## INDEPENDENT AUDITOR'S REPORT

To the Stockholder  
VelocityHealth Securities, Inc.

### Report on the Financial Statements

We have audited the accompanying financial statements of VelocityHealth Securities, Inc. which comprise the statement of financial condition as of December 31, 2012 and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended, and the related notes to the financial statements that are to be filed pursuant to Rule 17a-5 of the Securities Exchange Act of 1934.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VelocityHealth Securities, Inc. as of December 31, 2012 and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Supplemental Information**

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**VELOCITYHEALTH SECURITIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2012

NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Description of Business: VelocityHealth Securities, Inc. (the “Company”), a Tennessee corporation, is a securities broker-dealer registered with the Securities and Exchange Commission and the Financial Industry Regulatory Authority.

The Company was organized in November 2004 and is a wholly-owned subsidiary of VelocityHealth Capital, Inc. (“Parent”).

The Company provides investment banking and investment advisory services for customers located primarily throughout the United States.

Cash and Cash Equivalents: The Company considers all cash and money market instruments with a maturity of ninety days or less to be cash and cash equivalents.

The Company maintains its deposits in high credit quality financial institutions. Balances at times may exceed federally insured limits.

Accounts Receivable: The Company provides for doubtful accounts when current market conditions indicate that collection of an account is doubtful. The allowance is estimated based on management’s knowledge of its customers, historical loss experience and existing economic conditions.

Income Taxes: The Company is included in the consolidated federal income tax return filed by its Parent. Federal and state income taxes are calculated as if the companies filed on a separate return basis and the amount of current tax provision or benefit is transferred to or received from the Parent.

The difference between the financial statement and tax basis of assets and liabilities is computed annually. Deferred income tax assets and liabilities are computed for those differences that have tax consequences using the currently enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income. Valuation allowances are established, if necessary, to reduce deferred tax asset accounts that will more likely than not be unrealized. Income tax expense is the current tax payable or refundable for the period, plus or minus the net change in the deferred tax asset and liability accounts.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity’s status, and the decision not to file a return.

**VELOCITYHEALTH SECURITIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2012

**NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary.

The Company, which files income tax returns in the U.S. federal jurisdiction and various state jurisdictions, is no longer subject to U.S. federal income tax examination by tax authorities for years before 2009.

Date of Management's Review: Subsequent events were evaluated through February 25, 2013, which is the date the financial statements were available to be issued.

Estimates: Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Investment Banking Revenues: Investment banking revenues include fees from securities offerings in which the Company acts as an agent. Investment banking revenues also include fees earned from providing merger and acquisition and financial advisory services which are recognized as the services are performed. Investment banking fees and sales commissions are recorded upon settlement. The underwriting fees are recorded at the time the underwriting is completed and the income is readily determinable.

**NOTE B — NET CAPITAL**

The Company, as a registered broker dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2012, the Company had net capital of \$84,834, which was \$79,834 in excess of its required net capital of \$5,000 and its ratio of aggregate indebtedness to net capital was .02 to 1.0.

**NOTE C – CONCENTRATIONS**

Approximately 88% of the investment banking revenues were earned from two customers during 2012.

**VELOCITYHEALTH SECURITIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2011

NOTE D – INCOME TAXES

The provision for income taxes is summarized as follows:

Current income tax benefit	\$ (4,500)
Deferred income tax expense	<u>-</u>
Income taxes	<u>\$ (4,500)</u>

The Company files a consolidated federal tax return with its Parent and records its share of the consolidated tax expense (benefit) on a separate return basis.

The current income tax benefit arises from reversal of the income taxes liability recorded at December 31, 2011 in 2012 because of losses incurred in 2012.

Deferred income taxes are provided for net operating losses and temporary differences between the financial reporting basis and tax basis of assets and liabilities. Deferred taxes at December 31, 2012 relate to a net operating loss carryforward.

Significant components of deferred tax assets are as follows:

Deferred tax assets:	
Net operating losses	\$ 10,000
Less deferred tax valuation allowance	<u>(10,000)</u>
Net deferred tax asset	<u>\$ -</u>

The Company has recorded a valuation allowance for the deferred tax asset at December 31, 2012, equal to the deferred tax asset because it is more likely than not that the net operating loss carryforward will not be realized before it begins to expire.

The Company has a net operating loss carryforward that may be used to reduce income taxes arising in future years of approximately \$50,000.

NOTE E – LEASES

The Company leases office premises under an operating lease that expires December 2013. Rent expense for 2012 was approximately \$19,000.

NOTE F – RETIREMENT PLAN

The Company has a simplified employee pension plan covering all employees. Expense arising from Company contributions to the plan for 2012 was \$50,000.

## SUPPLEMENTAL INFORMATION

**SCHEDULE I**  
**VELOCITYHEALTH SECURITIES, INC.**

**COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1**  
**OF THE SECURITIES AND EXCHANGE COMMISSION ACT OF 1934**  
**AS OF DECEMBER 31, 2012**

NET CAPITAL:

Total stockholder's equity	<u>\$ 87,135</u>
Less nonallowable assets:	
Accounts receivable	500
Prepaid expenses and other assets	5
Furniture and office equipment, net	<u>1,796</u>
	<u>2,301</u>
Net capital before haircuts	84,834
Less haircuts	<u>-</u>
Net capital	84,834
Minimum net capital required	<u>5,000</u>
Excess net capital	<u>\$ 79,834</u>
Aggregate indebtedness	<u>\$ 2,040</u>
Net capital based on aggregate indebtedness	<u>\$ 136</u>
Ratio of aggregate indebtedness to net capital	<u>.02 to 1.0</u>

RECONCILIATION WITH COMPANY'S COMPUTATION OF NET CAPITAL INCLUDED  
IN PART II OF FORM X-17A-5 AS OF DECEMBER 31, 2012

There is no significant difference between net capital as reported in Part A of Form X-17a-5 and net capital as reported above.

**VELOCITYHEALTH SECURITIES, INC.**

**SCHEDULE II  
COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS  
UNDER RULE 15c3-3 OF THE SECURITIES AND EXCHANGE COMMISSION  
AS OF DECEMBER 31, 2012**

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934, pursuant to paragraph (k)(2)(i) of the rule.

**SCHEDULE III  
INFORMATION RELATING TO THE POSSESSION OR CONTROL REQUIREMENTS  
UNDER RULE 15c3-3 OF THE SECURITIES AND EXCHANGE COMMISSION  
AS OF DECEMBER 31, 2012**

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934, pursuant to paragraph (k)(2)(i) of the rule.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL  
REQUIRED BY RULE 17a-5**

To the Stockholder  
VelocityHealth Securities, Inc.

In planning and performing our audit of the financial statements of VelocityHealth Securities, Inc., for the year ended December 31, 2012, we considered its internal control structure, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including test of compliance with such practices and procedures) followed by VelocityHealth Securities, Inc., that we considered relevant to the objective stated in Rule 17a-5(g). We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedure for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company related to the following: (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2012 to meet the Commission's objectives.

This report recognizes that it is not practicable in an organization the size of the Company to achieve all the division of duties and cross-checks generally included in a system of internal accounting control, and that alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and should not be used for any other purpose.

## **INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION**

To the Stockholder of Velocity Health Securities, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2012, which were agreed to by Velocity Health Securities, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Velocity Health Securities, Inc. compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Velocity Health Securities, Inc.'s management is responsible for Velocity Health Securities, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2012 with the amounts reported in the Form SIPC-7 for the year ended December 31, 2012, noting no differences;
3. Compared adjustments reported in the Form SIPC-7 with supporting schedules and working papers, noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in the Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences;

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
