DOMINION INVESTOR SERVICES, INC.

ANNUAL FINANCIAL REPORT

WITH

SUPPLEMENTAL INFORMATION

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

Board of Directors
Dominion Investor Services, Inc.
P.O. Box 4768
Horseshoe Bay, TX 78657

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (General Assessment Reconciliation, Form SIPC-7 to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2012 which were agreed to by Dominion Investor Services, Inc. (the Company) and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC and other designated examining authorities, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Dominion Investor Services, Inc.'s management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with cash disbursement postings into the general ledger and ACH payments on bank statements noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2012, as applicable, with amounts reported in Form SIPC-7 for the year ended December 31, 2012, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with Dominion Investor Services, Inc.'s Focus Reports and Income Statements, noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in the Form SIPC-7 and in the related Focus Reports and Income Statements supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Dominion Investor Services, Inc.

Report on the Financial Statements

We have audited the accompanying statements of financial condition of Dominion Investor Services, Inc., (a wholly owned subsidiary of Dominion Financial Services, Inc.) as of December 31, 2012 and 2011, and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to the claims of general creditors, and cash flows for the years then ended, that are filed pursuant to rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriated to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dominion Investor Services, Inc. as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements

Note 1-Summary of Significant Accounting Policies

Dominion Investor Services, Inc. (the Company) was formed on December 28, 1990 and is registered with the Financial Industry Regulatory Authority (FINRA). Its brokerage accounts are insured by the Securities Investors Protection Corporation (SIPC). The Company clears its securities transactions through First Southwest Company, a member of the New York Stock Exchange.

Reporting Entity:

Effective January 1, 2001, the parent company, Dominion Financial Services (DFS) elected under the Internal Revenue Code to be taxed as an S-Corporation. Under those provisions, DFS does not pay federal corporate income taxes on its income, rather its shareholders are liable for individual income tax on their proportionate share of DFS's taxable income. DFS has made an election with the Internal Revenue Service to treat the Company as a qualified Subchapter S Subsidiary. As a result, for federal tax law purposes, the Company's assets, liabilities, and items of income and deduction are treated as being owned by DFS. Only DFS is required to file a tax return and that return includes the Company's assets, liabilities, and items of income and deduction. These financial statements include only the accounts of Dominion Investor Services, Inc.

Commission Revenue:

Commission revenue is recognized as of the settlement date which is generally the third business day following the trade date.

Management's Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual amounts could differ from those estimates.

Date of Management's Review:

Subsequent events were evaluated through February 18, 2013, which is the date the financial statements were available to be issued.

Note 2-Cash and Cash Equivalents

For purposes of statements of cash flows, the Company considers all highly liquid investments, with an original maturity of three months or less, to be cash equivalents.

Note 3-Fair Value Measurements

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value. The fair value hierarchy consists of three broad levels with Level 1 having the highest priority. The Company measures fair value using

DOMINION INVESTOR SERVICES, INC.
(A Wholly Owned Subsidiary Dominion Financial Services, Inc.)

Notes to Financial Statements

Level 1 inputs for the investments because they generally provide the most reliable evidence of fair value. The fair value of certificates of deposits is based on quoted market prices at year-end. See Note 4 regarding investments.

Note 4-Investments

Investments are carried at cost which approximate market and consist of certificates of deposits totaling \$49,975 and \$175,356 at 2012 and 2011 respectively. The original maturities range from three to five years and the interest rates range from 2.35% to 4.15%.

Note 5-Deposits With Clearing Organizations

The Company entered into an agreement with a clearing organization, First Southwest Company, to execute and clear securities transactions. The agreement requires that a \$50,000 non-interest bearing deposit be maintained in account at the clearing organization.

Note 6-Equipment

Equipment is stated at cost. Depreciation, for financial reporting purposes, is provided on the straight line method over 5 to 7 years.

Changes in fixed assets are as follows:

	<u>Equipment</u>	<u>Depreciation</u>	<u>Assets</u>
Balance January 1, 2011	\$ 290,588	\$ 276,106	\$ 14,482
Additions	4,135	6,617	(2,482)
Balance December 31, 2011	294,723	282,723	12,000
Additions	10,093	7,158	2,935
Deletions	(4,425)	(4,001)	(424)
Balance December 31, 2012	\$ <u>300,391</u>	\$ <u>285,880</u>	\$ <u>14,511</u>

Note 7-Retirement Plan

The Company established a Simple Plan whereby the employees can elect to contribute through a payroll deduction. The Company will match up to 3% of the employees' earnings not to exceed their elective deferral amount. The Company's contribution to the plan was \$15,861 and \$16,756 for 2012 and 2011 respectively.

DOMINION INVESTOR SERVICES, INC.
(A Wholly Owned Subsidiary Dominion Financial Services, Inc.)

Notes to Financial Statements

Note 8-Federal Income Taxes

Effective January 1, 2001, DFS elected under the Internal Revenue Code to be taxed as an S-Corporation and also elected to treat the Company as a Qualified Subchapter S Subsidiary of DFS. Under those provisions, DFS does not pay federal corporate income taxes on its income. As a Qualified Subchapter S subsidiary of DFS, the Company's income is reported on the DFS's tax return and its shareholders are liable for individual income tax on their proportionate share of DFS's taxable income. These financial statements include only the accounts of Dominion Investor Services, Inc.

Note 9-Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2012, the Company had net capital of \$247,574 which was \$197,574 in excess of the required net capital of \$50,000. The Company's aggregate indebtedness to net capital ratio is .80 to 1.

Note 10-Lease Commitments

The Company began leasing two office spaces in September, 2012 due to relocating. The old lease commitment was fulfilled through January, 2013 and the new lease was on a month to month basis during the interim. Beginning February, 2013, the Company entered into a one year lease agreement with an affiliated entity with options for renewal at amounts to be determined at a later date. Future minimum lease payments are as follows:

December 31, 2013	\$ <u>47,334</u>
-------------------	------------------

Rent expense was \$99,799 in 2012 and \$75,625 in 2011.

Note 11-Concentrations of Receivables and Deposits

First Southwest Company (FSW) clears trades for the Company and requires that a deposit of \$50,000 be maintained at FSW for this service. The Company has other cash and investments deposited with FSW totaling \$242,005 and \$431,936 for 2012 and 2011 respectively. In addition, FSW owes the Company for certain December trades and other miscellaneous charges in the amount of \$115,100 and \$124,002 for 2012 and 2011 respectively.

DOMINION INVESTOR SERVICES, INC.
(A Wholly Owned Subsidiary Dominion Financial Services, Inc.)

Notes to Financial Statements

Note 12-Related Party Transactions

The Company is involved in transactions with affiliated entities. The following represents assets, liabilities, revenues and expenses with related parties:

Note 13-Possession or Control Requirements

There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (S.E.C.) Rule 15c3-3 (K) (2) (ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts; therefore, the Company does not have any possession or control of customer funds or securities. Further, our independent auditors have ascertained that the conditions of the exemptions were being complied with as of the date of the audit examination and no facts came to their attention to indicate that the exemption had not been complied with during the period of their examination.

Percentage of aggregate indebtedness to net capital as adjusted		<u>80%</u>

**REPORT ON THE INTERNAL CONTROL STRUCTURE
REQUIRED BY SEC RULE 17a-5(g)(1)**

Board of Directors
Dominion Investor Services, Inc.

In planning and performing our audit of the financial statements of Dominion Investor Services, Inc. (a wholly owned subsidiary of Dominion Financial Services, Inc.) as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Dominion Investor Services, Inc. including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures as described in the second paragraph of this report, were adequate at December 31, 2012 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be used and should not be used by anyone other than these specified parties.
