## Independent Auditor's Report

To the Member  
DCM Brokers, LLC  
Chicago, Illinois

### Report on the Statement of Financial Condition

We have audited the accompanying statement of financial condition of DCM Brokers, LLC (the Company) as of December 31, 2012, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition.

### Management's Responsibility for the Statement of Financial Condition

Management is responsible for the preparation and fair presentation of the statement of financial condition in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of financial condition that is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statement of financial condition. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the statement of financial condition, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the statement of financial condition in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statement of financial condition.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of DCM Brokers, LLC as of December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

## DCM Brokers, LLC

### Notes to Statement of Financial Condition

---

#### **Note 1. Nature of Business and Significant Accounting Policies**

DCM Brokers, LLC (the Company), a wholly owned subsidiary of Dearborn Capital Management, L.L.C. (the Parent or Dearborn Capital), is a registered broker-dealer under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA).

In the normal course of business, the Company, as an investment banking firm, seeks to act as a wholesaler of interests in primarily U.S.-based public and private companies and limited partnerships who may benefit from financing through the private placement via direct participation programs of equity and/or debt capital.

The Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the Securities Exchange Act of 1934 and, accordingly, is exempt from the remaining provisions of that rule, including the requirement to make the reserve computation under Rule 15c3-3. Essentially, the requirement of Paragraph (k)(2)(i) provides that a broker-dealer who carries no margin accounts, promptly transmits all customer funds and delivers all securities received in connection with its activities as a broker or dealer, does not otherwise hold funds or securities for, or owe money or securities to, customers and effectuates all financial transactions between the broker or dealer and its customers through one or more bank accounts, each to be designated as Special Account for the Exclusive Benefit of Customers of the Company.

A summary of the Company's significant accounting policies follows:

**Accounting policies:** The Company follows generally accepted accounting principles (GAAP), as established by the Financial Accounting Standards Board (the FASB) to ensure consistent reporting of financial condition, results of operations and cash flows.

**Use of estimates:** The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

**Income taxes:** As a wholly owned subsidiary of Dearborn Capital, the Company is not subject to federal income tax, but may be subject to certain state taxes. The FASB provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. For the year ended December 31, 2012, management has determined that there are no material income uncertain tax positions.

The Company is not subject to examination by U.S. federal or state taxing authorities for tax years before 2009.

#### **Note 2. Related-Party Transactions**

The Company has entered into an agreement with Dearborn Capital, effective August 1, 2008, whereby Dearborn Capital assumes responsibility for certain expenses of the Company. Such expenses will not be allocated to or reimbursed by the Company, and accordingly, there will be no expense allocation formulated by Dearborn Capital.

## **DCM Brokers, LLC**

### **Notes to Statement of Financial Condition**

---

#### **Note 3. Indemnifications**

In the normal course of business, the Company enters into contracts and agreements that contain a variety of representations and warranties and which provide general indemnifications. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. The Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

#### **Note 4. Net Capital Requirements**

The Company is a broker-dealer subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. SEC Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2012, the Company had net capital of \$42,394 which was \$37,394 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 0 to 1.
