Report of Independent Certified Public Accountants

Board of Directors
First Securities Northwest, Inc.

Report on the Financial Statements

I have audited the accompanying statements of financial condition of First Securities Northwest, Inc. as of December 31, 2012 and 2011, and the related statements of income and comprehensive income, changes in stockholder's equity, and cash flows for the years then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on our audit. I conducted my audit in accordance with auditing standards generally accepted in The United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I express no such opinion. An audit also includes evaluation of the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of First Securities Northwest, Inc. as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in The United States of America.

FIRST SECURITIES NORTHWEST, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review - Management has evaluated subsequent events through February 6, 2013, the date on which the financial statements were available to be issued.

The Company is an Oregon corporation and a registered broker-dealer in securities under the Securities and Exchange Act of 1934, as amended. The Company renders broker-dealer services in securities on both an agency and principal basis to its customers who are fully introduced to Southwest Securities. The Company is exempt from the reserve requirements under SEC Rule 15c3-3(k)(2)(B), since it does not handle or carry customer securities and cash.

A summary of the Company's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Revenue Recognition

Security transactions and related revenue are recorded on a trade date basis, as if they had settled.

2. Securities Valuation

Marketable securities owned are stated at market value with changes in value reflected currently in the results of operations for the year.

3. Receivables

Receivables from brokers or dealers consist of commissions receivable and are considered fully collectible.

Receivables from non-customers consist of balances due for services rendered and are considered collectible by management.

4. Securities

Marketable securities are valued at market value and the resulting difference between cost and market is included in income.

5. Income Taxes

Effective January 1996, the Company elected to be taxed as a "C" Corporation. Deferred tax benefits are recognized for operating

FIRST SECURITIES NORTHWEST, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

5. Income Taxes Continued

losses that are available to offset future federal and state income taxes.

The Company is no longer subject to federal or state examinations by taxing authorities for years before 2009, generally for three years after they were filed.

6. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

7. Property and Equipment

Property and equipment are carried at cost. Depreciation is provided using straight-line method for financial reporting purposes using estimated useful life of five to seven years. Depreciation expense amounted to 0 and \$0 for calendar years ending December 31, 2012 and 2011 respectively.

NOTE B - LEASES

The Company is currently on a month to month lease for its current location with a thirty day written notice to terminate.

Lease expense amounted to \$8,400 and \$8,400 and for the calendar years ending 2012 and 2011 respectively.

NOTE C - COMMON STOCK

The Company was incorporated under the laws of the State of Oregon. In conjunction with the incorporation, the Board of Directors authorized the issuance of 1,000 shares of no par value common stock, all of which are outstanding at December 31, 2012.

NOTE D - NET CAPITAL REQUIREMENTS

The Company is subject to the net capital rule (Rule 15c3-1) of the Securities and Exchange Commission. This rule prohibits the Company from engaging in any securities transaction at a time when its "aggregate indebtedness" exceeds fifteen times its "net

FIRST SECURITIES NORTHWEST, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE D - NET CAPITAL REQUIREMENTS (CONTINUED)

Capital" as those terms are defined by the rule. At December 31, 2012, the Company's net capital and required net capital, as defined, were \$143,948 and \$100,000 respectively, and its ratio of aggregate indebtedness to net capital was .029 to 1.

NOTE E - INCOME TAXES

Components

The provisions for income taxes consist of the following components:

Current	\$ 0	\$ 0
Deferred benefit, (Expense)	(55,454)	(3,143)
	<u>(\$55,454)</u>	<u>(\$3,143)</u>

The Company has a Federal net operating loss carryforward of \$206,195 and a state loss of \$312,512 that may be offset against future taxable income. If not used, the carryforwards will expire in the year 2018.

The Company adopted the provisions of FASB interpretation No. 48 (FIN 48), Accounting for Uncertainty in Income Taxes. There was no impact to the Company's financial statements as a result of the implementation of FIN 48.

The tax provision differs from the expense that would result from applying statutory rates to income before income taxes because the Company uses the cash method of accounting for tax purposes. The tax rates used to calculate the deferred tax benefit was 15% for federal and 6.6% for the state.

NOTE F - CONCENTRATION OF CREDIT RISK

The Company maintains cash balances at one financial institution located in Portland, Oregon. Accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000. At December 31, 2012 the Company's uninsured cash balance was \$.00.

NOTE G - COMMITMENTS AND CONTINGENT LIABILITIES

The Company does not have any commitments or contingent liabilities other than those stated in these financial statements.

Board of Directors
FIRST SECURITIES NORTHWEST, INC.

I have audited the financial statements of First Securities Northwest, Inc. for the years ended December 31, 2012 and 2011 and have issued our report dated February 6, 2013, which contained an unmodified opinion on those financial statements. My audit was performed for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in Schedules 1 and 2, required by Rule 17a-5 under the Securities and Exchange Act of 1934, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules 1 and 2 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion the information in Schedules 1 and 2 is fairly stated in all material respects in relation to the financial statements as a whole.

Duane G. Liebswager

Report on Internal Control Required by SEC Rule 17a-5(g)(1) for
A Broker-Dealer Claiming an Exemption From SEC Rule 15c3-3

Board of Directors
First Securities Northwest, Inc.

In planning and performing our audit of the financial statements of First Securities Northwest, Inc. as of and for the years ended December 31, 2012 and 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and the procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC'S previously mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objective in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012 and 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management and the SEC, and the Financial Industry Regulatory Authority, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used for anyone other than these specified parties.
