REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Directors and Stockholder of
Peters & Co. Equities Inc.

We have audited the accompanying statement of financial condition of **Peters & Co. Equities Inc.** [the "Company"] as of September 30, 2012. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, and evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition, referred to above presents fairly, in all material respects, the financial position of **Peters & Co. Equities Inc.** at September 30, 2012, in conformity with U.S. generally accepted accounting principles.

We draw attention to Note 4 to the statement of financial condition, which describes the correction of an error from a prior period. Our opinion is not qualified in respect of this matter.

NOTES TO STATEMENT OF FINANCIAL CONDITION

[All figures presented in United States dollars]

September 30, 2012

1. BACKGROUND

Peters & Co. Equities Inc. [the "Company"], incorporated under the *Business Corporations Act* (Alberta) and a wholly-owned subsidiary of Peters & Co. Limited ["Limited"], commenced operations on September 24, 1996. The Company is registered as a broker/dealer with the Financial Industry Regulatory Authority, Inc. ["FINRA"] and is a member of the Securities Investor Protection Corporation and the Securities Industry and Financial Markets Association. The Company specializes in investments in the Canadian energy industry and deals exclusively with institutional clients.

2. SIGNIFICANT ACCOUNTING POLICIES

The statement of financial condition has been prepared by management in accordance with accounting principles generally accepted in the United States ["US"]. Significant accounting policies are as follows:

Use of estimates

Because a precise determination of many assets and liabilities is dependent upon future events, the preparation of financial statements for a period necessarily involves the use of estimates which would affect the amounts of recorded assets, liabilities, revenues and expenses. Actual amounts could differ from these estimates.

Accounting for securities transactions

Securities transactions and the related revenues and expenses are recorded in the financial statements on a trade date basis.

Research revenue

Research revenue is earned as a result of providing research services to clients. The revenue is recognized once the services have been provided and the related income is reasonably determinable.

Foreign currency translation

The Canadian ["CDN"] dollar is the functional currency for the Company's operations. Foreign exchange gains and losses arising from transactions in US dollars are recognized in income during the year.

Monetary assets and liabilities denominated in US currency are translated into CDN dollars at the rate of exchange in effect at the reporting date. The resulting gains and losses on monetary assets and liabilities are included in income. Non-monetary assets and liabilities and equity accounts are translated at the historic rates in effect at the dates of the transactions. Revenue and expense items are translated at the average exchange rate for the year. The resulting gains and losses are recorded in income in the period in which they occur.

The CDN dollar functional currency financial statements are then translated into US dollar presentation currency financial statements, as US dollar financial statements are required for filing with the regulators in the US. Assets and liabilities are translated at the rate of exchange in effect at the reporting date. Revenue and expense items are translated at the average exchange rate for the year. Equity accounts are translated at the historic rates prevailing at the dates of the transactions. The resulting translation gains and losses are recorded as a currency translation adjustment in accumulated other comprehensive income.

Financial instruments

The carrying values of all of the Company's financial instruments approximate their fair values. Financial instruments are represented by cash, cash segregated in compliance with federal and other regulations, accounts receivable, accounts payable, income taxes payable and subordinated loans.

Income taxes

The Company records income taxes using the liability method. Under this method, deferred tax assets and liabilities are recognized based on the anticipated future tax effects arising from the differences between the financial statement carrying amounts of assets and liabilities and their respective tax bases.

Deferred income taxes relate to the temporary differences between the carrying value of capital assets for financial reporting purposes and the undepreciated capital cost for income tax purposes.

Comprehensive income

There are no items which would cause comprehensive income to differ materially from net income.

3. CHANGE IN FUNCTIONAL CURRENCY

In 2012, the Company changed its functional currency from US dollars to CDN dollars. On September 28, 2012, the Company received a CDN \$1,500,000 subordinated loan from its parent, and subsequently repaid all of the existing subordinated loans denominated in US dollars. These transactions, as well as the accumulation over time of various factors relevant to the determination of functional currency, culminated in the determination that the CDN dollar was the currency most reflective of the primary economic environment in which the Company operates.

4. RETROSPECTIVE RESTATEMENT OF ERROR

In 2012, the Company discovered an error in a prior period related to the accounting for trade date revenue. The error has been adjusted retrospectively and, as a result, the retained earnings balance at the beginning of 2012 has been restated. The effect of the restatement was an increase in opening retained earnings of \$113,993, from \$70,272, as previously reported, to \$184,265.

5. CASH AND CASH SEGREGATED IN COMPLIANCE WITH FEDERAL AND OTHER REGULATIONS

	2012
	\$
Cash	1,535,980
Cash segregated in compliance with federal and other regulations	343,381
Total cash and cash segregated in compliance with federal and other regulations	1,879,361

The Company has CDN and US currency on deposit at a Canadian chartered bank. The deposits earn interest at the CDN prime rate less 2.50 percent per annum, and at the US prime rate less 3.75 percent per annum, respectively. At September 30, 2012, the CDN prime rate was 3.00 percent per annum and the US prime rate was 3.25 percent per annum. In the event that the calculated rate is less than 0.00 percent per annum, 0.00 percent per annum is earned.

Cash segregated in compliance with federal and other regulations represents balances in the special reserve bank accounts, segregated for the exclusive benefit of customers, pursuant to the United States Securities and Exchange Commission [the "SEC"] Rule 15c3-3, *Customer Protection – Reserves and Custody of Securities*. 6. RELATED PARTY TRANSACTIONS

The Company's parent, Limited, provides trade execution services to the Company and acts as its settlement agent with various clearing corporations and depositories for all of its security transactions. Accounts payable – broker represents the balances outstanding for such transactions.

Substantially all of the Company's cash receipts and disbursements and administrative functions are handled by Limited. Certain operating, overhead and other costs related to these services are recovered through a management fee. The management fee is calculated by allocating a portion of the clearing and processing costs, operating expenses and compensation costs of Limited. The allocation is based on Company revenues and commissions as a percent of Limited's consolidated revenues and consolidated commissions. If the management fee creates a loss in the Company, certain costs will not be allocated. However, clearing and processing costs and operating expenses must be allocated. The intercompany balance arising from these transactions is recorded as due to Peters & Co. Limited.

The intercompany balances are due on demand and do not bear interest.

7. SUBORDINATED LOANS

On September 28, 2012, the Company received a subordinated loan in the amount of CDN \$1,500,000 from its parent. The subordinated loan has been approved by the FINRA and is thus available in computing net capital. It is scheduled to mature on September 30, 2017 and bears interest at 10 percent per annum. To the extent the loan is required for net capital, it may not be repaid.
