Report of Independent Registered Public Accounting Firm

The Board of Directors
First Republic Securities Company, LLC:

We have audited the accompanying statement of financial condition of First Republic Securities Company, LLC (the Company), a wholly owned subsidiary of First Republic Bank, as of December 31, 2012, and the related statements of income, changes in member's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly in all material respects, the financial position of the Company as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I and II has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules I and II is fairly stated in all material respects in relation to the financial statements as a whole.

FIRST REPUBLIC SECURITIES COMPANY, LLC
(A Wholly Owned Subsidiary of First Republic Bank)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012
(in thousands)

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business — First Republic Securities Company, LLC (the “Company”) was formed as a Nevada limited liability company in July 2000 and operates as a wholly owned subsidiary of First Republic Bank (“First Republic”), a California corporation.

The Company is a registered member of the Financial Industry Regulatory Authority, Inc. and the Securities and Exchange Commission (“SEC”) and is actively engaged in the business of providing broker-dealer services. The Company’s business includes distribution of investment products and services, which involves introducing mutual funds and fixed income securities on an agency or riskless principal basis. The Company is a full disclosure broker dealer and clears all securities transactions through a clearing broker. The Company does not hold customer accounts.

Basis of Presentation — The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The Company is engaged in a single line of business as a securities broker-dealer.

Revenue Recognition — Revenues are recorded on a trade-date basis.

Income Taxes — As a single member limited liability company, the Company is not subject to federal and state corporate income taxes on its taxable income. Instead, the net income of the Company is included in the federal and state tax returns of First Republic. The Company does not pay income taxes to First Republic, does not have a tax sharing agreement with First Republic, and management does not have the intention of changing these facts. Thus, the Company has many attributes of a pass-through entity and income taxes are not presented in its financial statements. A pro forma calculation of income tax has been included as part of the notes to the financial statements.

Cash and Cash Equivalents — For purposes of reporting cash flows, cash and cash equivalents include cash and interest-bearing deposits with original maturities of ninety days or less.

Securities Owned — Securities owned are recorded at fair value. The Company bases the fair value of securities owned on the price that would be received to sell the securities in an orderly transaction between market participants at the measurement date. The Company uses prices obtained through a third-party valuation source in determining fair value.

Deposit With Clearing Broker — The Company maintains a minimum balance of \$100 in a deposit account with its clearing broker-dealer. In the event of a substantial change in the nature and extent of the Company’s business operations, the clearing broker may request an additional amount be deposited in the deposit account.

Intangible Assets — Intangible assets related to customer relationships are amortized over their useful lives not to exceed ten years. The Company evaluates intangible assets for impairment at least annually and whenever circumstances indicate that the carrying amount may not be recoverable. If the carrying amount is not recoverable and exceeds fair value, an impairment loss is recognized.

Use of Estimates — The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect (a) the reported amounts of assets and liabilities, (b) disclosure of contingent assets and liabilities at the date of the financial statements, and (c) the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Such estimates include commissions, bonus, referral fees and intangible amortization.

2. INTANGIBLE ASSETS

The gross carrying value of intangible assets and accumulated amortization at December 31, 2012 is presented in the following table:

(in thousands)	<u>Gross Carrying Value</u>	<u>Accumulated Amortization</u>
Customer relationship intangibles	\$ 12,250	\$ 5,340

The following table presents the estimated future amortization of intangible assets as of December 31, 2012:

2013	\$ 1,711
2014	\$ 1,468
2015	\$ 1,225
2016	\$ 982
2017	\$ 739

3. RELATED PARTY TRANSACTIONS

The Company has a cash account with First Republic in the amount of \$38,001 as of December 31, 2012.

The Company has a revenue sharing agreement with First Republic for the revenue derived from money market mutual fund activities that are directed to First Republic. The revenue received by the Company for this money market mutual fund activity was \$259 for the year ended December 31, 2012.

The Company and First Republic have an expense-sharing agreement for salaries, rent and certain general and administrative expenses. Expenses allocated by First Republic are paid by the Company. First Republic allocated \$1,631 for such expenses for the year ended December 31, 2012, which are recorded in their respective categories in the Statement of Income.

First Republic shares with the Company the revenues earned from Eagle Bank Sweep balances. Non-invested cash in a client's brokerage account is swept overnight into an omnibus checking or money market checking account at First Republic. For the year ended December 31, 2012, the Company earned \$22,298 from this activity. In addition, the Company earned revenues of

\$10,642 for referring other bank products to First Republic, such as checking accounts. The average balances for the Eagle Bank Sweep and checking accounts were \$1,400,000 and \$358,000, respectively.

First Republic and First Republic Investment Management, Inc. ("FRIM"), a subsidiary of First Republic Bank, pay the Company management fees related to the training and licensing of their licensed representatives. For the year ended December 31, 2012, this management fee income was \$485 from First Republic and \$122 from FRIM, and is recorded in income from First Republic and affiliates in the Statement of Income.

The Company has a revenue sharing agreement with FRIM whereby the Company provides custody and trading services for certain Registered Investment Advisory accounts. FRIM paid the Company \$1,162 for the year ended December 31, 2012 and this fee is recorded in income from First Republic and affiliates in the Statement of Income.

4. SHARE-BASED COMPENSATION

Certain of the Company's employees participate in First Republic's stock award plan and were granted stock options and restricted stock units ("RSUs"). Compensation expense is recorded based on the fair value of the stock award at the date of grant and recognized over the requisite service period. The fair value of stock options are estimated on the date of grant using a Black-Scholes valuation model. RSUs are valued at the closing market price of First Republic's common stock at the date of grant. The Company recognized \$214 of expense associated with stock awards for the year ended December 31, 2012.

5. COMMITMENTS AND CONTINGENCIES

The Company's customers' transactions are introduced to the Clearing Broker ("Pershing") for execution, clearance and settlement. Customers are required to complete their transactions on settlement date, generally three business days after trade date. If customers do not fulfill their contractual obligation to Pershing, the Company may be required to reimburse Pershing for losses on these obligations. The Company has established procedures to reduce this risk by monitoring trading within accounts and requiring deposits in excess of regulatory requirements.

From time to time, the Company is named in judicial, arbitration and regulatory matters arising in connection with its business. In accordance with ASC 450, *Contingencies*, the Company reviews the need for any loss contingency reserves and establishes reserves when, in the opinion of management, it becomes probable a matter will result in a liability and the amount of loss, if any, can be reasonably be estimated. The Company has been named as a defendant in legal actions arising in the ordinary course of business, none of which, in the opinion of management, is material.

6. INCOME TAXES

The Company is a wholly owned limited liability company and has many attributes of a pass-through entity as described in Note 1. However, if income taxes were presented, pro forma financial statements would have included tax expense of approximately \$10,080 for the year ended December 31, 2012.

7. REGULATORY REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net

capital, both as defined, shall not exceed 15 to 1. As of December 31, 2012, the Company had net capital, as defined by SEC Uniform Net Capital Rule 15c3-1, of \$5,830, which was \$4,830 in excess of its required net capital of \$1,000. The ratio of aggregate indebtedness to net capital is 2.10 to 1 as of December 31, 2012.

The Company is exempt from Rule 15c3-3 under paragraph (k)(2)(ii) of the Securities Exchange Act of 1934 relating to the determination of reserve requirements because it does not maintain customer accounts or take possession of customer securities. Transactions are cleared on a fully disclosed basis through Pershing LLC, a Bank of New York Mellon Company.

8. SUBSEQUENT EVENTS

The Company evaluated the effects of subsequent events that have occurred subsequent to the year ended December 31, 2012. During this period, there have been no material events that would require recognition in our 2012 financial statements or disclosure in the notes to the financial statements.

**Report of Independent Registered Public Accounting Firm on Applying
Agreed-Upon Procedures Pursuant to SEC Rule 17a-5(e)(4)**

The Board of Directors
First Republic Securities Company, LLC:

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2012, which were agreed to by First Republic Securities Company, LLC (the Company) and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2012, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2012 noting no differences; and
3. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

San Francisco, CA 94105

Report of Independent Registered Public Accounting Firm on Internal Control Pursuant to Securities and Exchange Commission Rule 17a-5

The Board of Directors
First Republic Securities Company, LLC:

In planning and performing our audit of the financial statements of First Republic Securities Company, LLC (the Company), a wholly owned subsidiary of First Republic Bank, as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13, and
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
