306.4)	—
December 31, 2011				
Assets:				
Investments	\$ 108.4	\$ 106.9	\$ 1.5	\$ —
Derivative instruments	*	—	*	—
Liabilities:				
Derivative instruments	(336.1)	—	(336.1)	—

* Amount rounds to zero

The following section describes the valuation methodologies used to measure fair value, key inputs, and significant assumptions:

Investments

Investments consist of debt and equity securities with maturity dates greater than 90 days at the date of the security's acquisition. The majority of these securities are traded in active markets, have readily determined market values, and use Level 1 inputs. Securities for which there are not active markets or the market values are not readily determinable are valued using Level 2 inputs. All of these investments are included in either prepayments and other current assets or deferred charges and other in our Consolidated Balance Sheets.

The fair values of investments in marketable securities at December 31, 2012 and 2011 are as follows:

<u>(In millions)</u>	<u>2012</u>	<u>2011</u>
Corporate bonds	\$ —	\$ 1.5
Equity	2.8	2.4
Government bonds	111.4	102.5
Other liquid investments	41.0	2.0
Total Investments	<u>\$ 155.2</u>	<u>\$ 108.4</u>

Gross unrealized gains and losses on marketable securities as of December 31, 2012 and 2011 were not material.

Derivative instruments

The estimated fair values of our derivative instruments are derived from market prices obtained from dealer quotes for similar, but not identical, assets or liabilities. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts. Derivative instruments are included in either deferred charges and other, or deferred credits and other, in our Consolidated Balance Sheets. Our derivatives are recorded at their fair values, adjusted for the credit rating of the counterparty if the derivative is an asset, or adjusted for the credit rating of the Company if the derivative is a liability. See Note 9, "Derivative Instruments," for more information.

Items Measured at Fair Value on a Non-recurring Basis

The following table shows the fair value of our assets that were required to be measured at fair value as of December 31, 2012 and the total impairment recorded on these assets during the year ended December 31, 2012:

<u>(In millions)</u>	<u>Balance</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Impairment</u>
Intangible and tangible assets	\$ 657.4	\$ —	\$ —	\$ 657.4	\$ (622.3)

The following section describes the valuation methodologies used to estimate or measure fair value, key inputs, and significant assumptions:

Intangible and tangible assets

Market and income approaches were used to value the intangible and tangible assets. Inputs included an expected range of market values, probabilities made by management that each value could be achieved, expected cash flows, recent comparable transactions, discounted cash flows, discount rate, royalty rate, growth rate, and tax rate. See Note 1, "Summary of Significant Accounting Policies - Goodwill and Other Non-Amortizing Intangible Assets," for further discussion regarding the valuation of our intangible assets and see Note 1, "Summary of Significant Accounting Policies - Long-Lived Assets," for further discussion regarding the valuation of our tangible assets.

Items Disclosed at Fair Value

Long-Term Debt

The fair value of the Company's debt has been calculated based on the borrowing rates available as of December 31, 2012, for debt with similar terms and maturities, and based on market quotes of our publicly traded debt. As of December 31, 2012, the Company's outstanding debt had a fair value of \$20,652.8 million and a carrying value of \$21,412.1 million.

Note 15—Litigation, Contractual Commitments and Contingent Liabilities

Litigation

The Supreme Court of Nevada decided in early 2008 that food purchased for subsequent use in the provision of complimentary and/or employee meals is exempt from use tax. Previously, such purchases were subject to use tax and the Company has claimed, but not recognized into earnings, a use tax refund totaling \$32.2 million, plus interest, as a result of the 2008 decision. In early 2009, the Nevada Department of Taxation ("Department") audited our refund claim, but has taken the position that those same purchases are now subject to sales tax; therefore, they subsequently issued a sales tax assessment totaling \$27.4 million plus interest after application of our refund on use tax.

On October 21, 2010, the administrative law judge ("ALJ") issued a decision and ruled in our favor on a number of key issues, including that complimentary employee meals are not subject to sales tax. Although both the Company and the Nevada Department of Taxation filed an appeal of the decision with the Nevada Tax Commission ("Commission"), the case was returned to the ALJ for further factual development. The ALJ issued a second decision on March 8, 2012, reversing her previous, partially favorable ruling relating to the taxability of complimentary employee meals and affirmed the taxability of complimentary meals but limited the entire sales tax assessment to the amount of the Company's use tax refund claims resulting in no use tax refund awarded but no sales tax amounts due. The ALJ decision was affirmed in the Commission hearing on June 25, 2012 and the Commission's final decision was issued on July 31, 2012. We filed a petition for judicial review with the District Court on August 7, 2012. On March 1, 2013, the District Court judge ruled that employee meals are not subject to sales tax but affirmed the application of sales tax to complimentary patron meals. Additionally, the judge ordered a refund of the portion of our use tax refund claims filed prior to October 1, 2005 without any offsetting sales tax assessments relating to complimentary patron meals for those periods. We expect that the District Court decision will be appealed to the Nevada Supreme Court.

Subsequent to a written Commission decision issued in February 2012 for another gaming company, the Department has issued draft regulations requiring the collection of sales tax on the retail value of complimentary meals and the cost of employee meals. Although the Commission approved the regulation on June 25, 2012, there are several additional approvals required, including by the Legislative Commission, before the regulation is finalized. On June 6, 2012, the Department issued additional guidance regarding the payment of sales tax on complimentary and employee meals, maintaining that meals are taxable as of February 15, 2012 but that the payment of the tax is due, without penalty or interest, at the earlier of (a) one month after approval of the regulation by the Legislative Commission, (b) one month after a Nevada Supreme Court decision, (c) the effective date of any legislation or (d) June 30, 2013. The Department stated that it provided this additional guidance regarding the deferral of payment requirements because the Legislative Commission has not had the opportunity to approve the regulation and because there are several ongoing appeals that have not been heard by the Tax Commission and the Nevada Supreme Court.

As of December 31, 2012 we had accrued \$16.4 million in sales tax accruals on complementary meals. Due to uncertainty regarding the ultimate outcome of our pending litigation and/or the final approval and form of the pending regulation, we continue to record sales tax reserves against loss on this matter.

The Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any pending litigation to have a material effect on our consolidated financial position, results of operations, or cash flows.

Contractual Commitments

We continue to pursue additional casino development opportunities that may require, individually and in the aggregate, significant commitments of capital, up-front payments to third parties, and development completion guarantees.

The agreements pursuant to which we manage casinos on Indian lands contain provisions required by law that provide that a minimum monthly payment be made to the tribe. That obligation has priority over scheduled repayments of borrowings for development costs and over the management fee earned and paid to the manager. In the event that insufficient cash flow is generated by the operations to fund this payment, we must pay the shortfall to the tribe. Subject to certain limitations as to time, such advances, if any, would be repaid to us in future periods in which operations generate cash flow in excess of the required minimum payment. These commitments will terminate upon the occurrence of certain defined events, including termination of the management contract. Our aggregate monthly commitment for the minimum guaranteed payments, pursuant to contracts for the three managed, Indian-owned facilities is \$1.2 million. Each of these casinos currently generates sufficient cash flows to cover all of its obligations, including its debt service.

The table below gives the location and expiration date of the current management contracts for our three tribal casino properties as of December 31, 2012:

Casino	Location	Expiration of Management Agreement
Harrah's Rincon	near San Diego, California	November 2014
Harrah's Ak-Chin	near Phoenix, Arizona	December 2014
Harrah's Cherokee	Cherokee, North Carolina	November 2018

In addition to the guarantees discussed above, we had total aggregate non-cancelable purchase obligations of \$806.7 million as of December 31, 2012.

Contingent Liabilities

Employee Benefit Obligations

In December 1998, Hilton Hotels Corporation ("Hilton") spun-off its gaming operations as Park Place Entertainment Corporation ("Park Place"). In connection with the spin-off, Hilton and Park Place entered into various agreements, including an Employee Benefits and Other Employment Allocation Agreement dated December 31, 1998 (the "Allocation Agreement") whereby Park Place assumed or retained, as applicable, certain liabilities and excess assets, if any, related to the Hilton Hotels Retirement Plan (the "Hilton Plan") based on the accrued benefits of Hilton employees and Park Place employees. Park Place changed its name to Caesars Entertainment, Inc., and the Company acquired Caesars Entertainment, Inc. in June 2005. In 1999 and 2005, the United States District Court for the District of Columbia (the "Court") certified two nationwide classes in the lawsuit against Hilton and others alleging that the Hilton Plan's benefit formula was backloaded in violation of ERISA, and that Hilton and the other defendants failed to properly calculate Hilton Plan participants' service for vesting purposes. In May 2009, the Court issued a decision granting summary judgment to the plaintiffs. Thereafter, the Court required the parties to attempt to agree on a remedies determination and further required the parties to submit briefs to the Court in support of their positions. On September 7, 2010, the Court issued an opinion resolving certain of Hilton's and the plaintiffs' issues regarding a remedies determination and requiring the parties to confer and take other actions in an effort to resolve the remaining issues. On July 28 and 29, 2011, the Court held a hearing to address the remaining remedy issues and on August 31, 2011, the Court issued a Memorandum Opinion and a final Order (the "Order"). In the Order, the Court ordered, among other things, Hilton to award back payments and commence increased benefits for all class members no later than January 1, 2012 or, in the case of any individual benefit or vesting disputes, within 30 days after the final dispute resolution by the Court. On September 28, 2011, Hilton filed a Motion for Reconsideration to ask the Court to reconsider certain aspects of the Order. On October 5, 2011, Hilton filed a Notice of Appeal to appeal all aspects of the Order and all other orders in the case to the United States Court of Appeals for the District of Columbia Circuit (the "Circuit Court") and on December 22, 2011, plaintiffs filed a cross-appeal. On November 28, 2011, Hilton filed a motion to stay the implementation of the backloading remedy pending the appeal and on January 19, 2012, the Court granted Hilton's motion contingent upon Hilton posting a bond of \$75.8 million by no later than February 21, 2012. On December 14, 2012, the Circuit Court affirmed the decisions of the Court. At various times prior to the Court's 2010 opinion, we were advised by counsel for the defendants that the plaintiffs estimated that the damages were in the range of \$80 million to \$280 million. Counsel for the defendants further advised that approximately \$50 million of the damages relates to questions regarding the proper size of the class and the amount, if any, of damages to any additional class members due to issues with Hilton's record keeping.

The Company received a letter from Hilton dated October 7, 2009 notifying the Company for the first time of this lawsuit and alleging that the Company has potential liability for the above described claims under the terms of the Allocation Agreement. Based on the terms of the Allocation Agreement, the Company believes its maximum potential exposure is approximately 30 percent to 33 percent of the amount ultimately awarded as damages. The Company is not a party to the proceedings between the plaintiffs and the defendants and has not participated in the defense of the litigation or in any discussions between the plaintiffs and the defendants about potential remedies or damages. Further, the Company does not have access to information sufficient to enable the Company to make an independent judgment about the possible range of loss in connection with this matter. Based on conversations between our representative of the Company and a representative of the defendants, the Company believes it is probable that damages will be at least \$80.0 million and, accordingly, the Company recorded a charge of \$25.0 million in accordance with FASB Codification Subtopic 450, *Contingencies*, during the second quarter 2010 in relation to this matter. The Company has not changed its belief respecting the damages which may be awarded in this lawsuit as a result of the 2010 opinion of the Court, the Order, or the Circuit Court's rulings. The Company also continues to believe that it may have various defenses if a claim under the Allocation Agreement is asserted against the Company, including defenses as to the amount of damages. Because the Company has not had access to sufficient information regarding this matter, we cannot at this time predict the ultimate outcome of this matter or the possible additional loss, if any.

Self-Insurance

We are self-insured for various levels of general liability, workers' compensation, employee medical coverage, and other coverage. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of actuarial estimates of incurred but not reported claims. At December 31, 2012 and 2011, we had total self-insurance accruals reflected in our Consolidated Balance Sheets of \$202.0 million and \$209.2 million, respectively.

Note 16—Leases

We lease both real estate and equipment used in our operations and classify those leases as either operating or capital leases, for accounting purposes. At December 31, 2012, the remaining lives of our operating leases ranged from one to 85 years, with various automatic extensions totaling up to 81 years.

Rental expense, net of income from subleases, is associated with operating leases for continuing operations and is charged to expense in the year incurred. Net rental expense is included within each line of the Statements of Operations dependent upon the nature or use of the assets under lease. Total net rental expense was as follows:

<u>(In millions)</u>	Year Ended December 31,		
	2012	2011	2010
Noncancelable			
Minimum	\$ 115.2	\$ 102.1	\$ 89.7
Contingent	2.3	2.4	3.7
Sublease	(0.9)	(0.9)	(1.6)
Other	77.9	74.6	69.3
	<u>\$ 194.5</u>	<u>\$ 178.2</u>	<u>\$ 161.1</u>

Our future minimum rental commitments as of December 31, 2012 are as follows:

<u>(In millions)</u>	Noncancelable Operating Leases
2013	\$ 71.2
2014	63.0
2015	60.7
2016	55.5
2017	54.0
Thereafter	1,320.3
Total minimum rental commitments	<u>\$ 1,624.7</u>

In addition to these minimum rental commitments, certain of our operating leases provide for contingent rentals based on a percentage of revenues in excess of specified amounts.

Note 17—Supplemental Cash Flow Information

Significant Non-cash Transactions

Significant non-cash transactions in 2012 include non-cash goodwill and intangible asset impairments as discussed in Note 6, "Goodwill and Other Intangible Assets;" non-cash tangible asset impairments as discussed in Note 5, "Property and Equipment, Net;" foreign currency translation adjustments of \$18.8 million; a contribution of \$42.9 million of equity interests in ThistleDown to ROC as discussed in Note 3, "Acquisitions, Investments, Dispositions and Divestitures;" \$35.8 million of assets acquired through capital leases; \$55.1 million of share-based compensation expense; \$41.4 million of non-cash write-downs and reserves, net of recoveries; and a contribution of 1.8 million shares by the Participating Co-Investors, as discussed in Note 10, "Stockholders' Equity, Non-controlling Interests and Loss Per Share."

Significant non-cash transactions in 2011 include non-cash goodwill and intangible asset impairments as discussed in Note 6, "Goodwill and Other Intangible Assets," the change between the pre- and post-modification fair values related to the interest rate swap blend and extend transactions and the de-designation of certain interest rate swaps, both discussed in Note 9, "Derivative Instruments," the write off of specific assets as a result of the termination of a development stage project in Spain discussed in Note 12, "Write-downs, Reserves, and Project Opening Costs, net of Recoveries," and a \$10.7 million adjustment to the accrued jackpot liability, and the corresponding cumulative effect adjustment to Accumulated Deficit, resulting from the adoption of the provision of new accounting requirements, that went into effect on January 1, 2011.

Significant non-cash transactions in 2010 include the non-cash goodwill and intangible asset impairment as discussed in Note 6, "Goodwill and Other Intangible Assets," the first quarter 2010 conversion of preferred shares into common shares and the elimination of cumulative dividends on such preferred shares, the second quarter 2010 write-down of a long-term note receivable and a contingent liability charge discussed in Note 12, "Write-downs, Reserves, and Project Opening Costs, net of Recoveries," and the fourth quarter 2010 exchange of debt for equity discussed in Note 8, "Debt."

In addition to the above, we record non-cash charges to interest expense as shown in the table in the Cash Paid for Interest section below.

Cash Paid for Interest and Taxes

The following table reconciles our interest expense, net of interest capitalized, per the Consolidated Statements of Comprehensive Loss, to cash paid for interest:

	Year Ended December 31,		
	2012	2011	2010
(In millions)			
Interest expense, net of interest capitalized ^(a)	\$ 2,101.3	\$ 2,122.3	\$ 1,981.6
Adjustments to reconcile to cash paid for interest:			
Net change in accruals	(14.1)	(12.5)	(12.8)
Amortization of deferred finance charges	(88.5)	(70.3)	(76.4)
Net amortization of discounts and premiums	(226.3)	(157.2)	(163.7)
Reclassification of accumulated other comprehensive loss	—	(183.2)	—
Amortization of other comprehensive income	(29.1)	(83.3)	(36.3)
Rollover of PIK interest to principal	(1.0)	(1.1)	(1.0)
Change in fair value of derivative instruments	29.6	70.3	74.7
Cash paid for interest	<u>\$ 1,771.9</u>	<u>\$ 1,685.0</u>	<u>\$ 1,766.1</u>
Cash payments (refunds) of income taxes, net ^(b)	<u>\$ 16.5</u>	<u>\$ 5.4</u>	<u>\$ (190.2)</u>

^(a) Interest capitalized in 2012, 2011, and 2010 was \$38.2 million, \$22.8 million, and \$1.4 million, respectively.

^(b) The 2010 net receipt includes \$220.8 million of federal income tax refund received, offset by other federal, state, and foreign taxes paid during the year.

Note 18—Employee Benefit Plans

We have established a number of employee benefit programs for purposes of attracting, retaining, and motivating our employees. The following is a description of the basic components of these programs as of December 31, 2012.

Share-based Compensation Plans

Our stock-based compensation expense consists primarily of time-based and performance-based options of Caesars Entertainment and one of its subsidiaries that have been granted to management, other personnel and key service providers. The Company has recognized compensation expense associated with its stock-based employee compensation programs as follows:

<u>(In millions)</u>	<u>2012</u>	<u>2011</u>	<u>2010</u>
Amounts included in:			
Corporate expense	\$ 29.1	\$ 13.8	\$ 9.4
Property, general, administrative, and other	26.0	8.0	8.6
Total stock-based compensation expense	<u>\$ 55.1</u>	<u>\$ 21.8</u>	<u>\$ 18.0</u>

During the year ended December 31, 2012, the Company recorded \$20.6 million of expense related to stock-based awards of one of its subsidiaries, of which \$16.8 million related to liability-classified awards that are re-measured to fair value at each reporting date and \$3.8 million related to equity-classified awards that are measured at their fair value at the date of grant.

In 2010, the Human Resources Committee of the Board of Directors of the Company adopted an amendment to the Company's Management Equity Incentive Plan (the "Plan") to revise the vesting hurdles for performance-based options under the Plan. The performance options vest if the return on investment in the Company of TPG, Apollo, and their respective affiliates and co-investors (the "Majority Stockholders") achieves a specified return. Previously, 50.0% of the performance-based options vested upon a 2.0X return and 50.0% vested upon a 3.0X return. The triggers were revised to 1.5X and 2.5X, respectively. In addition, a pro-rata portion of the 2.5X options will vest if the Majority Stockholders achieve a return on their investment that is greater than 2.0X, but less than 2.5X. The pro-rata portion will increase on a straight line basis from zero to a participant's total number of 2.5X options depending upon the level of returns that the Majority Stockholders realize between 2.0X and 2.5X.

In July 2011, the Human Resources Committee of the Board of Directors of the Company approved amendments to the Plan and to outstanding stock options which were granted pursuant to the Plan. Performance-based options will vest and become exercisable if the return on investment in the Company of the Majority Stockholders reaches at least 2.0X (rather than 2.5X, which applied prior to the amendments), and if the Majority Stockholders realize a return of less than 2.0X but equal to or greater than 1.75X, a pro-rata portion of such performance based options will vest based on straight line interpolation (collectively, the "Vesting Adjustment"). The exercise price of outstanding 1.5X performance-based options was reduced to \$35 per share (pre-split per share exercise price). All outstanding 2.5X performance options were amended to reflect the Vesting Adjustment; however, the exercise price for the outstanding 2.5X, now 2.0X, performance options was not reduced to \$35 per share (pre-split per share exercise price). Additionally, the exercise price for all outstanding time-based options was reduced to \$35 per share (pre-split per share exercise price), with the reduced exercise price being phased in between a four- to six-year period, depending on grant date, as set forth in each individual award agreement. Prior to the phase in, any vested options may still be exercised at the original exercise price, subject to the terms of the Plan. As a result of these amendments, additional expense of \$3.3 million and \$3.2 million was recognized in 2012 and 2011, respectively.

In November 2011, an amendment was approved to increase the available number of shares of the Company's common stock for which options may be granted to 4,927,024 shares (pre-split number of shares).

In February 2012, the Company declared a 1.742-for-one stock split in connection with its public offering, and the Board of Directors adopted the 2012 Performance Incentive Plan (the "2012 Incentive Plan"). Directors, employees, officers and consultants or advisors who render services to the Company or its subsidiaries may be selected to receive awards under the 2012 Incentive Plan. Our Board of Directors or a subcommittee thereof has the authority to administer the 2012 Incentive Plan. The 2012 Incentive Plan includes the following limits:

- no more than 15,449,468 shares may be issued with respect to incentive stock options under the 2012 Incentive Plan;
- the maximum number of shares of common stock subject to those options and stock appreciation rights that are granted during any calendar year to any individual under the 2012 Incentive Plan is 3,433,509 shares, prior to consideration of the July 2012 amendment as further described below;
- the maximum number of shares of common stock which may be delivered pursuant to performance-based awards (other than options and stock appreciation rights intended to satisfy the requirements for "performance-based compensation" under Internal Revenue Code Section 162(m), and other than cash awards covered by the cap in the following sentence) that are granted to any one participant in any calendar year will not exceed 1,373,404 shares, either individually or in the aggregate;
- in addition, the aggregate amount of compensation to be paid to any one participant in respect of all performance-based awards payable only in cash and not related to shares of common stock and granted to that participant in any one calendar year will not exceed \$25.0 million; and
- awards cancelled during the year will be counted against the limits in the preceding two bullets to the extent required by Section 162(m) of the Internal Revenue Code.

As a result of adopting the 2012 Incentive Plan, options may no longer be granted under the Company's Management Equity Incentive Plan adopted February 27, 2008 (the "2008 Incentive Plan").

During the third quarter of 2012, the Company's stockholders approved (1) an amendment to the 2012 Incentive Plan to increase the maximum number of shares of the Company's common stock with respect to which stock options and stock appreciation rights may be granted during any calendar year to any individual under the 2012 Incentive Plan from 3,433,509 shares to 6,500,000 shares, and (2) a one-time stock option exchange program (the "Option Exchange"), to permit the Company to cancel certain stock options held by some of our employees, service providers and directors in exchange for new, replacement options to purchase an equal number of shares of our common stock (the "Replacement Options").

Options eligible for the Option Exchange (the "Eligible Options") were granted on or prior to February 9, 2012 and had an exercise price equal to or greater than \$20.09 per share. Replacement Options have an exercise price of \$8.22 per share, a ten-year term and a new vesting schedule determined on a grant-by-grant basis, as follows:

- *Vesting of Time-Based Options.* Each Replacement Option granted in exchange for a time-based eligible option will have a new vesting schedule as follows: 20% of the Replacement Options will be immediately vested, with the remainder vesting in four equal installments of 20% each on each of the first four anniversaries of the exchange date.
- *Vesting of Performance-Based Options.* Each Replacement Option granted in exchange for a performance-based eligible option will have a new vesting schedule as follows:
 - With respect to the Eligible Options subject to vesting if funds affiliated with TPG and Apollo achieve a return on their investment that is equal to or greater than 1.5X, the Replacement Options granted in exchange for such options will vest on the date that the Company's 30-day trailing average closing common stock price equals or exceeds \$35.00 per share.
 - With respect to the Eligible Options subject to vesting if funds affiliated with the Sponsors achieve a return on their investment that is equal to or greater than 2.0x, the Replacement Options granted in exchange for such options will vest on the date that the Company's 30-day trailing average closing common stock price equals or exceeds \$57.41 per share.

- *Vesting of Loveman Performance-Based Option.* With respect to the Eligible Option to purchase 290,334 shares of the Company's common stock granted on November 29, 2011 to Gary Loveman, the Company's Chairman of the Board, Chief Executive Officer and President, the vesting of which differs from the vesting of the other outstanding performance-based eligible options described above and is eligible to vest if funds affiliated with the Sponsors achieve a return on their investment that is equal to or greater than 1.0x (the "Loveman Performance-Based Option"), the Replacement Option granted in exchange for the Loveman Performance-Based Option will vest on the date that the Company's 30-day trailing average closing common stock price equals or exceeds \$57.41 per share.

As a result of the Option Exchange, additional expense of \$3.0 million was recognized in 2012. An additional \$12.2 million will be recognized in future periods as the Replacement Options vest.

The following is a summary of share-based option activity, adjusted for the stock split, including options under the Plan and warrants to purchase common stock, for the years ended December 31, 2012 and 2011:

	Shares ⁽¹⁾	Weighted Average Exercise Price ⁽¹⁾	Fair Value ⁽¹⁾⁽²⁾	Weighted Average Remaining Contractual Term (years)
Outstanding at December 31, 2010	7,390,191	\$ 46.35	\$ 18.06	
Granted	2,252,457	26.23	10.55	
Exercised	—	—	—	
Cancelled	(897,999)	42.67	16.67	
Outstanding at December 31, 2011	<u>8,744,649</u>	38.15	16.48	7.3
Exercisable at December 31, 2011	<u>1,780,770</u>	43.69	19.53	5.4
Outstanding at December 31, 2011	<u>8,744,649</u>	38.15	16.48	
Granted	8,173,944	8.44	3.50	
Exercised	—	—	—	
Cancelled	(8,440,445)	31.08	16.36	
Outstanding at December 31, 2012	<u>8,478,148</u>	10.51	3.51	9.4
Vested and expected to vest at December 31, 2012	<u>6,283,159</u>	10.54	3.57	9.4
Exercisable at December 31, 2012	<u>1,395,374</u>	10.65	3.80	9.0

⁽¹⁾ Adjusted for the February 2012 1.742-for-one stock split.

⁽²⁾ Represents the weighted-average grant date fair value per option, using the Monte Carlo simulation option-pricing model for performance-based options, and the Black-Scholes option-pricing model for time-based options.

The Company utilized historical optionee behavioral data to estimate the option exercise and termination rates used in the option-pricing models. The expected term of the options represents the period of time the options were expected to be outstanding based on historical trends. Expected volatility was based on the historical volatility of the common stock of Caesars Entertainment and its competitor peer group for a period approximating the expected life. The Company does not expect to pay dividends on common stock. The risk-free interest rate within the expected term was based on the U.S. Treasury yield curve in effect at the time of grant. Valuation assumptions for the indicated periods are presented below:

	2012	2011	2010
Expected volatility	55.8%	65.8%	71.4%
Expected dividend yield	—%	—%	—%
Expected term (in years)	4.9	4.8	6.6
Risk-free interest rate	0.9%	1.1%	2.4%
Weighted average fair value per share of options granted ⁽¹⁾	\$ 3.50	\$ 10.55	\$ 15.41

⁽¹⁾ Adjusted for the February 2012 1.742-for-one stock split.

As of December 31, 2012, there was \$82.7 million of total unrecognized compensation cost related to stock option grants. This cost is expected to be recognized over a remaining weighted-average period of 6.8 years.

Award of Restricted Common Stock

In December 2012, the Human Resources Committee of our Board of Directors granted an award of 50,000 shares of restricted common stock to an executive officer of the Company. The restricted common stock will vest 50% annually on each of the first and second anniversaries of the grant date. The 50,000 shares of restricted common stock were issued under the Company's 2012 Incentive Plan and are outstanding as of December 31, 2012.

Savings and Retirement Plans

We maintain a defined contribution savings and retirement plan, which, among other things, allows pre-tax and after-tax contributions to be made by employees to the plan. Under the plan, participating employees may elect to contribute up to 50% of their eligible earnings, subject to IRS rules and regulations. Prior to February 2009, the Company matched 50% of the first six percent of employees' contributions. In February 2009, Caesars Entertainment announced the suspension of the employer match for all participating employees, where allowed by law or not in violation of an existing agreement. The Acquisition was a change in control under the savings and retirement plan, and, therefore, all unvested Company match as of the Acquisition became vested. Amounts contributed to the plan are invested, at the participant's direction, in up to 19 separate funds. Participants become vested in the matching contribution over five years of credited service. Our contribution expense for this plan was \$10.0 million, \$38,000, and \$0.1 million, respectively, for the years ended December 31, 2012, 2011, and 2010. A modified matching program with a \$600 annual cap per participant was approved by the Human Resources Committee in November 2011 and was reinstated beginning in April 2012. Pro-rated matching for 2012 has a \$450 cap per participant.

We maintain several supplemental executive retirement plans ("SERP") to provide additional retirement benefits to a select group of former executives. The total liability included in deferred credits and other for the SERP plans at December 31, 2012 and 2011 was \$32.0 million and \$20.7 million, respectively. In 2012, the Company recorded \$13.0 million in expense to adjust its December 31, 2012 liabilities.

Deferred Compensation Plans

The Company has one active deferred compensation plan, the Executive Supplemental Savings Plan II ("ESSP II"); although, there are five other plans that contain deferred compensation assets: Harrah's Executive Deferred Compensation Plan ("EDCP"), the Harrah's Executive Supplemental Savings Plan ("ESSP"), Harrah's Deferred Compensation Plan ("HDCP"), the Restated Park Place Entertainment Corporation Executive Deferred Compensation Plan, and the Caesars World, Inc. Executive Security Plan. The deferred compensation plans are collectively referred to as "DCP."

Amounts deposited into DCP are unsecured liabilities of the Company. The EDCP and HDCP earn interest at rates approved by the Human Resources Committee of the Board of Directors. The other plans, including the ESSP II, are variable investment plans, which allow employees to direct their investments by choosing from several investment alternatives. In connection with the 2005 acquisition of Caesars Entertainment, Inc., we assumed the outstanding liability for Caesars Entertainment, Inc.'s deferred compensation plan; however, the balance was frozen and former Caesars employees may no longer contribute to that plan. The total liability included in deferred credits and other for DCP at December 31, 2012 and 2011 was \$82.8 million and \$85.2 million, respectively. In connection with the administration of several of these plans, we have invested in mutual funds and purchased company-owned life insurance policies insuring the lives of certain directors, officers, and key employees.

Beginning in 2005, we implemented the ESSP II for certain executive officers, directors, and other key employees of the Company to replace the ESSP. Eligible employees may elect to defer a percentage of their salary and/or bonus under ESSP II. Prior to February 2009, the Company had the option to make matching contributions with respect to deferrals of salary to those participants who are eligible to receive matching contributions under the Company's 401(k) plan. In February 2009, the Company eliminated matching contributions with respect to deferrals of salary. Employees immediately vest in their own deferrals of salary and bonus and vest in Company funded matching and discretionary contributions over five years.

The Acquisition was a change in control under our deferred compensation plans, and, therefore, all unvested Company match as of the Acquisition became vested. The change in control also required that the pre-existing trust and escrow funds related to our deferred compensation plans be fully funded.

Subsequent to the Acquisition, contributions by the Company have been segregated in order to differentiate between the fully-funded trusts and escrows prior to the Acquisition and the post-acquisition contributions. In January 2010, the Company funded \$5.6 million into the trust in order to increase the security of the participants' deferred compensation plan benefits.

Multiemployer Pension Plan

The Company contributes to a number of multiemployer defined benefit pension plans under the terms of collective-bargaining agreements that cover its union-represented employees. The risks of participating in these multiemployer plans are different from a single-employer plan in the following aspects:

- a. Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers.
- b. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- c. If the Company chooses to stop participating in some of its multiemployer plans, the Company may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The Company's participation in these plans for the annual period ended December 31, 2012, is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employer Identification Number ("EIN") and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act ("PPA") zone status available in 2012 and 2011 is for the plan years beginning January 1, 2012, and January 1, 2011, respectively. The zone status is based on information that the Company received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. All plans detailed in the table below utilized extended amortization provisions to calculate zone status. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan ("FIP") or a rehabilitation plan ("RP") is either pending or has been implemented. The last column lists the expiration date(s) of the collective-bargaining agreement(s) to which the plans are subject.

The Company was listed in its plans' Forms 5500 as providing more than 5% of the total contributions for the following plans and plan years:

<u>Pension Fund</u>	<u>Year Contributions to Plan Exceeded More Than 5% of Total Contributions (as of December 31 of the Plan's Year End)</u>
Pension Plan of the UNITE HERE National Retirement Fund	2011 and 2010
Southern Nevada Culinary and Bartenders Pension Plan	2011 and 2010
Local 68 Engineers Union Pension Plan	2011 and 2010
Nevada Resort Association IATSE Local 720 Retirement Plan	2011 and 2010

At the date these financial statements were issued, Forms 5500 were not available for the plan year ending in 2012.

Pension Commitments

With the acquisition of London Clubs in December 2006, we assumed a defined benefit plan, which provides benefits based on final pensionable salary. The assets of the plan are held in a separate trustee-administered fund and death-in-service benefits, professional fees, and other expenses are paid by the pension plan. The most recent actuarial valuation of the plan showed a deficit of approximately \$64.7 million, which is recognized as a liability in our Consolidated Balance Sheet at December 31, 2012.

As discussed within Note 15, "Litigation, Contractual Commitments and Contingent Liabilities," with our acquisition of Caesars Entertainment, Inc., we assumed certain obligations related to the Employee Benefits and Other Employment Matters Allocation Agreement by and between Hilton Worldwide, Inc. (formerly Hilton Hotels Corporation) and Caesars Entertainment, Inc. dated December 31, 1998, pursuant to which we shall retain or assume, as applicable, all liabilities and excess assets, if any, related to the Hilton Hotels Retirement Plan based on the ratio of accrued benefits of Hilton employees and the Company's employees covered under the plan. Based on this ratio, our share of any benefit or obligation would be approximately 30% of the total. The Hilton Hotels Retirement Plan is a defined benefit plan that provides benefits based on years of service and compensation, as defined. Since December 31, 1996, employees have not accrued additional benefits under this plan. The plan is administered by Hilton Worldwide, Inc. Hilton Worldwide, Inc. has informed the Company that, as of December 31, 2012, the plan benefit obligations exceeded the fair value of the plan assets by \$103.6 million, of which \$32.9 million is our share. We did not make contributions to the plan in 2012.

Note 19—Non-consolidated Affiliates

Our non-consolidated affiliates are accounted for under the equity method and, as of December 31, 2012, our investments in and advances to non-consolidated affiliates consists primarily of a venture in a hotel at our combination thoroughbred racetrack and casino in Bossier City, Louisiana, a restaurant located inside the Flamingo Hotel and Casino in Las Vegas, Nevada, Suffolk Downs, and our investment in Rock Ohio Caesars LLC ("ROC") in Ohio. We manage ROC's Horseshoe Cleveland casino for a fee under a management agreement that expires in May 2032.

Note 20—Related Party Transactions

In connection with the Acquisition, the Sponsors entered into a services agreement with Caesars Entertainment relating to the provision of financial and strategic advisory services and consulting services. In addition, we pay a monitoring fee for management services and advice. Fees paid to the Sponsors, which are included in corporate expense in our Consolidated Statements of Comprehensive Loss, for the years ended December 31, 2012, 2011, and 2010 were \$30.0 million, \$30.0 million, and \$28.5 million, respectively. We also reimburse the Sponsors for expenses that they incur related to their management services. We may engage in transactions with companies owned or controlled by affiliates of our Sponsors in the normal course of business. We believe such transactions are conducted at fair value. In addition, certain entities affiliated with or under the control of our Sponsors may from time to time transact in and hold our debt securities, and participate in any modifications of such instruments on terms available to any other holder of our debt.

Note 21—Subsequent Events

CEOC Financing Transactions

In January and February 2013, CEOC converted \$267.8 million aggregate principal amount of original maturity revolver commitments held by consenting lenders to Term B-6 Loans, repaid \$133.9 million principal amount of term loans of extending lenders, terminated \$267.8 million principal amount of revolving commitments of extending lenders, and increased the amount of outstanding Term B-6 Loans by \$133.9 million.

In February 2013, CEOC completed the offering of \$1,500.0 million aggregate principal amount of 9% senior secured notes due 2020 (the "February 2013 notes"), the proceeds of which were placed into escrow. Upon release from escrow, we plan to use the net proceeds of the February 2013 notes offering to repay a portion of CEOC's existing term loans at par, with such repayment being applied: first, to all outstanding B-1, B-2, and B-3 term loans held by consenting lenders; second, to B-5 and B-6 term loans held by consenting lenders, in an amount up to 20% of the principal amount of the B-5 and B-6 term loans; and third, if any proceeds remain outstanding, to outstanding term loans as CEOC elects in its discretion, and to pay related fees and expenses. In connection with the February 2013 notes offering, CEOC received the requisite lenders' consents and entered into a bank amendment to its Credit Facilities to, among other things: (i) use the net cash proceeds of February 2013 notes offering to repay a portion of CEOC's existing term loans as described above; (ii) obtain up to \$75.0 million of extended revolving facility commitments with a maturity of January 28, 2017, (iii) increase the accordion capacity under the Credit Facilities by an additional \$650.0 million (which may be used, among other things, to establish extended revolving facility commitments under the Credit Facilities); (iv) modify the calculation of the senior secured leverage ratio for purposes of the maintenance test under the Credit Facilities to exclude the February 2013 notes; and (v) modify certain other provisions of the Credit Facilities. The effectiveness of this proposed bank amendment and related transactions are subject to regulatory approval and other conditions.

On February 20, 2013, the escrow conditions restricting our use of proceeds from the December 2012 issuance of the \$750.0 million aggregate principal amount of 9% senior secured notes due 2020 were satisfied.

CMBS Financing Transactions

In February 2013, we exercised the option to extend the maturity of the CMBS Financing to 2014. The loan contains an additional extension option to extend its maturity from 2014 to 2015, subject to certain conditions. As part of the extension, we entered into a new interest rate cap agreement. The interest rate cap agreement, which is effective from February 13, 2013 and terminates February 13, 2015, is for a notional amount of \$4,664.1 million at a LIBOR cap rate of 4.5%. Any future changes in fair value of the interest rate cap will be recognized in interest expense during the period in which the changes in value occur.

Note 22— Condensed Consolidating Financial Information of Guarantors and Issuers

CEOC is the issuer of certain registered debt securities, a portion of which is guaranteed by Caesars Entertainment ("Parent-Only Guaranteed Debt") and a portion of which is guaranteed by both Caesars Entertainment and certain wholly-owned subsidiaries of CEOC ("Parent and Subsidiary Guaranteed Debt") as further discussed in Note 8, "Debt." The table below presents the condensed consolidating financial information relevant to these two guarantee structures as of December 31, 2012, and December 31, 2011. The CEC (parent guarantor), subsidiary issuer, and subsidiary non-guarantors of parent-only guaranteed debt columns represent the information related to the Parent-Only Guaranteed Debt structure. The CEC (parent guarantor), subsidiary issuer, subsidiary guarantors of parent and subsidiary guaranteed debt, and subsidiary non-guarantors of parent and subsidiary guaranteed debt columns represent the information related to the Parent and Subsidiary Guaranteed Debt structure.

In lieu of providing separate unaudited financial statements for the guarantor subsidiaries, we have included the accompanying condensed consolidating financial statements based on Rule 3-10 of the SEC's Regulation S-X. Management does not believe that separate financial statements of the guarantor subsidiaries are material to our investors; therefore, separate financial statements and other disclosures concerning the guarantor subsidiaries are not presented.

In 2009, one of our non-guarantor subsidiaries invested in debt instruments that were issued by our subsidiary issuer. These marketable securities are deemed to be available-for-sale securities and are to be reported in the non-guarantor's financial statements at fair value as of each reporting period, with unrealized gains and losses for each reporting period to be recorded as a component of stockholders' equity. The mark-to-market adjustments for these securities were not properly reflected in this footnote in our filings since the date the securities were acquired. At December 31, 2012, these marketable securities have been properly reflected in the condensed consolidating financial statements herein. This revision resulted in decreases in Investment in subsidiaries, Intercompany receivables, Deferred income tax liabilities, and Total Caesars stockholders' equity/(deficit) in the Non-Guarantor column and corresponding increases in the Consolidating/ Eliminating Adjustments column, of this footnote. The mark-to-market accounting for these securities and the error, which the Company has determined is not material to this disclosure, are eliminated upon consolidation and, therefore, have no impact on the Company's consolidated financial condition, results of operations, or cash flows.

In 2009, on a consolidated basis, we recognized cancellation of indebtedness ("COD") related to our non-guarantor subsidiary investment in debt instruments that were issued by our subsidiary issuer. In connection with this COD income, we reversed a deferred tax liability at our subsidiary issuer. We have determined that on a subsidiary issuer "stand-alone" basis, a COD recognition event did not occur and the deferred tax liability should not have been reversed. At December 31, 2012, this deferred tax liability was restored to the subsidiary issuer resulting in an increase to Deferred income tax liabilities, and a decrease to Total Caesars stockholder's equity/(deficit) in the Subsidiary Issuer column with offsetting changes in the Consolidating/Eliminating Adjustments column, of this footnote. The deferred tax restoration, which the Company has determined is not material to this disclosure, is eliminated in consolidation and, therefore, has no impact on the Company's consolidated financial condition, results of operations, or cash flows.

<u>(In millions)</u>	<u>First Quarter</u> ^{(1), (6)}	<u>Second Quarter</u> ^{(2), (7)}	<u>Third Quarter</u> ^{(3), (7)}	<u>Fourth Quarter</u> ^{(4), (8)}
2012				
Net revenues	\$ 2,207.5	\$ 2,165.0	\$ 2,197.4	\$ 2,016.8
Income/(loss) from operations	60.1	187.7	(217.6)	(343.6)
Net loss	(281.1)	(241.8)	(503.4)	(465.9)
Net loss attributable to Caesars	(280.6)	(241.7)	(505.5)	(469.7)
Loss per share - basic and diluted	(2.24)	(1.93)	(4.03)	(3.75)
2011				
Net revenues	\$ 2,115.3	\$ 2,160.9	\$ 2,188.9	\$ 2,108.2
Income from operations	198.0	235.7	183.8	198.8
Net loss	(144.8)	(153.1)	(173.4)	(195.4)
Net loss attributable to Caesars	(147.5)	(155.5)	(164.0)	(220.6)
Loss per share - basic and diluted ⁽⁵⁾	(1.18)	(1.24)	(1.31)	(1.76)

⁽¹⁾ During the first quarter of 2012, the Company recorded impairments of \$167.5 million. There were no impairments recorded in the first quarter of 2011.

⁽²⁾ During the second quarter of 2012, the Company recorded impairments of \$33.0 million. There were no impairments recorded in the second quarter of 2011.

⁽³⁾ During the third quarter of 2012, the Company recorded impairments of \$419.0 million. During the third quarter of 2011, the Company recorded impairments of \$27.1 million.

⁽⁴⁾ During the fourth quarter of 2012 the Company recorded impairments of \$448.2 million. During the fourth quarter of 2011, the Company recorded impairments of \$5.7 million.

⁽⁵⁾ Because loss per share amounts are calculated using the weighted average number of common and dilutive common equivalent shares outstanding during each quarter, the sum of the per share amounts for the four quarters may not equal the total loss per share amounts for the year.

⁽⁶⁾ Amounts presented for the first quarter of 2012 and 2011 have been recast to give effect to the Harrah's St. Louis casino disposition and the held for sale status of the subsidiaries that hold the Company's land concession in Macau as further discussed in Note 3, "Acquisitions, Investments, Dispositions and Divestitures." The table below recasts amounts as originally presented in our Consolidated Condensed Statements of Comprehensive Loss for the respective periods included in our Quarterly Report on Form 10-Q for the Quarterly Period Ended March 31, 2012.

Recast for discontinued operations

ITEM 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

ITEM 9A. Controls and Procedures

Disclosure Controls and Procedures

Our principal executive officer and principal financial officer have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of December 31, 2012, including controls and procedures to timely alert management to material information relating to the Company and its subsidiaries required to be included in our periodic SEC filings. Based on such evaluation, they have concluded that, as of such date, our disclosure controls and procedures were effective.

Internal Control over Financial Reporting

Management's Annual Report on Internal Control Over Financial Reporting

Internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) refers to the process designed by, or under the supervision of, our Chief Executive Officer and Chief Financial Officer, and effected by our board of directors, management, and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Management is responsible for establishing and maintaining adequate internal control over our financial reporting.

We have evaluated the effectiveness of our internal control over financial reporting as of December 31, 2012. The evaluation was performed using the internal control evaluation framework developed by the Committee of Sponsoring Organizations of the Treadway Commission. Based on such evaluation, management concluded that, as of such date, our internal control over financial reporting was effective.

Attestation Report of the Independent Registered Public Accounting Firm

Deloitte & Touche LLP has issued an attestation report on our internal control over financial reporting. Their report follows Item 9B of this report below.

Changes in Internal Control Over Financial Reporting

There has been no change in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. Other Information

None.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Caesars Entertainment Corporation:

We have audited the internal control over financial reporting of Caesars Entertainment Corporation and subsidiaries (the "Company") as of December 31, 2012, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Annual Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2012, based on the criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and consolidated financial statement schedules as of and for the year ended December 31, 2012 of the Company and our report dated March 15, 2013 expressed an unqualified opinion on those consolidated financial statements and consolidated financial statement schedules.

CONDENSED FINANCIAL INFORMATION OF REGISTRANT PARENT COMPANY ONLY
CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONDENSED FINANCIAL INFORMATION

1. Background and basis of presentation

These condensed parent company financial statements have been prepared in accordance with Rule 12-04, Schedule 1 of Regulation S-X, as the restricted net assets of Caesars Entertainment Corporation and its subsidiaries exceed 25% of the consolidated net assets of Caesars Entertainment Corporation and its subsidiaries (the "Company"). This information should be read in conjunction with the company's consolidated financial statements included elsewhere in this filing.

2. Restricted net assets of subsidiaries

Certain of the Company's subsidiaries have restrictions on their ability to pay dividends or make intercompany loans and advances pursuant to financing arrangements and regulatory restrictions. The amount of restricted net assets the Company's consolidated subsidiaries held at December 31, 2012 and 2011 was approximately \$1.2 billion and \$1.1 billion, respectively. Such restrictions are on net assets of Caesars Entertainment Corporation and its subsidiaries. The amount of restricted net assets in the Company's unconsolidated subsidiaries was not material to the financial statements.

3. Commitments, contingencies and long-term obligations

For a discussion of the Company's commitments, contingencies and long term obligations under its senior secured credit facility, see Notes 8 and 15 of the Company's consolidated financial statements.

^(b) We acquired Players International, Inc., (“Players”) in March 2000. In 1995, Players acquired a hotel and land adjacent to its riverboat gaming facility in Lake Charles, Louisiana, for cash plus future payments to the seller based on the number of passengers boarding the riverboat casinos during a defined term. In accordance with the guidance provided by ASC Topic 805 regarding the recognition of liabilities assumed in a business combination accounted for as a purchase, Players estimated the net present value of the future payments to be made to the sellers and recorded that amount as a component of the total consideration paid to acquire these assets. Our recording of this liability in connection with the purchase price allocation process following the Players acquisition was originally reported in 2000. Our casino operations in Lake Charles sustained significant damage in late third quarter 2005 as a result of Hurricane Rita. As a result of hurricane damage, and upon the Company’s subsequent decision to scale back operations in Lake Charles and ultimately sell the property, the current and long-term portions of this obligation were written down in fourth quarter 2005; the credit was included in Discontinued operations on our Consolidated Statements of Comprehensive Loss. We sold Harrah’s Lake Charles in fourth quarter 2006. Prior to the sale, the current and long-term portions of this obligation were included in Liabilities held for sale on our Consolidated Balance Sheets. The remaining long-term portion of this liability is included in Deferred credits and other on our Consolidated Balance Sheets; the current portion of this obligation is included in Accrued expenses on our Consolidated Balance Sheets.

SIGNATURES

Pursuant to the requirements of Section 13 of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
