Report of Independent Auditors

To the Board of Directors and Stockholders
Securities Service Network, Inc.

We have audited the accompanying consolidated statement of financial condition of Securities Service Network, Inc. and subsidiaries as of December 31, 2012, and the related notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this consolidated financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this consolidated financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors and Stockholders
Securities Service Network, Inc.

Opinion

In our opinion the consolidated statement of financial condition referred to above presents fairly, in all material respects, the financial position of Securities Service Network, Inc. and subsidiaries as of December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of the Consolidated Statement of Financial Condition.

Securities Service Network, Inc. and Subsidiaries
Notes to Consolidated Statement of Financial Condition
December 31, 2012

1. Description of Business

Securities Service Network, Inc. is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

The principal business activities of Securities Service Network, Inc. and its wholly owned subsidiaries (collectively, the Company) are to provide support to its affiliated independent registered representatives through clearing general securities transactions and by providing research support, risk management, and educational opportunities. The Company's success is largely dependent upon the securities market and retaining its representatives.

2. Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of Securities Service Network, Inc. and its wholly owned subsidiaries SSN Agency, Inc., a New York state company, SSN Agency of Texas, Inc., a Texas state company, Network Agency of Alabama, Inc., an Alabama state company, Network Agency of Ohio, Inc., an Ohio state company, Network Agency and SSN Advisory, Inc., Tennessee state companies and Fort Loudon Insurance Company, LTD, which is domiciled in the British Virgin Islands. All material intercompany balances and transactions are eliminated in consolidation.

Cash Equivalents

The Company considers deposits that can be redeemed on demand and investments that have original maturities of less than three months, when purchased, to be cash equivalents.

Allowance for Doubtful Accounts

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the security. The Company evaluates each counterparty's financial condition and creditworthiness before making a decision to conduct business with that counterparty and on an on-going periodic basis.

The Company also grants credit to its representatives, substantially all of whom are independent registered representatives, that are geographically dispersed across the country.

The Company uses the allowance method to account for uncollectible accounts receivable, and as of December 31, 2012, there were no accounts which management determined to be uncollectible.

Securities Service Network, Inc. and Subsidiaries

Notes to Consolidated Statement of Financial Condition (continued)

2. Significant Accounting Policies (continued)

Securities Owned

Securities owned are comprised of mutual funds, all of which are classified by management as trading securities as they are bought and held principally for the purpose of selling them in the near term. These securities are reported at fair value based on the quoted market prices of the securities with net realized and unrealized gains and losses included in earnings.

Fair Value

Current accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 measurements—Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 measurements—Quoted prices in markets that are not active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 measurements—Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

See Note 3 *Securities Owned*, for more information on the fair value of financial assets and liabilities.

Securities Service Network, Inc. and Subsidiaries

Notes to Consolidated Statement of Financial Condition (continued)

2. Significant Accounting Policies (*continued*)

Income Taxes

The stockholders of the Company have elected S corporation status under the Internal Revenue Code. The stockholders are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in these consolidated financial statements. Certain specific deductions and credits flow through the Company to its stockholders. The State of Tennessee and other states do not provide for a similar election, therefore, the Company is responsible for all franchise and excise taxes and a provision and related liability have been included in the consolidated financial statements.

With few exceptions, the Company is no longer subject to federal or state income tax examinations by tax authorities for years before 2010. Interest or penalties, if any, incurred related to taxes are reported in operating expenses.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant differences for the Company primarily relate to accrued compensation.

Concentration of Credit Risk for Cash and Accounts Receivable

The Company maintains its cash in bank deposit accounts and brokerage accounts that, at times, may exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) and Securities Investor Protection Corporation (SIPC) up to certain limits. As of December 31, 2012, the Company had approximately \$7,300,000 in excess of FDIC and SIPC insured limits. The Company has not experienced any losses in such accounts.

Two clearing houses accounted for substantially all of the Company's accounts receivable as of December 31, 2012.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparation of the accompanying financial statements, management has evaluated subsequent events that have occurred since statement of financial condition date through February 25, 2013, the date the financial statements were available for issuance.

Securities Service Network, Inc. and Subsidiaries

Notes to Consolidated Statement of Financial Condition (continued)

3. Securities Owned

Securities owned at December 31, 2012 consist of mutual fund equities with a fair value of \$1,664,618 and cost of \$1,651,077. The following are the Company's trading securities, within the fair value hierarchy, as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Government Bond Index Funds	\$ 768,622	\$ —	\$ —	\$ 768,622
Corporate Bond Index Funds	777,053	—	—	777,053
Other Mutual Funds	118,943	—	—	118,943
	\$1,664,618	\$ —	\$ —	\$1,664,618

4. Management Incentive Plans

The Company has two non-qualified incentive plans for key employees to compensate those employees for the future long-term growth of the Company.

Stock Appreciation Right Plan (SARP)

Participants in the SARP are awarded units that represent a hypothetical number of shares of Company stock corresponding in value to one percent of the outstanding shares of Company stock. The value of the Company stock is determined by a committee as appointed by the Company's board of directors.

Benefits under this plan become payable to its participants upon the occurrence of certain events as defined in the agreement. As of December 31, 2012 all participants in the SARP were fully vested in the plan and a liability is recorded in accrued compensation on the accompanying consolidated statement of financial condition. If obligations to an individual participant exceed \$100,000, the Company may, at its option, liquidate the obligation over a five year period in equal installments following the triggering event. Participants in the SARP also have dividend equivalent rights.

Supplemental Executive Compensation Plan (SECP)

Participants in the SECP are awarded units at a fixed value with a combined value of \$808,000. Benefits under this plan become payable to its participants upon the occurrence of certain events as defined in the agreement. As of December 31, 2012, a liability is recorded in accrued compensation associated with the SECP.

5. Defined Contribution Plan

Certain employees are covered by a defined contribution plan sponsored by the Company. The Company's contributions to the plan include a safe harbor match of 4% and a discretionary contribution as determined by the Board of Directors.

Securities Service Network, Inc. and Subsidiaries

Notes to Consolidated Statement of Financial Condition (continued)

6. Related Party Office Lease

The Company has an operating lease for office facilities with an entity controlled by the Company's stockholders and directors which expires on March 31, 2015. As of December 31, 2012, future minimum rental payments under the operating lease amounted to the following:

2013	\$262,500
2014	262,500
2015	65,625
	<u>\$590,625</u>

7. Related Party Transactions

The Company engages in various transactions with its stockholders, board of directors and other business entities controlled by its stockholders and members of its board of directors. Advances to related parties were \$53,427 as of December 31, 2012.

8. Contingencies

In the ordinary course of business, the Company has been named as a defendant in legal and regulatory proceedings. The Company estimates potential losses that may arise out of legal and regulatory proceedings and recognizes liabilities for such contingencies to the extent that such losses are probable and the amount of the loss can be reasonably estimated. Information regarding potential losses is accumulated over time and the estimates of the liability are revised accordingly, with the change recognized in the period revisions are made. While the Company believes its estimates for potential losses are reasonable, it is at least reasonably possible that a change in the estimate will occur in the near future.

9. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule, (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2012, the Company had net capital of \$5,503,927, which was \$5,181,025 in excess of its required capital of \$322,902. The Company's net capital ratio was .88 to 1.

Securities Service Network, Inc. and Subsidiaries

Notes to Consolidated Statement of Financial Condition (continued)

10. Consolidated Subsidiaries

The following is a summary of certain financial information of the Company's consolidated subsidiaries:

	<u>Total Assets</u>	<u>Total Stockholder's Equity (Deficit)</u>
SSN Advisory, Inc.	\$ 39,497	\$ 773
SSN Agency, Inc.	8,713	1,981
SSN Agency of Texas, Inc.	5,162	3,028
Network Agency	9,237	(23,225)
Network Agency of Alabama, Inc.	5,963	(104)
Network Agency of Ohio, Inc.	5,887	1,157
Fort Loudon Insurance Company, Ltd.	2,315,604	691,306
Total	<u>\$2,390,063</u>	<u>\$674,916</u>

Subsidiaries are excluded from the computation of the Company's net capital.
