**INDEPENDENT AUDITOR'S REPORT**

To the Managing Member  
Moreton Brokerage Services, LLC

**Report on the Financial Statements**

We have audited the accompanying statement of financial condition of Moreton Brokerage Services, LLC (a Utah limited liability company), as of December 31, 2012, and the related statements of operations, changes in members' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Moreton Brokerage Services, LLC as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matter**

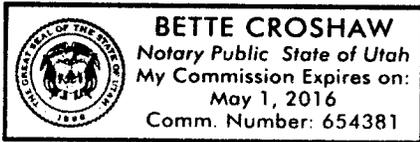

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The information contained in Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I, II and III has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules I, II and III is fairly stated in all material respects in relation to the financial statements as a whole.

**MORETON BROKERAGE SERVICES, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2012**

**1. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES**

**a. Business**

Moreton Brokerage Services, LLC (a Utah Limited Liability Company) was formed in 2004 under the laws of the state of Utah. The Company is governed by the Operating Agreement of Moreton Brokerage Services, LLC dated July 19, 2004. The Operating Agreement provides that the Company is to terminate on December 31, 2054 unless terminated earlier in accordance with the terms of the Operating Agreement.

According to the terms of the Operating Agreement, after the initial contributions are made, members have no further obligation to contribute additional amounts of capital to the Company, unless otherwise approved by the members. In addition, the liability of the members of the Company is limited to the members' equity.

The Company began operations as a securities broker dealer in January 2005. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's business is principally limited to sharing commissions with three other FINRA member firms for the referral of customers for mutual funds and variable annuity insurance products. The Company operates in the state of Utah and has securities transactions with customers within Utah and numerous other states where the Company is registered.

**b. Revenue Recognition**

Commission revenue is recorded in the accounts on a trade date basis, which is the day the transaction is executed. Fees are recorded when earned and transactions have been fully consummated.

**c. Customer Security Transactions**

The Company does not handle customer funds or securities and is exempt from the provisions of the Customer Protection Rule (Rule 15c3-3).

**d. Cash and Cash Equivalents**

For purposes of reporting cash flows, the Company considers all highly liquid cash investments with a maturity of three months or less to be cash equivalents.

**e. Management Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles and prevailing industry practices requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from those estimates.

## Notes to the Financial Statements - continued

### f. Income Taxes

The Company became a single member LLC during 2011 when two of the three members sold their interest back to the Company. A single member LLC is a disregarded entity for income tax purposes and therefore the Company no longer files federal and state income tax returns. As a result, no provision for income taxes has been recognized in the financial statements. Income of the Company is reported on the member's individual income tax return.

### g. Uncertain Tax Positions

Management has determined that the Company does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Company's previously filed tax returns will not be challenged by the taxing authorities and that the Company or its member will not be subject to additional tax, penalties, and interest as a result of such challenge. Generally, the Company's tax returns remain open for three years after they are filed for federal and state income tax examination; thus, the tax returns for 2011 through 2009 remain open for examination as of December 31, 2012.

### h. Fair Value of Financial Instruments

The carrying amount reflected in the statement of financial condition for cash and cash equivalents approximate fair value due to the short maturities of those instruments.

## 2. COMMISSIONS RECEIVABLE

Commissions receivable represent amounts due from other broker dealers, for commissions and fees earned through December 31, 2012. Amounts due were received in the subsequent month, therefore, an allowance for doubtful accounts was not considered necessary.

## 3. RELATED PARTY TRANSACTIONS

In August of 2004, the Company entered into an *Office and Administrative Services Agreement* with another company with common ownership. Under the terms of this agreement, the Company is provided with office space, furnishings, administrative personnel, and access to the equipment and supplies necessary to operate the business. Office rent and administrative services of \$34,032 was charged to operations during the year ended December 31, 2012. The future minimum payments required by the *Office and Administrative Services Agreement* at December 31, 2012 are \$34,260 through December 2013.

The Company purchases insurance through another company with common ownership. During the year ended December 31, 2012, the Company paid insurance premiums totaling \$3,400 to that other company.

During the year ended December 31, 2012, director fees of \$250 were paid to each member of the Board of Directors totaling \$750.

## Notes to the Financial Statements - continued

### 4. NET CAPITAL REQUIREMENTS

As a broker dealer, the Company is subject to the uniform net capital rule adopted and administered by the Securities and Exchange Commission. The rule requires maintenance of minimum net capital and prohibits a broker dealer from engaging in securities transactions at a time when its net capital is less than the required minimum, as those terms are defined by the rule. At December 31, 2012, the Company's net capital was \$81,375 which was \$76,375 in excess of the \$5,000 minimum required.

### 5. RISK MANAGEMENT

Transactions involving financial instruments involve varying degrees of market, credit and operating risk. The Company monitors its exposure to risk on a regular basis.

#### Market Risk

The Company does not invest in securities for its own account and, therefore is not directly subject to market risk.

#### Credit Risk

Concentrations of credit risk that arise from financial instruments exist for groups of counterparties when they have similar economic characteristics that would cause their ability to meet obligations to be similarly affected by economic, industry or geographic factors.

#### Operating Risk

Operating risk focuses on the Company's ability to accumulate, process, and communicate information necessary to conduct its daily operations. Deficiencies in technology, financial systems and controls, and losses attributed to operational problems all pose potential operating risks. In order to mitigate these risks, the Company has established and maintains an internal control environment which incorporates various control mechanisms throughout the organization. In addition, the Company periodically monitors its technological needs and makes changes as deemed appropriate.

### 6. CONCENTRATION OF CREDIT RISK

The Company currently maintains its bank account at one financial institution. Accounts at an institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2012, the Company did not exceed the FDIC insured amount.

### 7. SIGNIFICANT BUSINESS RELATIONSHIPS

As discussed in note 1, the Company's business is principally limited to sharing commissions with three other FINRA member firms for the referral of customers for mutual funds and variable annuity insurance products. Loss or impairment to any of those business relationships may negatively impact the Company's results of operations.

### 8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 27, 2013, the date which the financial statements were available to be issued, and has determined there are no additional subsequent events to be reported.

**INDEPENDENT AUDITOR'S REPORT  
ON INTERNAL CONTROL**

To the Managing Member  
Moreton Brokerage Services, LLC

In planning and performing our audit of the financial statements of Moreton Brokerage Services, LLC (the Company), as of and for the year ended December 31, 2012 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012 to meet the SEC's objectives.

This report is intended solely for the information and use of the members, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES  
RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION**

To the Managing Member  
Moreton Brokerage Services, LLC

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2012, which were agreed to by Moreton Brokerage Services, LLC (Company) and the Securities and Exchange Commission (SEC), Financial Industry Regulatory Authority, Inc. (FINRA), and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 to check copies, noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2012, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2012, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 (if applicable) with supporting schedules and working papers, noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers, noting no differences; and
5. Compared the amount of any overpayment applied (if applicable) to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
