We have audited the accompanying consolidated financial statements of Goelzer Investment Management, Inc., which comprise the consolidated statements of financial condition as of December 31, 2012 and 2011, and the related consolidated statements of income, changes in shareholders' equity, and cash flows for the years then ended, and the related notes to the financial statements, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Goelzer Investment Management, Inc. as of December 31, 2012 and 2011, and the consolidated results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

***Report on Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The information contained in the schedules and reports on pages 17 through 25 are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## Notes To Financial Statements December 31, 2012

### Note 1 – Significant Accounting Policies

#### Description of Business

Goelzer Investment Management, Inc. is a registered broker and dealer. As a securities broker and dealer, the Company is engaged in various securities trading, brokerage, and investment management and advisory activities serving a diverse group of customers. The trading and brokerage activities are provided through the Company's fully-disclosed correspondent relationship with Pershing LLC, a subsidiary of Bank of New York.

#### Principles of Consolidation

The consolidated financial statements include the accounts of Goelzer Investment Management, Inc. and its wholly owned subsidiary. All material intercompany accounts and transactions have been eliminated in consolidation.

#### Estimates and Assumptions

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

#### Revenue Recognition

Most revenues are recognized when earned regardless of when cash is received. Uncollectible trade receivables are charged off when numerous collection attempts have failed.

#### Securities Owned

Securities owned are valued at their quoted market values in an active market. The resulting differences between cost and market value are included in income under the description Net gains (losses) on firm securities trading accounts.

#### Property and Equipment

Purchases of property and equipment are recorded at their cost. Depreciation of \$18,966 and \$20,679 for the years ended December 31, 2012 and 2011, respectively, has been computed using straight line and accelerated rates of depreciation.

#### Consolidated Statements of Cash Flows

Cash equivalents include demand deposits and money market accounts. Cash segregated under federal securities regulation for the benefit of customers is not included as a cash equivalent item.

The Company did not pay any income taxes in 2012 or 2011. The Company paid \$609 and \$881 in interest costs in 2012 and 2011, respectively.

## Notes To Financial Statements December 31, 2012

### Note 1- Significant Accounting Policies (Continued)

#### Income Taxes

The Company has elected under the Internal Revenue Code, to be taxed as a subchapter S Corporation. The shareholders, rather than the Company, will be taxed on corporate income. Therefore, no provision or liability for income taxes has been included in these financial statements. All tax years prior to 2009 are no longer subject to tax examination.

### Note 2 - Cash Segregated Under Federal Regulations

Cash of \$1,041 and \$1,040 in 2012 and 2011, respectively, has been segregated in a special reserve bank account for the benefit of customers under rule 15c3-3 of the Securities and Exchange Commission.

### Note 3 - Receivable from Customers

Amounts receivable from customers were amounts due for advisory and consulting services. The Company does not require collateral on receivables from customers. Management considers accounts receivable to be fully collectable; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when the determination is made.

Board of Directors  
Goelzer Investment Management, Inc.

In planning and performing our audit of the consolidated financial statements of Goelzer Investment Management, Inc. as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities and including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17(a)-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c-3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that the assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Directors  
Goelzer Investment Management, Inc.  
Page Two

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies in internal control, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above. We did identify a significant deficiency related to the control over the selection and application of accounting principles in conformity with GAAP. This weakness could result in significantly misstated financial statements but it does not affect our report on these financial statements nor the internal control or control activities for safeguarding securities.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the FINRA, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers, transactions identified in specific general ledger accounts and entries on FOCUS reports filed for the quarters ended in 2012, supporting the adjustments noting no differences; and

5. Since there was no overpayment carried forward to 2012, we did not compare the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
